September 2-6, 2018
Tel Aviv, Israel

24th Annual Congress of the World Association for Medical Law Scientific Program

Dan Tel Aviv Hotel, Israel
September 2-6, 2018

Program Chair: Oren Asman

A Message from the Scientific Program Chair

Welcome to the 24th World Congress of the World Association for Medical Law (WAML).

The WAML encompasses academics and practicing professionals in the Medico-Legal specialties. Since 1967, it has convened international gatherings allowing the professional and academic community to meet and exchange ideas. These led me, almost 4 years ago, to gratefully accept the role of Program Chair of the 24th World Congress on Medical Law and Bioethics, which has been a positive challenge.

The Scientific Committee reviewed about 220 abstracts from about 40 countries. The program contains about 110 oral presentations and 50 posters from 33 countries. Main themes covered in the Congress:

- Liability, Risk Management and Patient Safety, tort law and health
- Health professions law and ethics
- Forensic Medicine
- Disability Studies, Law and Ethics
- Old Age, End of Life Issues and Ethics
- Mental Health, Law and Ethics
- Public Health Ethics and Law, Right to Health, Health Care Systems.
- Humanitarian Medicine
- Religious Medical Ethics, Research Ethics, and Law
- Organ Transplantation
- Genetics, Ethics, and Law

Accepted abstracts are included in a special issue of *Medicine and Law* to be issued in August 2018 - *Med Law* 37:2(2).

During August, a sub-committee for the Davies Awards reviewed articles submitted and selected the Davies Awards winners for the year of 2018. These will be announced, they will present their works and will be awarded their prizes during the closing awards session on September 5.

We are very excited with the high academic level and the diversity of speakers for this years' Annual Congress. The prominence of the speakers in their fields and the multicultural and multinational nature of the scientific program reflects the great importance of the World Association as a unique platform for deliberation and shared learning in the fields of Bioethics, Health Law, and Forensic Medicine.

On this Occasion, I would like to acknowledge the generous support of the following for the successful planning and organization of this Congress: The Israeli Ministry of Health, The Tel Aviv University Sackler Faculty of Medicine and the Department of Nursing, The Schlesinger Institute for Medical- Halachic Research, The Tel Aviv Municipality, The Thomas Noguchi Foundation, Adv. Jonathan Davies, Mr. Adam Neumann. Looking forward to welcoming you to our World Congress,

I am also indebted to many devoted professionals and volunteers, which I would like to acknowledge:

Members of the Scientific Committee: Yechiel Michael Barilan, Liat Kishon- Rabin, Michael Ashley Stein, Tal Bergman-Levy, Thierry Vansweevelt, Silvia Koton, Chen Kugel, Vardit Rispler-Chaim, Alexander Capron;

Members of the Planning and Organizing Committee: Adi Liberty, Denise McNally, Doris Sheynfeld, Sarah Demnitz, Yehoshua Weisinger, Yonat Gaash.

Members of the Scientific Advisory Board: Thomas T. Noguchi, Vardit Ravitsky, Sivia Bar-Noy, Cécile Bensimon, Nili Tabak, Roy Beran, Adi Liberty, Avivit Neuman, Regis Anthony de Silva, Svetlana Pospelova, Jonathan Davies.

Graphic designers: Raul Vergara and Yael Kfir.

I am especially indebted to Professor Ehud Grossman, Dean of the Sackler Faculty of Medicine, Tel Aviv University, for encouraging me to build a program with high academic merit and making this World Congress a memorable one.

Oren Asman, LLD,
Scientific Committee Chair, 24th World Congress on Medical Law and Bioethics
Faculty in the Nursing Department and Executive Director, Bioethics and Law Initiative, Sackler Faculty of Medicine, Tel Aviv University
