**ANNEXURE – B TO THE DIRECTORS’ REPORT
MANAGEMENT DISCUSSION AND ANALYSIS (2018-2019)**

1) INDUSTRY STRUCTURE & DEVELOPMENT AND OUTLOOK.

a) Ice Cream Division

Overview

India is the largest producer and marketer of milk. It accounts for over 1/5th of the global milk production. This provides the ice cream industry with a large volume of raw material to manufacture ice creams. The ice cream market in India is forecast to exhibit a CAGR of 17.03% during 2016-2021. Keeping up with the economy’s quantum growth in recent years, the ice cream market has also set new records. Today, the total organized Indian ice cream market is estimated at approx. Rs. 6000 crores.

Ice creams are an integral part of any celebration. And Vadilal offers a range of ice creams and frozen desserts that enriches the celebrations.

Increase in the percentage of urbanization, rise in the disposable incomes, and increase in the “out of home food” consumption coupled with the steep increase in the availability of multi cuisine restaurants in the residential areas are some of the reasons behind the thriving ice cream industry.

The ongoing transformation in the ice cream industry has created ample number of opportunities for investors to invest and grow. Vadilal Ice Cream division has shown a sustainable annual growth and aims at maintaining it further in the years to come.

Since the inception of the company, Vadilal has been committed towards delivering the best quality products at affordable prices to customers from diverse cultures. Moreover, Vadilal is constantly working towards improving their products in terms of nutritional values and benefits.

Developments

Taking forward the tradition of introducing flavour some products at regular intervals, Vadilal has made numerous additions in 2018 like coming up with three new delicious ice creams in the 1+1 party pack form in every 6 months. This year, the company has revamped the entire brand identity by introducing a refreshed brand logo with new template and packaging.

Our existing brands like Gourmet, Badabite, Flingo and Ice trooper continue to show substantial movement in the market. Besides this, Vadilal has also introduced new delicious products like Badabite Select, Badabite Mango, Badabite Red Velvet, Flingo Belgian Chocolate and Chocolate cassatta.

As multi-national ice cream brands enter India. It has become imperative for the company to reinvent its strategy to consolidate its leadership. Vadilal has been a brave and experimental brand, they have always catered to the consumers by taking in consideration of the consumer’s needs, which is the reason why Vadilal is one of the leading ice cream manufacturers in India.

The overall consumer awareness and the size of the premium ice cream segment has increased with the entry of international ice cream brands in India. Following these developments, we have launched many variants in the premium segment like ice cream bars, ice cream sandwiches, Artisan ice cream cakes and ice cream pastries.

To break away from the clutter in a heavily-crowded retail environment, a new packaging template has been adopted this year to register our presence in the market.

With an upgrade in the production technology, it has become easier for us to offer premium and delectable products in the market.

Our Ice Trooper range continues to consolidate the kids’ market and has become every kid’s favorite across India. This year, a new variant called Ice Trooper Double Spin Pineapple has been added to this popular range.

Introduction of new mega brands, installation of state-of-the-art machines and significant expansion in production facilities will make us an even stronger force to reckon with in the domestic ice cream market.

It is a joy to cater to new people. Vadilal’s wide range of ice creams and frozen desserts are now available in Tamil Nadu, and the response from the consumers has been so positive that it has motivated us to plan our future endeavors for the south market proactively.

Vadilal has India’s fastest cone-making machine. With the production capacity of 3.5 lakh cones per day. It is the first and the only ice cream producer in India to have a machine with such a huge capacity. Vadilal is the largest player in Cones, Cups and Candies categories. Our strategic approach towards the controlled usage of resources and raw materials has boosted our growth in the market by manyfold.

Vadilal has started exclusive parlours in three formats: Scoop Shop, Hangout & Express. These parlours offer a delicious

range of Premium Ice Creams, Scoops and Concoctions in a very enjoyable ambience. The purpose of launching these formats is to give the brand a modern and trendy avatar. It is in line with the brand's efforts towards shifting the focus from mass to mass premium.

Like every other industry, the ice cream industry has a vast unorganized market that works at low costs and margins. The real competition is between the organized players and the unorganized players.

Brand Vadilal as the 2nd largest ice cream brand in India, has always been focused towards maintaining product quality, and constantly improving the same with the products' availability at the Vadilal outlets. Instead of perceiving the unorganized market as a hurdle, we see it as a motivator to deliver our best and expand our presence in the premium ice creams segment.

We are making a steady progress in launching new products in the premium segment. We have introduced a new range of Jumbo Ice Cream Cups that are made with pure milk cream and fine ingredients. Apart from these additions, we also introduce new flavoursome products every three months to give a whole new experience to our trade and consumers.

Vadilal's MELT IN parlour offers a range of high-end Artisanal Gelato ice cream that has gained a lot of popularity in the past few years. With its success, Vadilal has once again proven its mettle in launching international ice cream experiences in India.

Vadilal has two ice cream production facilities – one at Pundhra in Gandhinagar district, Gujarat and the other at Bareilly in Uttar Pradesh. To increase the production capacity and to have better automation, we had undertaken expansion-cum-modernization project of the factories, which has been successfully completed.

Apart from ice creams, Vadilal is also vigorously expanding in categories which offer value chain benefits and show a strong potential to grow. Vadilal already has strong backward linkages with the farmer community for its milk procurement for ice creams at its plant near Ahmedabad. Taking the relationship further, Vadilal has forayed in the flavored milk segment under the brand name "Power Sip". Power Sip comes in a uniquely shaped bottle ensuring a proper grip for the customer and it is available in flavours like "Kesar", "Elaichi", "Coffee" and "Rose". R&D is going on for the development of other flavours. We are also working tirelessly to bring new innovative products in the milk segment which will cater to the youth of India.

b) Processed Food Division

- In nearly every aspect, the consumer world has become on-demand. Modern day innovations and apps have trained consumers to expect convenience and minimal effort in their everyday life.
- The market is coming back around to the original benefit that frozen food provided as a fast, convenient alternative to fresh-from-scratch alternative. The relative ease of frozen offerings in our busy culture has driven their popularity for all types of food, whether it be fruits, vegetables, desserts, or fully-prepared meals.
- They are perceived as natural and healthy food product, which is fueling the growth of the market. Increasing preference of customers towards ready-to-cook products, owing to hygiene and convenience is boosting the growth of frozen processed foods market.
- However, the demand for frozen food products with no-preservatives or artificial flavours is increasing owing to consumer shift towards natural, healthy food products and a healthy lifestyle.
- When it comes to ice creams, the rise in income, along with an increase in demand for sweet dishes, drives the growth of this market. The sales of low-quality ice cream have been declining, due to the increased preference for premium ice cream which are without any additives. Whereas, the new innovative flavours that companies have come up with, act as a major driver for the market. Also, the cheaper price of the private label ice-creams are increasing the demand.

c) GLOBAL MARKET VIEW:

- Global Frozen Processed Food Market is primarily segmented into Europe, North America, Asia Pacific, Middle East & Africa, Australia and New Zealand. North America is dominating in the frozen processed food market followed by Europe. Additionally, high focus on organic ingredients and preservative free frozen food products with high shelf-life is likely to uplift the market for frozen food products at the global level.
- The frozen food market is projected to reach a value of about USD 282.5 billion by 2023, at a CAGR of 5.1%. Developments in the retail landscape, rising demand for convenience food, and technological advancements in the cold chain market are the major driving factors for the market.
- The U.S. has major consumption of frozen processed food, owing to busy lifestyle and changing eating habits in working population, people prefer for time saving and convenient food solution. According to a report by the American Frozen Food Institute (AFFI), the US retail frozen food category notched up +2.6% dollar growth in 2018 outpacing total center store food product sales, with high household penetration.
- Western Europe accounted for the largest frozen food market share in Europe in 2018, owing to the increasing per capita

expenditure on frozen foods among consumers in the region. Western Europe will witness an increase in its market share and remain the market leader for the next five years.

- While Middle East and African Frozen food market is projected to reach a about USD 27.23 billion by 2023, at a CAGR of 5.7% during forecast period of 2018 to 2023.
- The global ice cream market is anticipated to reach USD 78.8 billion by 2025, growing at a CAGR 4.1%, according to a new report by Grand View Research, Inc. The growing demand for premium products especially in developed regions such as North America and Europe is expected to drive the ice creams sales in these regions. The major growth is expected to come from developing regions such as Asia Pacific, Latin America and MEA.
- The impulse segment has outgrown the take-home segment for the last few years and is expected to dominate the market during the forecast period till 2025. The ice cream is likely to remain an impulse purchase as manufacturers in the developing regions have not been able to lure consumers with their bulk products. Manufacturers are expected to extend their impulse product portfolio during the forecast period.

d) Future strategy:

- Noteworthy developments have taken place across all our markets. US has been the most promising of amongst them as almost all the products launched last year were accepted well in the market and this has opened doors for us to venture into newer food categories this year. 360 degree marketing campaign to promote the products, participation in events and on-ground activation has helped us in being 'America's largest Indian ice cream brand'. The result of this success has rubbed on our non-ice cream products as well and has helped in pushing them even further.
- In the year 2019-2020, in US, we will try to grab more market share in ice creams by launching various new products and will eye to get more placements and consumer interaction with our non-ice cream products. With the motive to reach out and bring the consumers even closer to the brand, on-ground activations and social media will play a big role in achieving it.
- SEA region saw us venturing into newer markets and also introducing the highly awaited non-frozen product, Badam Milk Drink. Our non-dairy markets like Australia, Europe and others saw various positives and new products were introduced in the market in the form of ready-to-serve meals and herbs & sprouts. We will keep the momentum high to explore and venture in to newer territories. We saw some initial thrust with ice creams in the African continent as well. This year will be the year of exploring more opportunities in this region. Overall, MEA region will see deeper penetration from Vadilal under ice cream category.
- Over the coming years, we aspire to venture into several food and beverage categories under the frozen and non-frozen segments and make procurement & production more qualitative as well as competitive.

e) Forex Division

RBI AUTHORISED AD.II CATEGORY LICENCE HOLDER.

The Division is RBI approved Authorized Dealer Category II and carries out Money Changing and current account related transactions [other than trade related]. The Division takes care in Money Changing activities such as buying and selling Travelers Cheques, Travel Card, Currency Notes of all major traded currencies of the world. Besides having license under AD.II category, the division takes care of issuance of Demand Drafts, transfer of money abroad through Swifts, Telegraphic Transfer, etc. The Division is among the leading AD II category money changers and is especially competitive in permitted Outward Remittances.

The Year gone by has seen World Trade particularly India's International Trade emerging from contraction and finally things look rosy providing opportunities for Money changing as well as Forex Advisory businesses.

Growth is expected higher both in terms of revenue collection, as also increase in subscribers' strength. However, the division is catching up the market perception, banking formalities, new trend etc.

2) OPPORTUNITY AND THREATS

a) Ice-cream Division

India's ice cream market was dominated by the 'impulse' category of ice creams since the past 5 years, and this category is further expected to continue its dominance during the forecast period as well, owing to growing demand for premium ice creams and changing consumer taste.

Looking at the trends from the recent past, we foresee fast growth in the ice cream and frozen dessert category. However, along with the increasing demand for convenience, the continuing need for value as a trend is also growing. We plan to

continue with the strategy of consolidating our presence in the high-end premium segment. Earlier, Vadilal was only focused on offering mass segment products. However, we have been able to increase our share in the premium segment as well and it has enhanced the overall growth.

Distribution plays a key role in the success of a business. We are planning to increase our reach in the existing market in terms of consolidating our presence in Cash and Carry format as well as the Modern Retail segment. The logistics of ice cream, being a cold chain product, are complex and we are continuously expanding our cold chain distribution network through refrigerated vehicles and deep freezers.

We have worked on increasing the physical touch points with our consumers and executed it by putting in place a robust network of dealers, FOWs (Freezer On Wheels) and Ice Cream parlors. Along with various extensive ATL marketing campaigns, we have heavily invested in various BTL marketing activities to enhance consumer experience. We are also committed towards deeper penetration in trade sector. We are planning to organize innovative cross promotional activities to enhance the brand engagement with consumers and use the digital media actively as well. We are also planning to increase the branding activity at various retail levels.

b) Processed Food Division

In US, after tasting success and tremendous demand in smaller retail formats, Vadilal products will foray into the top grossing hyper retail formats. We'll further strengthen our key success factors, i.e; the distribution channel, by acquiring more warehouses for easier and quicker transit.

Catching on the trend and expanding to new avenues to reach out to the audience will hold the key. Apart from retailers, we have already started and further dig deeper to reach out to audience via digital medium – retailing and distributing via e-commerce and tapping the social media demands will be of key importance.

