DRAFT

TASK FORCE ANNOUNCEMENT

Date: June 8, 2018

From: Shirley Ann Jackson, Ph.D., President, Professor of Physics, Applied Physics, and Astronomy, Professor of Engineering Sciences

Founded in 1853, ours is one of the oldest Greek systems on a university campus in the United States. When Greek organizations fulfill their intended purposes they create deep friendships, provide members a support network, promote philanthropy and community service, and aid in the personal development of students.

Nationally, the Greek system is under public and legislative scrutiny. Dozens of universities and colleges have suspended Greek life because of incidents related to alcohol abuse, illegal drug use, hazing, sexual misconduct, sexual assault, and acts of racial discrimination and bigotry. Some of our Greek houses have been suspended as well, due to similar behavior. Just recently, within our Greek system, we have experienced drug-related tragedies, alcohol abuse, sexual misconduct, and instances of hazing. This is antithetical to our commitment to the health, safety and wellbeing of our community members.

In light of recent incidents, we must determine the next steps Rensselaer should take to address issues within the Greek system at Rensselaer and to ensure the Greek organizations fulfill their intended purpose within our community.

I am appointing a Greek Life Task Force, led by Le Norman Strong, Interim Vice President for Student Life, to assess the system, and work with the community to identify what is necessary to enact a long-term, sustainable, and comprehensive culture change to preserve the positive aspects of the Greek system.

In the coming days, Vice President Strong will communicate additional details related to the review and recommendation process in which we will engage.

GREEK LIFE REVIEW ORGANIZATIONAL STRUCTURE

Executive Sponsor Group

- Le Norman J. Strong, Interim Vice President for Student Life (Chair)
- Craig A. Cook, General Counsel and Secretary of the Institute
- Graig R. Eastin, Vice President for Institute Advancement
- John E. Kolb '79, Vice President of Information Services and Technology and Chief Information Officer
- Curtis N. Powell, Vice President for Human Resources
- Claude D. Rounds, Vice President for Administration

