PROSPECTIVE CLIENT

SUBJECT: ABA SERVICES FOR YOUR CHILD

Dear Perspective Client,

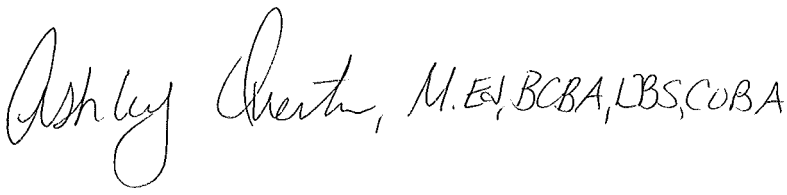
Thank you for your interest in our company. Please complete the Client Registration Form to provide sufficient information to assess how we can be of service. Additionally, there is a Client Referral Form that can be completed by your Child's diagnosing professional. With these two documents we can begin to assess an appropriate path towards beginning treatment.

Once you have completed the documents, you can mail them, together with a copy of your insurance card(s), front and back and a prescription for ABA Services, if available, to the above address or email them to ryan@abatherapyforkids.com. We are available for phone consultation should you have any questions.

Thank you again for your interest in our services and we look forward to working with you.

Sincerely,

Ryan Pastore
Co-Owner/President



Ashley Overton, M.Ed, BCBA, LBS, COBA

Mission

Our mission is to provide intensive treatment with the most effective, researched based therapy to make lasting changes in the lives of our clients. We believe in a total team approach to ensure that our clients are able to access the most appropriate services to meet their individual needs. ABA Therapy Solutions, LLC strives to provide the highest quality services for children and young adolescents with autism and other developmental disabilities. The emphasis is always client achievement and maximizing the individuals' potential in the home, school, and the community to create lasting change throughout their lives. ABA Therapy Solutions, LLC is dedicated to abide by the ethical standards outlined by the Behavior Analyst Certification Board.

Philosophy

ABA Therapy Solutions, LLC supports evidence-based treatment methods based in the principles and procedures of Applied Behavior Analysis including but not limited to Verbal Behavior strategies, Natural Environment Training (NET), Fluency Based Instruction, and Direct Instruction.

A child's program is **individualized** to meet his/her needs. We first assure that each client meets eligibility requirements and appropriateness for admission to treatment. We then begin treatment planning by completing initial assessments including but not limited to Functional Behavior Assessments, Preference Assessments, VB-MAPP, AFLS, ABLLS, in order to guide instruction and develop the most effective treatment plan possible for each child. Each skill area/domain contains specific curriculum designed to increase each child's functioning and independence. Individual Treatment Plan goals will be established with the collaboration of parents, and/or the home school district, and/or other professionals that form the multidisciplinary team.

An Overview of ABA/Verbal Behavior Approach to Therapy

ABA Therapy

ABA Therapy Solutions, LLC utilizes the principles of Applied Behavior Analysis and develops individualized programs or treatment plans that target cognitive, speech, language, academic or school readiness, behavior management, play, and social skills. Each individualized program is based on the child's strengths and work to decrease skill deficits.

Applied Behavior Analysis is the study of the functional relationship between one's behaviors and their environment. Data is collected on the stimuli that elicits, increases, decreases, or maintains the child's behavior. The data is analyzed and a treatment plan or an individualized ABA program is implemented. As the child's treatment progresses, data is collected and analyzed again to determine treatment effectiveness. The goal of a behavior analyst is to utilize behavioral contingencies to help the child learn more functional skills that can replace undesirable behaviors and improve quality of life. ABA Therapy Solutions, LLC seeks to produce significant results enabling the child to adapt to their environment thus preparing them for a brighter future.

Individualized Programming/Development

Each child is unique and therefore we believe it is our job to design a behavior intervention program that is individualized to your child's specific needs. Our BCBA's and BCaBA's continually assess each child's needs and use ABA Therapy Solutions extensive researched based curriculum to create a specialized program for each child. Our highly skilled staff members are trained in a wide range of ABA methods so that they have many options to find the intervention that works best to meet your child's specific needs.