Vadilal also will be expanding its product portfolio significantly by inclusion of new variety of snacks, IQF vegetables and dairy products.

Vadilal is comfortably on route the journey from being excellent to progressing towards going par excellence.

4) SEGMENT WISE PERFORMANCE.

The company is primarily engaged in one business segment namely Food segment as determined by the chief operating decision maker in accordance with IND AS 108 - "Operating segment" and hence, Segment-wise Performance of the Company has not been provided.

5) RISKS AND CONCERNS

a) Ice Creams Division

Brand Vadilal has a 10% of organized market share against total organized Indian ice cream market which is estimated at approx. Rs. 6000 crores. Vadilal has a robust and extensive pan-India distribution network over 1,25,000 retailers and trade partners that cater to every nook and corner of the country.

For us, competition is not seen as a risk. We track our competition closely to continuously innovate and make better products that will keep us a step ahead of our competitors. The market is flooded with new regional players with cheaper and shoddy product options but Vadilal, with its experience and expertise of providing quality ice cream products, is well equipped to face such challenges.

However, there are certain concerns like infrastructure and rising input costs, which the company shall keep in mind.

b) Processed Food Division

The major concerns for the frozen food industry has been the same for over so many years, inadequate infrastructure, poor agricultural input management and semi-organized supply chain management have been the major bottle necks. Additionally increasing fuel puts an extra burden on the overall operational costs. The special requirement for transportation makes it even difficult to keep the costs low.

The frequent fluctuation of foreign currency, especially US Dollar with respect to Indian Rupee keeps the companies on worried every time.

6) INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY:

The Company has an Internal Control System, commensurate with the size, scale and complexity of its operations. The External and Internal Auditors carryout periodic reviews of the functioning and suggest changes, if required. The company has also a sound budgetary control system with frequent reviews of actual performance as against those budgeted.

The Statutory Auditors have given their adverse opinion on the internal financial controls over the financial reporting in their Report with regards to assessment and closure of the various financial, operational and governance related matters emanating out of the numerous allegations made by promoter directors and two erstwhile independent directors against each other and their consequential impact, if any, on the standalone financial statements of the Company. While the management has voluntary decided to initiate an inquiry in the matter, it does not anticipate any material impact on the financial statements of the Company.

7) KEY DEVELOPMENT ON HUMAN RESOURCE RELATIONS:

The Company recognizes the important role that its employees need to play for the growth of various business activities. The human resource policies and processes of the Company are in line with this.

The Company has been maintaining cordial and healthy Industrial Relations, which has helped to a great extent in achieving the steady growth.

As on 31st March, 2019, the Company has employed total 722 employees at all locations.

8) DETAILS OF SIGNIFICANT CHANGES IN KEY FINANCIAL RATIO AS COMPARED TO LAST YEAR

Ratio	2019	2018
Interest Coverage Ratio	4.89	2.63
Net Profit Ratio	6.06%	2.81%
Return on Net worth Ratio	15.50%	8.58%
Operating Profit Margin Ratio	12.05%	7.10%

Note: The above ratios improved YoY mainly due to increase in margins attributable to reduction in raw material costs, favourable exchange rate variances, higher export incentives due to increase in export turnover and better operating efficiency.

9) CAUTIONARY STATEMENT :

The statements made and figures given in the various sections of "Management Discussion and Analysis" are keeping in mind the Company's objectives, estimates and expectations. The Actual results may differ from those expected depending upon the economic conditions, changes in Govt. Regulations, tax regimes and other external and internal factors.

(xiv) Dematerialisation of Shares :

The Company, consequent to introduction of Depository System (DS), has established an electronic connectivity with NSDL & CDSL, Depositories. Members, therefore, have the option of holding and dealing in the shares of the Company in electronic form through NSDL and CDSL. In view of the numerous advantages offered by the DS, members are requested to avail the facility of dematerialisation of the Company's shares on either of the Depositories as aforesaid.

If you wish to maintain your shareholding in the electronic form by joining DS, you will have to open an account with a Depository Participant (DP), who are agents of NSDL or CDSL and lodge your share certificates with your DP for Dematerialisation. The DP will then ensure that the physical share certificates are cancelled and after verification by the Company, an equivalent number of shares will be credited to your account with the DP in the electronic form. You are also permitted under the DS to reconvert your electronic shareholding into the physical form of share certificates by a process of Rematerialisation. SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2019

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,

The Members

Vadilal Industries Limited

Vadilal House, 53, Shrimali Society,

Nr Navrangpura Police Station,

Navrangpura-380009

Ahmedabad, India.

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Vadilal Industries Limited** (CIN: L91110GJ1982PLC005169) (hereinafter called '**the Company**'). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of yearly secretarial audit, we hereby report that in our opinion, the Company has, during the financial year ended on **31st March, 2019** ('**Audit Period**') complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the Audit Period according to the provisions of:

- i. The Companies Act, 2013 ('the Act') and the rules made thereunder;
- ii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- v. The following Regulations prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'): -
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 (SEBI ICDR Regulations), up to September 10, 2018 and SEBI ICDR Regulations, 2018 w.e.f September 11, 2018 (*Not Applicable to the Company during the Audit period*);
 - d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 (*Not Applicable to the Company during the Audit period*);
 - e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 (*Not Applicable to the Company during the Audit period*);
 - f) The Securities and Exchange Board of India (Registrar to Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 (*Not Applicable to the Company during the Audit period*); and
 - h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998 (SEBI Buyback Regulations) up to September 10, 2018 and SEBI Buyback Regulations, 2018 w.e.f. September 11, 2018 (*Not Applicable to the Company during the Audit period*);
- vi. We report that, having regard to the compliance system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof, on test-check basis, the Company has complied with the following laws applicable specifically to the Company:

- a. Prevention of Food Adulteration Act, 1954 and rules and regulations made thereunder ;
- b. Food Safety and Standards Act, 2006 and rules and regulations made thereunder ;
- c. The Standards of Weights and Measurers Act, 1976 and Standards of Weights and Measurers (Packaged Commodities) Rules, 1977 and other rules and regulations made thereunder ;
- d. Legal Metrology Act, 2009 And Legal Metrology (Packaged Commodities) Rules, 2011 ;

For the purpose of other laws as may be applicable specifically to the Company, we have relied on the representations made by the Company and its officers for systems and mechanisms formed by the Company for compliance under other laws as may be applicable specifically to the Company and verification of document and records on test-check basis.

We have also examined compliance with the applicable clauses of the following:

- i) Secretarial Standards issued by the Institute of Company Secretaries of India; and
- ii) The Listing Agreements entered into by the Company with BSE Limited (BSE) and National Stock Exchange of India Limited (NSE) and provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 [SEBI (LODR) Regulations].

During the Audit Period, the listed entity has complied with the provisions of the above Acts, Rules, Regulations and Standards etc. mentioned above subject to the following observations:

1. As required under Reg. 17 of SEBI (LODR) Regulations, performance evaluation of the Board as a whole, individual directors (including independent directors and Chairperson) and various Committees of the Board was not done and it was under process.
2. As required under Reg. 31(2) of SEBI (LODR) Regulations, hundred percent shareholding of promoters and promoter group is not maintained in dematerialized form.
3. There was delay in submission of the Quarterly Financial Results and the Limited Review Report to BSE and NSE for the quarter ended 30th September, 2018 as required in terms of Reg. 33 of SEBI (LODR) Regulations. However, in this regard, the Company has received letter from the BSE and NSE imposing fine, which has been duly paid by the Company.
4. As per section 135 of Companies Act 2013, the Company was required to spend 2% of average net profit of the Company made during the three immediately preceding financial years amounting to Rs. 52.47 Lakhs towards Corporate Social Responsibility as per its CSR policy. However, as per CSR Report pertaining to the financial year ended 31st March, 2019, Rs 18.17 Lakhs was spent during the financial year 2018-19 and the remaining amount was unspent.

We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. There were no changes in the composition of the Board of Directors during the Audit Period.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance. A system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views are captured and recorded as part of the minutes.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period, the company had no specific events/ actions having major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, standards etc.

INDEPENDENT AUDITOR'S REPORT

To The Members of Vadilal Industries Limited

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Disclaimer of Opinion

We were engaged to audit the accompanying standalone financial statements of Vadilal Industries Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2019, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

We do not express an opinion on the accompanying standalone financial statements of the Company. Because of the significance of the matters discussed in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these standalone financial statements.

Basis for Disclaimer of Opinion

We refer to the following.

1. Note 50(A) to the standalone financial statements describes disputes on various financial, operational and governance matters between the promoter directors of the Company and the numerous allegations made against each other from August 2018 till July 2019 vide their respective communications to the Board of Directors of the Company. Furthermore, two erstwhile Independent Directors have, in their resignation letters dated June 19, 2019, addressed to the Company, have raised concerns in respect of the aforesaid disputes between the promoter directors and hostile environment in the meetings of the Board of Directors and its committees. We provided to the Audit Committee and Board of Directors our suggestions to have these allegations investigated by an independent external agency to determine whether any irregularities / non-compliances / illegalities have occurred in relation to the allegations. The promoter directors have communicated to Audit Committee and Board of Directors their withdrawal of all the above allegations on July 22, 2019, except for the matters referred in Paragraphs 2 and 3 below.

As per a resolution passed by the Board of Directors on 30th March, 2019, the promoter directors ceased to be Managing Directors of the Company and it was resolved in the same meeting to appoint Professional Management as Director / Manager / CEO for the Company and that in the interim period, the Promoter Directors would continue to manage the business affairs of the Company without remuneration.

2. Note 50(B) to the standalone financial statements, pertaining to the allegation made by Promoter Director 1 and, the Chief Financial Officer on August 11, 2018 with respect to potential personal expenses, amounting to ₹ 25.33 lakhs as official business expenses by Promoter Director 2. The Board of Directors of the Company at their meeting held on March 30, 2019 has initiated an independent investigation by an external consultant along with an external legal firm, the scope of which, inter-alia covers, ascertainment of irregularities, if any, with respect to these potential personal expenses. As per the information and explanations given to us, the external consultant is currently conducting their investigations and they may make a determination on whether the payments were inappropriate / illegal and its consequential impact, if any, including on compliance of relevant laws / regulations.
3. Note 50(B) to the standalone financial statements which refers to suspicion raised by Promoter Director 2 on July 22, 2019 with respect to personal travel expenses of approximately ₹ 23 lakhs suspected to have been claimed as business expense by Promoter Director 1.
4. Note 41 to the standalone financial statements which refers to the status of on-going litigations filed against the Company under Section 241 and 242 of the Companies Act, 2013 pertaining to prevention of oppression and mismanagement of the Company.
5. Due to the possible effects of the matters described in paragraphs 1 to 4 above, we are unable to state whether the remuneration of ₹ 355.96 lakhs paid by the Company to its promoter directors during the year is in accordance with the provisions of section 197 of the Act and any consequential effect thereof on these standalone financial statements.

The Audit Committee and the Board of Director in their meeting held on August 23, 2019 resolved to initiate independent inquiries into the matters referred in paragraph 1 and 3 above.

Pending completion of the aforesaid inquiries / investigations and resolution of the above matters, we are unable to determine if any adjustments are necessary to the aforesaid financial statements on account of the aforesaid matters, any restatement of prior years' including any consequential effect thereof.

Emphasis of Matter

We draw attention to footnote 5 of Note 46 to the standalone financial statements which describe the key terms of a contract entered into by the Company with Vadilal Enterprises Limited, a related party, for sale of its goods.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our responsibility is to conduct an audit of the entity's financial statements in accordance with the Standards on Auditing and to issue an auditor's report. However, because of the matters described in the Basis of Disclaimer of Opinion section above, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these standalone financial statements.

