## Where Books Come Alive!

For more than 50 years, Weston Woods' mission has been to motivate children to want to read. Every book is brought to life through engaging visuals and stirring word-for-word narrations. They are accompanied by an original musical score, composed to perfectly fit the mood and nuances of each story.

All of our new DVD titles have added bonus features to further enhance the experience of seeing your favorite books brought to life.

These features include:

**Read-Along!**

- ★ **Read-Along** allows children to follow each word as it is simultaneously narrated and highlighted on the screen, strengthening vocabulary, comprehension and fluency. All new DVDs now offer three viewing options: Read-Along, closed-captioned subtitles or no text at all.
- ★ **Closed-captioned subtitles and/or subtitled captions** - Closed-captioned subtitles include descriptive text for the hearing impaired, while subtitled captions contain only the spoken narration and character dialogue (without descriptive text) for use as a reading tool.
- ★ **Bonus Interviews** with authors and illustrators who share the inspirations and ideas behind their stories.

Activity/study guides come with each production and are designed to enhance the learning experience, with questions and activities for before and after viewing.

*“Storybook reading is the single best activity for developing language, vocabulary, and comprehension - key skills for success in reading!”*

– Susan B. Neuman,

Ed.D. University of Michigan

# FOREIGN LANGUAGE MEDIA COLLECTION

As our world becomes increasingly interdependent, educators are recognizing the value of foreign language learning. Exposure to foreign languages at an early age is acknowledged to provide an important cognitive basis for the future learning of everything from math to music.

Weston Woods' Foreign Language Collection of well-loved classics is designed to inspire, entertain and engage children. Our Spanish and Mandarin bilingual DVDs include optional soundtracks and subtitles in either Spanish/English or Mandarin/English, making them the ideal choice for English-as-a-second-language learners.