Greek Life Task Force

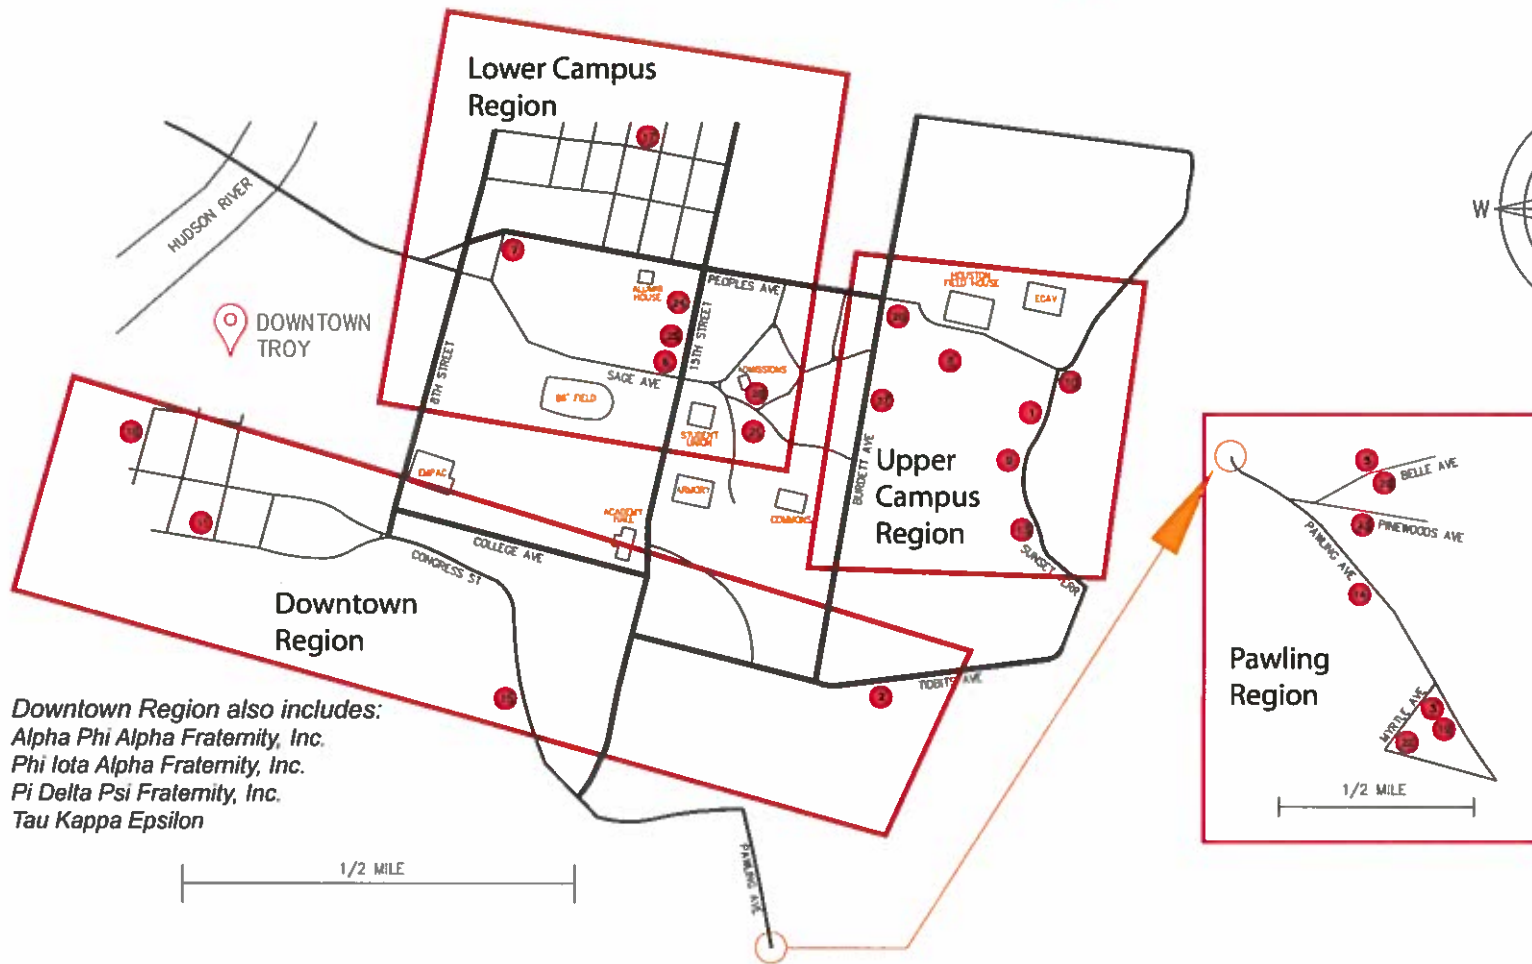

- John E. Kolb '79, Vice President of Information Services and Technology and Chief Information Officer (Chair)
- Justina Thompson '20
- Vishrudh Gopalakrishnan '20
- Emily Lockwood '20
- Laurel White '07
- Sara Stein '04
- Roger Mike '70
- Susan P. Gilbert, Professor and Head, Department of Biological Sciences
- Johnson Samuel, Associate Professor, Mechanical, Aerospace, and Nuclear Engineering
- Travis T. Apgar, Assistant Vice President for Student Life and Dean of Students
- Michell Tollinchi-Michel, Assistant Vice President for Student Transitions
- Le Norman J. Strong, Executive Sponsor Group Chair

Greek Life Discussion Panelists

- Travis T. Apgar, Assistant Vice President for Student Life & Dean of Students (Facilitator)
- LeNorman J. Strong, Interim Vice President for Student Life (Facilitator)
- Michell Tollinchi-Michel, Assistant Vice President for Student Transitions (Facilitator)
- Jack Conlin '20
- Briggitte Obermeyer '20
- Bryan Johns '19
- Erin Lazar '19
- Paige Mastalerz '19
- Aditya Mitra '19
- Zachariah Spurrier '19
- Katie Todd '17
- Bryan Jones '09
- Gregory Waters '97
- Suzanne Cano Meeker '88
- John Spohn '82
- Robert Riggs '02, Executive Vice President of Phi Kappa Theta International Fraternity - 2007-present
- Jacqueline Farmer, Telecommunications Analyst, ITI-DotCIO
- Norris Pearson, Operations Manager, Houston Field House

It's All Academic Greeks and Grades

Being part of an organization brings advantages not available when living as an individual. For example, did you know that more than 60% of all fraternities and sororities have average GPAs above 3.0? How about that many chapters have study rooms in their facilities? Or that experienced, high achieving members perform tutoring and exam preparation sessions before big exams? Most fraternities and sororities also have strict academic requirements to join and remain in good standing and participate in all activities. In addition, many chapters offer excellent scholarship awards to assist students in paying for RPI. Below is a listing of the academic average for all fraternities and sororities as well as their size and the ranking (from 1 to 5 stars) of their overall operational excellence for the full spectrum of their activities:

