MODERN FORMS SMART FANS

App Instructions

Quick Start Guide

amazon alexa

works with nest

ecobee

works with the Google Assistant

OVERVIEW

The Modern Forms App enables control of WiFi equipped Modern Forms Smart Fans.

Log in with your existing Facebook Account, Google Account or create a new Modern Forms App Account .
New Modern Forms App Accounts require every user to use a password with a minimum of 6 valid characters.

The app remembers if the user has previously logged in.

The user can reset their own password via the app and will receive a reset link via email.

MULTIPLE FAN MODE

Maximum of 12 fans can operate on a circuit through an on/off switch or breaker when utilizing the app for the fan control (without the wall control in the circuit).

SYSTEM REQUIREMENTS

iOS 9.0 minimum
Android Play : Android 6.0

2. QUICK START GUIDE

In addition to the included wall control, you can control the fan through the Modern Forms app.

1. To use the app, download free from the App Store or Google Play.

2. Open the app to create an account. You can also log in using your Facebook or Google account.

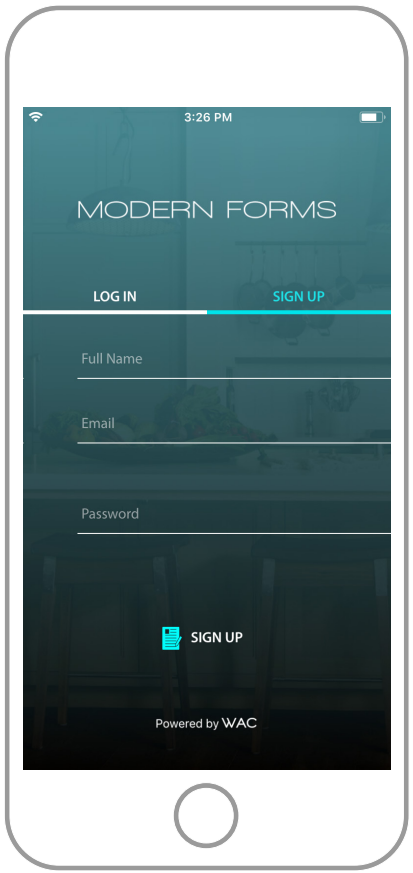
3. Next, set up a WiFi connection. You will need the SSID and WiFi password for the network you want to connect to.

4. You will receive a prompt to assign a name to your fan device to upload an optional photo.

5. The app will walk you through the main screen and how to create schedules, change fan speeds, dim the light, switch between Summer/Winter mode, invite users, create groups and much more. Refer to app instructions for more details.

NOTE: Maximum of 12 fans can operate on a circuit through an on/off switch or breaker when utilizing the app for the fan control (without the wall control in the circuit).

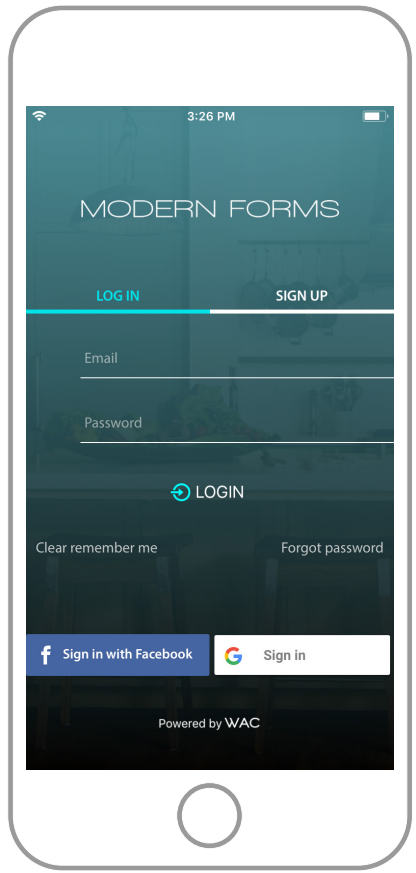
3. LOG IN BY CREATING A NEW MODERN FORMS SMART FAN ACCOUNT



1. CREATE AN ACCOUNT

Click on the "Sign Up" option on the top right of the Log in page.

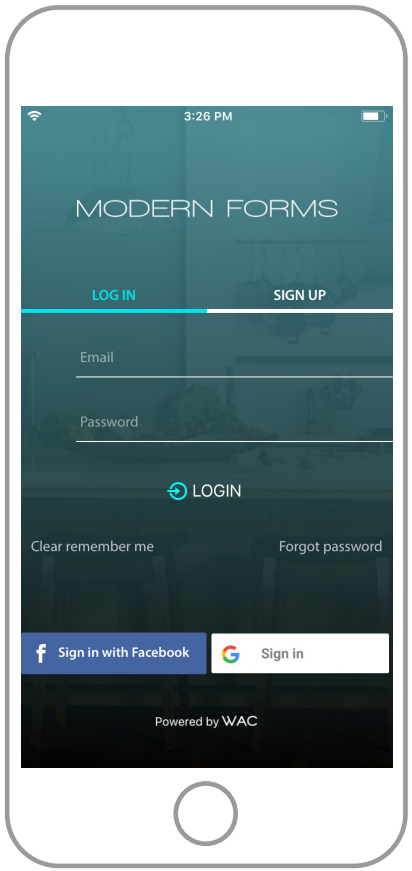
Enter a full name, valid email address and minimum six (6) character password to create an account and log in, after which you can securely control any WiFi equipped Modern Forms Smart Fan(s).



2. LOG IN WITH AN ACCOUNT

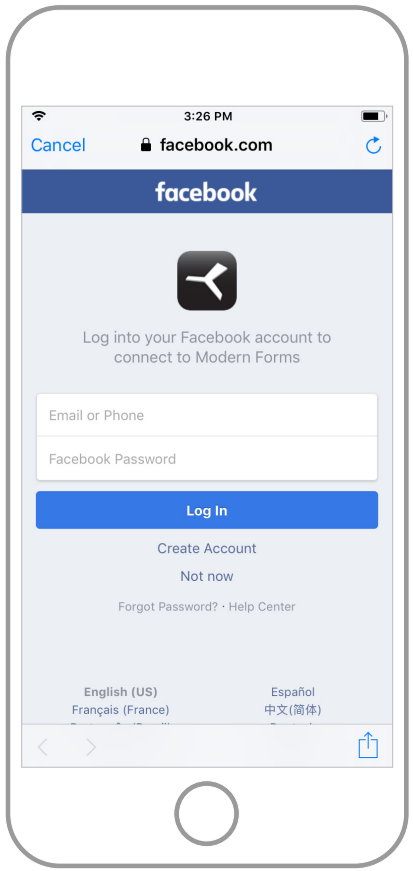
If you have already created an account, you can log in with your email address and your password. Press "LOG IN" to complete sign in process.

