Board Counsel Retires Reception Planned

The Board recently announced the retirement of long-time Board Counsel Vance Kinlaw. Vance has been a fixture at the Board for over 30 years. The Board will hold a reception for Vance at 6:30 P.M. on Friday, October 19, 2018 at the Embassy Suites in Concord, NC (site of the 2018 NCCA Fall Convention). You do not have to be registered for the NCCA Convention to attend the reception.

10-Year Rules Review Notification

All occupational licensing Boards are required by N.C.G.S. to undergo periodic Rules Reviews. The process requires the Board to post notification of a public comment period as well as the classification of Rules. The NCBOCE began this process with an August 23, 2018 filing you can review on our website here: <https://ncchiroboard.com/10-year-rules-review-notification-and-classification/>

The comment period for the NCBOCE's Rules classification began on August 27, 2018 and expires October 31, 2018. The Rules Review Commission ("RRC") will review the Board's final classification at the February 2019 RRC Meeting. In April 2019, Rules deemed "unnecessary" will expire, while Rules deemed "necessary but without substantive public interest" will remain in the Administrative Code.

Final Approval of Amended Rule 10 .0305

About The Board

The North Carolina Board of Chiropractic Examiners was established May 5, 1917 by the General Assembly (G.S 90-139) to properly regulate doctors of chiropractic for the benefit and protection of the people of North Carolina. The North Carolina Board of Chiropractic Examiners also regulates and certifies Chiropractic Clinical Assistants (G.S. 90-143.4) and Diagnostic Imaging (X-Ray) Technicians (G.S. 90-143.2).

The practice of chiropractic is a privilege granted by the State of North Carolina. The North Carolina Board of Chiropractic Examiners, through diligent oversight, will license, monitor, discipline and educate practitioners to assure their fitness and competence in serving the people of North Carolina. In fulfilling its mission, the Board will play a role in the ever-changing health care environment through dialogue with the public, the legislature, academia and the chiropractic community.
