

ALOHA UNITED WAY
2015 ANNUAL REPORT

PRESIDENT & CEO MESSAGE

This past year, we began igniting a movement by encouraging individuals to help create positive change. Your donation and support helped us invest \$11.3 million in our community.

Together with business, labor, government and nonprofit organizations, we helped over 1.5 million individuals and families. We responded to over 54,000 inquires for food, shelter, clothing and other health and human services, and provided assistance to over 13,000 at-risk youth working toward a high school graduation.

As you read through the pages of our annual report, we hope you will feel the impact of your donation and how you touched the lives of over a million people in our community.

We all win when a child has a head start on quality education that leads to success in future jobs, when individuals have enough income to support a family through retirement, and when our kupuna are able to age gracefully and in good health.

A big mahalo nui loa to our donors, advocates and volunteers for your compassion and for creating positive change and a better future for all of us.

Cindy Adams, President & CEO

STRATEGIC COMMUNITY IMPACT FOCUS AREAS

Aloha United Way is committed to a collaborative approach to address our community's issues. By leveraging an extensive network of businesses, nonprofits, labor, community and government leaders, we are uniquely positioned to serve as a convener, collaborator and funder. Aloha United Way approaches community issues employing cross-sector collaboration, data collection and program evaluation resources with an emphasis on prevention, resulting in long-term, sustainable solutions.

WE DO THIS THROUGH COMMUNITY IMPACT. Community Impact supports measurable and sustainable change driven by services that meet immediate needs while simultaneously addressing root causes, with an emphasis placed on prevention. Aloha United Way is focusing on 2 specific strategies in the Community Impact area, which are SBIRT: Screening, Brief Intervention, Referral and Treatment and Active Aging.

SBIRT: SCREENING, BRIEF INTERVENTION, REFERRAL AND TREATMENT

BACKGROUND

Aloha United Way strives to tackle our community's biggest problems by collaborating with key stakeholders to drive systemic change. Early childhood developmental screening is one of these initiatives.

Our earlier work in developmental screenings was the catalyst for our work in preventative health/screening. The high rate of negative screenings in toddlers led us to consider a prenatal screening approach.

In 2015, Aloha United Way formalized a partnership with Hilopa'a Family to Family Health Information Center, an agency that is leading a collaborative effort to implement a universal statewide system to increase the delivery of prenatal screening, brief intervention, and referral to treatment services for women across the State of Hawaii.

The initiative aims to develop a universal prenatal screening system that will identify at risk children prenatally and intervene as early as possible.

WHY

There is currently no "system of care" for prenatal SBIRT. There are individual providers using numerous screening tools with sporadic brief interventions and no system of community referral. There is no set of metrics or agreed upon outcomes.

Hilopa'a is the lead convening agency on the SBIRT initiative, which is a program proposed by the Hawaii Maternal and Infant

Health Collaborative (HMIHC) and the State of Hawaii Department of Health (DOH). The total amount of the award is \$100,000 which represents an investment of \$50,000 from the Omidyar Ohana Fund of the Hawaii Community Foundation and \$50,000 from Aloha United Way (AUW).

IN COLLABORATION WITH:

- Governor's Office Action Strategy on Early Learning
- Governor's Office of Health Care Transformation
- Department of Health
- Health Resources Administration (Maternal and Child Health, WIC)
- Department of Human Services
- MedQUEST Division
- Healthy Mothers Health Babies
- American College of Obstetricians and Gynecologists

ACTIVE AGING

BACKGROUND

Aloha United Way believes that providing early support to seniors will help them to maintain their independence and quality of life so they are well-equipped and confident to age in place for as long as possible.

More recently, our community has asked us to respond to the needs of our kupuna, by supporting them as they age, especially as the number of seniors in our state grows larger every year.

In 2015, Aloha United Way developed the Active Aging initiative to address and support Oahu's growing senior population.

Through a competitive grant-making process, three agencies were selected and awarded monies over a 3-year grant cycle.

WHY

The U.S. Census Bureau reports that between the year 200 and 2010, the number of seniors age 60 and older increased in the United States by 24.7%. In Hawaii, the increase was 34%. The growth was even more staggering for those seniors over 85 years of age. In Hawaii, the increase was 72.2% over the past ten years, almost two and half times the rate of increase for the rest of the nation.

Through a competitive grant-making process, three agencies were selected and awarded \$1,594,120 over 3-years.

IN COLLABORATION WITH:

- Franciscan Care Services (St. Francis Healthcare System)
- Kokua Kalihi Valley Comprehensive Family Services
- Waikiki Community Service