Verbal Behavior Therapy

Verbal Behavior Therapy teaches communication using the principles of Applied Behavior Analysis and the theories of behaviorist B.F. Skinner. Verbal Behavior is the actions of a person that are reinforced by a listener. It is a way of understanding the different purposes of language (e.g., a child may use language to ask for things, or to label things in his environment). Each child has their own method of communication – words, signs, augmentative devices, pictures, etc., but all children need to learn to be effective communicators. All skills are examined comprehensively to see if they are emerging evenly across all operants.

Most traditional language approaches differentiate between receptive (listener skills) and expressive (vocal) language. Skinner's functional analysis of verbal behavior further analyzes vocal behavior according to its function. Mand (request), Tact (label) and Intraverbal (talking about things in the absence of those things) are all components of "expressive language." Focusing on the reasons we say words rather than the form of the response allows us to more effectively teach functional language skills to children with Autism Spectrum Disorder.

The Verbal Operants:

- **Mand** = request (you say it because you want it)
- **Tact** = label (you say it because you see, hear, smell, taste, or feel something)
- **Intraverbal** = conversation, answering a question, responding when someone else talks (you say it because someone else asked you a question, or made a comment)
- **Echoic** = repeating what someone else says (you say it because someone else said it)

Other Operants:

- **Imitation** = repeating someone else's motor movements (you move because someone else moved the same way)
- **Listener Responding/Receptive** = following directions (you do what someone else asks you to do)

Our goal at ABA Therapy Solutions is to help our clients understand that *communicating* produces positive results.

Assessments - VB-MAPP, FBA, ABLLS-R, AFLS, etc.,

VB-MAPP - The VB-MAPP is a developmentally based criterion referenced assessment tool that was field-tested with typically developing children and children with ASD. The VB-MAPP assesses individual skills within each repertoire area, such as the echoic, mand, tact, intraverbal, etc. It also assesses the child's barriers to learning and contains a transition assessment which is to aide providers in making placement decisions about the level of inclusion or group instruction that may be appropriate for that learner. There are five components of the VB-MAPP (Milestones, Barriers and Transition Assessment, Task Analysis and Skills Tracking and Placement and IEP Goals), and collectively they provide a baseline level of performance, a direction for intervention, a system for tracking skill acquisition, a tool for outcome measures and other language research projects, and a framework for curriculum planning. Each of the skills in the VB-MAPP is not only measurable and developmentally balanced, but they are balanced across the verbal operants and other related skills.

FBA - A Functional Behavior Assessment is the primary tool used to identify and attempt to understand a child's behavior. It is a multidisciplinary approach that incorporates a number of techniques, sources of information, and strategies to understand the reasons behind problem behavior and to develop strategies or interventions to address the problem behaviors. The process involves documenting the antecedent (what comes before the behavior), behavior, and consequence (what happens after the behavior) over a number of weeks; interviewing teachers, parents, and others who work with the child; and manipulating the environment to see if a way can be found to prevent the behavior. This information is important because it leads the observer beyond the "symptom" (the behavior) to the student's underlying motivation to escape, "avoid," or "get" something, which is the root to all behavior. The findings from the FBA become the basis for the Behavior Intervention Plan.

ABLLS-R - The Assessment of Basic Language and Learning Skills - Revised is an assessment tool, curriculum guide, and skills-tracking system used to help guide the instruction of language and critical learner skills for children with autism or other developmental disabilities. The ABLLS-R contains a task analysis of the many skills necessary to communicate successfully and to learn from everyday experiences. It provides both parents and professionals with criterion-referenced information regarding a child's current skills, and provides a curriculum that can serve as a basis for the selection of educational objectives.

AFLS - The Assessment of Functional Living Skills (AFLS) is an assessment, skills tracking system, & curriculum guide for the development of essential skills for achieving independence. It can be used to demonstrate a learner's current functional skill repertoire & provide tracking info for the progressive development of these skills. The AFLS contains task analyses of the skills essential for participation in family, community, & work environments.

Other assessments are completed based on the individual needs of each child.

Behavior Intervention Plans

Behavior Intervention Plans are developed from a Functional Behavior Assessment. Behavior Intervention Plans increase the acquisition and use of new alternative skills, decrease the problem behavior and facilitate general improvements in the quality of life of the individual, his or her family, and members of the support team.