3. LOG IN WITH FACEBOOK OR GOOGLE ACCOUNT



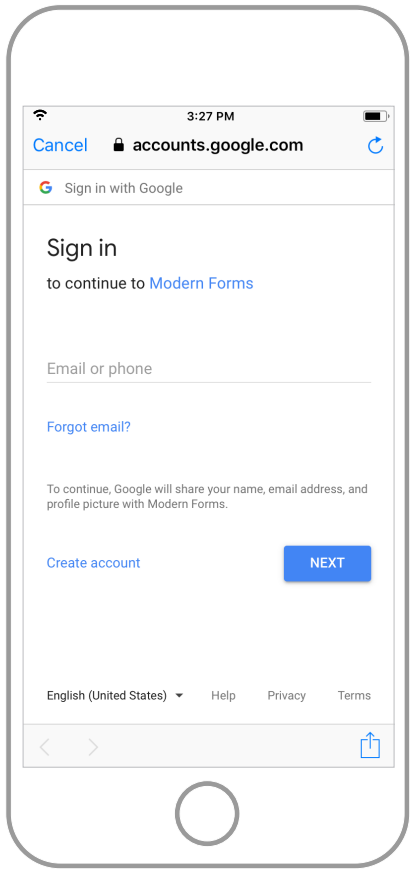
1.CREATE AN ACCOUNT

Select "Sign in with Facebook" or "Google Sign In." Pop-up screen will appear requesting confirmation to sign in. Select "Continue."



2. LOG IN WITH A FACEBOOK ACCOUNT

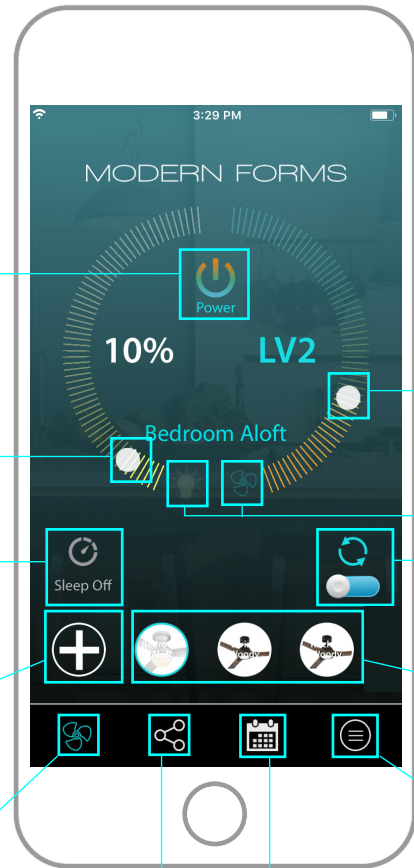
Enter Facebook username and password, then select "Log in."



3. LOG IN WITH A GOOGLE ACCOUNT

Enter Google username and password, then select "Log in".

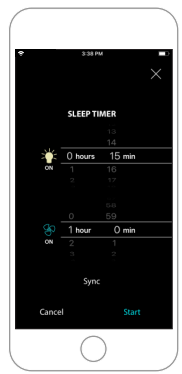
4. MAIN SCREEN



MAIN POWER
Simultaneously power on/off the fan and light, if applicable.

BRIGHTNESS CONTROL
Use slider to control brightness.

SLEEP TIMER
Set Light Kit and Fan timers individually.



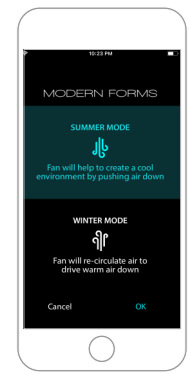
ADD A FAN
Pair new fan to Modern Forms account.

FAN HOME SCREEN
Primary fan control screen as shown.

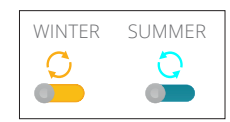
SPEED CONTROL
Use slider to control fan speed (6 speeds available).

FAN POWER
Touch icon to turn fan on/off.

LIGHT POWER
Touch icon to turn light on/off.



WINTER/SUMMER MODE
Switch between winter/summer mode settings for improved heating and cooling effectiveness.



PAIRED FANS
All paired fans available for control with identifying names and images.

OPTIONS
Additional settings and features including integration with other smart devices.

GROUPS
Create or maintain groups to control fans simultaneously.

SCHEDULER
Create or modify scheduled activity for individual fan or fan groups.

5. DEVICE PAIRING

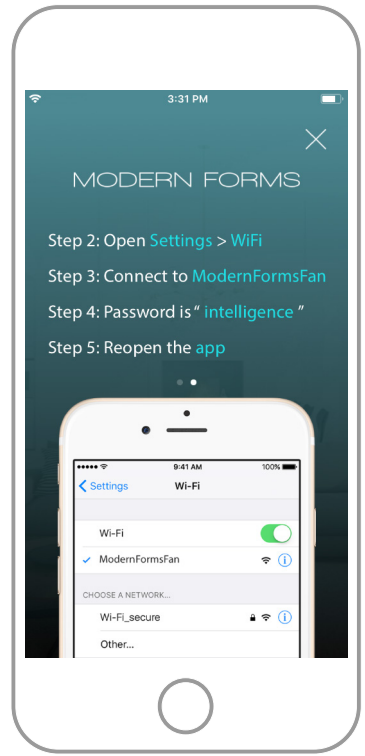
1. ADD FAN

Select the ⊕ icon.

2. ADD A DEVICE

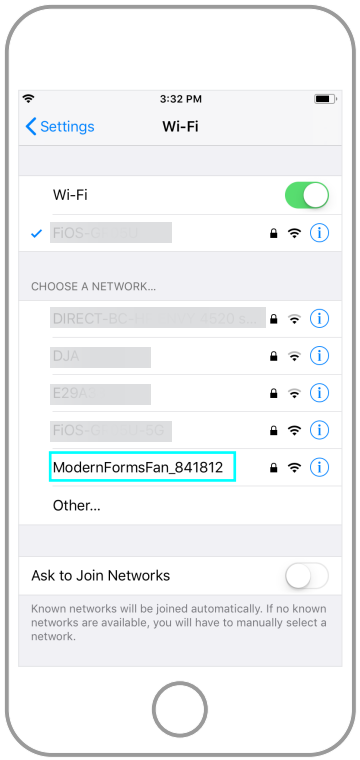
To pair fan via local WiFi network

NOTE: Enter Invitation code: Invitation code is required for sharing control of fans.



