Welcome

Dear SRI Supporters,

On behalf of the Society for Reproductive Investigation (SRI), we invite you to join us at the 68th Annual Scientific Meeting, July 6 – 9, 2021, in Boston, MA, USA. SRI was established in 1953 by a group of investigators studying hypertensive disorders of pregnancy. While this topic is still studied by our investigators, today SRI is an international society with over 900 members representing 35 countries, who conduct basic, translational and clinical investigation in the reproductive sciences and women's health. Areas of focus include obstetrics, perinatology, reproductive genetics, gynecology and gynecologic oncology, endocrinology, reproductive physiology, biochemistry, pharmacology, immunology, epidemiology, reproductive infectious disease, and reproductive stem cell and developmental biology, among others.

We are proud that SRI is the premier international organization that leads outstanding multidisciplinary basic, translational and clinical research while promoting mentorship and a commitment to training in reproductive science and women's health to future generations of investigators.

The SRI Annual Meeting has been established as the place where translational research is integrated with basic science to create robust and interesting programs from year to year. The topic of our 2021 meeting is "*Navigating the Future for Reproductive Science*", and will officially kick off Tuesday evening, July 6, with our President's Distinguished Lecture, New Investigator Plenary, Award Ceremony. The evening will end with the Welcome Reception. This will have been preceded by the Mentor-In-A-Cloud Networking reception on Monday, July 5 and five all-day satellite meetings on Tuesday afternoon, July 6. The satellite meetings cover: Endometrium, Fetal Physiology, Myometrium/Parturition/Preterm Birth, Ovarian Biology and Placenta. The next three days will feature 12 mini-symposia sessions, three lunch and learn symposia, Diversity, Equity and Inclusion Forum, four sessions of oral concurrent presentations, and nearly 1,000 poster presentations covering the spectrum of reproductive and women's health issues. We will also hold our annual Connection Corners networking event geared toward new investigators on Wednesday evening, July 7, and additional career development sessions including the Early Career Forum, Mid-Career Session, Career Development Workshops and the Grant Writing Clinic.

As a supporter of the 68th Annual Scientific Meeting of the Society for Reproductive Investigation, you will be given many opportunities to network with the world's premier basic and clinical reproductive research professionals throughout the meeting space, poster hall, and at the welcome reception, as well as any of your supported functions. All supporters will be recognized on signage placed throughout the venue, in the program book, and on the meeting website. We look forward to your participation and support for this meeting, the world's premier meeting in reproductive science!

Leslie Myatt, PhD, FRCOG

Director of Advancement and Corporate Liaison, Society for Reproductive Investigation

About SRI

The first official meeting was held on June 15, 1953 at the Yale Club in New York City by a small group of investigators studying hypertensive disorders of pregnancy. While many members still study hypertensive disorders, the Society for Reproductive Investigation has grown to be the premier scientific organization in obstetrics and gynecology, with one-third of its members being basic scientists and two-thirds being clinical investigators. SRI members conduct basic, translational and clinical investigation in reproductive sciences and women's health. Areas of focus include obstetrics, perinatology, reproductive genetics, gynecology and gynecologic oncology, endocrinology, reproductive physiology, biochemistry, pharmacology, immunology, epidemiology, reproductive infectious disease and reproductive stem cell and developmental biology, among others.

Mission

The mission of the Society for Reproductive Investigation (SRI) is to advance reproductive and women's health care through outstanding basic, translational and clinical science and by training and mentoring future generations of investigators.

Vision

The vision of the Society for Reproductive Investigation is to be the premier international organization that leads outstanding multidisciplinary basic, translational, and clinical research and to promote mentorship and training in reproductive science and women's health.

Annual Meeting Information

Annual Scientific Meeting Features

- Expert Lectures
- Cutting Edge Plenary Sessions
- Oral Abstract Presentations
- Career Development Sessions
- Networking Opportunities
- Specialty Symposia
- Poster Presentations
- New Investigator Events

Through its' educational programs, SRI promotes productive collaboration among clinicians and scientists conducting basic, translational and clinical investigation in the reproductive sciences and women's health. Ultimately, the scientific exchange and collaborative environment fostered at the SRI Annual Scientific Meeting will lead to better care of patients, the production of new and innovative research and positive impact.