We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(1)(e), we report that in respect of the expenses stated in paragraphs 2 and 3 of the Basis for Disclaimer of Opinion section above, we are unable to comment on whether personal expenses have been charged to revenue account.
2. As required by Section 143(3) of the Act, based on our audit we report, to the extent applicable that:
 - a) As described in the Basis for Disclaimer of Opinion section above, we have sought but were unable to obtain all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) Due to the possible effects of the matter described in the Basis for Disclaimer of Opinion section above, we are unable to state whether proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
 - d) Due to the possible effects of the matters described in the Basis for Disclaimer of Opinion section above, we are unable to state whether the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) The matter described in the Basis for Disclaimer of Opinion section above, in our opinion, may have an adverse effect on the functioning of the Company.
 - f) On the basis of the written representations received from the directors as on 31st March, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
 - g) The reservation relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Disclaimer of Opinion paragraph above.
 - h) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an adverse opinion on the Company's internal financial controls over financial reporting for the reasons stated therein.
 - i) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, due to the possible effects of the matter described in paragraph 1 to 4 in the Basis for Disclaimer of Opinion section above, we are unable to state whether the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- j) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i. Due to the possible effects of the matters described in the Basis for Disclaimer of Opinion section above, we are unable to state whether the Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
 - ii. The Company has made provision, required under the applicable law or accounting standards for material foreseeable losses, if any, on long term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company except ₹ 0.15 lakh which is held in abeyance pending resolution of a legal dispute.
3. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order which is subject to the possible effects of the matters described in the Basis for Disclaimer of Opinion section above and the material weakness described in the Basis for Adverse Opinion in our separate Report on the Internal Controls over Financial Reporting.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2(h) under ‘Report on Other Legal and Regulatory Requirements’ of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Vadilal Industries Limited (“the Company”) as of March 31, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Basis for Adverse Opinion

According to the information and explanations given to us and based on our audit, a material weakness has been identified as at March 31, 2019 relating to inadequate entity level controls with regards to assessment and closure of the various financial, operational and

governance related matters emanating out of the numerous allegations made by promoter directors and two erstwhile independent directors against each other and their consequential impact, if any, on the standalone financial statements of the Company.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

Adverse Opinion

In our opinion, to the best of our information and according to the explanations given to us, because of the possible effects of the material weakness described in Basis for Adverse Opinion paragraph above on the achievement of the objectives of the control criteria, the Company has not maintained adequate and effective internal financial controls over financial reporting as of March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the material weakness identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the standalone financial statements of the Company for the year ended March 31, 2019, and the material weakness has affected our opinion on the said standalone financial statements of the Company and we have issued a disclaimer of opinion on the standalone financial statements of the Company.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

Annexure referred to in paragraph 3 on Report on Other Legal and Regulatory Requirements' on our report of even date and to be read subject to the possible effects of the matters described in the Basis of Disclaimer of Opinion section above and the material weakness described in the Basis of Adverse Opinion in our separate Report on the Internal Controls over Financial Reporting.

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a regular programme of physical verification of its fixed assets by which all fixed assets are verified in a phased manner over a period of three years. In accordance with this programme, a portion of the fixed assets has been physically verified by the Management of the Company during the year and discrepancies noted on such verification have been properly dealt with the books of accounts. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.

The Standalone Financial Statements for the year ended 31st March, 2019 have been reviewed by the Audit Committee and approved by the Board of Directors at their meetings held on August 23, 2019.

2 SIGNIFICANT ACCOUNTING POLICIES:-

a) Statement of Compliance

These financial statements comprising of Balance Sheet, Statement of Profit and Loss including other comprehensive income, Statement of Changes in Equity and Statement of Cash Flows as at March 31, 2019 have been prepared in accordance with Indian Accounting Standard (Ind AS) as prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

b) Basis of Preparation of Financial Statements

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each financial year, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

The financial statements are presented in Indian Rupee ("INR") and all values are rounded to the nearest lakhs as per the requirement of Schedule III, except when otherwise indicated.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristic into account when pricing the asset or liability at the measurement date.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- 1) Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or Liabilities.
- 2) Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- 3) Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

c) Use of Estimates

The presentation of the financial statements are in conformity with the Ind AS which requires the management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities, revenues and expenses and disclosure of contingent liabilities. Such estimates and assumptions are based on management's evaluation of relevant facts and circumstances as on the date of financial statements. The actual outcome may differ from these estimates.

Estimates and underlying assumptions are reviewed on an on going basis. Revisions to the accounting estimates are recognized in the financial year in which the estimates are revised and in any future periods affected.

d) Inventories

Inventories are valued as under -

Finished Good:-At lower of cost or net realizable value. Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs. Cost is determined on weighted average basis. Due provision for obsolescence is made. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

Raw Materials, Packing Materials & Stores and Spares:-Valued at lower of cost or net realisable value and for this purpose cost is determined on moving weighted average basis. Due provision for obsolescence is made.

e) Cash and Cash Equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

f) Revenue Recognition

Effective April 1, 2018, the Company has adopted Ind AS 115 – ‘Revenue from contracts with customers’, which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Ind AS 115 replaces Ind AS 18 Revenue and Ind AS 11 Construction Contracts.

Sale of Goods

The Company earns revenue primarily from sale of manufactured ice-creams. It has applied the principles laid down in Ind AS 115 and determined that there is no change required in the existing revenue recognition methodology. In case of sale to domestic customers, most of the sale is made on ex-factory basis and revenue is recognised when the goods are dispatched from the factory gates. In case of export sales, revenue is recognised on shipment date, when performance obligation is met.

Interest Income

Interest income from a financial asset is recognized when it is probable that the economic benefit will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and the interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset’s net carrying amount on initial recognition.

g) Government Grant

Government grants are not recognized until there is reasonable assurance that the Company will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognized in profit and loss on a systematic basis over the periods in which the Company recognises as expenses the related costs for which the grants are intended to compensate.

Export incentives under various schemes notified by government are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same.

h) Property, Plant and Equipment

Property, plant & equipments are stated at actual cost (including cost of acquisition and installation) less accumulated depreciation and net of impairment, if any.

All items of property, plant and equipments are derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss.

Depreciation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on property, plant and equipment are charged based on straight line method on estimated useful life as prescribed in Schedule II to the Companies Act, 2013 except in respect of the following assets, where useful life is different than those prescribed in Schedule II.

Particulars	Estimated Useful Life
Building	
1) Factory Building	28 Years
2) Others - RCC Structured	58 Years
Plant & Machinery	
1) Continuous Process	18 Years
2) Plastic Crates	5 Years
3) Others	20 Years

The estimated useful lives and residual values of the property, plant and equipment are reviewed at the end of each financial year, with the effect of any changes in estimate accounted for on a prospective basis.

Depreciation on items of property, plant and equipment acquired / disposed off during the year is provided on pro-rata basis with reference to the date of addition / disposal.

i) **Intangible Assets**

Intangible Assets Acquired Separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognized on a straight-line basis over their estimated useful lives. The estimated useful life are reviewed at the end of each financial year, with the effect of any changes in estimate being accounted for on a prospective basis.

Derecognition of Intangible Assets

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognized in the statement of profit and loss when the asset is derecognized.

Useful Lives of Intangible Assets

Intangible assets are amortised over their estimated useful life on a straight line basis over a period of 5 years.

j) **Investment Property**

Investment property comprise portion of office building that are held for long term yield and / or capital appreciation.

Investment property is initially recognized at cost. Subsequently investment property comprising of building is carried at cost less accumulated depreciation and accumulated impairment losses.

Investment property is depreciated under the straight line method as per the rates and the useful life prescribed as per Schedule II of the Companies Act. Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on value as per local body on periodic basis.

Investment properties are derecognized when either they have been disposed of or when the investment property is permanently withdrawn from use and no economic benefit is expected from its disposal.

The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the Statement of Profit and Loss.

k) **Leasing**

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Company as a Lessee

Rental expense from operating lease is generally recognized on a straight line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessors expected inflationary cost increase, such increases are recognized in the year in which such benefits accrue.

l) **Foreign Currencies**

In preparing the financial statements of the Company, the transactions in currencies other than the entity's functional currency (INR) are recognized at the rates of exchange prevailing at the dates of the transactions. At the end of each financial year, monetary items denominated in foreign currencies are retranslated at the rate prevailing at that date and differences are

recognised in statement of profit and loss account. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the rates prevailing at the date when fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on monetary items are recognized in the statement of profit and loss in the year in which they arise.

m) Employee Benefits

Employee benefits include provident fund, employee state insurance scheme, gratuity fund and compensated absences.

Defined Contribution Plan:

The Company's contribution to Provident Fund is considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

Defined Benefit Plans:

For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each balance sheet date. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognized in other comprehensive income in the financial year in which they occur. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to in the statement of profit and loss. Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

The Company recognizes the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- 1) Service costs comprising current service costs, gains and losses on curtailments and settlements; and
- 2) Net interest expense or income

The retirement benefit obligation recognized in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognized past service cost, as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the schemes.

Short-term and Long-term Employee Benefits:

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related services rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange of the related service.

Liabilities recognised in respect of long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the company in respect of services provided by employees up to the reporting date.

n) Borrowing Costs

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily takes a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are recognized in the statement of profit and loss in the year in which they are incurred.

o) Earnings Per Share

Basic earnings per share is computed by dividing the profit / (loss) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The company did not have any potential to dilutive securities in any period presented.

p) Taxation

Tax expense represents the sum of the current tax and deferred tax.

Current Tax

The tax currently payable is based on taxable profit for the year. Current tax is measured at the amount expected to be paid to the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the local tax laws. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the financial year.

Deferred Tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each financial year and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the financial year.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the financial year, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets include Minimum Alternate Tax (MAT) credit paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT credit is recognized as deferred tax asset in the Balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

Current and Deferred Tax for the Year

Current and deferred tax are recognized in the statement of profit and loss, except when they relate to items that are recognized in other comprehensive income, in which case, the current and deferred tax are also recognized in other comprehensive income.

q) Provisions, Contingent Liabilities and Contingent Assets and Commitments

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the financial year, taking into account the risks and uncertainties surrounding the obligations. When a provision is measured using the cash flow estimated to settle the present obligation, its carrying amount is the present obligations of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no disclosure is made.

Contingent Assets are not recognised but disclosed in the Financial Statements when economic inflow is probable.

r) Investments in Subsidiaries

Investments in subsidiaries are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

s) **Financial Instruments**

Financial instrument is a contract that give rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Classification:

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit and loss on the basis of its business model for managing the financial assets and the contractual cash flows characteristics of the financial asset.

All financial liabilities are classified as subsequently measured at amortised cost except for financial liabilities at fair value through profit and loss. Such liabilities, including derivatives, are subsequently measured at fair value, with any gains or loss arising on remeasurement recognised in profit and loss.

Initial Recognition and Measurement

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than Financial asset and liabilities at fair value through profit & loss) are added to or deducted from the fair value measured on initial recognition of the financial assets or financial liabilities.

Financial Assets at Amortised Cost

Financial assets are subsequently measured at amortised cost using effective interest rate method, if:

- (a) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- (b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category generally applies to trade and other receivables.

Financial Asset at Fair Value Through Profit and Loss (FVTPL)

Financial assets are measured at fair value through profit and loss unless it is measured at amortized cost or fair value through other comprehensive income. Financial assets under this category are measured initially as well as at each financial year at fair value with all changes recognised in the statement of profit and loss.

Derecognition of Financial Assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognized in other comprehensive income and accumulated in equity is recognized in profit and loss if such gain or loss would have otherwise been recognized in profit and loss on disposal of that financial asset.

Financial Liabilities and Equity Instruments

Classification as debt or equity

Financial instruments are classified as a liability or equity according to the substance of the contractual arrangement and not its legal form.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a company are recognised at the proceeds received, net of issue costs.

Financial Liabilities

All financial liabilities are subsequently measured at amortised cost. Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in profit and loss.

Derecognition of Financial Liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in profit and loss.

Derivative Contracts

The Company enters into derivative financial instruments to hedge foreign currency / price risk on unexecuted firm commitments and highly probable forecast transactions.

Such derivatives financial instruments are initially recognized at fair value on the date on which the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each financial year. The resulting gain or loss is recognized in the statement of profit and loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit and loss depends on the nature of the hedging relationship and the nature of the hedged item.

Financial Guarantee Contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by a Company entity are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognized less, when appropriate, the cumulative amount of income recognized in accordance with the principles of Ind AS 18

t) Impairment

Financial assets (other than at fair value)

The Company assesses at each Balance sheet whether a financial asset or a group of financial assets is impaired.

Non-financial Assets

Property, Plant and Equipment and Intangible Assets

At the end of each financial year, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash generating units, or otherwise they are allocated to the smallest group of cash generating unit for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in the statement profit and loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognized immediately in the statement of profit and loss.

u) Operating Cycle

The Company presents assets and liabilities in the balance sheet based on current / non-current classification based on operating cycle.

An asset is treated as current when it is:

1. Expected to be realized or intended to be sold or consumed in normal operating cycle;
2. Held primarily for the purpose of trading;
3. Expected to be realized within twelve months after end of financial year, or
4. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after end of financial year

All other assets are classified as non-current.

A liability is current when:

1. It is expected to be settled in normal operating cycle;
2. It is held primarily for the purpose of trading;
3. It is due to be settled within twelve months after end of financial year, or
4. There is no unconditional right to defer the settlement of the liability for at least twelve months after end of the financial year

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The company has identified twelve months as its operating cycle.

v) **New and amended standards adopted by the Company**

The Company has applied the following standards and amendments for the first time for annual reporting period commencing from April 01, 2018

Ind AS 115 Revenue from Contracts with Customers

The core principle of the standard is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Further, the new standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers.