Social Skills Training

ABA Therapy Solutions, LLC provides social skills training to children with Autism Spectrum Disorder and other developmental disabilities. The focus of the program is to increase the child's overall ability to:

- Recognize and interpret verbal and non-verbal communication
- Develop appropriate peer relationships
- Assist individuals with improvement in social interactions by expanding their interest in age appropriate topics, toys and play skills
- Increase their ability to recognize others emotions
- The goal is to minimize the stress and anxiety when participating in social interaction.
- The program strives to provide the tools necessary for successful interpretation of social and communication skills.

Functional Communication Training

FCT is used to teach and establish replacement behaviors for inappropriate or harmful behaviors such as aggression, escape/elopement, non-compliance, etc. When a child is regularly engaging in disruptive, challenging behaviors the child is having difficulty communicating or meeting their wants and needs. Even for a verbal child, but particularly for a non-verbal child, behavior is a way of communicating. It is our role to develop a comprehensive ABA program to replace challenging behaviors with more effective and efficient positive/functional behaviors in order to get their needs and wants meet in a more socially acceptable manner.

Professional Development Training (Parent/Tutor/Teacher)

ABA Therapy Solutions, LLC offers a wide range of professional development trainings for parents, families and school districts in the area of Applied Behavior Analysis. Our workshops/trainings are available in full day sessions, half day sessions and evening sessions. Workshops and training can be tailored to meet your individualized needs for professional development. Please contact us for more information.

School Consulting

ABA Therapy Solutions, LLC offers consultation for individuals in their public and private school settings and also contract with schools who are seeking ABA services or consultation. ABA Therapy Solutions, LLC is able to provide services, which address needs such as assessments, behavioral assessments, teacher and staff training, modification of curriculum, social skills facilitation, program development, and ongoing supervision.

IEP Development and Support

ABA Therapy Solutions, LLC can provide on-going collaboration throughout the Individualized Education Plan (IEP) process, including the construction of IEP goals and objectives, assisting in the implementation of the goals in the home and school settings, and reporting of progress.

Parent Guidelines

Your cooperation on the following is greatly appreciated to assist us in working with your child effectively and efficiently:

- A parent or responsible adult must be in the home during therapy sessions.
- Your child should be dressed and fed prior to therapist arrival unless these skills are being addressed in the program.
- If sessions are in the home, the area being used for therapy must be a comfortable temperature, well lit and relatively free of distractions. It is important that we are able to conduct the session in a professional manner with materials ready and limited access to competing reinforcers (i.e. toys that are not used during the therapy session).
- The therapist must wait 15 minutes if child is not there at the therapy time and then is permitted to leave.
- The therapist will call the family if they are going to arrive more than 5 minutes late.
- A therapist cannot change appointment times without agreement with the family.
- If your family is planning an extended vacation (more than 2 weeks), please inform the therapist and supervisor. We will continue to reserve the spot for your child, but cannot guarantee that your child will work with the same therapist.
- In case of an accident or unusual incident, the therapist should complete an incident form and family and Chief Clinical Officer will be informed within 1 working day.
- Sickness. *Please notify the therapist, as much in advance as possible, at least the night, before the scheduled session if you know that your child (or other children in your home) will not be able to participate in the program the next day due to illness.* Sickness includes, but not limited to the following:
    - Temperature above 100
    - Communicable Disease
    - Hand/Foot/Mouth
    - Vomiting
    - Measles, Mumps, Chicken Pox
    - Diarrhea
    - Pin Worm
    - Strep Throat
    - Lice
    - Rash
    - Pink Eye

_____ Parent/Guardian Initials

Parents are asked to use the same guidelines used in a school – if a child **(or sibling)** is too sick to attend school, he or she is too sick to participate in his/her therapy session.

Therapy will resume as soon as the child's doctor clears him/her of being contagious or the remedy is completed. If a therapist arrives at the home and the child is sick, the therapist will not be able to work with your child.

- The therapist is NOT allowed to take a child in their automobile.
- Parents and consultants/therapists should be respectful and courteous to each other. Open communication between parents and consultants/therapists is essential to the establishment of a successful program for the child. If there are any problems or concerns, please contact the Chief Clinical Officer immediately.
- Please understand that all information shared is HIPPA protected, it is essential that every ABA Therapy Solutions, LLC employee respects and maintains each client's right to confidentiality regarding his or her treatment and all personal information. **All HIPPA laws apply.** Please do not ask about another clients program or treatment, as this information will not be discussed and could possibly lead to the dismissal of your child from the program.

