

## Akrapovič Exhausts

Akrapovič is the market-leading manufacturer of premium exhaust systems for motorcycles and performance cars. A pioneer in the innovative use of titanium and super-alloys, Akrapovič is at the forefront of carbon-fibre component manufacture. Akrapovič exhaust systems are renowned for increasing performance, an unmistakable sound, innovative design, lightweight construction, quality workmanship, and durability. Founded in Slovenia over 25 years ago by former motorcycle racer Igor Akrapovič, the brand has grown to international prominence. The brand is synonymous with the highest level of design, performance enhancement and the creation of an unmistakable deeply resonant exhaust sound. The company's products are designed and manufactured by a passionate and highly-skilled workforce of over 800 employees using the latest technology, processes and finest materials. The Racing R&D department works with dozens of racing teams. Over 90 world champions have already relied on Akrapovič exhaust systems and this is just the beginning of a long and exciting ride.

• Significant horsepower increases • Massively reduced weight over standard • Exquisite build quality ensuring easy installation, durability & longevity • F.I.M. / EC approved noise levels with a "quality" sound • Spare parts availability to maintain and protect your investment.
