Telling Our Language Journey Stories: Documenting the Language Work We Do

Respect the plants and animals;
speak to them in your language.

University of Arizona, Tucson, AZ
Mon. July 6th, 2020 - Fri. July 31st, 2020

The theme for AILDI 2020 is Telling Our Language Journey Stories: Documenting the Language Work We Do.

Discover how language documentation can affirm the life-giving qualities our Native languages provide at the 2020 AILDI summer session. Through our courses and guest lectures, you will learn how to record the vitality of your language (audio, video), write about your own experiences with language revitalization, learn basic linguistics related to your language, create teaching materials and engage in different methods of language learning using the Master/Apprentice model and your own cultural practices.

Workshop & Event Cancellations

Workshop & Event Cancellations, Changes, & Notices

Please note that the following events have been cancelled

Symposium for American Indian Languages

University of Arizona, Tucson, AZ

*CANCELLED

Here is a note from Dr. Wilson de Lima Silva on behalf of the SAIL Organizing Committee:

"Due to concerns around the coronavirus (COVID-19), the SAIL 2020 Planning Committee has decided to cancel the physical events that comprise SAIL 2020 at the University of Arizona.

Our foremost concern is the well-being of SAIL participants. As you know, many SAIL attendees are Native people of the Americas, many of whom are elders and language keepers, and scholars working directly with Native communities. It would be a disservice to put Native communities (and thus the languages SAIL is dedicated to preserving, revitalizing, and documenting) at risk by exposure (directly or indirectly) to this virus.

Best,
Wilson

Here is a note from the COLANG website:

"After careful consideration, we have arrived at the difficult decision to cancel CoLang 2020. Due to the rapidly changing situation with COVID-19 in the United States and around the world, we believe that the risk is too great to continue with the Institute as planned. We want to sincerely thank all of you who have worked with us on building CoLang2020, and hope to be able to continue to collaborate in the future."