The standard permits two possible methods of transition : Retrospective approach - Under this approach the standard will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8- Accounting Policies, Changes in Accounting Estimates and Errors.

Retrospectively with cumulative effect of initially applying the standard recognized at the date of initial application (Cumulative catch - up approach).

The Company adopted Ind AS 115 using the modified retrospective method of adoption. The adoption of the standard did not have any material impact on the financial statements of the Company.

Amendment to Ind AS 20, Accounting for Government Grants and Disclosure of Government Assistance

The amendment clarifies that where the government grant related to assets, including non-monetary grant at fair value, shall be presented in balance sheet either by setting up the grant as deferred income or deducting grant in arriving at the carrying amount of the asset. Prior to the amendment, Ind AS 20 did not allow the option to present asset related grant by deducting the grant from the carrying amount of the assets. This amendment do not have any impact on the financial statements.

Appendix B, Foreign Currency Transactions and Advance Consideration to Ind AS 21, The Effects of Changes in Foreign Exchange Rates

The Appendix B to Ind AS 21 clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency.If there are multiple payments or receipts in advance,then the entity must determine the transaction date for each payment or receipt of advance consideration. Entities may apply the Appendix requirements on a fully retrospective basis. Alternatively, an entity may apply these requirements prospectively to all assets, expenses and income in its scope that are initially recognised on or after:

- The beginning of the reporting period in which the entity first applies the Appendix, or
- The beginning of a prior reporting period presented as comparative information in the financial statements of the reporting period in which The entity first applies The Appendix.

The interpretation does not have any impact on the Company's financial statements.

Amendment to Ind AS 12, Income Taxes

The amendment clarify that an entity needs to consider whether tax law restricts the sources of taxable profits against which it may make deductions on the reversal of that deductible temporary difference. Furthermore, the amendments provide guidance on how an entity should determine future taxable profits and explain the circumstances in which taxable profit may include the recovery of some assets for more than their carrying amount. Entities are required to apply the amendments retrospectively. However, on initial application of the amendments, the change in the opening equity of the earliest comparative period may be recognised in opening retained earnings (or in another component of equity, as appropriate), without allocating the change between opening retained earnings and other components of equity. Entities applying this relief must disclose that fact. These amendments do not have any impact on the financial statement of the Company as the Company has no deductible temporary differences or assets that are in the scope of the amendments.

Amendment to Ind AS 40, Investment Property

The amendment clarify when an entity should transfer property, including property under construction or development into, or out of investment property. The amendments state that a change in use occurs when the property meets, or ceases to meet, the definition of investment property and there is evidence of the change in use. A mere change in management's intentions for the use of a property does not provide evidence of a change in use. Entities should apply the amendments prospectively to changes in use that occur on or after the beginning of the annual reporting period in which the entity first applies the amendments. An entity should reassess the classification of property held at that date and, if applicable, reclassify property to reflect the conditions that exist at that date. Retrospective application in accordance with Ind AS 8 is only permitted if it is possible without the use of hindsight. These amendments do not have any impact on the Company's financial statements.

Amendment to Ind AS 28, Investment in Associates and Joint Ventures

The amendment clarify that a venture capital organisation or a mutual fund, unit trust and similar entities may elect, at initial recognition, to measure investments in an associate or joint venture at fair value through profit or loss separately for each associate or joint venture. Further, Ind AS 28 permits an entity that is not an investment entity to retain the fair value measurement applied by its associates and joint venture (that are investment entities) when applying the equity method. Therefore, this choice is available, at initial recognition, for each investment entity associate or joint venture.

Ind AS 112, Disclosure of Interest in Other Entities

The amendment clarify that the disclosure requirements in Ind AS 112, other than those in paragraphs B10–B16, apply to an entity's interest in a subsidiary, a joint venture or an associate (or a portion of its interest in a joint venture or an associate) that is classified (or included in a disposal Company that is classified) as held for sale.

w) Standards issued but not yet effective

In March 2019, the Ministry of Corporate Affairs (MCA) issued the Companies (Indian Accounting Standards) Amendment Rules, 2019 and the Companies (Indian Accounting Standards) Second Amendment Rules, 2019, notifying new standards and amendments to certain issued standards. These amendments are applicable to the company from April 1, 2019. The Company will be adopting the below stated new standards and applicable amendments from their respective effective date.

Ind AS 116 Lease Accounting:

Ind AS 116 will replace Ind AS 17, Leases. Under Ind AS 116, a lessee will recognise a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right of use asset) at the commencement date of lease. Lessees will be required to separately recognise interest expense on the lease liability and depreciation expense on the right of use asset. In accordance with the standard, the Company will elect not to apply the requirements of Ind AS 116 to short-term leases less than 12 months and leases for which the underlying asset is of low value. The standard also contains enhanced disclosure requirements for the lessees. Lessor accounting under Ind AS 116 remains substantially unchanged from accounting under Ind AS 17. Ind AS 116 is effective for annual periods beginning on or after April 1, 2019. The Company has evaluated the impact of the adoption of Ind AS 116 and the same is not material.

Appendix C, Uncertainty over Income Tax Treatment to Ind AS 12, Income Taxes:

The Appendix clarifies how to apply the recognition and measurement principles while recognizing current tax, deferred tax, taxable profits (losses), tax bases, unused tax losses, unused tax credits and tax rates when there is uncertainty over tax treatments under Ind AS 12. As per the Appendix, the Company needs to assess whether it is probable that a tax authority will accept an uncertain tax treatment used or a treatment which is being proposed to be used in its income tax filings. The Appendix will be applied retrospectively with the cumulative effect of its initial application on the opening balance sheet as on April 1, 2019. The Company has evaluated the impact of the adoption of Ind AS 116 and the same is not material.

Amendment to Ind AS 12, Income Taxes:

The amendment clarifies that an entity shall recognize income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events. The Company will apply this amendment for annual reporting periods beginning on or after April 1, 2019. The Company has evaluated the impact of the adoption of Ind AS 12 and the same is not material.

Amendment to Ind AS 23, Borrowing Costs:

The amendment clarifies that an entity shall consider specific borrowings as general borrowing while calculating capitalization rate, once substantial activities necessary to prepare a qualifying asset for which specific borrowing was obtained is completed for its intended use or sale. The Company will apply this amendment for annual reporting periods beginning on or after April 1, 2019. The Company has evaluated the impact of the adoption of Ind AS 23 and the same is not material.

x) Critical Accounting Judgements and Key Sources of Estimation Uncertainty

The preparation of the financial statements in conformity with the Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures as at date of the financial statements and the reported amounts of the revenues and expenses for the years presented. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates under different assumptions and conditions. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Key Sources of Estimation Uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the financial year that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within next financial year.

i. Useful Lives of Property, Plant and Equipment

As described in Note 2(h), the Company reviews the estimated useful lives and residual values of property, plant and equipment at the end of each financial year. During the current financial year, the management determined that there were no changes to the useful lives and residual values of the property, plant and equipment.

ii. Allowances for Doubtful Debts

As described in Note 11, the Company makes allowances for doubtful debts based on an assessment of the recoverability of trade and other receivables. The identification of doubtful debts requires use of judgement and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debts expenses in the financial year in which such estimate has been changed.

iii. Allowances for Inventories

Management reviews the inventory age listing on a periodic basis. This review involves comparison of the carrying value of the aged inventory items with the respective net realizable value. The purpose is to ascertain whether an allowance is required to be made in the financial statements for any obsolete and slow-moving items. Management is satisfied that adequate allowance for obsolete and slow-moving inventories has been made in the financial statements.

iv. Fair Value Measurement of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques, including the discounted cash flow model, which involve various judgements and assumptions. Information about the fair value of various assets and liabilities are disclosed in Note 44.

b) The Board of Directors, in its meeting held on August 23, 2019, have proposed a final dividend of ₹ 1.25 per share for the financial year ended March 31, 2019. The proposal is subject to the approval of shareholders at the Annual General Meeting to be held in the month of September, 2019 and if approved would result in a cash outflow of approximately ₹ 108.32 lacs including dividend distribution tax.

c) Nature and Purpose of Reserve

Capital Reserve : The company has created capital reserve out of investment utilization reserve written back and forfeited shares.

Securities Premium Reserve : The amount received in excess of face value of the equity shares is recognised in Securities Premium Reserve. This reserve is available for utilization in accordance with the provisions of the Companies Act, 2013. In case of equity-settled share based payment transactions, the difference between fair value on grant date and nominal value of share is accounted as securities premium reserve.

Revaluation Reserve : The company has created revaluation reserve out of revaluation of land carried out as at April 1, 2016.

General Reserve : The general reserve is used from time to time to transfer profits from retained earnings for appropriation purposes. As the general reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the general reserve will not be reclassified subsequently to profit and loss.

Retained Earnings : Retained earnings are the profits that the Company has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders.

III Financial risk management objective

The Company's financial liabilities comprise mainly of borrowings, trade payables and other financial liabilities. The Company's financial assets comprise mainly of investments, cash and cash equivalents, other balances with banks, loans, trade receivables and other financial assets.

The Company's business activities are exposed to a variety of financial risks, namely liquidity risk, market risks and credit risks.

The company's senior management has the overall responsibility for establishing and governing the company's risk management framework. The company has constituted a Risk management committee, which is responsible for developing and monitoring the company's risk management policies. The company's risk management policies are established to identify and analyse the risks faced by the company, to set and monitor appropriate risk limits and controls, periodically review the changes in market conditions and reflect the changes in the policy accordingly. The key risks and mitigating actions are also placed before the Audit Committee of the company.

A. Management of Market Risk

The company's size and operations result in it being exposed to the following market risks that arise from its use of financial instruments:

- Foreign Currency risk
- Equity price risk
- Interest rate risk

The above risks may affect the company's income and expenses, or the value of its financial instruments. The company's exposure to and management of these risks are explained below:

(i) Currency risk management

The Company's activities expose it primarily to the financial risk of changes in foreign currency exchange rates. The Company enters into a variety of derivative financial instruments to manage its exposure to foreign currency risk :

The carrying amounts of the Company's foreign currency dominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

Foreign currency sensitivity analysis

The following table details, Company's sensitivity to a 1% increase and decrease in the rupee against the relevant foreign currencies. 1% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. This is mainly

attributable to the exposure outstanding not hedged on receivables and payables in the Company at the end of the reporting period. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 1% change in foreign currency rate.

A change of 1% in Foreign currency would have following Impact on profit before tax and total equity

(₹ in Lacs)

Particulars	For the year ended March 31, 2019		For the year ended March 31, 2018	
	1% increase	1% decrease	1% increase	1% decrease

AED	-	-	(0.01)	0.01
Increase / decrease in profit & loss	18.15	(18.15)	18.99	(18.99)

(ii) Price Risk (Equity Price Risk)

The Company's exposure to equity securities price risk arises from investments held by the Company and classified in the balance sheet at fair value through profit and loss. To manage its price risk arising from investments in equity securities, the Company diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Company.

Sensitivity Analysis

The table below summarizes the impact of increases / decreases of the BSE index on the Company's equity and Gain / Loss for the period. The analysis is based on the assumption that the index has increased by 5 % or decreased by 5 % with all other variables held constant, and that all the Company's equity instruments moved in line with the index.

A change of 5% in market index would have following Impact on profit before tax

(₹ in Lacs)

Particulars	For the Year Ended March 31, 2019	For the Year Ended March 31, 2018
BSE Index 100 - Increase by 5%	0.07	0.09
BSE Index 100 - Decrease by 5%	(0.07)	(0.09)

The above referred sensitivity pertains to quoted equity investments. Profit for the year would increase/decrease as a result of gains / losses on equity securities as at Fair Value through Profit and Loss (FVTPL).

(iii) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the Company's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

According to the Company interest rate risk exposure is only for floating rate borrowings. For floating rate liabilities, the analysis is prepared assuming that the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 100 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

Exposure to interest rate risk

Interest rate sensitivity

A change of 100 bps in interest rates would have following Impact on profit before tax

(₹ in Lacs)

Particulars	Increase / Decrease in basic points	Effect on PBT
As at March 31, 2019	100 bps	50.14
As at March 31, 2018	100 bps	59.05

B. Management of Credit Risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through out each reporting period. To assess whether there is a significant increase in credit risk, the company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- i) Actual or expected significant adverse changes in business,
- ii) Actual or expected significant changes in the operating results of the counterparty,
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,
- iv) Significant increase in credit risk on other financial instruments of the same counterparty,
- v) Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.