Swipe left and follow on screen instructions and proceed to mobile device Settings > WiFi

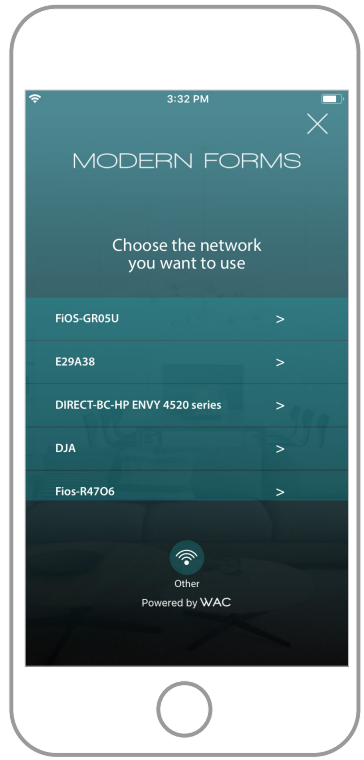
5. DEVICE PAIRING (cont.)



3. CONNECT TO WI-FI

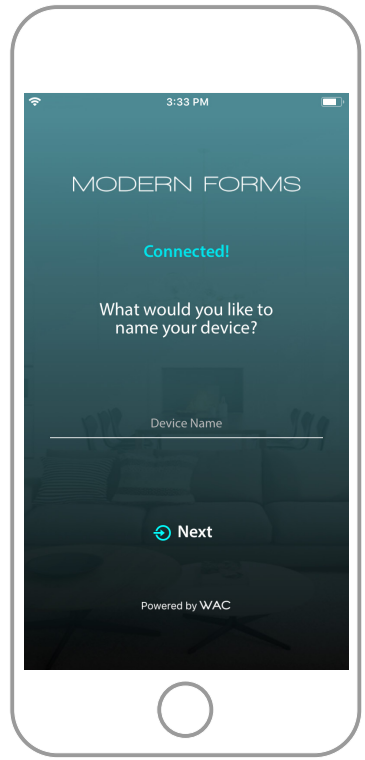
Connect to the Modern Forms Fan WiFi. Select the receiver name <Modern Forms Fan + Last 6 digits of the MAC ID found on the receiver labeling>

Ex: ModernFormsFan_841812



4. SYNC

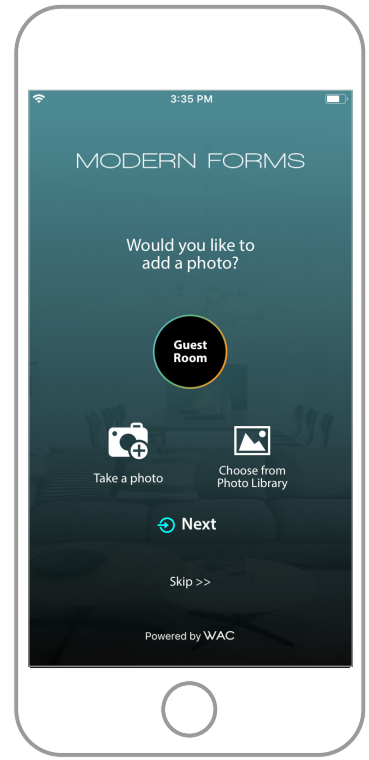
Return to Modern Forms App and connect your local WiFi network to begin connection to the cloud.



5. NAME YOUR FAN

Give device a distinguishable name and select "Next" to continue cloud connection.

Ex: <Outdoor Patio>

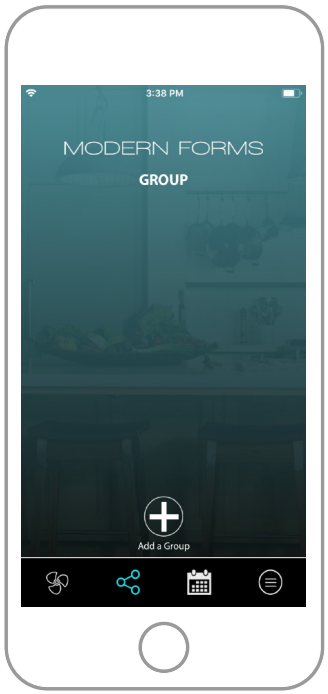


6. UPLOAD IMAGE (OPTIONAL)

Take a picture of the Modern Forms fan as installed in the room or choose an image from the mobile device photo library and select "Next" or press "Skip" to complete the pairing process.

6. GROUPING MULTIPLE SMART FANS

Control multiple fans simultaneously.



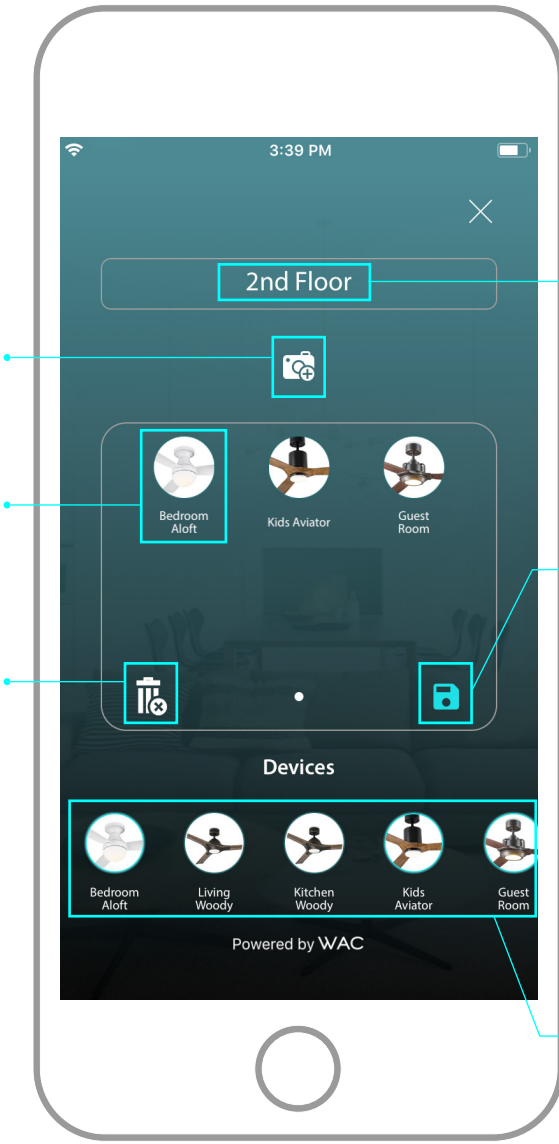
1. CREATE A GROUP

Navigate to the "Group" Screen by selecting and then Select to 'Add a Group.'

TAKE PHOTO ICON
Will allow to add an identifying image for the fan group (optional).

DEVICES IN GROUP
View devices in current group.

DELETE GROUP
May be deleted by selecting the group and then selecting the "Trash" icon.



