Be sure to do your best on the test. There will be an on-screen calculator for use on problems that require it.

12. After you complete the test and obtain your results, click "next" or "continue" until you see the following screen. You are now finished with the mathematics placement assessment.

Be sure to press the print icon before exiting the program.

The test comes with a 1-year access to a Prep and Learning Module that you are free to use on your own to practice. After you have spent at least eight hours practicing in the Prep and Learning Module, you are able to retake the placement assessment to attempt to improve your placement. ALEKS will recommend a Prep and Learning Module for you to start with, but you may choose a different one if you wish. You will only have access to the one Module you select. You cannot change the choice at a later date. Use your ALEKS login and password to access the Prep and Learning Module on your own.
