The ACCA Qualification

Registering as an ACCA Student

Enrolment as a student with us does NOT register you with the ACCA. All students who wish to sit ACCA examinations must register with the ACCA as a professional exam student.

Exemptions

You can expect to receive exemptions if you have a relevant degree or a relevant professional qualification. The ACCA decides if previous study is relevant and they award exemptions for some papers in the Knowledge and the Skills modules. There are no exemptions given for papers in the Essentials and Options modules.

Exemption Application Deadlines

The ACCA requires 14 days to process exemption applications. See the ACCA Global website for further information.

Practical Experience

To become ACCA qualified, you need to satisfy the ACCA's Practical Experience Requirements (PER). This means providing evidence of a minimum of 3 years' supervised and relevant work experience, which must be completed within 5 years of passing the last exam.

You will benefit from the expertise of a specialist on-campus Careers Advisor, trained to provide advice on the specific issues that you may encounter in your job search.

Our careers team will work with you to identify work placement opportunities, delivering the practical skills and experience essential to become an ACCA affiliate.

Entry Requirements

The ACCA offers various entry routes for the ACCA Qualification, depending on age and previous academic qualifications.