NAME
Enter desired group name [Example: 2nd Floor]

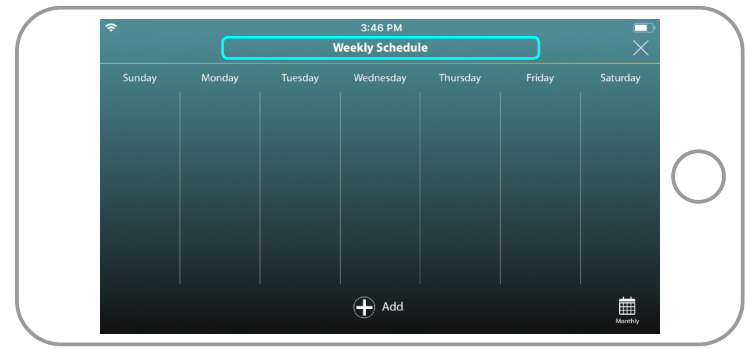
SAVE
Once all fans have been selected, confirm by selecting the "Save" icon.

DEVICES
Select all fans to be included within the group from the "Devices" section. Selecting a fan from the "Devices" section again will remove the fan from the Group.

7. SCHEDULING FAN AND LIGHT ACTIVITY

1. CREATE A SCHEDULE

Select the icon from the home screen to enter the "Scheduler." Weekly Schedules are displayed from Sunday through Saturday.



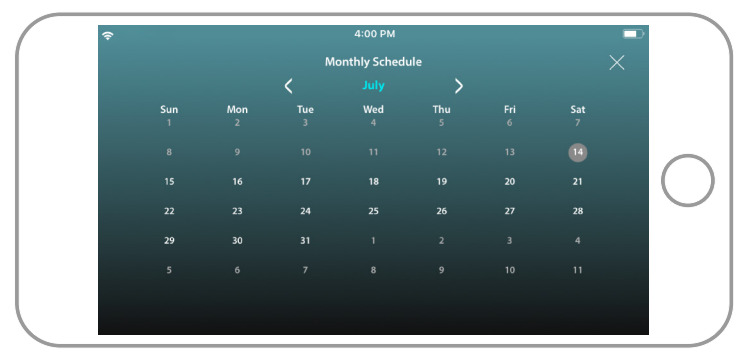
Select icon to start the scheduling process.

To set a Calendar based activity schedule, select the Monthly icon.

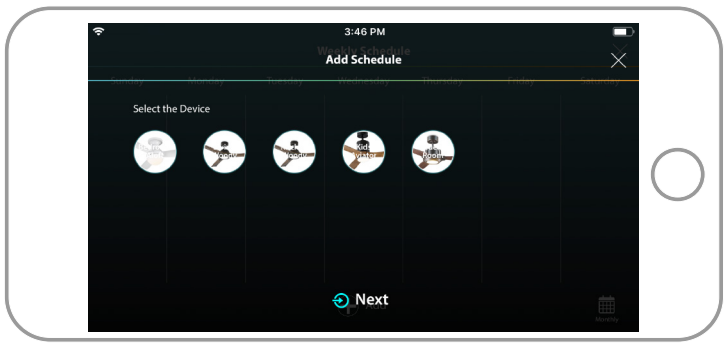
MONTHLY

On the Calendar, navigate to the desired day of the month.

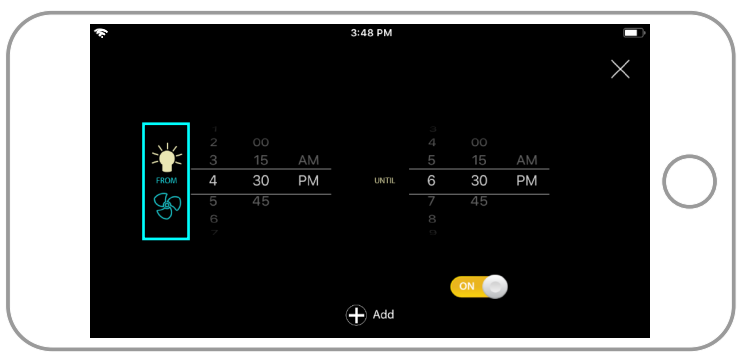
Switch between months by using the directional icons.



7. SCHEDULING FAN AND LIGHT ACTIVITY (cont.)



NOTE: Fans must be scheduled individually.
Select a fan icon and then press "Next."

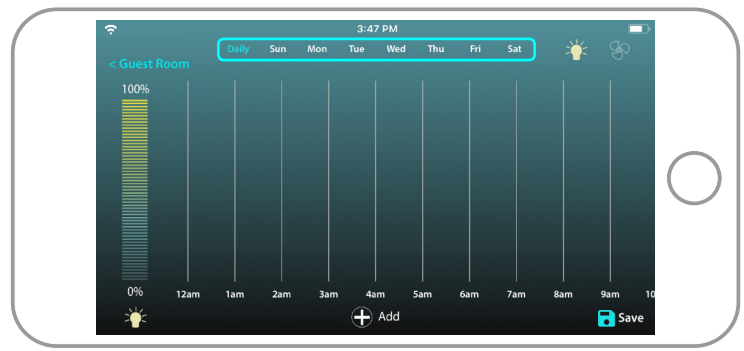


Select Light icon if applicable, or Fan Icon to schedule Light/Fan activity Set [From] time by Hour, Minutes, and AM/PM.

Set [Until] time by Hour, Minutes, and AM/PM.

This function is optional and may be toggled On or Off.

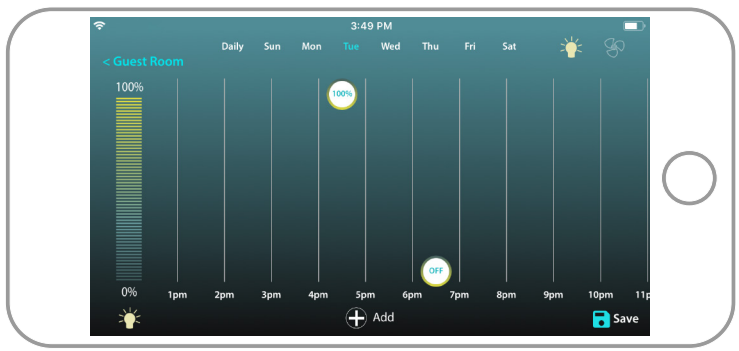
When [From] and [until] times are set, select to continue. ⊕



Select occurrence "daily" or “desired day of week” to turn fan and light on/off to set schedule.

Select ⊕ to set scheduling time.

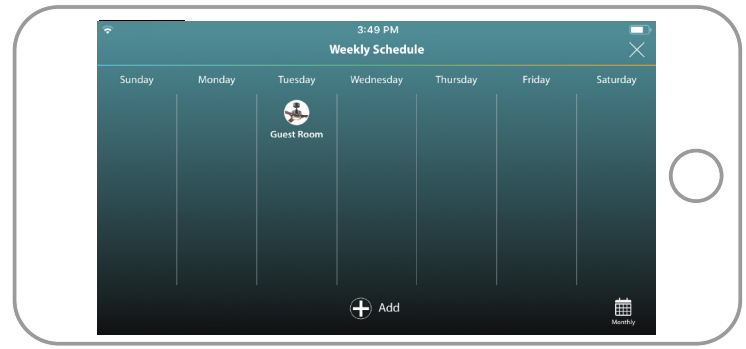
7. SCHEDULING FAN AND LIGHT ACTIVITY (cont.)