Scheduling and Sessions

Each client will have a Board Certified Behavior Analyst or Board Certified assistant Behavior Analyst as the lead supervisor for their treatment. A Behavior Technician will provide direct 1:1 therapy in the designated setting. Each Behavior Technician has at a minimum a Bachelor's degree and experience providing services to children with Autism.

Sessions for in-home ABA are usually scheduled in two to three hour blocks. A parent/legal guardian or adult over the age of 18 is required to be present and available in the home throughout the therapy session(s).

Except in cases of emergency, 24 hour's notice is required for all cancelled appointments. We request that families give us at least two week's notice on significant changes in their plans for in-home ABA sessions scheduling to facilitate consistency in service delivery.
The universal standard for therapy that the last 15 minutes of each session is devoted to data collection, note writing, material preparation/organization for the following session and discussion of session with the parent.

Service Agreement and Consent Form

This document contains important information about our professional services and business policies. It also contains summary information about the Health Insurance Portability and Accountability Act (HIPAA), a federal law that provides new privacy protections and new client rights with regard to the use and disclosure of your Protected Health Information (PHI) used for the purpose of treatment, payment, and health care operation. HIPAA requires that we provide you with a Notice of Privacy Practices (the Notice) for use and disclosure of PHI for treatment, payment and health care operations. The Notice, which is attached to this Agreement, explains HIPAA and its application to your personal health information in greater detail. The law requires we obtain your signature acknowledging we have provided you with this information. Although these documents are long and sometimes complex, it is very important you read them carefully and you ask questions regarding the procedures. When signing this document, it will also represent an agreement between our clients/caregivers and ABA Therapy Solutions, LLC. You may revoke this agreement in writing at any time. That revocation will be binding unless we have taken action in reliance on it; if there are obligations imposed by your health insurer to process or substantiate claims made under your policy; or if you have not satisfied any financial obligations. If you have any questions or concerns, please feel free to bring them to our attention.

Services and Discharge

ABA Therapy Solutions, LLC offers a full service ABA program. To determine the program needed for a client we initially complete an assessment to determine whether a client would benefit from our services. After it has been determined that our services are needed, a BCBA is appointed as the team leader and develops a treatment plan based on the findings of the assessment.

The treatment plan includes general and specific goals with time frames for completion. The treatment plan also includes a scheduled reassessment generally six months from the time the treatment plan is developed. The treatment plan is then implemented by the BCBA who supervises Behavior Technicians on proper implantation of the treatment plan.

As needed, the program is adjusted by a BCBA to accommodate the client's progress. If the treatment plan is over challenging the plan will be modified with lower intensity goals. As the client advances through the program more challenging goals can be added to the plan.
If after adjusting the treatment plan and following the updated plan we may determine our services is not the proper treatment for the client. If such a determination is made, we will follow our discharge and referral protocol.

Once the client has attained the level of development similar to a typical developing child, the client will be put on a maintenance program until the BCBA determines services will no longer benefit the client. Being a sudden stop in services can be detrimental to the skills acquired, the discharge from services is done over a long period of time to achieve a smooth transition.

Appointments

Except for rare emergencies, we will see you (or your child) at the time scheduled. We understand that circumstances (such as an illness or family emergency) may arise which necessitates the occasional cancellation of appointments. In these cases, in order to avoid any misunderstanding, we ask that you speak to our staff personally and give as much notice as possible to cancel or reschedule. This will allow us to offer your time to another person. You may be charged the standard hourly rate ($50) for appointments missed or cancelled with less than 24 hours advance notice. Please note that most insurance companies will not reimburse you for missed appointments and you remain responsible for these charges.

Confidentiality, Records, and Release of Information

Services are best provided in an atmosphere of trust. Because trust is so important, all services are confidential except to the extent that you provide us with written authorization to release specified information to specific individuals or agencies.

