Evidenced-Based Leadership

- **Tools to Employ the Strategy:**

1. **Employee & Parent Surveys**

Surveys offer the evidence which leaders can set growth goals.

Baseline data is the starting point.

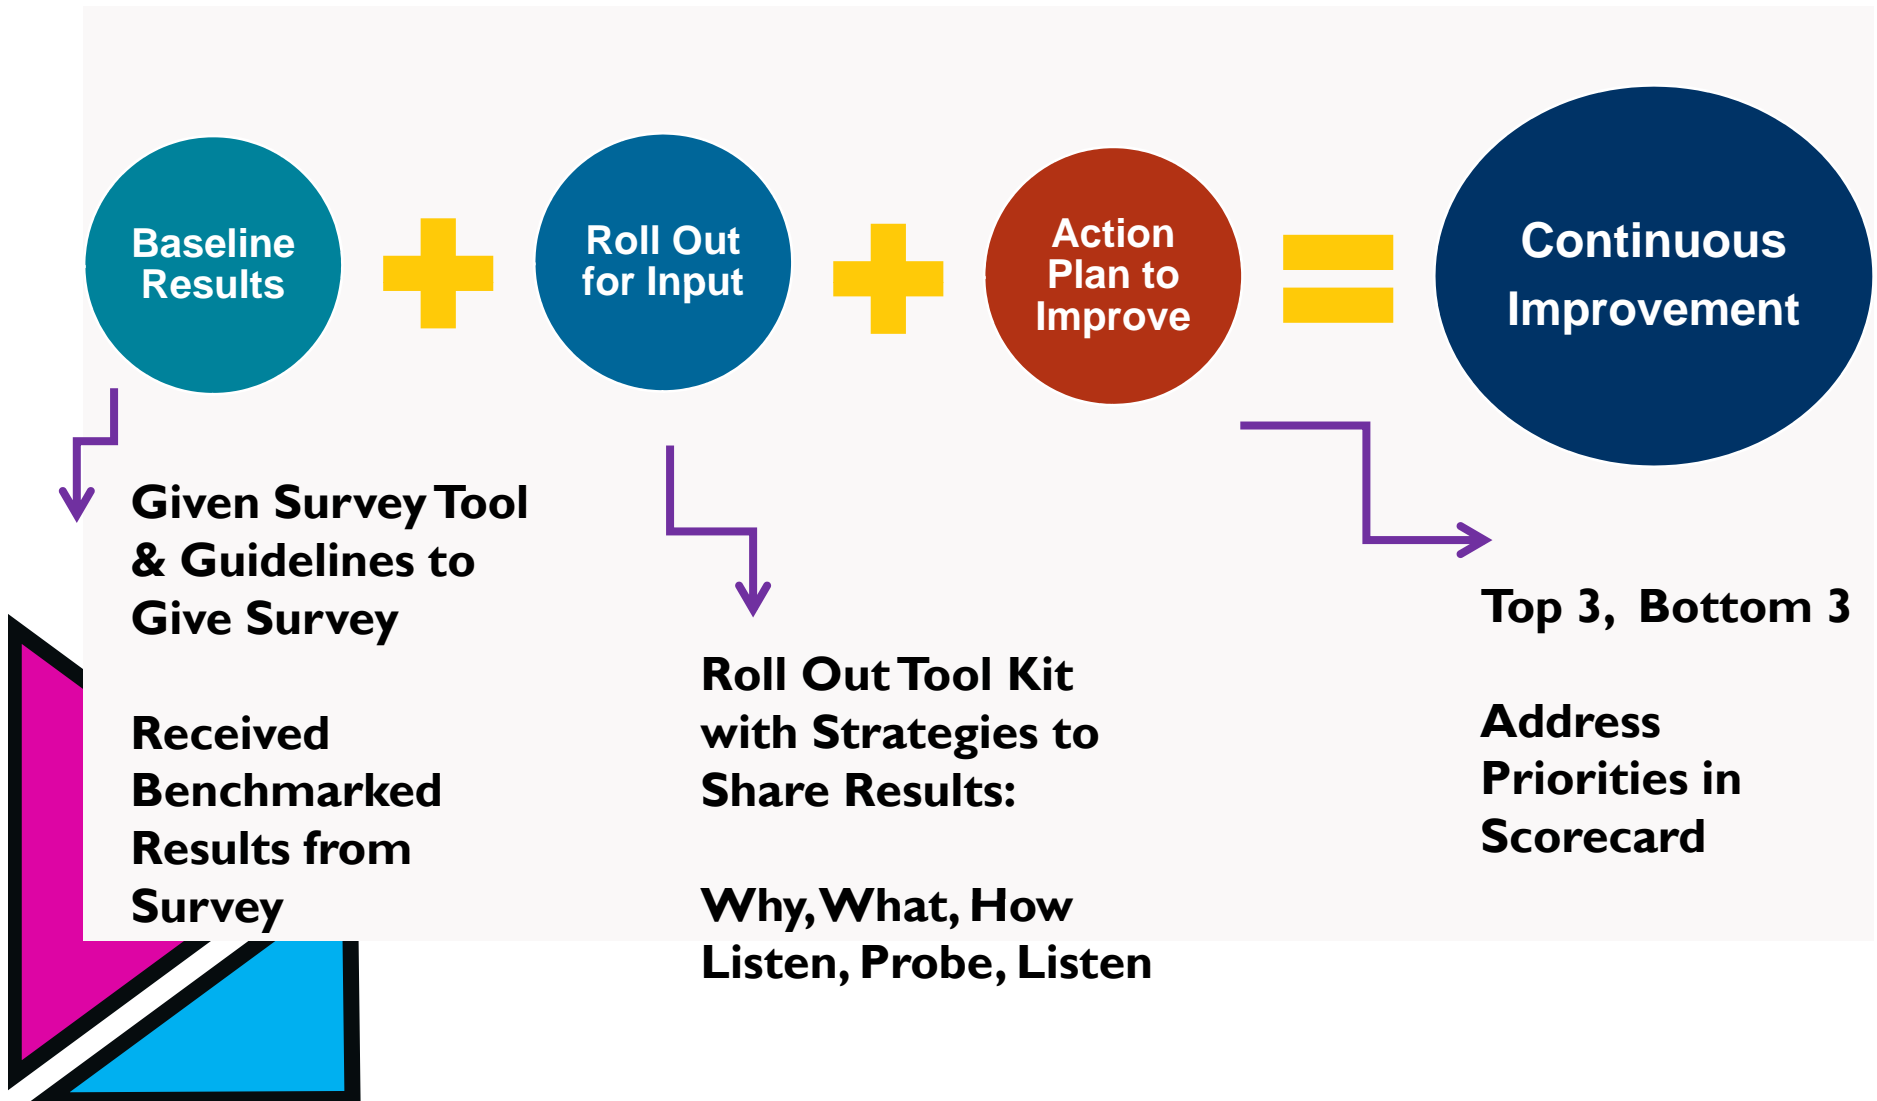

Sample Survey Questions

- My Principal/supervisor recognizes good performance
- My principal/supervisor has provided feedback concerning areas for improving my performance
- The Superintendent uses a variety of methods to promote effective communication throughout the district
- If given a choice, I would recommend that a parent select this district for his or her child

We Learned a Continuous Improvement SYSTEM

A Coaching Snippet: Four Steps **to Moving from** **Data to Solutions**

**Accept the data.
Accept the problem.
Accept the solution.**

**Accept the data and the
problem, but think a
solution can't be found.**

**Accept the data, but
think it is someone
else's problem.**

Deny the data.

Summary:

What Was the Benefit of Conducting Surveys within a Collaborative Partnership?

- **Studer Education provided:**
 - Training in the “why” and “how”
 - Questions to Use
 - A Tool Kit to Share the Results
 - Benchmarks

We got a perspective of how we did in comparison to others

Tool #2: Scorecards

What is a Scorecard?

- **A simple, one page tool to help leaders track what matters**
- **Narrows focus & communicates priorities for action in specific strategy (pillar) areas**
- **Ensures more effective progress monitoring and adjustment**

Why Use a Scorecard?

Scorecards allow us to focus on actions on key areas for improvement

Why Create a Scorecard?

	Strategic Plan	Annual Action Plan (Scorecard)
<i>Owner</i>	All members of the school district and the community	Superintendent, all leaders
<i>Purpose(s)</i>	To guide multi-year strategic initiatives that will improve student achievement and advance key areas that support student success	To narrow focus and communicate priorities for action in specific strategy areas; to ensure effective progress monitoring and adjustment
<i>Includes</i>	Mission, vision and values statements Goals, and Strategic initiatives for each strategy area	1-3 goals per pillar, 2-3 progress monitoring measures and 2-3 action steps per goal
<i>Cascading to departments and schools</i>	Cascading occurs via annual action plans	Over time, district scorecard cascades to an aligned scorecard for each school and department, enabling aligned action
<i>Progress Monitoring</i>		45, 60 or 90 days update by all leaders. Working well, barriers, help needed
