## Financial Accounting

The Impact on Decision Makers

10th Edition

Gary A. Porter, Drake University  
Curtis L. Norton, Arizona State University

© 2017 | 9781305654174

This textbook is available as a bundle option with CengageNOWv2, which makes it easy to demonstrate that accounting is a powerful tool for business decision-making by going beyond debits and credits and keeping students focused on the big picture. In addition to exposing students to annual reports of highly recognizable companies such as Nike, Porter's exclusive Ratio Decision-Model provides students with a framework for reading and interpreting financial statements to make decisions. The focus on financial statements and decision-making carries through to a suite of case materials that enable students to read and interpret financial statements.

NEW EDITION

Available with CNOW<sup>v2</sup>

## Financial Accounting

16th Edition

Carl S. Warren, University of Georgia  
James M. Reeve, University of Tennessee  
Jonathan Duchac, Wake Forest University

© 2021 | 9781337913102

This new edition connects financial accounting concepts to the "bigger picture" with chapter-opening schemas that clearly demonstrate how each chapter's content fits within the overall framework of the book. CNOWv2's Journal Entry Tool reinforces this approach by automatically illustrating the impact of transactions on the accounting equation. The authors have carefully streamlined content and improved learning features throughout this edition and the digital resources ensure students have the tools to succeed.

# ACCOUNTING INFORMATION SYSTEMS

Available with MINDTAP

## Accounting Information Systems

10th Edition

James A. Hall, Lehigh University

© 2019 | 9781337619202

This leading accounting information systems text features an early presentation of the transaction cycle. The emphasis on ethics, fraud and the modern manufacturing environment is reinforced by new internal control cases. The content focuses on the needs and responsibilities of accountants as systems designers and auditors and discusses Sarbanes-Oxley as it affects internal controls and other topics. Students examine the risks and advantages of IT outsourcing, including cloud-based options, as well as accounting issues relating to big-data analytics.

# COMPUTERISED ACCOUNTING

## Using Microsoft® Excel® and Access 2016 for Accounting

5th Edition

Glenn Owen

© 2017 | 9781337109048

Teach students how businesses use spreadsheets and databases in accounting today with *Using Microsoft® Excel® and Access 2016 for Accounting*. This step-by-step book uses numerous screen images to clearly explain how to use these tools to solve real accounting problems.

# MANAGEMENT AND COST ACCOUNTING

**BESTSELLER**

## Management and Cost Accounting

10th Edition

**Colin Drury**, University of Huddersfield

© 2018 | 9781473748873

*Management and Cost Accounting* has been the leading textbook in the field for three decades, and continues to blend theory and practice in language that is clear and accessible. As well as covering everything students need to know for management accounting and cost accounting modules on undergraduate courses, or postgraduate students studying these topics for the first time, this book will also help prepare those taking the professional accounting bodies' management and cost accounting examinations.

## ABOUT THE AUTHOR

### Colin Drury

The late Colin Drury was at Huddersfield University from 1970 until his retirement in 2004 when he was awarded the title of Emeritus Professor. For the last 35 years, Drury has been at the forefront of helping students learn the key concepts and processes in management and cost accounting through his bestselling textbooks, which have been widely recommended by the main professional accounting bodies for their examinations. He was an active researcher throughout his career and his research has been published in around 100 professional and academic journals. In recognition for his contribution to accounting education and research, Drury was given a lifetime achievement award by the British Accounting Association in 2009.

### Management Accounting for Business

7th Edition

**Colin Drury**, University of Huddersfield

© 2019 | 9781473749115

The essential textbook for students new to management accounting, the seventh edition has been updated to include topics on sustainable development, environmental management accounting, ethics, information technology and globalization. It also includes a new chapter exploring the future challenges facing management accountants. The practical approach to management accounting within a business context makes it easier for students to develop their decision-making skills.

### Management and Cost Accounting: Student Manual

10th Edition

**Colin Drury**, University of Huddersfield

© 2018 | 9781473748880

The Student Manual contains a multitude of questions directly linked to each chapter topic in the tenth edition of *Management and Cost Accounting*. As a companion workbook, it enables students to practise what they have learned from studying the textbook and reinforces their understanding of key management and cost accounting concepts.