The Company measures the expected credit loss of trade receivables and loan from individual customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, loss on collection of receivable is not material hence no additional provision considered.

The Ageing analysis of Account receivables has been considered from the date the invoice falls due

Concentrations of Credit risk form part of Credit risk

Considering that the Company sells majority of its goods to Vadilal Enterprises Ltd. and Vadilal Industries (USA) Inc., the Company is significantly dependent on such customers. Out of total income, the Company earns 90.00% revenue (previous year 89.77 %) from such customers, and with one of these customers, the Company has long term contracts. As at March 31, 2019, receivables from such customer constitute 84.11% (previous year 88.05%) of total trade receivables. A loss of these customer could adversely affect the operating result or cash flow of the Company.

C. Management of Liquidity Risk

Liquidity risk is the risk that the company will face in meeting its obligation associated with its financial liabilities. The Company's approach in managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when they are due without incurring unacceptable losses. In doing this management considers both normal and stressed conditions.

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Group's short-term, medium-term and long term funding

and liquidity management requirements. The Group manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The following table shows the maturity analysis of the company's financial liabilities based on the contractually agreed undiscounted cash flows along with its carrying value as at the Balance sheet date.

Notes

- 1) Previous Year's transaction of Sales and Outstanding of Trade Receivables are inclusive of taxes.
- 2) * Outstanding balances are shown net of Acceptance.
- 3) Previous Year figures are shown in bracket.
- 4) The Company has entered into a "Trade Mark License Agreement with Vadilal International Private Limited ("VIPL") (which is the Proprietor and the beneficial owner of the Trade Mark "Vadilal") for the usage of the Trade Mark "Vadilal". The Company has also entered into an agreement with Vadilal Enterprises Limited, a related party, for sale of its products on a principal to principal basis. The Company has obtained a legal opinion, as per which, the sales / supplies of goods by the Company to VEL, do not fall with the scope of "Trade Mark License Agreement" between the Company and VIPL and accordingly, the Company is not contractually obliged to pay any royalty on sales made by it to VEL. Accordingly, the Company has made provision for royalty only on sales made to parties other than VEL which is consistent with the practice followed in the earlier years.
- 5) **On September 29 2016, an agreement was signed between the Company and Vadilal Enterprises Limited, a related party, for sale of ice-creams in the domestic market. The agreement was approved by the Board of Directors of the Company in their meeting held on August 8, 2016 and subsequently approved by the shareholders in their meeting held on September 27, 2016. As per the agreement, the pricing of the products sold shall be at the discretion of the Company. Two erstwhile independent directors of the Company, who had approved the contract in the meeting of the Board of Directors as referred above, in their resignation letters and a promoter shareholder have sighted their concerns on the terms and conditions of the contract. The pricing pattern has remained consistent over these past years. The Company's management has obtained an opinion from a retired Supreme Court Judge who has opined that the contract is valid under the Indian Contract Act, 2013 and that it was approved by the then Audit Committee, the then Board of Directors and the then shareholders in accordance with the requirements of the Companies Act, 2013 and the Listing Regulations. Based on this opinion, the Board of Directors have concluded that the transactions pursuant to the contract are in accordance with the applicable laws.

Compensation to Key Managerial Personnel of the Company:

Total	261.06	429.01

Note: * Key Managerial Personnel and Relatives of Promoters who are under the employment of the Company are entitled to post employment benefits and other long term employee benefits recognised as per Ind AS 19 - 'Employee Benefits' in the financial statements. Post-employment gratuity benefits of Key Managerial Personnel has not been included in (f) above.

NOTE - 47 EMPLOYEE BENEFITS

I Post Employment Benefit Plans as per Indian Accounting Standard 19:

Defined Contribution Plan:

The company makes provident fund (PF) contributions to defined contribution benefit plans for eligible employees. Under the scheme the company is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions specified under the law are paid to the government authorities (PF commissioner).

Amount towards Defined Contribution Plan have been recognized under "Contribution to Provident and Other funds" in Note 36 ₹ 127.69 Lacs (Previous Year: ₹ 103.27 Lacs).

Defined Benefit Plan:

The Company has defined benefit plans for gratuity to eligible employees, contributions for which are made to Life Insurance Corporation of India, who invests the funds as per IRDA guidelines. The details of these defined benefit plans recognised in the financial statements are as under:

Gratuity is a defined benefit plan and company is exposed to the Following Risks:

Interest rate risk: A fall in the discount rate which is linked to the G.Sec. Rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.

Salary Risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of members As such, an increase in the salary of the members more than assumed level will increase the plan's liability.

Investment Risk: The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it

will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.

Asset Liability Matching Risk: The plan faces the ALM risk as to the matching cash flow. Since the plan is invested in lines of Rule 101 of Income Tax Rules, 1962, this generally reduces ALM risk.

Mortality risk: Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.

Concentration Risk: Plan is having a concentration risk as all the assets are invested with the insurance company and a default will wipe out all the assets. Although probability of this is very less as insurance companies have to follow regulatory guidelines.

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

(₹ in Lacs)

Particulars	As at March 31, 2019	As at March 31, 2018
Projected Benefit Obligation on Current Assumptions	566.30	483.78
Delta Effect of +1% Change in Rate of Discounting	(36.30)	(32.32)
Delta Effect of -1% Change in Rate of Discounting	41.78	37.31
Delta Effect of +1% Change in Rate of Salary Increase	38.10	34.23
Delta Effect of -1% Change in Rate of Salary Increase	(34.13)	(30.53)
Delta Effect of +1% Change in Rate of Employee Turnover	3.08	2.60
Delta Effect of -1% Change in Rate of Employee Turnover	(3.44)	(2.91)

The sensitivity analysis above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. When calculating the sensitivity analysis, the present value of projected defined benefit obligation has been calculated using Projected Unit Credit Method at the end of the reporting period. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared with the previous period.

g) **The principal assumptions used for the purpose of actuarial valuation were as follows :**

With the objective of presenting the plan assets and plan liabilities of the defined benefits plans at their fair value on the balance sheet date, assumptions under Ind AS 19 are set by reference to market conditions at the valuation date.

The significant actuarial assumptions were as follows:

NOTE - 50

- A) During the financial year 2018-19, two Promoter Directors of the Company have sent out numerous communications to the Board of Directors ("the Board") of the Company making various allegations and counter-allegations on each other primarily relating to the operations and management of the Company on a range of matters including potential personal expenses claimed as official expenses, funds management, dissemination of price sensitive information, demand for re-examination of books of account of past periods, legitimacy of salaries paid to relatives of the promoter directors, payments made to a vendor without services being received and independence of Independent Directors, amongst others. Subsequent to the year-end, on July 22, 2019, the Promoter Directors have jointly communicated to the Board that they withdraw all these allegations / counter-allegations on each other unconditionally and without any reservations except for the ones stated in Note (B) below. The Board of Directors in their meeting on July 22, 2019, evaluated the basis of withdrawal of the joint communications of the promoter directors – PD1 and PD2 and further as the allegations levied were without any corroborative evidence, decided no further action was required on any of the allegation except for the ones stated in Note (B) below.
- B) One of the Promoter Director (PD 1) and the Chief Financial Officer (CFO) of the Company suspects that another Promoter Director (PD 2) (PD 1 and PD 2 collectively referred to as "Promoter Directors" hereinafter) of the Company has claimed potential personal expenses amounting to Rs. 25.33 lakhs as official business expenses during the financial year 2017-18 to 2018-19. The Board of Directors ("the Board") of the Company, in their meeting dated March 30, 2019 have appointed an independent external consultant to perform procedures to ascertain whether potential personal expenses have been claimed as business expenses. In the same meeting, the Board has also appointed an external legal firm to hand hold the Board through the said process including compliance

with applicable laws and regulations. As on the date of approval of these financial statements by the Board, the independent external consultants and the external legal firm are yet to provide their report to the Board to enable them to take further action in this matter. Similarly, PD 2 suspects that PD 1 and his family members have charged personal travel expenses of approximately ₹ 23.00 lacs as business expense during financial years 2014-15 to 2018-19. The Company is of the opinion that the outcome of findings will not have any material impact on the financial statements of the respective financial years.

- C) As the statutory auditors have not accepted Company's representation on the notes no.(A) and (B) above and issued a disclaimer of opinion report, the promoter directors in the board meeting held on August 23, 2019 have voluntarily offered to appoint an independent law firm to conduct an inquiry in all the matters as reported in the statutory audit report with an aim of value preservation and enhancement in the interest of all stakeholders.

NOTE - 51 Previous years' figures have been regrouped and rearranged wherever necessary to comply with requirement of Ind AS.

INDEPENDENT AUDITOR'S REPORT

To The Members of Vadilal Industries Limited

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Disclaimer of Opinion

We were engaged to audit the accompanying consolidated financial statements of Vadilal Industries Limited ("the Parent" or "the Company"), its subsidiaries (the Parent and its subsidiaries together referred to as "the Group") which comprise the Consolidated Balance Sheet as at 31st March 2019, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

We do not express an opinion on the accompanying consolidated financial statements of the Group. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these consolidated financial statements.

Basis for Disclaimer of Opinion

We refer to the following.

1. Note 48(A) to the consolidated financial statements which describes disputes on various financial, operational and governance matters between the promoter directors of the Parent and the numerous allegations made against each other from August 2018 till July 2019 vide their respective communications to the Board of Directors of the Parent. Furthermore, two erstwhile Independent Directors have, in their resignation letters dated June 19, 2019, addressed to the Parent, have raised concerns in respect of the aforesaid disputes between the promoter directors and hostile environment in the meetings of the Board of Directors and its committees. We provided to the Audit Committee and Board of Directors our suggestions to have these allegations investigated by an independent external agency to determine whether any irregularities / non-compliances / illegalities have occurred in relation to the allegations. The promoter directors have communicated to Audit Committee and Board of Directors their withdrawal of all the above allegations on July 22, 2019, except for the matters referred in paragraphs 2 and 3 below.

As per a resolution passed by the Board of Directors on 30th March, 2019, the promoter directors ceased to be Managing Directors of the Parent and it was resolved in the same meeting to appoint Professional Management as Director / Manager / CEO for the Parent and that in the interim period, the Promoter Directors would continue to manage the business affairs of the Parent without remuneration.

2. Note 48(B) to the consolidated financial statements pertaining to the allegation made by Promoter Director 1 and the Chief Financial Officer on August 11, 2018 with respect to potential personal expenses, amounting to ₹ 25.33 lakhs as official business expenses by Promoter Director 2 of the Parent. The Board of Directors of the Parent at their meeting held on March 30, 2019 has initiated an independent investigation by an external consultant along with an external legal firm, the scope of which, inter-alia covers, ascertainment of irregularities, if any, with respect to these potential personal expenses. As per the information and explanations given to us, the external consultant is currently conducting their investigations and they may make a determination on whether the payments were inappropriate / illegal and its consequential impact, if any, including on compliance of relevant laws / regulations.
3. Note 48(B) to the consolidated financial statements which refers to suspicion raised by Promoter Director 2 on July 22, 2019 with respect to personal travel expenses of approximately ₹ 23 lakhs suspected to have been claimed as business expense by Promoter Director 1.
4. Note 41 to the consolidated financial statements which refers to the status of on-going litigations filed against the Parent under Section 241 and 242 of the Companies Act, 2013 ("the Act") pertaining to prevention of oppression and mismanagement of the Company.
5. Due to the possible effects of the matters described in paragraphs 1 to 4 above, we are unable to state whether the remuneration of ₹ 355.96 lakhs paid by the Parent to its promoter directors during the year is in accordance with the provisions of section 197 of the Act and any consequential effect thereof on these consolidated financial statements.

The Audit Committee and the Board of Director in their meeting held on August 23, 2019 have resolved to initiate independent inquiries into the matters referred in paragraph 1 and 3 above.

Pending completion of the aforesaid inquiries / investigations and resolution of the above matters, we are unable to determine if any adjustments are necessary to the aforesaid consolidated financial statements on account of the aforesaid matters, any restatement of prior years' including any consequential effect thereof.

Emphasis of Matter

We draw attention to footnote 5 of Note 44 to the consolidated financial statements which describe the key terms of a contract entered into by the Parent with Vadilal Enterprises Limited, a related party, for sale of its goods.

Management's Responsibility for the Consolidated Financial Statements

The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate or cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our responsibility is to conduct an audit of the Company's financial statements in accordance with the Standards on Auditing and to issue an auditor's report. However, because of the matters described in the Basis of Disclaimer of Opinion section above, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these consolidated financial statements.

