Welcome!

Welcome to our annual Production Sale. We value our many friends and customers that we have developed during our many years in the Hereford business. I am a 4th generation Hereford breeder with my great-grandfather, JD Meeks, originated our Hereford herd in the early 1900's in Texas. My grandfather, Alfred, moved his family and cowherd from Dalhart, Texas to our present location at the Upstream Ranch back in 1955. I'm very proud of the fact that we have been greatly involved in this great breed for such a long time.

Our goal and mission at the Upstream Ranch is to produce moderate framed, thick made, fast growing, efficient cattle that will be profitable in the commercial cattle industry. We always try to produce productive cattle that have a solid balance between calving ease, efficient growth, strong maternal traits with a heavy emphasis on udder quality, and improved carcass traits. We have really emphasized the improvement of carcass traits in our herd and I think the carcass EPDs for this set of sale cattle is pretty impressive.

The Hereford business is in a very exciting time. The breed has made fabulous improvement over the past decade and I feel that trend will continue. Our genetic goal has always been to balance phenotype, EPDs and pedigree acceptance into a high quality product. Integrity and a no-nonsense approach to raising cattle, something I learned from my Grandfather, will be our focus at Upstream Ranch. Soundness and problem-free production is our top priority in our cow herd.

I feel this is our strongest sale offering to date. The bull offering is really deep in quality. At this sale, buyers will have the opportunity to sort through many stout, thick made bulls with breed leading EPDs. All the bred heifers offered in this production sale are ultrasounded safe in calf to calve March 25, 2021 mostly to UPS Sensation 2296. These heifers were picked from the heart of our replacements.

Call if we can answer any questions about the offering or the cow herd. We cordially invite you to be with us on Saturday, Feb. 6, 2021, for lunch and viewing of an offering we're proud to present. If you cannot be present at our sale we are excited to present it live on Superior Click to Bid and DV Auction will be broadcasting it live.

Brent, Robin and Carlee Meeks

How to Participate as an Absentee Buyer

We have made preparations to bid and buy livestock through Superior Productions "Call or Click-to-Bid" service for those unable to attend in person sale day. Please note all lots in the sale will be available for viewing online prior to sale day at www.superiorlivestock.com

HERE'S HOW IT WORKS

Turn in Bids Over the Phone. This is our traditional method of buying livestock. To get started simply go online to www.superiorlivestock.com and click on the tab titled "Register for a Buyer Number". Select the registration form for Superior Productions and print the registration form, fill it out and fax it in to Superior Productions at (817) 378-3380 with a signature on it, or scan and email the form to info@superiorauction.com. You can also mail it into the address provided on the form. Upon receipt of this information Superior will call you with a buyer's number and the bid line phone number that you will use sale day to place bids over the phone.

Click-to-Bid. This is Superior's online bidding platform for cattle buying. Please note that high speed internet is required - this is not for dial-up or satellite internet. Registration is free, but you must become a member of www.superiorclicktobid.com to sign up. Becoming a member is easy - just go to the homepage of www.superiorclicktobid.com and follow the out-lined steps to get started. Input your information and select a username and password. You will receive an email confirming you are a member. From that point forward, you just have to sign in and select the sale you would like to register for and once approved you will receive an e-mail confirming which sale you are now registered for.

Viewing the Auction. There are 2 places to view the sale broadcast live on the internet: www.superiorlivestock.com or www.superiorclicktobid.com. Just go to the home page of either website and select the auction. If you just want to watch the auction on your computer, smartphone or tablet go to www.superiorlivestock.com but if you want to bid over the computer you must go to www.superiorclicktobid.com. Remember you can call in to bid on the internet, but you must be a member of www.superiorclicktobid.com to "click-to-bid." Your computer must have Flash Media Player installed for this website to view the auction. If you have any questions, please call the Superior Productions office at 800/431-4454.

If you plan to bid by phone through Superior Livestock or "Click-to-Bid", you must register at www.superiorlivestock.com prior to bidding.

♦ A 3310 son with some the best ratios and EPD data in the sale. Grandmother, 7734, was a great Neon daughter that has a son working in the Hirsche herd in Canada.

Bull Development Program

We don't creep feed our calves. After weaning, we feed the bulls a medium energy growing ration. Our plan is moderate gain, not maximum yearling weight or extremely high individual carcass data. We feel that program is harmful to the bull's longevity and is not necessary to determine an individual's genetic value. The bulls are run in grass pastures during the summer from early May through late November with limited grain. After that time, they are brought up to the headquarters and prepared for the sale. Our goal is to have the bulls in moderate condition for the sale, but definitely not over fat!

Notes

How to read the information provided in this catalog.

CE	BW	WW	YW	MM	Udder	Teat	REA	Marb	CHB\$
8.0	-0.3	54	89	27	1.60	1.60	0.28	0.09	83

BW, WW, YW, MM, US (Udder Suspension), TS (Teat Score), REA & IMF are the individuals' current Expected Progeny Differences (EPDs).

M&G - To figure the M&G EPD, divide the WW EPD in half and add that number to the MM EPD and that will give you the M&G EPD number. (78 divided by 2 is 26) $26 + 34 = 60$

Certified Hereford Beef Index (CHB\$)

This is a terminal sire index that is built on a production system where Hereford bulls sire calves for the CHB market.

Calving Ease – Direct (CE)

CE EPDs are based on calving ease scores and birth weights. More positive EPDs are favorable and indicate easier calving.

BW	WW Ratio	YW Ratio	RE - Pigment - LE	Act. Scrotal
85	ET	ET	100 95	40.0

BW - is the calf's actual Birth Weight expressed in pounds.

WW Ratio - is an individual's weight ranking as it compares to its contemporary group. Contemporary group is calves that can be fairly and accurately compared together because they fell within a reasonably close calving period, the same sex and whose dams had generally the same management environment.

YW Ratio - is an individual's weight ranking as it compares to its contemporary group.

Pigment - Is the percentage of color around each bull's eye, expressed as a percentage.

Act. Scrotal - is the actual scrotal size of the individual (expressed in centimeters). Measurement taken in December 2019.