### Cost and Management Accounting

9th Edition

**Colin Drury**, University of Huddersfield

© 2018 | 9781473749054

*Cost and Management Accounting* continues to provide an accessible and thorough introduction to the subject. It blends theory and practice in language that is clear and easy to understand and is suitable for those studying an accountancy or business undergraduate course, or a post-experience course.

# AUDITING

## Auditing

11th Edition

**Alan Millichamp**, Former lecturer at the University of Wolverhampton  
**John R. Taylor**, Leeds Metropolitan University

© 2018 | 9781473749306

The eleventh edition of *Auditing* provides a simplified and thorough approach for students needing to understand auditing theory and practice. It clearly explains the key features of auditing in short, easily accessible sections to encourage effective learning.

## The Audit Process

Principles, Practice and Cases

7th Edition

**Iain Gray**, University of Essex  
**Stuart Manson**, University of Dundee  
**Louise Crawford**, University of Dundee

© 2019 | 9781473760189

An essential introduction to the principles and practice of auditing, this textbook guides students through every step of the audit process. Completely updated in line with the latest standards, regulatory processes and corporate governance, this edition is ideally suited to auditing modules taught on undergraduate and postgraduate courses in accounting and finance. Case studies in each chapter demonstrate auditing principles in action, giving students plenty of opportunity to apply their knowledge in a real-world context. Past examination questions from global professional accounting bodies, including ACCA, enable students to practise and prepare for examinations.

## Auditing

A Risk-Based Approach

11th Edition

**Karla M. Johnstone-Zehms**, University of Wisconsin-Madison  
**Audrey A. Gramling**, Colorado State University  
**Larry E. Rittenberg**, University of Wisconsin-Madison

© 2019 | 9781337619455

This text prepares students for the fast-changing audit environment by developing their professional and ethical decision-making skills. *Auditing* integrates the latest in standards, including new guidance from the PCAOB on audit reports, fraud risks, emerging topics such as data analytics, and ethical challenges facing today's financial statement auditors within a framework of professional scepticism.

## Information Technology Auditing

4th Edition

**James A. Hall**, Lehigh University

© 2016 | 9781133949886

Introduce students to state-of-the-art audit issues as you provide valuable insights into auditing in a modern computer-based environment with Hall's acclaimed *Information Technology Auditing*. The book focuses on key information technology aspects of auditing, including coverage of transaction processing, Sarbanes-Oxley implications, audit risk, and the COSO control framework. Students review general and application control issues, the latest in fraud techniques and detection, today's IT outsourcing issues and concerns, and modern enterprise system risks and controls.

# FORENSIC ACCOUNTING

Available with MINDTAP

## Fraud Examination

6th Edition

**W. Steve Albrecht**, Brigham Young University  
**Chad O. Albrecht**, Huntsman School of Business  
**Conan C. Albrecht**, Brigham Young University  
**Mark F. Zimbelman**, Brigham Young University

© 2019 | 9781337619677

The new edition is an essential introduction to the dynamic world of fraud investigation with real-world examples from the authors' experience. The areas of e-business and cyber fraud have been updated to ensure students learn how to recognize the warning signs of fraud and understand how technology is used in fraud detection and prevention. The comprehensive coverage of forensic analysis includes new examples, problems and exercises.

# ACCOUNTING ETHICS

NEW EDITION

## Business & Professional Ethics for Directors, Executives & Accountants

9th Edition

**Leonard J. Brooks**, University of Toronto  
**Paul Dunn**, Brock University

© 2021 | 9780357441886

Unlike other texts in this area, Accounting Ethics provides the comprehensive historic background necessary for understanding current challenges behind corporate governance, behavior and compliance as well as risk management for today's business and accounting professions. Clear explanations, cases, videos and readings demonstrate how to make decisions that reflect organizational values, ethics and expectations of stakeholders.