We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the financial statements and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Other Matters

- (a) We did not audit the financial statements of two subsidiaries, whose financial statements reflect total assets of ` 3,811.6 lakhs as at 31st March, 2019, total revenues of ` 10,220.5 lakhs and net cash inflows amounting to ` 526.67 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is solely based on the reports of the other auditors.

The financial statements of these subsidiaries have not been prepared in accordance with the accounting principles generally accepted in India as applicable to the Parent. The Parent's management has converted the financial statements of these subsidiaries from those accounting principles to the accounting principles generally accepted in India, as applicable to the Parent.

- (b) We did not audit the financial information of two subsidiaries whose financial statements reflect total assets of ` Nil as at 31st March, 2019, total revenues of ` Nil and net cash inflows/ (outflows) amounting to ` Nil for the year ended on that date, as considered in the consolidated financial statements. These financial statements are unaudited and have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, is based solely on such unaudited financial statements. In our opinion and according to the information and explanations given to us by the Management, these financial statements are not material to the Group.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(1)(e), we report that in respect of the expenses stated in paragraphs 2 and 3 of the Basis of Disclaimer of Opinion section above, we are unable to comment on whether personal expenses have been charged to revenue account.
2. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the separate financial statements/ financial information of the subsidiaries referred to in the Other Matters section above we report, to the extent applicable that:
 - a) As described in the Basis for Disclaimer of Opinion section above, we have sought but were unable to obtain all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) Due to the possible effects of the matters described in the Basis for Disclaimer of Opinion section above, we are unable to state whether proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d) Due to the possible effects of the matters described in the Basis for Disclaimer of Opinion section above, we are unable to state whether the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) The matter described in the Basis for Disclaimer of Opinion section above, in our opinion, may have an adverse effect on the functioning of the Group.
- f) On the basis of the written representations received from the directors of the Parent as on March 31, 2019 taken on record by the Board of Directors of the Parent, none of the directors of the Parent Company, being the only company in the Group to which requirements of Section 164(2) of the act are applicable, is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
- g) The reservation relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Disclaimer of Opinion paragraph above.
- h) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an adverse opinion on the Company's internal financial controls over financial reporting for the reasons stated therein.
- i) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, due to the possible effects of the matters described in the Basis for Disclaimer of Opinion section above, we are unable to state whether the remuneration paid by the Parent to its promoter directors during the year is in accordance with the provisions of section 197 of the Act.
- J) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. Due to the possible effects of the matters described in the Basis for Disclaimer of Opinion section above, we are unable to state whether the Group has disclosed the impact of pending litigations on its financial position in its consolidated financial statements.
 - ii. The Group has made provision, required under the applicable law or accounting standards for material foreseeable losses, if any, on long term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts required to be transferred, to the Investor Education and Protection Fund by the Parent Company, except ₹ 0.15 lakhs which is held in abeyance pending resolution of legal dispute, being the only company in the Group to which such requirements of the Act are applicable.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2(h) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2019, we have audited the internal financial controls over financial reporting of Vadilal Industries Limited (hereinafter referred to as “the Company” / “the Parent”) as of that date

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Parent is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Parent considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Parent’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Parent’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse audit opinion on the internal financial controls system over financial reporting of the Parent.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Basis for Adverse opinion

With respect to the Parent, according to the information and explanations given to us and based on our audit, a material weakness has been identified as at March 31, 2019 relating to inadequate entity level controls with regards to assessment and closure of the various financial, operational and governance related matters emanating out of the numerous allegations made by promoter directors and two erstwhile independent directors against each other and their consequential impact, if any, on the consolidated financial statements of the Group.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

Adverse Opinion

In our opinion, to the best of our information and according to the explanations given to us, because of the possible effects of the material weakness described in Basis for Adverse Opinion paragraph above on the achievement of the objectives of the control criteria, the Parent has not maintained adequate and effective internal financial controls over financial reporting as of March 31, 2019, based on the internal control over financial reporting criteria established by the Parent considering the essential components of internal control stated in Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have considered the material weakness identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the consolidated financial statements of the Parent for the year ended March 31, 2019, and the material weakness has affected our opinion on the said consolidated financial statements of the Parent and we have issued a disclaimer of opinion on the consolidated financial statements of the Parent.

Partnership Firm [having 98% proportion of ownership interest]	
Vadilal Cold Storage	India

The Consolidated Financial Statements for the year ended 31st March, 2019 have been reviewed by the Audit Committee and approved by the Board of Directors at their meetings held on August 23, 2019.

2 SIGNIFICANT ACCOUNTING POLICIES:-

a) Statement of Compliance

These financial statements comprising of Balance Sheet, Statement of Profit and Loss including other comprehensive income, Statement of Changes in Equity and Statement of Cash Flows as at March 31, 2019 have been prepared in accordance with Ind AS as prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

b) Basis of Preparation of Financial Statements

The consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each financial year, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or liability, Group takes into account the characteristics of the asset or liability if market participants would take those characteristic into account when pricing the asset or liability at the measurement date.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- 1) Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or Liabilities.
- 2) Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- 3) Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

c) Functional and Presentation Currency

The consolidated financial statements are presented in Indian Rupees, which is the functional currency of the Parent Company. All the amounts are stated in the nearest rupee lacs.

d) Use of Estimates

The presentation of the financial statements are in conformity with the Ind AS which requires the management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities, revenues and expenses and

disclosure of contingent liabilities. Such estimates and assumptions are based on management's evaluation of relevant facts and circumstances as on the date of financial statements. The actual outcome may differ from these estimates.

Estimates and underlying assumptions are reviewed on an on going basis. Revisions to the accounting estimates are recognized in the financial year in which the estimates are revised and in any future financial years affected.

e) Basis of Consolidation

Group consolidates all entities which it controls. Control is established when Group has power over the entity, is exposed, or has rights to variable returns from its involvement with the entity and has ability to affect the entity's returns by using its power over the entity.

Subsidiaries are consolidated from the date control commences and until the date control ceases.

Profit and loss and each component of other comprehensive income are attributed to the owners of Group and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of Group and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation. The consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances.

f) Inventories

Inventories are valued as under -

Finished Good:-At lower of cost or net realizable value. Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs. Cost is determined on weighted average basis. Due provision for obsolescence is made. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

Raw Materials, Packing Materials & Stores and Spares:-Valued at lower of cost or net realisable value and for this purpose cost is determined on moving weighted average basis. Due provision for obsolescence is made.

g) Cash and Cash Equivalents

Group considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

h) Revenue Recognition

Effective April 1, 2018, the group has adopted Ind AS 115 – 'Revenue from contracts with customers', which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Ind AS 115 replaces Ind AS 18 Revenue and Ind AS 11 Construction Contracts.

Sale of Goods

The Group earns revenue primarily from sale of manufactured ice-creams. It has applied the principles laid down in Ind AS 115 and determined that there is no change required in the existing revenue recognition methodology. In case of sale to domestic customers, most of the sale is made on ex-factory basis and revenue is recognised when the goods are dispatched from the factory gates. In case of export sales, revenue is recognised on shipment date, when performance obligation is met.

Interest Income

Interest income from a financial asset is recognized when it is probable that the economic benefit will flow to Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and the interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

i) Government Grant

Government grants are not recognized until there is reasonable assurance that Group will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognized in profit and loss on a systematic basis over the periods in which Group recognises as expenses the related costs for which the grants are intended to compensate.

Export incentives under various schemes notified by government are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same.

j) Property, Plant and Equipment

Property, plant & equipments are stated at actual cost (including cost of acquisition and installation) less accumulated depreciation and net of impairment, if any.

All items of property, plant and equipments are derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss.

Depreciation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on property, plant and equipment are charged based on straight line method on estimated useful life as prescribed in Schedule II to the Companies Act, 2013 except in respect of the following assets, where useful life is different than those prescribed in Schedule II.

Particulars	Estimated Useful Life
Building	
1) Factory Building	28 Years
2) Others - RCC Structured	58 Years
Plant & Machinery	
1) Continuous Process	18 Years
2) Plastic Crates	5 Years
3) Others	20 Years

The estimated useful lives and residual values of the property, plant and equipment are reviewed at the end of each reporting financial year, with the effect of any changes in estimate accounted for on a prospective basis.

Depreciation on items of property, plant and equipment acquired / disposed off during the year is provided on pro-rata basis with reference to the date of addition / disposal.

k) Intangible Assets

Intangible Assets Acquired Separately

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses. Amortization is recognized on a straight-line basis over their estimated useful lives. The estimated useful life are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Derecognition of Intangible Assets

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognized in the statement of profit and loss when the asset is derecognized.

Useful Lives of Intangible Assets

Intangible assets are amortized over their estimated useful life on a straight line basis over a period of 5 years.

l) Investment Property

Investment property comprise portion of office building that are held for long term yield and / or capital appreciation.

Investment property is initially recognized at cost. Subsequently investment property comprising of building is carried at cost less accumulated depreciation and accumulated impairment losses.

Investment property is depreciated under the straight line method as per the rates and the useful life prescribed as per Schedule II of the Companies Act. Though Group measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on value as per local body on periodic basis.

Investment properties are derecognized when either they have been disposed of or when the investment property is permanently withdrawn from use and no economic benefit is expected from its disposal.

The difference between the net disposal proceeds and the carrying amount of the asset is recognized in the Statement of Profit and Loss.

m) Leasing

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Group as a Lessee

Rental expense from operating lease is generally recognized on a straight line basis over the term of the relevant lease. Where the rentals are structured solely to increase in line with expected general inflation to compensate for the lessors expected inflationary cost increase, such increases are recognized in the year in which such benefits accrue.

n) Foreign Currencies

In preparing the financial statements of Group, the transactions in currencies other than the entity's functional currency (INR) are recognized at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting financial year, monetary items denominated in foreign currencies are retranslated at the rate prevailing at that date and differences are recognised in statement of profit and loss account. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the rates prevailing at the date when fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences arising on monetary items are recognized in the statement of profit and loss in the financial year in which they arise.

o) Employee Benefits

Employee benefits include provident fund, employee state insurance scheme, gratuity fund and compensated absences.

Defined Contribution Plan:

Group's contribution to Provident Fund is considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

Defined Benefit Plans:

For defined benefit plans in the form of gratuity fund, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each balance sheet date. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognized in other comprehensive income in the financial year in which they occur. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to in the statement of profit and loss. Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

Group recognizes the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- 1) Service costs comprising current service costs, gains and losses on curtailments and settlements; and
- 2) Net interest expense or income

The retirement benefit obligation recognized in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognized past service cost, as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited to past service cost, plus the present value of available refunds and reductions in future contributions to the schemes.

Short-term and Long-term Employee Benefits:

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and sick leave in the period the related services rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange of the related service.

Liabilities recognised in respect of long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by Group in respect of services provided by employees up to the reporting date.

p) Borrowing Costs

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily takes a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

All other borrowing costs are recognized in the statement of profit and loss in the financial year in which they are incurred.

q) Earnings Per Share

Basic earnings per share is computed by dividing the profit / (loss) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Group did not have any potential to dilutive securities in any period presented.

r) Taxation

Tax expense represents the sum of the current tax and deferred tax.

Current Tax

The tax currently payable is based on taxable profit for the year. Current tax is measured at the amount expected to be paid to the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the local tax laws. Group's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting financial year.

Deferred Tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting financial year and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which Group expects, at the end of the reporting financial year, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets include Minimum Alternate Tax (MAT) credit paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT credit is recognized as deferred tax asset in the Balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

Current and Deferred Tax for the Year

Current and deferred tax are recognized in the statement of profit and loss, except when they relate to items that are recognized in other comprehensive income, in which case, the current and deferred tax are also recognized in other comprehensive income.

s) Provisions, Contingent Liabilities and Contingent Assets and Commitments

Provisions are recognized when Group has a present obligation (legal or constructive) as a result of a past event, it is probable that Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting financial year, taking into account the risks and uncertainties surrounding the obligations. When a provision is measured using the cash flow estimated to settle the present obligation, its carrying amount is the present obligations of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognized as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no disclosure is made.

Contingent Assets are not recognised but disclosed in the Financial Statements when economic inflow is probable.

t) Financial Instruments

Financial instrument is a contract that give rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Classification:

Group classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit and loss on the basis of its business model for managing the financial assets and the contractual cash flows characteristics of the financial asset.

All financial liabilities are classified as subsequently measured at amortised cost except for financial liabilities at fair value through profit and loss. Such liabilities, including derivatives, are subsequently measured at fair value, with any gains or loss arising on re-measurement recognised in profit and loss.

Initial Recognition and Measurement

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than Financial asset and liabilities at fair value through profit & loss) are added to or deducted from the fair value measured on initial recognition of the financial assets or financial liabilities.