New Schedule [From] and [until] times will appear in scheduling screen.

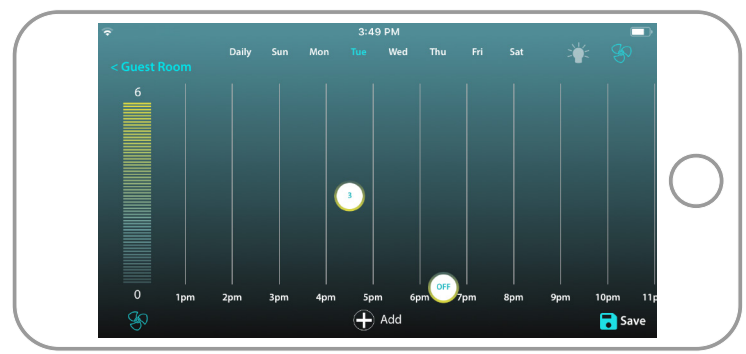
Light brightness may be set by sliding the Scheduled ON icon. 100%

Toggle between Light brightness and Fan speed by selecting the corresponding icon.



Scheduled fan activity will appear in Weekly Schedule Screen.

Selecting the ✕ will close the scheduler.

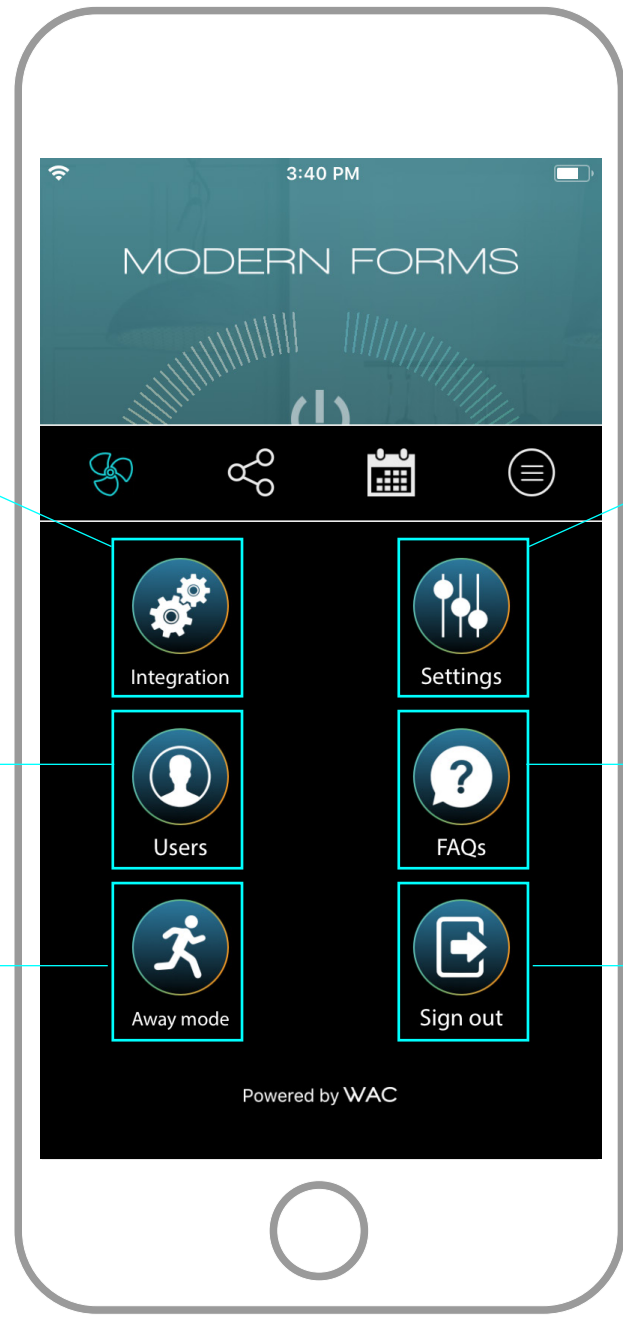


Fan speed may be set by sliding the Scheduled ON icon 3

Select 💾 when brightness and fan speeds are set to the desired levels to save the scheduled event.

8. OPTIONS

Select options icon to view



INTEGRATION
Optimize efficiencies by integrating with other smart devices such as NEST® and ECOBEE® Smart Thermostat

USERS
Allows sharing of selected fans with other user accounts.

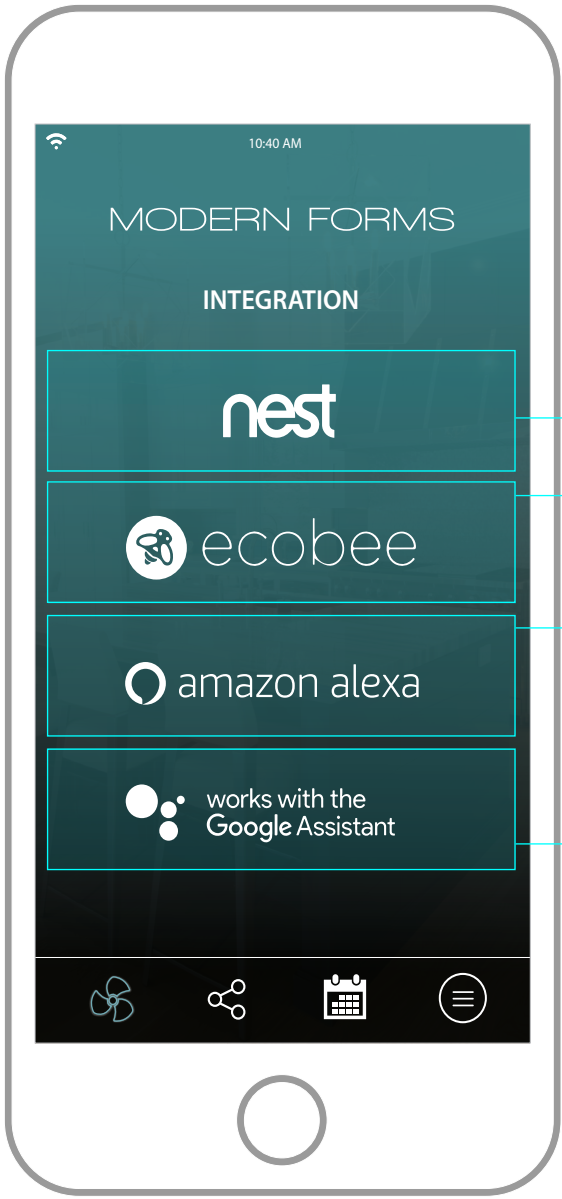
When you turn on this function, the App will turn on/off your devices to simulate someone being home.