# ISLAMIC FINANCE

## Islamic Banking and Finance

An Introduction

1st Edition

**Roszaini Haniffa**, Heriot-Watt University  
**Mohammad Hudaib**, Adam Smith Business School

© 2019 | 9781473734609

This textbook provides a comprehensive introduction to Islamic banking and finance, an increasingly important area in the field of finance. The authors cover current issues and topics from the Islamic worldview and economics, to Shariah compliance, Islamic contracts and insurance. Each chapter draws comparisons between Islamic and Western models of banking and finance, to ensure students gain a thorough understanding of the differences. Questions at the end of each chapter allow students to put their knowledge into practice.

**Walter Aerts**, University of Antwerp  
**Peter Walton**, The Open University

© 2020 | 9781473767126

Comprehensive and well-illustrated, the fifth edition covers all the important topics without being too technical, making it an invaluable resource for undergraduate, postgraduate and MBA students of introductory financial accounting. Using extracts from the latest IFRS Standards and real company report data, its global approach gives students direct exposure to contemporary reports and financial statements.

**NEW EDITION** Available with MINDTAP

## Financial Accounting and Reporting

A Global Perspective

6th Edition

**Hervé Stolowy**, HEC Paris  
**Yuan Ding**, China-Europe International Business School  
**Luc Paugam**, HEC Paris

© 2020 | 9781473767300

The sixth edition, which is based on the latest IFRS Standards, guides business and management students through the complexities of financial accounting from an international and 'user' perspective. Its comprehensive coverage and decision-making orientation incorporate original case studies and real-life company financial statements from across the globe. End-of-chapter assignments have been updated to offer a range of difficulty levels.

## Business Analysis and Valuation IFRS edition

5th Edition

**Krishna G. Palepu**, Harvard University  
**Paul M. Healy**, Harvard University  
**Erik Peek**, Erasmus University

© 2019 | 9781473758421

The latest edition features new and revised contemporary cases, which illustrate the use of financial statement data in a range of valuation tasks. Based upon IFRS Standards, this text demonstrates how to get the most information out of financial statements. The focus is not only on building a solid understanding of the latest theoretical approaches but also ensuring students feel confident applying them.

## Corporate Finance

Theory and Practice

10th Edition

**Steve Lumby**, University College London  
**Chris Jones**, Sheffield Hallam University

© 2019 | 9781473758384

The latest edition provides students with a clear insight into the complex and ever-changing world of corporate finance. With a focus on decision-making in investment, financing, dividends and the management of risk, this text enables students to reflect on how these types of decisions are made. The strong theoretical approach is enhanced with a range of updated real-world examples that illustrate the current environment of corporate finance.

## Financial Management

Theory and Practice

2nd Edition

**Eugene Brigham**, University of Florida  
**Michael C. Ehrhardt**, University of Tennessee  
**Roland Fox**, Salford Business School

© 2019 | 9781473760219

The latest edition combines the authors' expertise in international financial management with their professional experience. With its focus on corporate valuation and financial statements, this text prepares undergraduate and postgraduate students for their future careers in the business world.

## Finance for Executives

Managing for Value Creation

6th Edition

**Gabriel Hawawini**, INSEAD  
**Claude Viallet**, INSEAD

© 2019 | 9781473749245

Finance for Executives is used on MBA and executive learning programmes worldwide. The text provides a clear and thorough introduction to the areas of financial practice that students are most likely to encounter as executives. Real-world examples from a range of international companies give the text a strong practical focus and put financial management into the context of the modern-day business environment.

**NEW EDITION** Available with MINDTAP

## International Financial Management

5th Edition

**Jeff Madura**, Florida Atlantic University  
**Roland Fox**, Salford Business School

© 2020 | 9781473770508

International finance is one of the hottest global topics with tariff wars and EU membership dominating the news. As multinational corporations expand their operations globally, they must manage the ensuing advantages as well as their exposure to risk. This new edition gives students a comprehensive introduction to this fast-moving field, discussing not only exchange rate behaviour, exchange rate risk management, long- and short-term asset and liability management, but also topics such as different currencies, dissimilar political situations, imperfect markets and diversified opportunity sets.