Family Engagement

ABA Therapy Solutions, LLC, strives for excellence in its ABA program and an integral component to achieve that goal is family involvement. ABA Therapy Solutions, LLC requires caregivers carry over the therapy being implemented and record data for specific programs as outlined in the client treatment plan.

If the Client/Family refuses involvement in the treatment plan, as a last resort services may be suspended or terminated based on the severity of the lack of involvement. ABA Therapy Solutions, LLC wants to help all clients we interact with but without the client/family involvement our treatment plans will not be as effective as possible.

To Protect the Client or Others from Harm

If we have reason to suspect that a client or other minor is being abused, we are required to report this (and any additional information upon request) to the appropriate state agency. If we believe that a client is threatening serious harm to him/herself or others, we are required to take protective actions, which could include notifying the police, and intended victim, a minor's parents, or others who could provide protection, or seeking appropriate hospitalization.

Professional Consultations

Behavior Analysts routinely consult about cases with other professionals. In so doing, we make every effort to avoid revealing the identity of our clients, and any consulting professionals are also required to refrain from disclosing any information we reveal. We will inform clients of these consultations. If you want us to talk with or release specific information to other professionals with whom you are working, you will need to sign an authorization specifying what information can be released and with whom it can be shared.

Professional Records

You should be aware that, pursuant to HIPAA, we keep clients' Protected Health Information in one set of professional records. The Clinical Record includes information about reasons for seeking our professional services; the impact of any current or ongoing problems or concerns; assessment, consultative, or therapeutic goals; progress towards those goals, a medical, developmental, educational, and social history; treatment history; any treatment records that we receive from other providers; reports of any professional consultations; billing records; releases; and any reports that have been sent to anyone, including statements for your insurance carrier. Personal notes are taken during supervision sessions by the Behavior Technician. While the contents of personal notes vary from client to client, most are anecdotal notes related to progress and future goals, reference to conversations, and hypotheses of the professional. These Personal Notes are kept separate from the Clinical Record are not available to you and cannot be sent to anyone else, including the insurance company. Your signature below waives all rights, now and in the future, to accessing these records in any form under any circumstances. Insurance companies cannot require your authorization as a condition of coverage nor penalize you in any way for your refusal to provide it.

Patient's Rights

HIPAA provides you with several new or expanded rights with regard to your Clinical Record and disclosures of protected health information. These rights include requesting we amend your record; requesting restrictions on what information from your Clinical Record is disclosed to others; requesting an accounting of most disclosures of protected health information you have neither consented to nor authorized; determining the location to which protected information disclosures are sent; having any complaints made about our policies and procedures recorded in your records; and the right to a paper copy of this Agreement, the attached Notice form, and our privacy policies and procedures. We are happy to discuss any of these rights with you.

Contacting Us

Given their many professional commitments, our professionals are often not immediately available by telephone. If you need to leave a message, we will make every effort to return your call promptly (within 24-48 hours with the exception of holidays and weekends.). If you are difficult to reach, please leave your availability within the message. In emergency or crisis situations, please contact your physician, or call 911 and/or go to the nearest hospital emergency room.

I, _____, agree to have my child _____ evaluated/treated through ABA Therapy Solutions, LLC. I understand that these services are based on an applied behavior analysis (ABA) model and will be provided by a professional trained in ABA. I understand that state laws may require that confidentiality be broken under certain circumstances, specifically, if I am judged by the behavior analyst to be of danger to myself and/or others, gravely disabled, or if there is suspected child abuse.

I also understand that ABA Therapy Solutions, LLC specializes in the evaluation and treatment of problem behaviors as well as skill acquisition, and if ABA Therapy Solutions, LLC is unable to meet my particular needs, I will be referred to an appropriate agency or individual.

Services: ABA Therapy Solutions, LLC implements the Applied Behavior Analysis for its services. A variety of techniques are integrated and utilized during treatment. You will be encouraged to practice various skills introduced in sessions. A treatment plan with specific goals will be explored and updated according to treatment plan schedules. Recommendations for additional treatment and/or intensive treatment may be made, if needed. **When a client is a minor under the age of 14,** parent involvement is required during all visits with the Client. Information will be limited to accommodate confidentiality with children of all ages. Family involvement is an important part of treatment. Children under the age of 18 will require a parent's signature (or legal guardian) to receive any form of treatment.

