BEFORE

AFTER

※ Eradicate weeds using nothing but steam. Our Weed Control Tools inject steam to the root of unwanted vegetation, delivering a concentrated dose of high temperature moisture that kills plants immediately, all without the use of toxic herbicides. In a matter of days, the targeted plants will wilt and die, killed at the roots so they won't continue to regrow.

※ Ant Extermination

※ Example of usage

※ Use steam to clean and sanitize carpets, mats and upholstery for odor removal and a quicker dry time.

[85-50135] Barrel Cleaning Tool with Bimetal Thermometer

IMPORTANT

Steamed   Traditional Cleaning

※ Using the Optima Steamer and our Barrel Cleaning Tool will use a fraction of the water you would use with a pressure washer, while killing more bacteria in the surface of the barrel and penetrate deeper. Produce swell in minutes—not hours —while preserving toasting flavors and character rather than flushing them away.
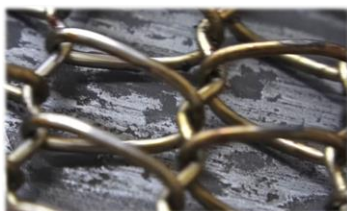

Conveyor Belt Cleaning Tools, Pneumatic type

Adjustable Cleaning Width

	85-50201	85-50180	85-50200
Required Steamer	Optima 42K (SEII) and 27K (SEII, XE)		
Continuous Steam Pressure	42K : 7 bar, 27K : 5 bar		
Required Compressed Air	Air Compressor, 14.4 CFM @8 bar		
Working Air Pressure	73~116 psi (5~8 bar)		
Working Speed	150~1000 mm/s (5.9~39.4 inch/s)		
Recommended Belt	non-flat open surface type (plastic modular, metal wire, rollers)		
Material	aluminium, stainless steel		
(A) Air Inlet	standard air quick plug		
(B) Cleaning Width, Max.	610 mm / 24 in	1000 mm / 39 in	1220 mm / 48 in
(B) Cleaning Width, Min.	100 mm / 4 in

[**85-50094**] Omega Portable Water Softener Kit

Omega Softener kit

※ To help prevent damage caused by hard water minerals (a.k.a. scale), a salt-based water softener is highly recommended for all Optima Steamer owners. SJE recommends a full-sized, consumer grade softener for the best protection. For mobile operators who can't bring softened water to the job site, we provide the Omega Portable Water Softener Kit which can temporarily help reduce the build up of scale when used properly.
