

**COMMUNITY
ON DEMAND**
COMMUNITY, SCIENCE & INNOVATION

A STEAM EDUCATION & LIFE SKILLS DEVELOPMENT GAME

Are You Ready To Play?

Transform your knowledge, special abilities, interests and achievements into employment and career opportunities.

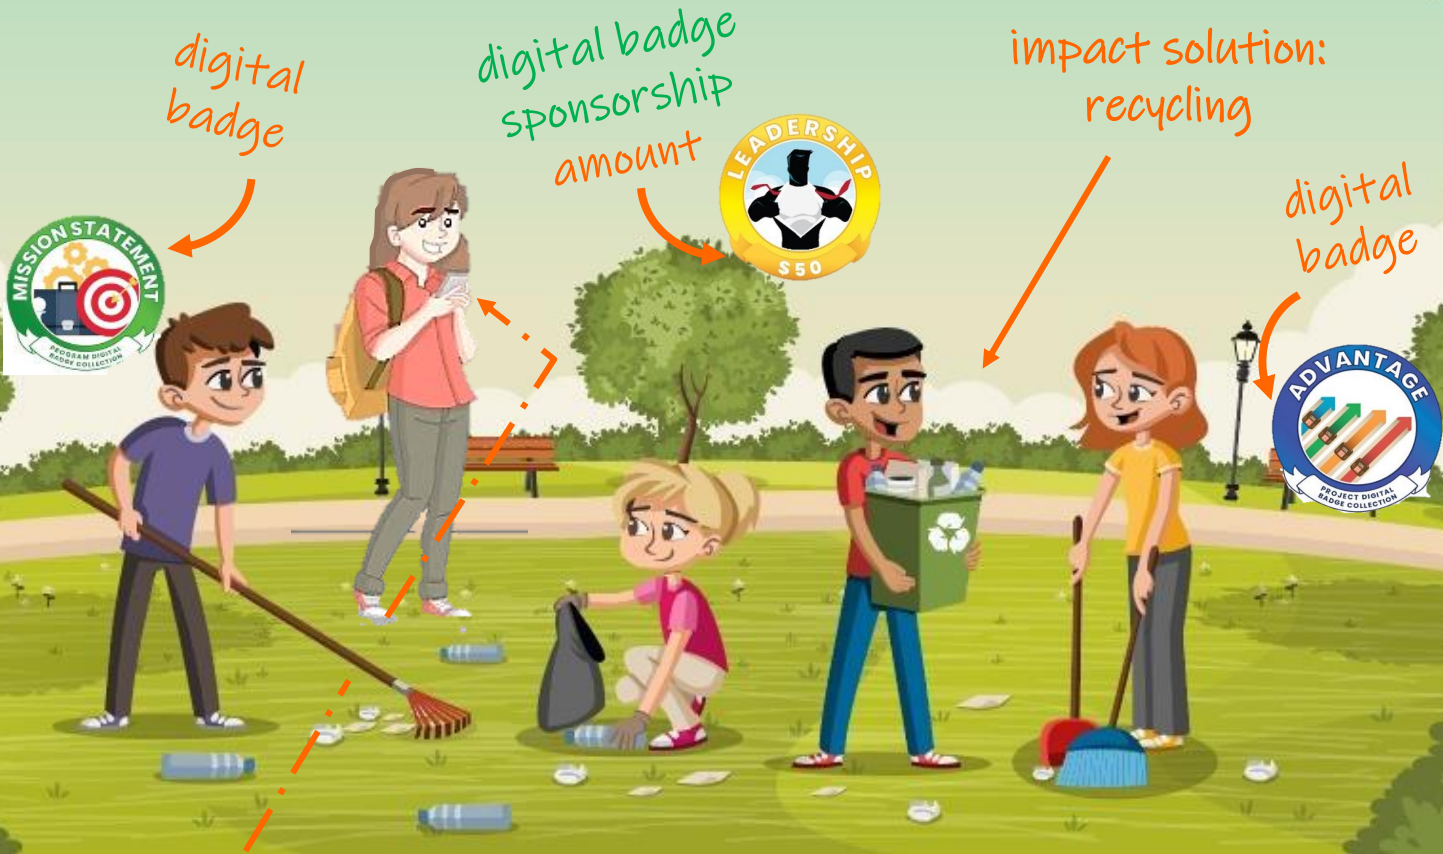

Being an innovator and entrepreneur
in today's society means knowing how to use digital media technologies to
market your skills, raise money, and develop your **business***

Playing
Community On Demand
will make that entire process **EASY** and **FUN!**

Community On Demand is a simulation card game that uses your STEAM skills and the resources within your local community to create impact solutions that address negative socio-economic conditions within a digital economy and real life.