SETTINGS
Device, Application, and Account settings.

FAQs
Frequently asked questions.

SIGN OUT
Sign out of current Modern Forms account and login as a different user.

9. INTEGRATION TO SMART HOME DEVICES



NEST®

Your smart fan will automatically switch to Summer Mode or Winter Mode when your HVAC changes from cooling to heating. If your Nest smoke detector is alerted, your fans will shut off automatically to help prevent a fire from spreading.

ECOBEE®

Use Assist Mode to conserve energy even more. How does it work? Your fan will automatically turn on and/or off based on your HVAC status—that will make you less dependent on heat or air conditioning Certain smart thermostats even have built-in Amazon Alexa Voice Service.

AMAZON ALEXA®

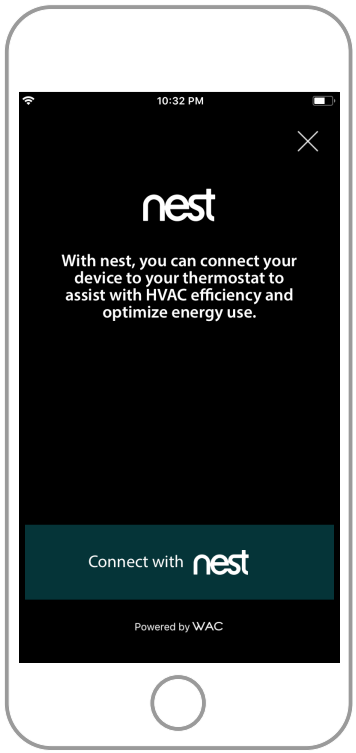
Ask Amazon Echo, Echo Dot or any Alexa-enabled device to turn on and off your fan and luminaire, change speeds, and dim the lights. With our customized skills we can roll out new functionality so your fan experience is always cutting edge.

GOOGLE ASSISTANT®

Heat Wave: “Hey Google, ask Modern Forms to turn my bedroom fan on high.”
Dinner Party: “OK Google, ask Modern Forms to dim the lights.”
Snow Squall: “Hey Google, ask Modern Forms to go to heat mode.”
Talk to any Google Assistant enabled device to control your fan and make life easier every day.

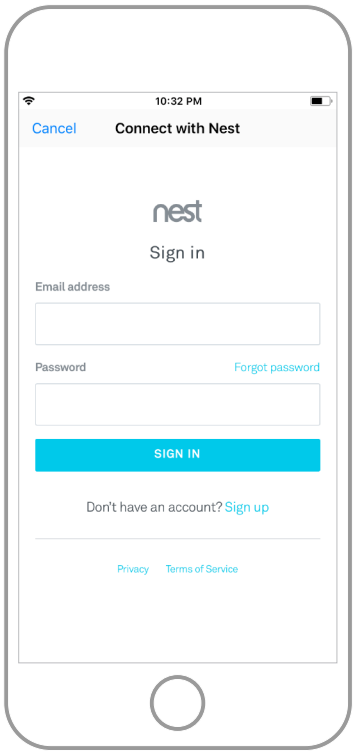
9.1 NEST® INTEGRATION

Your smart fan will automatically switch to Summer Mode or Winter Mode when your HVAC changes from cooling to heating.

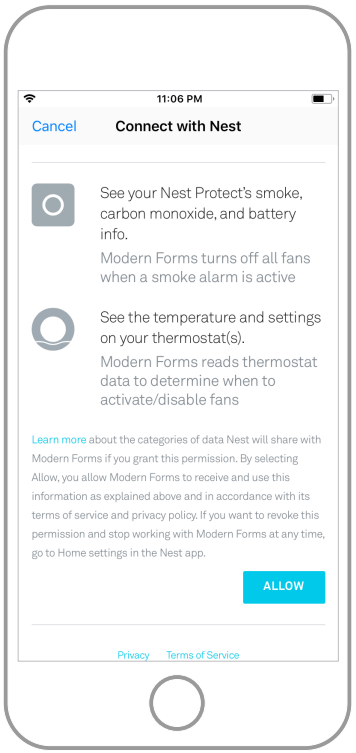


1. NEST® INTEGRATION

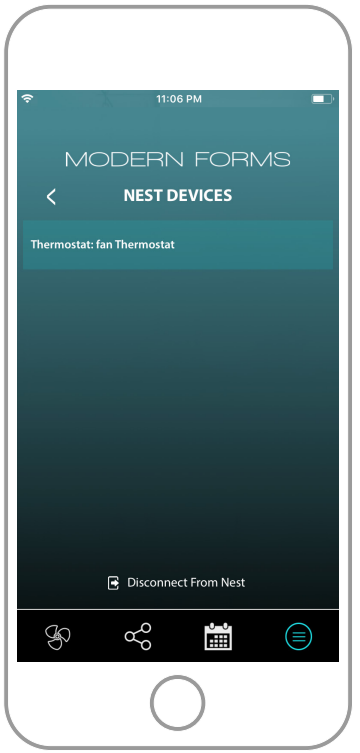
Select "Connect with NEST®" which will open the device web browser.



Enter NEST® Email Address and Password, then select 'Sign in.'

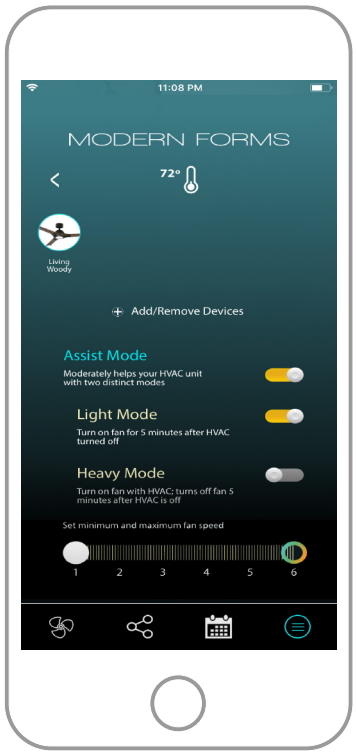


Review Terms of Use and select "Allow."



Select NEST® thermostat to be connected with a Modern Forms Smart fan.

9.1 NEST® INTEGRATION (cont.)



2. ASSIST MODE

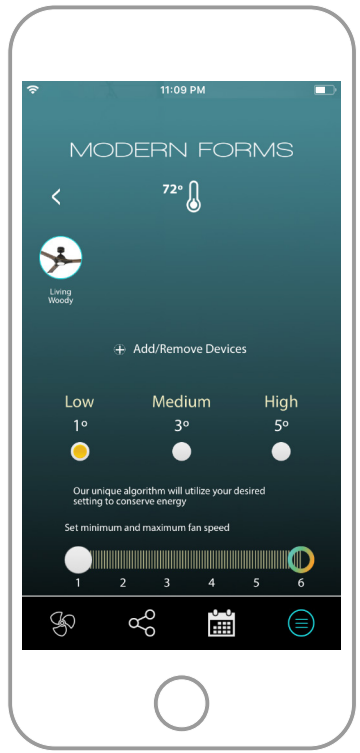
Fan will automatically switch to Summer Mode or Winter Mode when your HVAC changes from cooling to heating.