Financial Assets at Amortised Cost

Financial assets are subsequently measured at amortised cost using effective interest rate method, if:

- (a) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- (b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category generally applies to trade and other receivables.

Financial Asset at Fair Value Through profit and loss (FVTPL)

Financial assets are measured at fair value through profit and loss unless it is measured at amortized cost or fair value through other comprehensive income. Financial assets under this category are measured initially as well as at each reporting financial year at fair value with all changes recognised in the statement of profit and loss.

Derecognition of Financial Assets

Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, Group recognises its retained interest in the asset.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognized in other comprehensive income and accumulated in equity is recognized in profit and loss if such gain or loss would have otherwise been recognized in profit and loss on disposal of that financial asset.

Financial Liabilities and Equity Instruments

Classification as debt or equity

Financial instruments are classified as a liability or equity according to the substance of the contractual arrangement and not its legal form.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a Group are recognised at the proceeds received, net of issue costs.

Financial Liabilities

All financial liabilities are subsequently measured at amortised cost. Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on re-measurement recognised in profit and loss.

Derecognition of Financial Liabilities

Group derecognises financial liabilities when, and only when, Group's obligations are discharged, cancelled or have expired. An exchange between a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in profit and loss.

Derivative Contracts

Group enters into derivative financial instruments to hedge foreign currency / price risk on unexecuted firm commitments and highly probable forecast transactions.

Such derivatives financial instruments are initially recognized at fair value on the date on which the derivative contracts are entered into and are subsequently re-measured to their fair value at the end of each reporting financial year. The resulting gain or loss is recognized in the statement of profit and loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in profit and loss depends on the nature of the hedging relationship and the nature of the hedged item.

Financial Guarantee Contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by a Group entity are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- the amount initially recognized less, when appropriate, the cumulative amount of income recognized in accordance with the principles of Ind AS 18

u) Impairment

Financial assets (other than at fair value)

Group assesses at each Balance sheet whether a financial asset or a group of financial assets is impaired.

Non-financial Assets**Property, Plant and Equipment and Intangible Assets**

At the end of each reporting financial year, Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, Group estimates the recoverable amount of the cash generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash generating units, or otherwise they are allocated to the smallest group of cash generating unit for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in the statement profit and loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognized immediately in the statement of profit and loss.

v) Operating Cycle

Group presents assets and liabilities in the balance sheet based on current / non-current classification based on operating cycle.

An asset is treated as current when it is:

1. Expected to be realized or intended to be sold or consumed in normal operating cycle;
2. Held primarily for the purpose of trading;
3. Expected to be realized within twelve months after the reporting financial year, or
4. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting financial year

All other assets are classified as non-current.

A liability is current when:

1. It is expected to be settled in normal operating cycle;
2. It is held primarily for the purpose of trading;
3. It is due to be settled within twelve months after the reporting financial year, or
4. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting financial year

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Group has identified twelve months as its operating cycle.

w) New and amended standards adopted by the Group

The Group has applied the following standards and amendments for the first time for annual reporting period commencing from April 01, 2018

Ind AS 115 Revenue from Contracts with Customers

The core principle of the standard is that an entity should recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Further, the new standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers.

The standard permits two possible methods of transition : Retrospective approach - Under this approach the standard will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8- Accounting Policies, Changes in Accounting Estimates and Errors.

Retrospectively with cumulative effect of initially applying the standard recognized at the date of initial application (Cumulative catch - up approach).

The Group adopted Ind AS 115 using the modified retrospective method of adoption. The adoption of the standard did not have any material impact on the consolidated financial statements of the Group.

Amendment to Ind AS 20, Accounting for Government Grants and Disclosure of Government Assistance

The amendment clarifies that where the government grant related to assets, including non-monetary grant at fair value, shall be presented in balance sheet either by setting up the grant as deferred income or deducting grant in arriving at the carrying amount of the asset. Prior to the amendment, Ind AS 20 did not allow the option to present asset related grant by deducting the grant from the carrying amount of the assets. This amendment do not have any impact on the consolidated financial statements.

Appendix B, Foreign Currency Transactions and Advance Consideration to Ind AS 21, The Effects of Changes in Foreign Exchange Rates

The Appendix B to Ind AS 21 clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency. If there are multiple payments or receipts in advance, then the entity must determine the transaction date for each payment or receipt of advance consideration. Entities may apply the Appendix requirements on a fully retrospective basis. Alternatively, an entity may apply these requirements prospectively to all assets, expenses and income in its scope that are initially recognised on or after:

- The beginning of the reporting period in which the entity first applies the Appendix, or
- The beginning of a prior reporting period presented as comparative information in the financial statements of the reporting period in which The entity first applies The Appendix.

The interpretation does not have any impact on the Group's consolidated financial statements.

Amendment to Ind AS 12, Income Taxes

The amendment clarify that an entity needs to consider whether tax law restricts the sources of taxable profits against which it may make deductions on the reversal of that deductible temporary difference. Furthermore, the amendments provide guidance on how an entity should determine future taxable profits and explain the circumstances in which taxable profit may include the recovery of some assets for more than their carrying amount. Entities are required to apply the amendments retrospectively. However, on initial application of the amendments, the change in the opening equity of the earliest comparative period may be recognised in opening retained earnings (or in another component of equity, as appropriate), without allocating the change between opening retained earnings and other components of equity. Entities applying this relief must disclose that fact. These amendments do not have any impact on the consolidated financial statement of the Group as the Group has no deductible temporary differences or assets that are in the scope of the amendments.

Amendment to Ind AS 40, Investment Property

The amendment clarify when an entity should transfer property, including property under construction or development into, or out of investment property. The amendments state that a change in use occurs when the property meets, or ceases to meet, the definition of investment property and there is evidence of the change in use. A mere change in management's intentions for the use of a property does not provide evidence of a change in use. Entities should apply the amendments prospectively to changes in use that occur on or after the beginning of the annual reporting period in which the entity first applies the amendments. An entity should reassess the classification of property held at that date and, if applicable, reclassify property to reflect the conditions that exist at that date. Retrospective application in accordance with Ind AS 8 is only permitted if it is possible without the use of hindsight. These amendments do not have any impact on the Group's consolidated financial statements.

Amendment to Ind AS 28, Investment in Associates and Joint Ventures

The amendment clarify that a venture capital organisation or a mutual fund, unit trust and similar entities may elect, at initial recognition, to measure investments in an associate or joint venture at fair value through profit or loss separately for each associate or joint venture. Further, Ind AS 28 permits an entity that is not an investment entity to retain the fair value measurement applied by its associates and joint venture (that are investment entities) when applying the equity method. Therefore, this choice is available, at initial recognition, for each investment entity associate or joint venture. These amendments do not have any impact on the Group's consolidated financial statements.

Ind AS 112, Disclosure of Interest in Other Entities

The amendment clarify that the disclosure requirements in Ind AS 112, other than those in paragraphs B10–B16, apply to an entity's interest in a subsidiary, a joint venture or an associate (or a portion of its interest in a joint venture or an associate) that is classified (or included in a disposal Group that is classified) as held for sale. These amendments do not have any impact on the Group's consolidated financial statements.

x) Standards issued but not yet effective

In March 2019, the Ministry of Corporate Affairs (MCA) issued the Companies (Indian Accounting Standards) Amendment Rules, 2019 and the Companies (Indian Accounting Standards) Second Amendment Rules, 2019, notifying new standards and amendments to certain issued standards. These amendments are applicable to the Group from April 1, 2019. The Group will be adopting the below stated new standards and applicable amendments from their respective effective date.

Ind AS 116 Lease Accounting:

Ind AS 116 will replace Ind AS 17, Leases. Under Ind AS 116, a lessee will recognise a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right of use asset) at the commencement date of lease. Lessees will be required to separately recognise interest expense on the lease liability and depreciation expense on the right of use asset. In accordance with the standard, the Company will elect not to apply the requirements of Ind AS 116 to short-term leases less than 12 months and leases for which the underlying asset is of low value. The standard also contains enhanced disclosure requirements for the lessees. Lessor accounting under Ind AS 116 remains substantially unchanged from accounting under Ind AS 17. Ind AS 116 is effective for annual periods beginning on or after April 1, 2019. The Group has evaluated the impact of the adoption of Ind AS 116 and the same is not material.

Appendix C, Uncertainty over Income Tax Treatment to Ind AS 12, Income Taxes:

The Appendix clarifies how to apply the recognition and measurement principles while recognizing current tax, deferred tax, taxable profits (losses), tax bases, unused tax losses, unused tax credits and tax rates when there is uncertainty over tax treatments under Ind AS 12. As per the Appendix, the Group needs to assess whether it is probable that a tax authority will accept an uncertain tax treatment used or a treatment which is being proposed to be used in its income tax filings. The Appendix will be applied retrospectively with the cumulative effect of its initial application on the opening balance sheet as on April 1, 2019. The Group has evaluated the impact of the adoption of Ind AS 116 and the same is not material.

Amendment to Ind AS 12, Income Taxes:

The amendment clarifies that an entity shall recognize income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events. The Group will apply this amendment for annual reporting periods beginning on or after April 1, 2019. The Group has evaluated the impact of the adoption of Ind AS 12 and the same is not material.

Amendment to Ind AS 23, Borrowing Costs:

The amendment clarifies that an entity shall consider specific borrowings as general borrowing while calculating capitalization rate, once substantial activities necessary to prepare a qualifying asset for which specific borrowing was obtained is completed for its intended use or sale. The Group will apply this amendment for annual reporting periods beginning on or after April 1, 2019. The Group has evaluated the impact of the adoption of Ind AS 23 and the same is not material.

y) Critical Accounting Judgements and Key Sources of Estimation Uncertainty

The preparation of the financial statements in conformity with the Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures as at date of the financial statements and the reported amounts of the revenues and expenses for the years presented. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates under different assumptions and conditions. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Key Sources of Estimation Uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the financial year that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within next financial year.

i. Useful Lives of Property, Plant and Equipment

As described in Note 2(j), Group reviews the estimated useful lives and residual values of property, plant and equipment at the end of each financial year. During the current financial year, the management determined that there were no changes to the useful lives and residual values of the property, plant and equipment.

ii. Allowances for Doubtful Debts

As described in Note 11, Group makes allowances for doubtful debts based on an assessment of the recoverability of trade and other receivables. The identification of doubtful debts requires use of judgement and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debts expenses in the financial year in which such estimate has been changed.

iii. Allowances for Inventories

Management reviews the inventory age listing on a periodic basis. This review involves comparison of the carrying value of the aged inventory items with the respective net realizable value. The purpose is to ascertain whether an allowance is required to be made in the financial statements for any obsolete and slow-moving items. Management is satisfied that adequate allowance for obsolete and slow-moving inventories has been made in the financial statements.

iv. Fair Value Measurement of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques, including the discounted cash flow model, which involve various judgements and assumptions. Information about the fair value of various assets and liabilities are disclosed in Note 42.

Notes

- The credit period ranges from 0 days to 180 days.
- Before accepting any new customer, Group assesses the potential customer's credit quality and defines credit limits by customer. Limits attributed to customers are reviewed annually. There are no customers who represent more than 5% of the total balance of trade receivable except, as at March 31, 2019 : ₹ 1,192.53 lacs are due from one customer (as at March 31, 2018 : ₹ 2,442.63 lacs are due from one customer).
- In determining the allowances for doubtful trade receivables, Group has used a practical expedient by computing the expected credit loss allowance for trade receivables based on company policy and ageing of the receivables that are due.

- b) The Board of Directors, in its meeting held on May 29, 2019, have proposed a final dividend of ₹ 1.25 per share for the financial year ended March 31, 2019. The proposal is subject to the approval of shareholders at the Annual General Meeting to be held in the month of September, 2019 and if approved would result in a cash outflow of approximately ₹ 108.32 lacs including dividend distribution tax.

c) Nature and Purpose of Reserve

Capital Reserve : Group has created capital reserve out of investment utilization reserve written back and forfeited shares.

Securities Premium Reserve : The amount received in excess of face value of the equity shares is recognised in Securities Premium Reserve. This reserve is available for utilization in accordance with the provisions of the Companies Act, 2013. In case of equity-settled share based payment transactions, the difference between fair value on grant date and nominal value of share is accounted as securities premium reserve.

Revaluation Reserve : Group has created revaluation reserve out of revaluation of land carried out as at April 1, 2016.

General Reserve : General reserve is used from time to time to transfer profits from retained earnings for appropriation purposes. As the general reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the general reserve will not be reclassified subsequently to profit and loss.