*Document your achievements
i.e. cellphone, camera, etc.*

service-learning project

How To Play The Game

STEP 1. Use our **STEAM Investigative Process to create an impact solution for your community**

RESEARCH

DESIGN

PLAN

COORDINATE

EVALUATE

STEP 2. Then play Community On Demand to turn your impact solution into a business solutions

COMMUNITY ON DEMAND

The **FIVE** Steps Of The STEAM Investigative Process*

#2 DESIGN

Create an impact solution and **digital badge collection** based on the STEAM skills needed to address each socio-economic indicator.

#3 PLAN

Schedule action items, **digital media** productions and special events to earn rewards, points, cash and micro-credentials™.

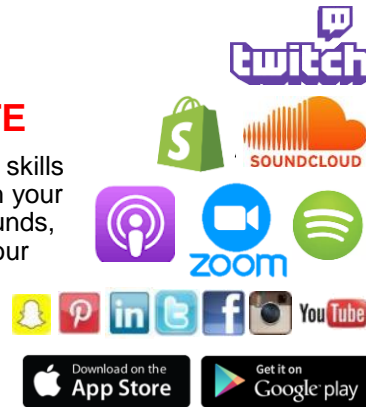

#1 RESEARCH

Explore your community to identify resources that address **socio-economic indicators** (conditions) that positively or negatively impact your community.

#4 COORDINATE

Share your achievements, skills and digital content through your social networks to raise funds, **promote** and **brand** your impact solution

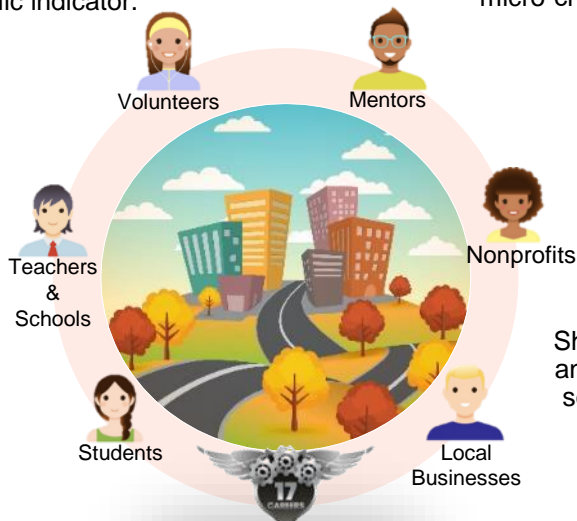

#5 EVALUATE

Present the final results (**ROI**) of your impact solution to your **Partners In Education Network** via digital portfolios, financial reports, your STEAM resume and business plan.

START HERE

def: The system that increases the value of your STEAM skills, distributes and sells your products and services, launches your business or career, and builds your brand within The CoD digital economy.

Community On Demand Game Pieces

Community On Demand uses digital badge collections as game pieces that

- Demonstrate how you create and implement impact solutions
- Represent the value of your STEAM skills
- Build your team
- Raise funds for your project (digital badge sponsorships, cash purchases, donations)
- Brand your achievements **AND**
- Write your business plan

Turn your thoughts and innovative ideas into actions and solutions!

Remember ...

- 1 DISCUSS YOUR THOUGHTS & IDEAS WITH YOUR TEAM
- 2 THEN DOCUMENT, UPLOAD & SHARE YOUR PROGRESS THROUGH THE COMMUNITY ON DEMAND DIGITAL MEDIA NETWORK TO SECURE SPONSORSHIPS & SUPPORT

Game Play Rules

Your Community On Demand

digital media submissions must include:

1. Interviews of participants
2. Explanations of why you chose your digital media format
3. An explanation of the digital badge you wish to collect and the service goal you're completing
4. Summary of the skills, talents, and new ideas you gained and/or applied
5. Info about the Partners In Education members you worked with
6. Summary of your project's final results, value of its impact, and lessons learned
7. The social media links used to promote your achievements.