LIGHT MODE

Turn on fan for 5 minutes after HVAC is turned off.

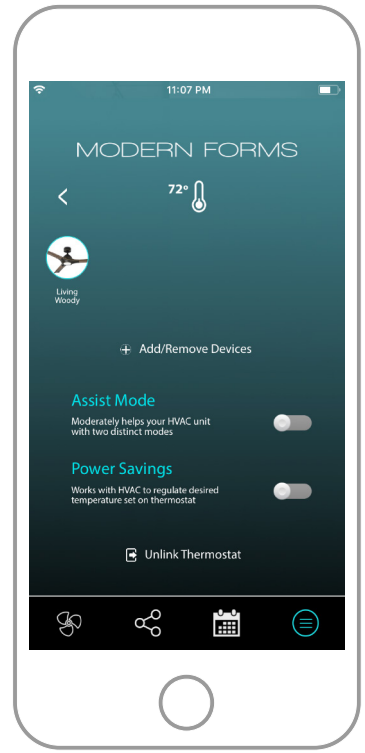
HEAVY MODE

Turn on fan with HVAC; turns off fan 5 minutes after HVAC is turned off.



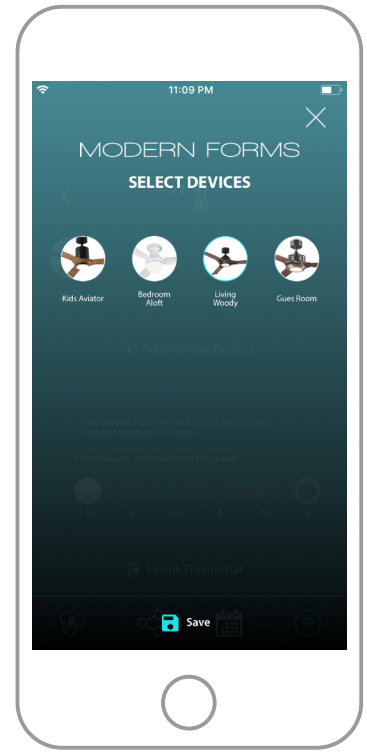
3. NEST POWER SAVING MODE

Works with HVAC to regulate desired temperature set on thermostat. Set fan speed: Min [Gray Slider] and Max [Colored Slider].



4. ADD/REMOVE DEVICES

Select ⊕ to add a Modern Forms Smart Fan.

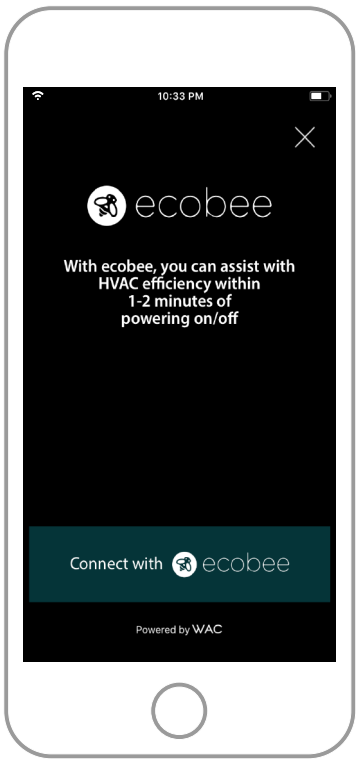


Select Modern Forms Smart Fan(s) to be paired with Nest®.

Select Modern Forms Fan(s) again to remove fan from Nest®.

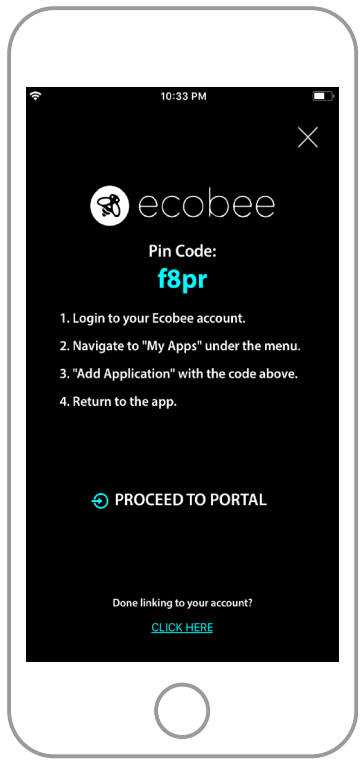
9.2 ECOBEE® INTEGRATION

Your smart fan will automatically switch to Summer Mode or Winter Mode when your HVAC changes from cooling to heating.

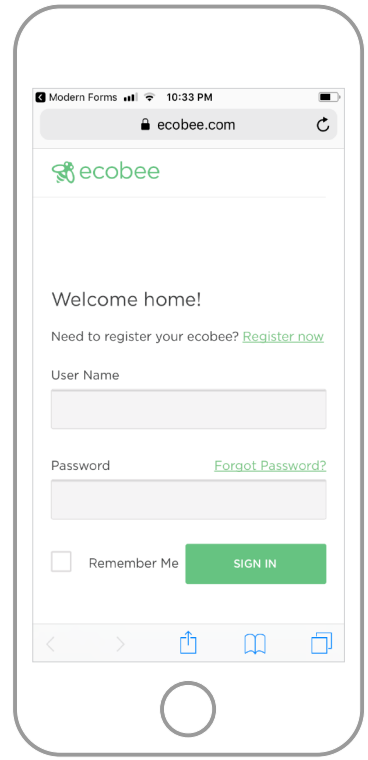


1. ECOBEE® INTEGRATION

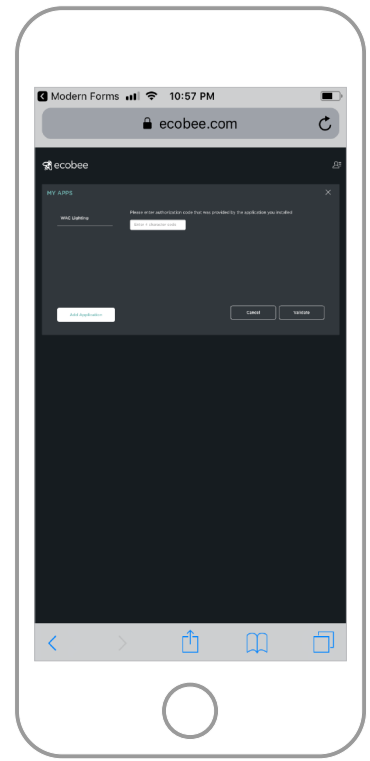
Select "Connect with ECOBEE®."



