ABOUT THE WEST ISLAND CANCER WELLNESS CENTRE

MISSION:

The West Island Cancer Wellness Centre exists to empower people who are experiencing cancer by providing them with compassionate support and comprehensive information for mind, body, and spirit.

VISION:

To be recognized as a leader in cancer wellness.

WHO WE ARE:

The West Island Cancer Wellness Centre (WICWC) is a registered charity dedicated to offering compassionate care and support to anyone experiencing cancer – either having it themselves or supporting someone with cancer. The Centre exists in response to the demand for a whole-person, integrated approach to wellness that addresses the emotional, physical and spiritual needs of people living with cancer. The programs complement traditional medical practices and, thanks to the Centre's fundraising efforts and generous donors, are free for anyone living with cancer and their caregivers.

A Message from our Founder and Executive Director

Debbie Magwood, M.Ed, OPQ
Founder & Executive Director

Dear Reader,

The WICWC has supported more than 2550 families through and beyond their cancer. The important work we do includes, giving information, support, guidance and programs and services that focus on the 3 main pillars of wellness (mind, body and spirit). Our two top sources of referrals are the Hospitals and our Participants, which is a testimony to how valuable our charity is to our community and how strong our reputation is. NONE of this is possible without YOU. Our professional volunteers, who give their expertise, and compassion, drive us. If we were to financially support the professionals, we would have to fundraise another 2 million dollars annually. It is their generosity that allows us to provide upwards of 2500 hours of individual program choices, monthly. It is because of them that we are able to keep the operational costs as low as possible.

And it is because of our donors that we exist. The reality is, we have operational costs, and without the financial kindness of our donors, we could not exist. As an organization, we understand how important you are as is the money you donate. This is why we are extremely proud to say that when you choose to donate or sponsor the WICWC, only 8% of your donation is directed to administrative cost. Thank you for your support and for believing in us. As you will read in this annual report, we had an incredible year. We made a difference.

A handwritten signature in cursive script that reads "Debbie".

HIGHLIGHT: REACHING OUT BEYOND OUR COMMUNITY

CHALLENGE:

- Too many people diagnosed with cancer are scared, isolated and do not know where to turn for cancer wellness resources in their community.

ACCOMPLISHMENT:

- Thanks to a generous grant, on June 26th, the Centre launched the **“Living Well With Cancer Network”**. ANYONE living with cancer can call the information line for support or a referral to cancer wellness resources in their community.
- A total of 1,294 interventions were recorded in the Network’s first year.
- The **launch coincided with the Centre’s 10th anniversary**. To mark the occasion, an outdoor celebration was held that was attended by more than 100 people (elected officials, volunteers, participants and the community at large).

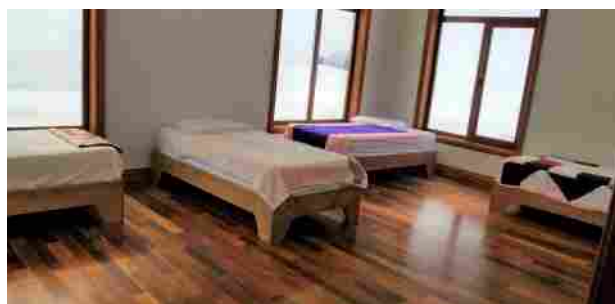

HIGHLIGHT: 10TH ANNIVERSARY CELEBRATION

HIGHLIGHT: MAKING WELLNESS RETREATS POSSIBLE

RETREAT CENTRE

- The Centre gratefully accepted the gift of a home in St-Hippolyte donated by a generous benefactor to hold wellness retreats for participants.
- Dozens of donors came forward to help fully furnish and prepare the house and, in May 2019, the Centre held its first wellness retreat.
- Fourteen participants attended the retreat, many of whom could not otherwise get away because of health, financial or insurance restrictions. The weekend retreat featured wellness activities offered by volunteer wellness professionals that included yoga, massage therapy, mindfulness and more.