Concerns about services may be directed to Ashley Overton, Co-Owner/Chief Clinical Officer at 724-944-3620 or ashley@abatherapyforkids.com.

I understand all information related to the above-named client's assessment and treatment must be handled with strict confidentiality. No information related to the client, either verbal or written, will be released to other agencies or individuals without the express written consent of the client's legal guardian. By law, the rules of confidentiality do not hold under the following conditions:

1. If abuse or neglect of a minor, disabled, or elderly person is reported or suspected, the professional involved is required to report it to the Department of Children and Families for investigation.

2. If, during the course of services, the professional involved receives information that someone's life is in danger, that professional has a duty to warn the potential victim.

3. If our records, our subcontractor records or staff testimony are subpoenaed by court order, we are required to produce requested information or appear in court to answer questions regarding the client.

For clients who do not have insurance:

- Clients who do not have any insurance coverage are expected to pay on a monthly basis. An invoice will be sent at the beginning of the month following services with an expectation payment is received by the end of the month. A sliding scale may be implemented to accommodate any financial difficulties on a case-by-case basis.
- Clients who are currently covered by insurance: The client is responsible to provide valid insurance information, and should provide their insurance card each visit.
- It is important for you to make sure we are in-network and we are currently a provider with your insurance company.
- If we are currently a provider with your insurance company, the necessary forms will be completed and submitted, and secondary insurances will be billed when applicable.

In Network Plans:

- The client is responsible to pay any co-payment or any portion of the charges as specified by the plan at the time of the visit.
- Any medical services not covered by an individual's insurance plan are the client's responsibility and payment in full is due at the time of the visit. Specific coverage issues should be addressed by the insurance company's member services department (telephone number is on the card).

If you are covered by an HMO or Managed Care Plan:

- The client is responsible to pay any co-payment or any portion of the charges as specified by the plan mentioned above.
- The client is responsible to ensure that any required referrals for treatment are provided to the practice at the time of the visit. Visits may be rescheduled, or the patient may be financially responsible due to the lack of the referral.
- WE reserve the right to charge the completion of forms and letters. For example, insurance, or different programs, and the copying of records.
- Any outstanding balance either not paid in full or under a payment plan agreement can be transferred to an outside collection agency.

A "no show"/late cancellation fee may be charged to clients who do not provide at least 24 hour notice for cancelling scheduled appointments or who fail to keep scheduled appointments without calling to notify the scheduling secretary or clinician.

Notice of Privacy Practices

This notice describes how protected health information about a client may be used and disclosed and how the client can gain access to this information. Please review it carefully.

ABA Therapy Solutions, LLC understands we collect private and/or potentially sensitive medical information about each client and/or the client's family. We call this information "protected health information." This notice explains the client's privacy rights and addresses how ABA Therapy Solutions, LLC may use and disclose protected health information. ABA Therapy Solutions, LLC does not use or disclose protected health information unless permitted or required to do so by law. ABA Therapy Solutions, LLC must adhere to laws aimed at securing the privacy of the client's protected health information. These laws are known as the Health Insurance Portability and Accountability Act (HIPAA) privacy rules. When we do use or disclose protected health information, we will make every reasonable effort to limit its use or the level of disclosure to the minimum we deem necessary to accomplish the intended purpose. Please note that the privacy provisions articulated in this notice do not apply to health information that does not identify the client or anyone else. For more information on ABA Therapy Solutions, LLC privacy practices, or to receive another copy of this notice, please contact:

Uses and Disclosures of Health Information for Treatment, Payment, and Health Care Operations

1. Treatment, Payment, and Health Care Operations

The following section describes different ways we use and disclose protected health information for treatment, payment, and health care operations. Not every possible use or disclosure will be noted, and there may be incidental disclosures that are a byproduct of the listed uses and disclosures.