Modern Forms will create a unique “Pin Code” for thermostat pairing.



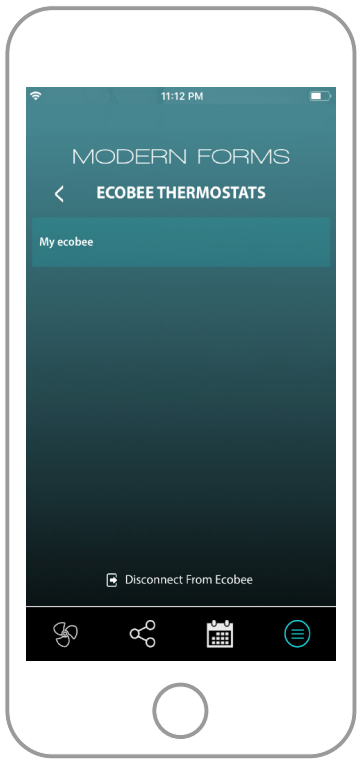
Enter ECOBEE® username and password, then select "Sign in."



Navigate to "My Apps" under the menu options.

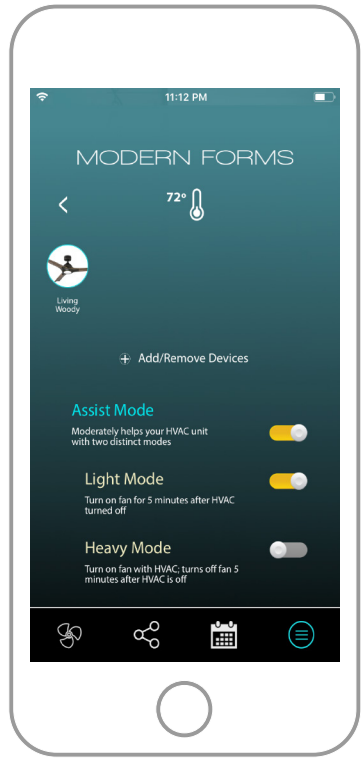
"Add Application" with the Modern Forms "Pin Code" and select "Validate."

9.2 ECOBEE® INTEGRATION (cont.)



Return to Modern Forms App to complete pairing.

Select ECOBEE® thermostat to access control features.



2. ECOBEE® ASSIST MODE

Fan will automatically switch to Summer Mode or Winter Mode when your HVAC changes from cooling to heating

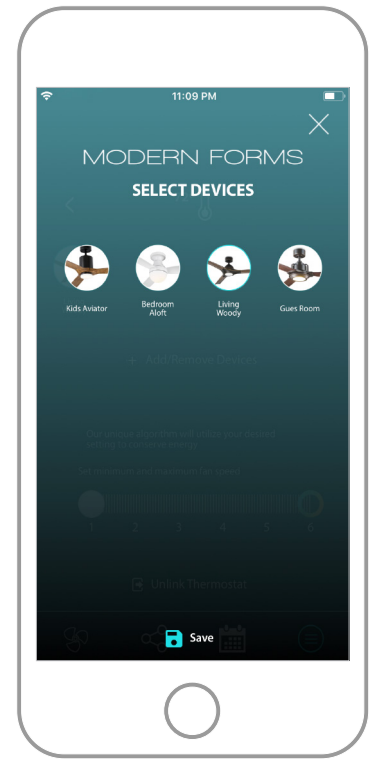
LIGHT MODE

Turn on fan for 5 minutes after HVAC turned off

HEAVY MODE

Turn on fan with HVAC; turns off fan 5 minutes after HVAC is off

Select mode and set fan speed, Min[Gray Slider] and Max[Colored Slider]



3. ADD/REMOVE DEVICES

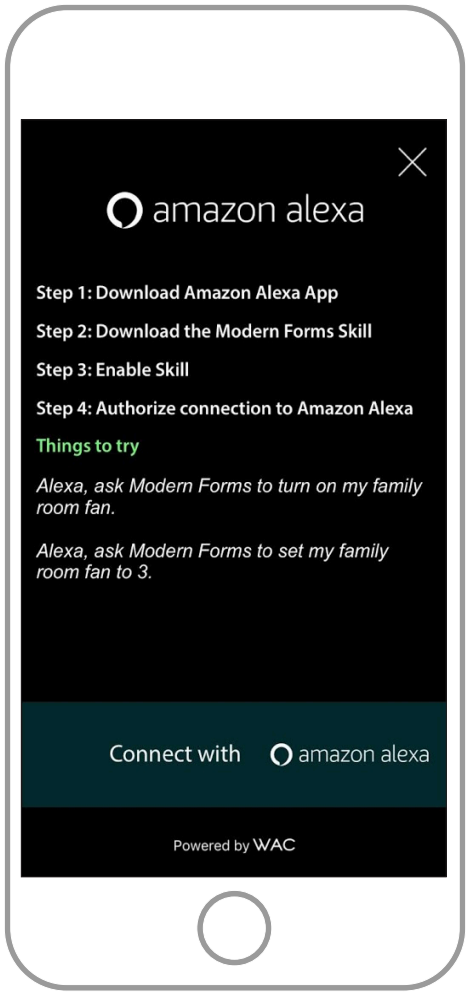
Select ⊕ to add a Modern Forms Smart Fan.

Select Modern Forms Smart Fan to be paired w/ ECOBEE®.

Select Modern Forms Smart Fan(s) again to remove fan from ECOBEE®.

9.3 AMAZON ALEXA[v] INTEGRATION

Download the Amazon Alexa App by selecting. ”Connect with AMAZON ALEXA®.”



1. VERIFY
Your Modern Forms Smart fan and light are receiving power.

2. DOWNLOAD
Amazon Alexa app (iOS or Android) and verify your Alexa device is set up and ready for use.

3. SIGN-IN
Make sure you are signed in to your Modern Forms account and your Modern Forms devices are listed under my Modern Forms Devices.

4. OPEN
The Alexa app, Go to the Menu, then select Skills.

5. SKILLS
Under Skills, search for ''Modern Forms Home'' and select ''Enable.''

6. AUTHORIZE
You will now be prompted to sign in to your Modern Forms account and authorize its connection to ALEXA®.

NOTE: You must use the same email account and password used in the Modern Forms App for Alexa to discover your Modern Forms products and rooms.

THINGS TO TRY:

FOR FANS:

“Alexa, *ask Modern Forms to turn on my <family room> fan.”*
“Alexa, *ask Modern Forms to turn off my <family room> fan*.”
“Alexa, *ask Modern Forms to turn up my <family room> fan.*”

FOR LIGHTS:

“Alexa, *ask Modern Forms to turn on my <family room> light.*”
“Alexa, *ask Modern Forms to turn off my <family room> light.*”
“Alexa, *ask Modern Forms to set my <family room> light to 80%*.”

9.4 GOOGLE ASSISTANT® INTEGRATION
