The Power to Surprise

Designed to inspire.

The all-new 2014 Kia Forte sedan expresses the new refinement and sophistication in Kia's ever evolving design language. Guided by the vision of Peter Schreyer, President and Chief Design Officer of Kia Motors Corporation, the company's design and engineering teams are creating vehicles that make an emotional connection with Kia owners.

"Today, cars are no longer just a means of transport but also expressions of lifestyles," Schreyer notes. "Cars are an essential part of our lives, and increasingly more emphasis is being put on their emotional value in terms of bringing us happiness and satisfaction."

PETER SCHREYER
President and Chief Design Officer,
Kia Motors Corporation

Designed for a digital world.

The words “luxury” and “compact sedan” have rarely been seen together – until now.

The all-new 2014 Kia Forte sedan brings luxury features, spacious comfort and a beautifully controlled ride together in an elegantly styled automobile.

The coupe-like roofline and wide stance provide a sporty yet sophisticated look to the Forte sedan. So, too, do its new lighting systems, including xenon high-intensity discharge (HID) headlights and LED light bar technology taillights – two luxury car features that are standard on SX models.

UVOSM

DIGITALLY ADVANCED
UVO Powered by MicrosoftSM is an available, cutting-edge entertainment, communication and information system that gives you hands-free, voice-activated control over the audio system, music selection and your BluetoothSM-enabled cell phone. It's standard on the Forte sedan EX.

SMART AND LUXURIOUS
For 2014, the Forte sedan stands out with a long list of smart and luxurious features you wouldn't expect in a compact sedan, including a standard audio system with voice recognition; an available heated steering wheel; an available 10-way power heated/ventilated driver seat; and available dual-stage heated rear seats.

SPACIOUS INTERIOR
For added comfort, the spacious new Forte sedan offers more shoulder room and more rear legroom than before. There's also more room for your luggage inside the Forte sedan's large, 42.1-litre (14.9 cu. ft.) trunk.

TWO NEW ENGINES
The 2014 Forte sedan is available with two all-new, four-cylinder engines. LX models feature a standard 1.8-litre engine that produces 148 horsepower with enthusiasm and remarkable quietness. Step up to the EX or SX and the power steps up with you in the form of a smooth and robust 2.0-litre, 173-horsepower engine with gasoline direct injection (GDI).

FUEL-EFFICIENT PERFORMANCE
The 2014 Forte sedan's new engines aren't just powerful; they're also fuel-efficient. LX models consume as little as 5.3L/100 km Hwy and 8.0L/100 km City¹ while the 2.0-litre powered Forte sedan EX and SX are rated at 5.5L/100 km Hwy and 8.5L/100 km City.²

All-around comfort and convenience.

The 2014 Kia Forte sedan offers comfort, convenience and safety for you and your passengers.

As a driver, you'll appreciate smart features that enhance your driving experience – like the available full-colour Supervision LCD instrument cluster with customizable user settings, available steering wheel-mounted paddle shifters, and available FlexSteer™ with three selectable levels of steering boost – Comfort, Normal and Sport.

Six standard airbags and a full array of standard safety features provide peace of mind for everyone,³ while an available cooling glove box helps keep refreshments chilled on family road trips that are part of every Canadian summer.

The all-new interior of the 2014 Forte sedan features a wave-inspired instrument panel design with elegant soft-touch surfaces, ergonomic controls and a standard manual tilt and telescoping steering wheel. It's also available with a power sunroof, so you enjoy driving in natural light and the open air any time you choose.

PUSH BUTTON START. There's no need to search for the ignition key when you have the luxury of the Forte sedan's Smart Key keyless push-button ignition switch. It's standard on SX models.

AUTOMATIC COMFORT. Forte sedan SX models come with standard dual-zone automatic climate control and an ionized air filtration system. Separate temperature settings for the driver and front passenger provide individual, just-right comfort all year round.

THE HEAT IS ON. To help take the chill out of Canadian winters, 2014 Forte sedan EX and SX models come with standard, three-stage heated front seats. These are also available as an option on LX models. In addition, rear-seat passengers can enjoy the same kind of cold-weather comfort thanks to new, dual-stage heated second-row seats on SX models.

SWEET, SWEET MUSIC. The standard AM/FM/CD/MP3 audio system fills the air with high-fidelity sound and includes three trial months of SiriusXM™ satellite radio.⁴ In addition, all Forte sedan audio systems come with standard hands-free Bluetooth^{®5} connectivity, internal music storage, and voice-recognition technology for control of various system functions. You can also connect your iPod^{®6} to the system using a standard iPod cable.

ENTERTAINING AND INFORMING. UVO Powered by Microsoft^{®5} is an available, cutting-edge entertainment, communication and information system that gives you voice-activated control over the audio system and your MP3 player. The system's touch screen also acts as the display for the vehicle's rearview camera.⁷ Standard on the Forte sedan EX.

