# **Further Information**

Anxiety UK is a Manchester based charity with a national reach. It was established in 1970 by a person with agoraphobia to help people affected by anxiety disorders.

Anxiety UK works to relieve and support those affected by anxiety disorders by providing information and support via an extensive range of services. We partner with external agencies, healthcare professionals and policy makers to improve service fro those living with anxiety disorders. We also campaign to raise awareness of such conditions.

At Anxiety UK we offer a range of services which enables us to support people with stress or mild anxiety through to offering help and assistance to those with more severe, longstanding issues.

# **National Helpline: 08444 775 774**

Our flagship service is our national helpline, staffed by a team of volunteers with personal experience of anxiety. For many people, just speaking to someone who has had similar difficulties and therefore understands can take some of the burden of anxiety away. Our helpline runs from Monday – Friday 9.30am-5.30pm.

## Self help solutions

We offer access to self help resources to help give you control over your recovery and to equip you with skills to manage anxiety and stress. <a href="https://www.anxietyuk.org.uk/resources">www.anxietyuk.org.uk/resources</a>