Chapter Name	Greek Letters	2017-2018 Chapter GPA	Spring 2018 Chapter Size	5 Star Points	5 Star Rating (1-5)

GPA Comparison- Athletics vs. General Student Body

Greek Life Commons Agreement 2009

The Greek Life Commons Agreement is designed to extend to Greek Life the opportunity to be part of the innovative CLASS Initiative at Rensselaer. CLASS is a new student life model based on the concept of "Clustered Learning, Advocacy and Support for Students" (CLASS). Its purpose is to enhance the quality of student life for Rensselaer students, -class by class, and it extends across the spectrum of student residential life at Rensselaer. It is a comprehensive effort built around time-based clustering and residential clusters, and builds upon, and augments, the Rensselaer First-Year Experience, with associated programming across all under-graduate years. CLASS incorporates clusters of residential halls or commons, with a combination of: faculty deans living near each of the commons, live-in commons deans, upper class and graduate student assistants. It also incorporates the Dean of the First-Year Experience, and class-year deans (e.g., Class of 2013, Class of 2014, etc). All aspects of CLASS are coordinated to ensure an enhanced quality of life and academic experience for resident students after their first year.

There is the opportunity for one of the Commons or Clusters to be comprised of those students who live within the Greek system at Rensselaer.

As part of CLASS, in order to ensure that sophomores are actively engaged in the Sophomore-Year Experience, beginning in the Fall 2010, sophomore students must reside in Rensselaer Residence halls, unless they are permitted to live in the houses of fraternities and sororities that are recognized members of the Greek Life Commons. Fraternities and sororities that sign this Agreement can become recognized members of the Greek Life Commons.

As a signatory, if your chapter is approved to actively participate in the CLASS initiative, it will receive the full benefit of:

- A) The Sophomore-Year Experience (effective fall, 2010 and beyond)
- B) CLASS-specific program activities
- C) Outreach initiatives generated by the Associate Dean for the Greek Life Commons.

No fraternity or sorority at Rensselaer is obligated to sign the Greek Life Commons Agreement in order to maintain your Rensselaer recognition as a fraternity or sorority in good standing. However, those **sophomores** who join and are initiated into Greek houses **will only be permitted to reside in those houses that have signed the Greek Life Commons Agreement.**

The Greek Life Commons Agreement is linked to the following existing Rensselaer and public policy documents that have application regarding university rules and regulations governing the recognition of fraternities and sororities. These related documents continue to have application regardless of whether or not a decision is made to sign or not sign the Agreement. However, for those fraternities and sororities that do execute this Agreement, its applicable provisions supersede, and **take precedence over**, any less stringent standards that might otherwise be expressed in:

- The Statement of Relationship Between Rensselaer Polytechnic Institute and Social Fraternities & Sororities at Rensselaer, specifically the section titled "Safety, Sanitation, and Fire Protection." (Attachment A)
- Rensselaer health, safety, and fire protection (Attachment B)
- Annual 5-Star Standards of Accreditation (Attachment C)
- The Rensselaer Handbook of Student Rights and Responsibilities
- City of Troy and New York State code requirements

Therefore, for those who elect to participate, effective fall, 2010 and beyond, as members of the Greek Life Commons you agree:

- A) To actively participate in CLASS program initiatives, including the Sophomore-Year Experience;
- B) To actively participate in Faculty Deans programs focused on the stimulation of the intellectual, cultural, and social life of the Residential Commons;
- C) To pro-actively respond to Assistant Dean outreach counseling and personal development initiatives;
- D) To actively participate in Class Dean programs providing support for academic success, retention, and strong class affinity;
- E) To actively participate in Greek Life Commons programs designed to strengthen Greek Life as a community;
- F) To ensure that the standards of quality of the living environment in the fraternity or sorority, with regard to upkeep and maintenance, meets the Institute Residential Commons Standards (which may exceed the baseline City of Troy codes and standards). The upkeep and maintenance of the house must include spring clean up to the interior and exterior of the house prior to departure at the end of each spring semester, and summer maintenance must be consistent with university expectations. By the beginning of each academic year, the fraternity or sorority house must meet the Institute Residential Commons Standards. There will be inspections at the end of the school year and at the beginning of each fall semester, beginning fall, 2010, to ensure that each signatory will meet the Institute Residential Commons Standards.
- G) To participate in an annual review of the Commons Agreement as an extension of existing annual reviews with the understanding that the focus is on ensuring that all compliance requirements, standards of housing living quality, and active participation in the CLASS program initiatives are being adhered to.