a. Treatment

We may use a client's protected health information to provide the client with services, and may disclose this information to any and all ABA Therapy Solutions, LLC staff involved with the client's treatment. Treatment includes (a) activities performed by ABA Therapy Solutions, LLC personnel in the course of providing service to the client or in coordinating or managing the client's service with other service providers and (b) consultations with and between ABA Therapy Solutions, LLC staff and other professionals involved in the client's treatment

b. Payment

We may use and disclose the client's protected health information so we may bill and collect payment from the client, an insurance company, or another party for services ABA Therapy Solutions, LLC provided to the client. We may also inform the client's health plan provider of treatment we intend to administer to obtain prior approval or to determine whether the client's plan will pay for the treatment.

c. Health Care Operations

ABA Therapy Solutions, LLC may use and disclose the client's protected health information in order to maintain necessary administrative, education, quality assurance, and business functions. For example, we may use a client's protected health information to evaluate the performance of our staff in providing treatment for the client. We may also use information about clients evaluate what additional services to offer, how we can improve efficiency, or the effectiveness of certain treatments. Additionally, we may use protected health information for review, analysis, and other teaching and learning purposes.

2. Special Circumstances

Treatment, payment, and health care operations further include the circumstances listed below.

a. Appointment Reminders

We may use and disclose the client's protected health information to contact the client as a reminder that he/she may have an appointment for treatment or services.

b. Treatment Information

We may use and disclose the client's protected health information to contact him/her about treatment information.

c. Satisfaction Surveys

We may use and disclose the client's protected health information to contact him/her about ABA Therapy Solutions, LLC satisfaction surveys.

3. Uses and Disclosures You Can Limit

a. ABA Therapy Solutions, LLC Client Directory

Unless the client notifies us that he/she objects, we may include certain information about him/her in ABA Therapy Solutions, LLC Client Directory in order to respond to inquiries and disseminate information more efficiently. This directory is accessed by ABA Therapy Solutions, LLC staff who may or may not be involved in the client's treatment.

b. General Notification

Unless the client notifies us that he/she objects, we may provide his/her protected health information to individuals such as the client's family members, caregivers, and friends, who are involved in the client's treatment or who pay for the client's treatment. We may do this if the client informs us we have their consent to do so, or if the client knows we are sharing the client's protected health information with these individuals and the client expresses no objection or makes no reasonably discernable attempt to prevent us from doing so. There may also be circumstances when we can assume, based on our professional judgment, the client would not object to disclosure of his/her protected health information. Also, if the client is not able to approve or object to disclosures, we may make disclosures to a particular individual (such as a client's family member or friend), we feel are in the client's best interests and that relate to that person's involvement in the client's care.

OTHER PERMITTED USES AND DISCLOSURES OF HEALTH CARE INFORMATION

We may use or disclose the client's health information without the client's permission in the following circumstances, subject to all applicable legal requirements and limitations:

1. Required By Law

ABA Therapy Solutions, LLC must make any disclosures required by federal, state, or local law. These may include, but are not limited to, disclosures pertaining to: the reporting of abuse or neglect; court orders, subpoenas, warrants, or other lawful processes; identification/location of a suspect, fugitive, witness, missing person, or crime victim; crime on our work premises; or a

serious, imminent threat. Employees of ABA Therapy Solutions, LLC are designated as Mandated Reporters.

2. Public Health Risks

We may make disclosures for public health reasons in order to prevent or control disease, injury, or disability; or to report births, deaths, disease or condition, suspected abuse or neglect, non-accidental physical injuries, reactions to medications or problems with products.

3. Health Oversight Activities

We may disclose protected health information to agencies authorized to receive reports for health oversight activities for audits, investigations, inspections, licensing purposes, or as necessary for certain government agencies to monitor the health care system, government programs, and compliance with civil rights laws.

4. Lawsuits, Disputes, or Other Legal Proceedings

We may make disclosures in response to a subpoena or court or administrative order, if the client is involved in a lawsuit or dispute, or in response to a court order, subpoena, warrant, summons or similar process, or if requested to do so by law enforcement.

5. Coroners, Medical Examiners, Funeral Directors, and Organ Donation

We may disclose information to a coroner or medical examiner, (as necessary, for example to identify a deceased person or determine cause of death) or to a funeral director, as necessary to allow him/her to carry out his/her activities.

6. Research

We may use or disclose protected information for research purposes under certain limited circumstances. Research projects are subject to approval by an institutional review board. Therefore, we will not use or disclose the client's protected health information for research purposes until the particular research project, for which the client's information may be used or disclosed, has been approved through the institutional review board.