Retained Earnings : Retained earnings are the profits that Group has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders.

NOTE - 42 FINANCIAL INSTRUMENTS
I Capital Management

Group manages its capital so as to safeguard its ability to continue as a going concern and to optimise returns to stakeholders. The Capital structure of Group is based on management's judgment of its strategic and day-to-day needs with a focus on total equity to maintain investor, creditors and market confidence and to sustain future development and growth of its business.

The management and the Board of Directors monitors the return on capital as well as the level of dividends to shareholders. Group may take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

The capital structure of Group consists of net debt (borrowings as detailed in notes 20 and 25 off set by cash and bank balances) and total equity of Group.

Group's risk management committee reviews the risk capital structure of Group on semi annual basis. As part of this review Group considers the cost of capital and the risk associated with each class of capital.

III Financial risk management objective

Group's financial liabilities comprise mainly of borrowings, trade payables and other financial liabilities. Group's financial assets comprise mainly of investments, cash and cash equivalents, other balances with banks, loans, trade receivables and other financial assets.

Group's business activities are exposed to a variety of financial risks, namely liquidity risk, market risks and credit risks.

Group's senior management has the overall responsibility for establishing and governing Group's risk management framework. Group has constituted a Risk management committee, which is responsible for developing and monitoring Group's risk

management policies. Group's risk management policies are established to identify and analyse the risks faced by Group, to set and monitor appropriate risk limits and controls, periodically review the changes in market conditions and reflect the changes in the policy accordingly. The key risks and mitigating actions are also placed before the Audit Committee of Group.

A. Management of Market Risk

Group's size and operations result in it being exposed to the following market risks that arise from its use of financial instruments:

- Foreign Currency risk
- Equity price risk
- Interest rate risk

The above risks may affect Group's income and expenses, or the value of its financial instruments. Group's exposure to and management of these risks are explained below:

(i) Currency risk management

Group's activities expose it primarily to the financial risk of changes in foreign currency exchange rates. Group enters into a variety of derivative financial instruments to manage its exposure to foreign currency risk :

The carrying amounts of Group's foreign currency dominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

Foreign currency sensitivity analysis

The following table details, Company's sensitivity to a 1% increase and decrease in the rupee against the relevant foreign currencies. 1% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. This is mainly attributable to the exposure outstanding not hedged on receivables and payables in Group at the end of the reporting period. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 1% change in foreign currency rate.

A change of 1% in Foreign currency would have following Impact on profit before tax and total equity

(₹ in Lacs)

Particulars	For the year ended March 31, 2019		For the year ended March 31, 2018

AED	-	-	(0.01)	0.01
Increase / decrease in profit & loss	1.99	(1.99)	3.58	(3.58)

(ii) Price Risk (Equity Price Risk)

Group's exposure to equity securities price risk arises from investments held by Group and classified in the balance sheet at fair value through profit and loss. To manage its price risk arising from investments in equity securities, Group diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by Group.

Sensitivity Analysis

The table below summarizes the impact of increases / decreases of the BSE index on Group's equity and Gain/Loss for the period. The analysis is based on the assumption that the index has increased by 5% or decreased by 5% with all other variables held constant, and that all Group's equity instruments moved in line with the index.

A change of 5% in market index would have following Impact on profit before tax

(₹ in Lacs)

Particulars	For the Year Ended March 31, 2019	For the Year Ended March 31, 2018
BSE Index 100 - Increase by 5%	0.07	0.09
BSE Index 100 - Decrease by 5%	(0.07)	(0.09)

The above referred sensitivity pertains to quoted equity investments. Profit for the year would increase / decrease as a result of gains / losses on equity securities as at Fair Value through profit and loss (FVTPL).

(iii) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize Group's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

According to Group interest rate risk exposure is only for floating rate borrowings. For floating rate liabilities, the analysis is prepared assuming that the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 100 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

Exposure to interest rate risk

Interest rate sensitivity

A change of 100 bps in interest rates would have following Impact on profit before tax (₹ in Lacs)

Particulars	Increase / Decrease in basic points	Effect on PBT
As at March 31, 2019	100 bps	50.14
As at March 31, 2018	100 bps	59.05

B. Management of Credit Risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, Group periodically assesses financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through out each reporting period. To assess whether there is a significant increase in credit risk, Group compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- Actual or expected significant adverse changes in business,
- Actual or expected significant changes in the operating results of the counterparty,
- Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,
- Significant increase in credit risk on other financial instruments of the same counterparty,
- Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.

Group measures the expected credit loss of trade receivables and loan from individual customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, loss on collection of receivable is not material hence no additional provision considered.

The Ageing analysis of Account receivables has been considered from the date the invoice falls due

Concentrations of Credit risk form part of Credit risk

Considering that the Group sells majority of its goods to Vadilal Enterprises Ltd., the Group is significantly dependent this customer. Out of total income, the Group earns 73.19 % revenue (previous year 80.25 %) from this customer, and with this customer, the Group has long term contracts. As at March 31, 2019, receivables from this customer constitute 38.43 % (previous year 58.17 %) of total trade receivables. A loss of this customer could adversely affect the operating result or cash flow of the Group.

C. Management of Liquidity Risk

Liquidity risk is the risk that Group will face in meeting its obligation associated with its financial liabilities. Group's approach in managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when they are due without incurring unacceptable losses. In doing this management considers both normal and stressed conditions.

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Group's short-term, medium-term and long term funding and liquidity management requirements. The Group manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The following table shows the maturity analysis of Group's financial liabilities based on the contractually agreed undiscounted cash flows along with its carrying value as at the Balance sheet date.

Notes

- 1) Previous Year's transaction of Sales and Outstanding of Trade Receivables are inclusive of taxes.
- 2) * Outstanding balances are shown net of Acceptance.
- 3) Previous Year figures are shown in bracket.
- 4) The holding company has entered into a "Trade Mark License Agreement with Vadilal International Private Limited ("VIPL") (which is the Proprietor and the beneficial owner of the Trade Mark "Vadilal") for the usage of the Trade Mark "Vadilal". The holding company has also entered into an agreement with Vadilal Enterprises Limited, a related party, for sale of its products on a principal to principal basis. The holding company has obtained a legal opinion, as per which, the sales / supplies of goods by the holding company to VEL, do not fall with the scope of "Trade Mark License Agreement" between the holding company and VIPL and accordingly, the holding company is not contractually obliged to pay any royalty on sales made by it to VEL. Accordingly, the holding company has made provision for royalty only on sales made to parties other than VEL which is consistent with the practice followed in the earlier years.

- 5) **On September 29 2016, an agreement was signed between the holding Company and Vadilal Enterprises Limited, a related party, for sale of ice-creams in the domestic market. The agreement was approved by the Board of Directors of the holding Company in their meeting held on August 8, 2016 and subsequently approved by the shareholders in their meeting held on September 27, 2016. As per the agreement, the pricing of the products sold shall be at the discretion of the holding Company. Two erstwhile independent directors of the holding Company, who had approved the contract in the meeting of the Board of Directors as referred above, in their resignation letters and a promoter shareholder have sighted their concerns on the terms and conditions of the contract. The pricing pattern has remained consistent over these past years. The holding Company's management has obtained an opinion from a retired Supreme Court Judge who has opined that the contract is valid under the Indian Contract Act, 2013 and that it was approved by the then Audit Committee, the then Board of Directors and the then shareholders in accordance with the requirements of the Companies Act, 2013 and the Listing Regulations. Based on this opinion, the Board of Directors have concluded that the transactions pursuant to the contract are in accordance with the applicable laws.

NOTE - 45 EMPLOYEE BENEFITS

I Post Employment Benefit Plans as per Indian Accounting Standard 19:

Defined Contribution Plan:

Group makes provident fund (PF) contributions to defined contribution benefit plans for eligible employees. Under the scheme Group is required to contribute a specified percentage of the payroll costs to fund the benefits. The contributions specified under the law are paid to the government authorities (PF commissioner).

Amount towards Defined Contribution Plan have been recognized under "Contribution to Provident and Other funds" in Note 36 ₹ 127.69 Lacs (Previous Year: ₹ 103.27 Lacs).

Defined Benefit Plan:

Group has defined benefit plans for gratuity to eligible employees, contributions for which are made to Life Insurance Corporation of India, who invests the funds as per IRDA guidelines. The details of these defined benefit plans recognised in the financial statements are as under:

Gratuity is a defined benefit plan and company is exposed to the Following Risks:

Interest rate risk: A fall in the discount rate which is linked to the G.Sec. Rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.

Salary Risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.

Investment Risk: The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.

Asset Liability Matching Risk: The plan faces the ALM risk as to the matching cash flow. Since the plan is invested in lines of Rule 101 of Income Tax Rules, 1962, this generally reduces ALM risk.

Mortality risk: Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.

Concentration Risk: Plan is having a concentration risk as all the assets are invested with the insurance company and a default will wipe out all the assets. Although probability of this is very less as insurance companies have to follow regulatory guidelines.

f) **Sensitivity Analysis**

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

(₹ in Lacs)

Particulars	As at March 31, 2019	As at March 31, 2018
Projected Benefit Obligation on Current Assumptions	566.30	483.78
Delta Effect of +1% Change in Rate of Discounting	(36.30)	(32.32)
Delta Effect of -1% Change in Rate of Discounting	41.78	37.31
Delta Effect of +1% Change in Rate of Salary Increase	38.10	34.23
Delta Effect of -1% Change in Rate of Salary Increase	(34.13)	(30.53)
Delta Effect of +1% Change in Rate of Employee Turnover	3.08	2.60
Delta Effect of -1% Change in Rate of Employee Turnover	(3.44)	(2.91)

The sensitivity analysis above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. When calculating the sensitivity analysis, the present value of projected defined benefit obligation has been calculated using Projected Unit Credit Method at the end of the reporting period. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared with the previous period.

g) **The principal assumptions used for the purpose of actuarial valuation were as follows :**

With the objective of presenting the plan assets and plan liabilities of the defined benefits plans at their fair value on the balance sheet date, assumptions under Ind AS 19 are set by reference to market conditions at the valuation date.

The significant actuarial assumptions were as follows:

Gratuity	As at March 31, 2019	As at March 31, 2018

NOTE - 48

- A) During the financial year 2018-19, two Promoter Directors of the holding Company have sent out numerous communications to the Board of Directors ("the Board") of the holding Company making various allegations and counter-allegations on each other primarily relating to the operations and management of the holding Company on a range of matters including potential personal expenses claimed as official expenses, funds management, dissemination of price sensitive information, demand for re-examination of books of account of past periods, legitimacy of salaries paid to relatives of the promoter directors, payments made to a vendor without services being received and independence of Independent Directors, amongst others. Subsequent to the year-end, on July 22, 2019, the Promoter Directors have jointly communicated to the Board that they withdraw all these allegations / counter-allegations on each other unconditionally and without any reservations except for the ones stated in (B) below. The Board of Directors in their meeting on July 22, 2019, evaluated the basis of withdrawal of the joint communications of the promoter directors – PD1 and PD2 and further as the allegations levied were without any corroborative evidence, decided no further action was required on any of the allegation except for the ones stated in (B) below.
- B) One of the Promoter Director (PD 1) and the Chief Financial Officer (CFO) of the holding Company suspects that another Promoter Director (PD 2) (PD 1 and PD 2 collectively refer red to as "Promoter Directors" hereinafter) of the holding Company has claimed potential personal expenses amounting to ` 25.33 lakhs as official business expenses during the financial year 2017-18 to 2018-19. The Board of Directors ("the Board") of the holding Company, in their meeting dated March 30, 2019 have appointed an independent external consultant to perform procedures to ascertain whether potential personal expenses have been claimed as

business expenses. In the same meeting, the Board has also appointed an external legal firm to hand hold the Board through the said process including compliance with applicable laws and regulations. As on the date of approval of these financial statements by the Board, the independent external consultants and the external legal firm are yet to provide their report to the Board to enable them to take further action in this matter. Similarly, PD 2 suspects that PD 1 and his family members have charged personal travel expenses of approximately ₹ 23.00 lacs as business expense during financial years 2014-15 to 2018-19. The holding Company is of the opinion that the outcome of findings will not have any material impact on the financial statements of the respective financial years.

- C) As the statutory auditors have not accepted holding Company's representation on (A) and (B) above and issued a disclaimer of opinion report, the promoter directors in the board meeting held on August 23, 2019 have voluntarily offered to appoint an independent law firm to conduct an inquiry in all the matters as reported in the statutory audit report with an aim of value preservation and enhancement in the interest of all stakeholders.

NOTE - 49 Previous years' figures have been regrouped and rearranged wherever necessary to comply with requirement of Ind AS.
