Lessons are held at the Rosemont Pool from September through May. Please register your swimmer for the level most appropriate for his/her current ability. Swimmers will not be transferred to another level! Registration for all Learn to Swim programs end one week prior to the start date. Contact the Des Plaines Park District for all information on registration and session dates for swim lessons. All registration is taken through the Des Plaines Park District at the Leisure Center, 2222 Birch Street (north of Touhy by Iroquois School). Rosemont residents may register as residents and pay the lower resident rates. Please register for swim lessons separately from all other programs. If your class time is filled, please complete the registration. Your name will be placed on a wait list. After registering, call the Rosemont Park District and tell us of your situation. For summer lessons, the Des Plaines Park District uses their own outdoor pools at Iroquois and Chippewa. All registration and questions about swimming should be directed to the Des Plaines Park District at 847-391-5700. You can also check information on the Des Plaines website; go to the Rosemont Park website and you will find a link to Des Plaines Park website.

THOR GUARD LIGHTNING PREDICTION SYSTEM

The Rosemont Park District has Thor Guardian, a lightning prediction system. The sensor monitors energy as far away as 15 miles, evaluating the potential for lightning within an area of approximately two miles in radius. When Thor Guardian senses hazardous conditions, the system automatically provides both audible and visual alerts. It is recommended that when the warning system is activated (one prolonged 15 second horn blast) the affected areas, ball fields, basketball courts, and playground areas be cleared and you should seek shelter. Activity may not resume until the all clear is given (3 short blasts of the horn, and the strobe lights on the building go off). The strobe light signals are a continuing lightning alert. The strobe lights are orange; there is one on the south corner of the building and one on the north side of the building on the Thor Guardian indicator. Hours that the system is activated are 8:00 am to 10:00 pm, seven days a week from March 15 to November 15.
