

# Acceptable GCSE Equivalencies

---

The below list is compiled by York St John University's Admissions department, on the advice and guidance of the Department for Education and Skills, the Qualifications and Curriculum Authority, and the Training and Development Agency for Schools.

This will apply for all courses unless otherwise stated. The qualifications shown below are not exhaustive and are reviewed regularly. It is the University's decision based on the advice from the above named bodies to determine whether candidates meet the minimum acceptable GCSE or equivalent requirements. If you are in any doubt as to whether you meet these criteria, please contact the Admissions team at [admissions@yorks.ac.uk](mailto:admissions@yorks.ac.uk) and we will be happy to discuss this further.

To study undergraduate or postgraduate teacher training courses (namely undergraduate Primary Education, or postgraduate Primary Education or postgraduate Secondary Education including Schools Direct routes) you must hold GCSE English, Maths, and Science at a minimum of grade C or equivalent. Applications undertaking GCSE resits or equivalencies will be considered based on the pending predicted grade.

The following qualifications are UK qualifications, and are accepted as meeting our GCSE requirements. Please note that GCE O-, AO-, and OA-Level qualifications **must be pass grades** (which are normally A, B, or C). CSE grades must be at grade 1. CEE grades must be I, II, or III.

**All qualifications listed must be achieved at grades that are equivalent or comparable to a grade C at GCSE level.**

This list is not exhaustive and is for guidance purposes only. Any queries regarding the contents of this document should be directed to the Admissions Manager, by emailing [admissions@yorks.ac.uk](mailto:admissions@yorks.ac.uk)