Preamble

Rensselaer Polytechnic Institute – a private institution of higher learning – and the Greek community – a fraternal system of students, alumni, and volunteers devoted to excellence in scholastic, leadership, service, and social endeavors – have a long and productive tradition of cooperation.

Rensselaer acknowledges the contributions of the Greek system to the development of its students as well as for its role in enhancing positive relations with the community at large. The Greek community acknowledges the encouragement and support it receives from Rensselaer. Both entities recognize the importance of fostering, supporting, and initiating programs to perpetuate this mutually beneficial tradition.

Therefore, we have forged this document as an expression of our resolve to achieve greater excellence and new strength in this relationship, while preserving the rights, independence, and integrity of Rensselaer and the Greek community.

Each year, more than one-fourth of Rensselaer's freshmen students enter fraternities or sororities, where they share in the development of academic, professional, leadership, athletic, and social skills. Fraternal bonds persist long after graduation; alumni contribute actively to preserving the history and folklore of the Institute and to supporting Rensselaer's vision for the future. The Greek system at Rensselaer seeks to instill its core principles – independence and self-government linked to social and financial responsibility – in its members, while simultaneously supporting Rensselaer's mission by fostering and stimulating excellence in scholarship.

Our mutual goal is to strengthen and enhance the Greek system and the partnership it enjoys with Rensselaer. It is our intent that this Statement of Relationship, conceived as the foundation of an evolving process, will become a national model of excellence.

Rensselaer and the Greek organizations agree that there are essential, minimum actions the signatories must perform under this agreement; these are referred to with imperative language such as "shall," "must," and "will." Other aspects of the agreement, in accordance with our desire to seek new and inventive steps toward excellence, designate more flexibly with language such as "consider," "should," "encourage," and "expect."

As stated in the Declaration of Support, the signatories intend this agreement to be a fundamental expression of their relationship. They therefore expect other formal or informal expressions of their relationship, particularly the references to fraternities and sororities made in 2004-2006 edition of *The Rensselaer Handbook of Student Rights and Responsibilities*, to conform to this agreement. Finally, they expect that references to this relationship in other documents will be revised as needed to conform to this agreement as it may be amended.

Statement of Relationship Between Rensselaer Polytechnic Institute And Social Fraternities and Sororities At Rensselaer

Terms of Recognition

Recognition is the formal process by which Rensselaer agrees that a social fraternity or sorority may function on the campus, enroll undergraduate members through established rush activities, use campus facilities and services, and identify its chapter with the university. Organizations designated under this policy meet the following characteristics:

- They are entitled to single-sex membership under the provisions of Section 86.14 of the regulations promulgated under Title IX of the U.S. Education Act Amendments of 1972.
- Chapters are legal corporations external to Rensselaer. In all cases, chapter corporations, alumni corporations, and international/national/regional/local Greek organizations are incorporated separately from Rensselaer.

For an organization to obtain recognition by Rensselaer, it must:

- Operate under a constitution and by-laws which have been approved by the Dean of Students Office (DOSO) and the Executive Council of the Rensselaer Panhellenic Association (Panhel) or the Interfraternity Council of Rensselaer Polytechnic Institute (IFC) and which adhere to the tenets of Rensselaer's Student Bill of Rights.
- Demonstrate sound financial standing.
- Be affiliated with an international or national fraternity or sorority, or be a local chapter organized in a manner approved by the Dean of Students Office.
- Pursue membership in either the Interfraternity Council or the Panhellenic Association.
- Present an initial membership list of at least five (5) currently registered, degree-seeking students who are not on academic or disciplinary probation. (While Rensselaer recognizes that some organizations draw membership from outside the university, officers of recognized undergraduate chapters must be current Rensselaer students.)
- Identify a person, who is not an undergraduate, to serve as the chapter adviser.
- Adhere to this Relationship Statement.

- Actively participate in the Alumni Inter-Greek Council (AIGC) with an alumni/ae representative attending at least 50 percent of all regular meetings over a two-year period.

Interested parties should contact the Dean of Students Office for more information. **All references in this document to *The Rensselaer Handbook of Student Rights and Responsibilities* are based on the 2004 - 2006 edition of that document.**

Stages of Recognition

A chapter's recognition status may change during the course of its existence at Rensselaer. The stages of official recognition and various disciplinary restrictions that may be placed on it are described below. Contractual relationships between Rensselaer and individual Greek corporations regarding ownership, lease, financing, maintenance, insurance, etc. of housing or other real property will not be affected by changes in the recognition status of the active chapter unless defined by said contract(s).