HIGHLIGHT: UNITING FOR CANCER WELLNESS

CHALLENGE:

1 in 2 Canadians is expected to develop cancer in their lifetime. Despite this statistic, awareness of cancer wellness and its benefits are low. In addition, in many communities, there are few cancer wellness resources available.

ACCOMPLISHMENT:

- In the October 2018, the WICWC petitioned Health Canada to declare June 26th **NATIONAL CANCER WELLNESS AWARENESS DAY** to raise awareness of cancer wellness across Canada. The request was approved.
- Volunteers, community groups and partners came together to join us on May 27th for a lobby day in Ottawa. Six teams met with more than 25 Members of Parliament and Senators to request their support in promoting National Cancer Wellness Awareness Day.
- Thanks to the support of individuals, government representatives and other wellness centres across the country, awareness was widespread. Special thanks to the following: Francis Scarpaleggia, MP for Lac Saint-Louis for his support and for making a statement in the House of Commons, Diane Griffin, Senator from PEI, for rising in the Senate to speak to cancer wellness, Monsef Derraji, Member of the National Assembly from Nelligan for speaking about the initiative at the National Assembly and the City of Kirkland for proclaiming June 26th "National Cancer Wellness Awareness Day".

HIGHLIGHT: UNITING FOR CANCER WELLNESS

LOBBY DAY FOR NATIONAL CANCER WELLNESS AWARENESS DAY

**WORKING TOGETHER TO
MEET THE GROWING NEED**

PROGRAMMING

MEETING THE GROWING NEED

CHALLENGE:

- To offer programs and services to meet the increasing number of participants (430 new participants) and their evolving needs.

ACCOMPLISHMENT:

- Thanks to our Volunteer Wellness Professionals who responded to the growing need, the number of programming hours rose to 25,000, an increase of 47% over last year.
- Several innovative workshops were created to respond to needs expressed by participants.
- The procedure for signing up for monthly programs was streamlined. Participants can now sign up via e-mail, by phone and in person. Email registration now accounts for 40% of the sign-up requests.

Arts and Crafts

As an athletic therapist, I hear people ask athletes 'How's the knee?' or 'How's the arm?' instead of 'How are YOU?' Something similar happens to people with cancer but they are NOT defined by their cancer. I love being able to offer WICWC participants something that helps to make them feel better. And, I get so much back from them.

- Clare Parsons, Volunteer Wellness Professional

Certified Athletic Therapist

Massage Therapist (FQM)

FOR MAKING A DIFFERENCE !

WHO YOU HELP

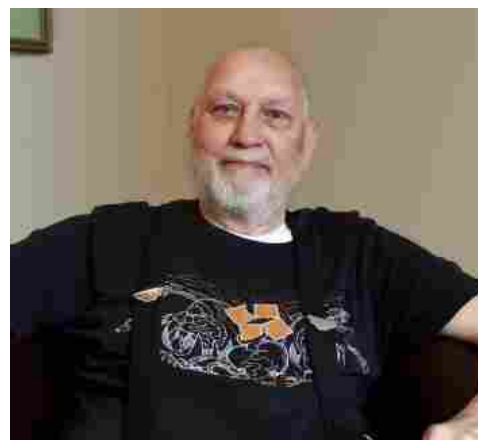

Madeleine Chenier

There is a gap between getting a clean bill of health and going back to your life after cancer."

Madeleine underwent two surgeries, after her breast cancer diagnosis, then was told she could return to work. "But I was nowhere near ready to go back to my life. There is a gap between getting a clean bill of health and going back to your life after cancer," she says. The West Island Cancer Wellness Centre's whole-person approach to wellness helped her to heal physically, emotionally and spiritually."

Following a prostate cancer diagnosis, André registered at the Centre. He has learned to live well with cancer through the activities offered like Tai Chi, meditation, nutritional cooking and painting.

"It's great. I learn from the professionals what to eat, what's good for my health and all of that is positive."

André Ladouceur