7. Serious Threat to Health or Safety; Disaster Relief

We may disclose information to appropriate individual(s)/organization(s) when necessary (a) to prevent a serious threat to the client's health and safety or that of the public or another person, or (b) to notify the client's family members or persons responsible for the client in the course of a disaster relief effort. We will disclose protected health information only to persons we believe to be able to lessen/prevent the threat and will limit disclosure to that which we deem necessary to lessen or prevent the threat.

8. Military and Veterans

We must make disclosures as required by military command or other government authority for information about a member of the domestic or foreign armed forces.

9. National Security; Intelligence Activities; Protective Services

We may disclose information to federal officials for intelligence, counterintelligence, and other national security activities authorized by law, including activities related to protection of the President, other authorized persons or foreign heads of state, or related to the conduct of special investigations.

10. Correctional Facilities

We may make disclosures to a correctional facility (if the client is a ward) or a law enforcement official (if the client is in that person's custody) as necessary (a) for the institution to provide the client with treatment; (b) to protect the client's or others' health and safety and the security of the correctional facility.

WHEN WRITTEN AUTHORIZATION IS REQUIRED

Other than for the range of purposes previously identified in this notice, we will not use or disclose the client's protected health information for any purpose unless the client provides us with specific written authorization to do so. If the client grants us authorization, the client can still withdraw this authorization at any time, though the authorization must be revoked in writing. In order to withdraw the authorization, the client must deliver, mail or email to:

ABA Therapy Solutions, LLC
155 Hickory View Dr.
New Castle, PA 16102
724-944-3620 or 724-730-8726

If the client revokes the authorization, we will discontinue the use or disclosure of the client's protected health information to the extent that we relied on his/her authorization for the use/disclosure. However, we cannot take back or undo any use/disclosure made under the client's grant of authorization prior to our receipt of the client's written revocation of that authorization, and we must continue any use/disclosure that is necessary in keeping records of the client's treatment.

THE CLIENT'S RIGHTS REGARDING THE CLIENT'S HEALTH INFORMATION

The client has certain rights regarding his/her health information, which are listed below. In each of these cases, if the client wants to exercise his/her rights, the client must do so in writing by completing a form the client can obtain from ABA Therapy Solutions, LLC . In some cases, we may charge the client for the costs of providing materials to the client. The client can get information about how to exercise his/her rights and about any costs that we may charge for materials by contacting us.

1. Right to Inspect and Copy

With some exceptions, the client has the right to inspect and get a copy of the client's protected health information that may be used to make decisions about the client's care. We may deny the client's request to inspect and/or copy information in certain limited circumstances, and, if we do this, the client may ask that the denial decision be reviewed.

2. Right to Amend

The client has the right to amend his/her health information maintained by ABA Therapy Solutions, LLC, or used by us to make decisions about the client. We will require that the client provide a reason for the request, and we may deny the request for an amendment if the request is not properly submitted, or if it asks us to amend information that (a) we did not create (unless the source of the information is no longer available to make the amendment), (b) is not part of the health information we keep, (c) is of a type the client would not be permitted to inspect and copy, or (d) is already accurate and complete.

3. Right to an Accounting of Disclosures

The client has the right to request an accounting of disclosures. An accounting is a list of certain disclosures we made regarding the client's protected health information. The list does not include all disclosures. For example, it does not include disclosure to the client, disclosure for treatment, payment, and health care operations purposes described above, or disclosure made with the client's authorization as described above.

4. Right to Request Restrictions

The client has the right to request a restriction or limitation on the health information we use or disclose about the client (a) for treatment, payment, or health care operations, or (b) to someone who is involved in the client's care or the payment for it, such as a family member or friend. We are not required to agree to the client's request. Any time ABA Therapy Solutions, LLC agrees to a restriction, it must be in writing and signed by the Chief Clinical Officer or her designee.

5. Right to Request Confidential Communications

The client has the right to request we communicate with the client about health matters in a certain method or at a certain place. For example, the client can ask that we only contact the client at home or by mail.

6. Right to a Paper Copy of This Notice

The client has the right to a paper copy of this notice, whether or not the client may have previously agreed to receive that notice electronically.
