

ANNUAL
REPORT
2018-2019

THE YEAR OF MORE

More students.
More lessons.
More training.
More volunteers.
More donors.
More programs.
More fun!

Message from
Larry Geller
Chair of the Board

“A Year of More”

As we close out our second year of “being”, I reflect on where we are now compared to where we were a short year ago and on just how far we have come.

2018-2019 has been “A Year of More”. In the past year, we have served more students and families, and have increased the diversity of students we have reached. We have more activities to offer and more seasons in which we offer them. We have deepened our relationships with our loyal donors and have connected with more new donors, strengthening the already incredible support you all provide.

All of this “More” allows us to deliver more and more effectively on our values and mission: to enable individuals with disabilities to develop skills, feel pride and confidence, and to allow each individual to demonstrate their strengths and capabilities to those around them, but most importantly to themselves.

I’d also like to specifically call out our community of volunteers, who give more, more and even more. Without you we could not do what we do.

With deepest gratitude for all you do to allow this work to move forward.

***We’re pleased
to announce that
Pam Greene
has joined us as
Executive Director!***

She brings 35 years of ski school experience, including 13 years as a senior manager at Adaptive Sports Foundation, Windham Mountain.

Pam brings broad, deep experience and high level credentials to the position. She has advanced training and certifications in skiing, adaptive sports, yoga, mountain biking, and kayaking.

We welcome Pam to our community.