WARM ON THE HANDS. Stave off the cold with a heated steering wheel, just one of the many standard luxury features included on Forte sedan SX models.

SAFETY FIRST.

ELECTRONIC STABILITY CONTROL
Electronic Stability Control (ESC) monitors the vehicle's response to your throttle, brake and steering inputs in tight corners and evasive-maneuvre situations. If the input and response are out of synch, ESC briefly takes over to restore stability through precise brake and engine-control interventions.

TRACTION CONTROL
The Forte sedan's standard Traction Control System (TCS) senses wheel spin during acceleration and uses engine-torque reduction and pulsed braking to slow the spinning wheel(s) and transfer torque to the wheels that have the most traction.

BRAKE ASSIST SYSTEM
When the Brake Assist System (BAS) detects an emergency braking situation it instantly applies full braking force, faster than you might be applying it, to help shorten overall stopping distance.

ELECTRONIC BRAKEFORCE DISTRIBUTION
Electronic brakeforce distribution (EBD) adjusts front-to-rear brake pressure to compensate for varying passenger/cargo loads and deliver more confident braking performance.

HILL ASSIST CONTROL
To help keep you from rolling backward when starting off on a steep hill, Hill Assist Control (HAC) automatically maintains braking pressure for up to two seconds after you take your foot off the brake pedal – enough time for engine power to move you forward.

3, 4, 5, 6, 7. See endnotes on page 11.

FEATURES

Exterior	LX*	EX	SX*
15" steel wheels with full covers	●	-	-
16" alloy wheels	+	-	-

GET THE POINTS

Kia Member Rewards is an exclusive rewards program for Kia customers.

As a Kia Rewards Member, you'll earn points with every dollar you spend on maintenance service, parts and accessories at your servicing Kia dealer. Those Reward Points can be redeemed for discounts on future purchases - including the purchase of a new Kia. Plus earn Bonus Points on select items and services to collect rewards even faster.

Kia Member Rewards No-Charge Benefits include:

- Fuel fill-up with the delivery of your new Kia vehicle
- Local shuttle service
- Multi-point vehicle inspection with every service visit
- Windshield washer fill-up with every paid service
- Windshield wiper installation with wiper purchase
- Preferential rates on car rentals, nationwide
- 24/7 Roadside Assistance for your vehicle under Kia's 5-year/100,000 km warranty or Certified Pre-Owned warranty
- Email notification of exclusive Kia specials and events - a great way to earn Reward Points and save on future purchases

Become a Kia Premium Rewards Member:

Ask your Kia Dealer how you can enjoy even more benefits.

Enroll Today. Becoming a Kia Rewards Member is easy. See your Kia Dealer today to join. Visit rewards.kia.ca for full terms and conditions.

WE'VE GOT YOU COVERED.

At Kia, we believe peace of mind should come standard with every vehicle we make. That's why we back every model with one of the best warranties in the industry.

Our outstanding warranty coverage includes:

5-year/100,000 km - Worry-free comprehensive warranty covering virtually the entire vehicle⁹

5-year/100,000 km - Powertrain warranty covering the engine, transmission, axles, differentials and driveshafts⁹

5-year/100,000 km - Roadside assistance covers you in case of mechanical breakdown anywhere in North America⁹

5-year/unlimited km - Anti-perforation warranty on body sheet metal defects in material/workmanship⁹

For more information visit kia.ca or call 1-877-542-2886

ENDNOTES

1. Ratings shown for LX model with manual transmission. LX with automatic transmission is rated at X.XL/100 km highway, X.XL/100 km city. Actual fuel consumption may vary. These estimates are based on the Government of Canada's approved criteria and testing methods. Refer to the Government of Canada publication EnerGuide Fuel Consumption Guide. See kia.ca for fuel economy estimates. 2. Actual fuel consumption may vary. These estimates are based on the Government of Canada's approved criteria and testing methods. Refer to the Government of Canada publication EnerGuide Fuel Consumption Guide. See kia.ca for fuel economy estimates. 3. For maximum protection, always wear your seat belt. 4. Service available in the 10 provinces and three territories of Canada, and the 48 contiguous states of the U.S. Monthly subscription sold separately after three trial months. 5. Microsoft® is a registered trademark of Microsoft Corporation in Canada and/or other countries. Failure to pay attention to travel conditions and vehicle operation while the vehicle is in motion could result in loss of vehicle control. Operate the UVO system, even with voice commands, only when it is safe to do so. 6. When equipped with the available navigation system, the vehicle's Bluetooth® and navigation technology only recognizes English voice prompts. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. A compatible Bluetooth wireless technology-enabled cell phone is required to use Bluetooth hands-free wireless technology. 7. The back-up warning system and rear camera display are not substitutes for proper and safe backing-up procedures. Always drive safely and use caution when backing up. 8. Anti-pinch feature optional on LX trim. 9. The Kia 5-year/100,000-km warranty includes various warranties and roadside assistance. Some restrictions apply.
