FLEETWOOD RV FOR 50 YEARS

Dear Friend,

This year is a very significant milestone for all of us at Fleetwood RV. Not only is this our new millennium model year, it is also the Golden Anniversary of our company. For 50 years, we have designed and built RVs so that our customers can travel the many beautiful highways and byways of America in comfort.

When Fleetwood began in 1950, we could only dream that 50 years later we would be the world's largest RV manufacturer, with

Fleetwood Sporter Trailer (circa 1950)

the most popular, highly-recognized RVs on the road. One thing's for sure—none of us could have done it alone. At Fleetwood, we have a team of the finest craftsmen, designers, engineers, and product line professionals—over 8,000 caring individuals from the plant floor to me—all working to be the best we can for you. We add to this the best dealer partners in the world so that

you'll feel confident in your Fleetwood every mile of every stretch of road you travel.

CONTINUING THE COMMITMENT

For all of us at Fleetwood this first 50 years has been an exciting journey, from the early days of our original travel trailer and motor home prototypes to our current luxury models sporting the 50th Anniversary logo. We thank you for making us the great company we are today. Building the best product we can for your enjoyment is the key to our success, and you have my promise that we'll be here when you need us—for the next 50 years.

See you on the road!