Program Goals

- Provide attendees with state-of-the-art knowledge in the reproductive sciences and women's health research fields.
- Gain insight into future directions from critical analysis of investigative findings.
- Plenary session and symposia will provide a focused format that fosters more meaningful dialogue among clinicians and researchers.
- Connect and network with international leaders who are advancing the scientific study of reproductive science and women's health.

Projected Attendance

Projected attendance for the 68th Annual Scientific Meeting includes more than 1,200 clinicians and researchers in the fields of obstetrics, perinatology, reproductive genetics, gynecology and gynecologic oncology, endocrinology, reproductive physiology, biochemistry, pharmacology, immunology, epidemiology, reproductive infectious disease, reproductive stem cell and developmental biology.

Meeting Location

The 68th Annual Scientific Meeting of the Society for Reproductive Investigation will take place July 6 - 9, 2021 at the Sheraton Boston Hotel and Hynes Convention Center.

BADGE POLICY - All participants affiliated with exhibits must be registered. Badges are required to enter the exhibit space and all sessions. Each person will be issued an exhibitor badge and must be employed by the exhibiting company or have a direct business affiliation. Each company is allotted one (1) complimentary meeting registration.

SECURITY - The safekeeping of the exhibitor's property shall remain the responsibility of the exhibitor. The Society for Reproductive Investigation and the Hynes Convention Center are not responsible for theft, loss or damage which may occur and advise each exhibitor to be sure their stands, equipment and material are insured at full value.

CONDUCTING EXHIBITS - Electrical or other mechanical apparatus must be muffled so noise does not interfere with other exhibitors. Character of the exhibits is subject to approval of the Society for Reproductive Investigation. The right is reserved to refuse applications of concerns not meeting standards required or expected, as well as the right to curtail exhibits, or parts of exhibits, which reflect against the character of the Meeting. This applies to displays, literature, advertising, novelties, souvenirs, conduct of person, etc.

INFRINGEMENT - Interviews, demonstrations and the distribution of literature or samples must be made within the area assigned to the exhibitor. Canvassing or distribution of advertising matter outside the exhibitor's own space will not be permitted.

LIABILITY - The Exhibitor assumes entire responsibility and hereby agrees to protect, indemnify, defend and save Society for Reproductive Investigation, the Hynes Convention Center, and its officers, employees and agents, harmless against all claims, losses or damages to persons or property, governmental charges or fines and attorney's fees arising out of or caused by Exhibitor's installation, removal, maintenance, occupancy or use of the exhibition premises or a part thereof, excluding any such liability caused by the sole negligence, gross negligence or willful misconduct of SRI and the convention center, its employees and agents. Exhibitor acknowledges that SRI and the Hynes Convention Center do not maintain insurance covering the Exhibitor's property and thus, it is the sole responsibility and obligation of the Exhibitor to obtain business interruption and property damage insurance covering such losses by exhibitor.

FIRE PROTECTION - All materials used in the exhibit area must be flame-proof and fire-resistant in order to conform to the local fire ordinances and in accordance with regulations established by the local Fire Department. Crepe paper or other paper is not to be used in crating merchandise. Display racks, signs, spotlights and special equipment must be approved before use, and all displays are subject to inspection by the Fire Prevention Bureau. Any exhibit or parts thereof found not to be fire-proof may be dismantled. All aisles and exits must be kept clear at all times. Fire stations and fire extinguisher equipment are not to be covered or obstructed.

PROTECTION OF THE HOTEL - Exhibitors will be held liable for any damage caused to the convention center, and no material or matter of any kind shall be posted, tacked, nailed, screwed or otherwise attached to columns, walls, floors or other parts or portions of the building or furnishings. Whatever may be necessary to properly protect the building, equipment or furniture will be installed at the expense of the exhibitor. If any controversy arises as to the need or propriety thereof, the Event Manager of the Hynes Convention Center will be the final judge thereof and his/her decision shall be binding on all parties concerned.

You are invited to participate in the above Meeting activity. A special exhibit area has been established adjacent to the main educational venue. Exhibits are promotional events and your company will have no influence on the selection of speakers, topics, or other components of the event activity. Acceptance of this offer to exhibit in no way creates an expectation or obligation to purchase, or recommend your company's products or services. It is expressly understood that in renting and using space at the SRI 68th Annual Scientific Meeting, the Exhibitor agrees to abide by all the rules and regulations. Any points not covered above or elsewhere are subject to a settlement by the Program Committee. The Committee reserves the right to change or modify any rule or regulation, or any specification therein, when deemed advisable and in the best interest of SRI.