PROVISIONAL RECOGNITION

Provisional recognition is accorded for a two-year period during the reestablishment of a formerly active chapter or the initial establishment of a new chapter. Provisionally recognized chapters must be associate members of either the Interfraternity Council or the Panhellenic Association. At the end of this period, the chapter must apply for full recognition or request a further two years of provisional standing. No chapter will be granted provisional recognition for more than four consecutive years. Chapters who violate rules, regulations, or policies of the IFC, the Panhel, or Rensselaer may not be eligible for full membership, thus losing membership opportunities permanently. Provisionally recognized chapters are entitled to the same benefits and obligations as fully recognized chapters, except for those benefits described in the "Greek Housing" section of this document.

FULL RECOGNITION

Full recognition is accorded to chapters that are full members of the IFC or the Panhel of Rensselaer Polytechnic Institute and in good standing with Rensselaer. Fully recognized chapters are entitled to all the rights, privileges, and Institute resources available to student organizations at Rensselaer as well as to all those guaranteed by this document.

GROUP PROBATION

Probationary status signifies that a chapter has failed to abide by federal, state, or local laws, and/or Institute standards, codes, and guidelines as described in *The Rensselaer Handbook of Student Rights and Responsibilities*, and/or this Statement of Relationship, and/or has violated the policies, codes, or by-laws of its governing council. Probation may include the conditional withdrawal of certain services or benefits to the chapter or withdrawal of certain privileges accorded to members of the IFC or Panhel. The Dean of Students Office implements probation according to the guidelines set forth in the student conduct section of *The Rensselaer Handbook*

of Student Rights and Responsibilities. At the end of a probationary period, a chapter must demonstrate that the conditions for the probation have been fulfilled and that measures have been taken to ensure that the infraction will not reoccur.

Group probation is a formal warning to a chapter indicating that further policy violations may result in more serious consequences.

GROUP SUSPENSION

Group suspension denotes the revocation of Institute recognition for a designated period. It includes, but is not limited to, the loss of Institute recognition and all privileges thereof, including exclusion from all Institute programs and services, student government, funding, organizational advertising or display of its name and house letters, and the loss of the organization's ability to participate in or sponsor activities, to participate in recruitment or pledging activities, or for organization members to hold positions related to their membership in the suspended organization (e.g., IFC or Panhel positions, student government, or judicial board positions). These conditions are in effect for the duration of the suspension.

Any organization that violates its sanctions and/or conditions of suspension is subject to the permanent loss of Institute recognition (expulsion).

GROUP EXPULSION

Group expulsion denotes the permanent revocation of Institute recognition and all privileges thereof, without the opportunity for reinstatement at any time. An organization that is expelled is permanently excluded from all Institute programs and services, including, but not limited to, student government, funding, advertising the organization, displaying the organization's name or letters, the ability to participate in or sponsor any activities as an organization, participation in recruitment and new-member education or pledging activities, and the ability for organization members to hold positions related to their membership in the expelled organization (e.g., IFC or Panhel positions, student government, or judicial board positions).

Alumni/ae and Adviser Participation

Undergraduates are capable of managing many kinds of campus activities, but fraternity and sorority chapters need alumni participation. This is particularly true when there is real property involved and where the objectives include a sustainable source of financial assistance. While experienced guidance to chapters may come from varied quarters, no source can equal the potential of the alumni/ae body; their emotional ties to the chapter cannot be equaled as an incentive for providing assistance. They have considerable experience with their particular organization, and, as such, are seen as an important asset by the active members. Alumni are viewed as team members provided they respect the actives' prerogatives. Their involvement is not an infringement on the right of the organization to be self-governing.

The alumni body often contains a range of skills that can make a management team very rich, including expertise in law, finance, construction, accounting, organizational development, fund raising, administration, and public relations. They can conceive a program and direction for the chapter that extends over several student generations, a task which is difficult, if not impossible, for undergraduates alone. For all of these reasons, alumni corporations should be fostered.

The corporate bodies of fraternities and sororities vary considerably. Well-established chapters may have several hundred alumni and elaborate organizational structures. The corporate authority may exist with the alumni officers only or with a board consisting of representatives from alumni, undergraduates, and the community. In the minimum situation, the chapter adviser may act alone as the alumni or corporate body. In every case, the Greek organization that has been recognized through this document will designate for itself the officer(s) it wishes to represent its alumni or corporate body.

The Alumni Inter-Greek Council (AIGC) functions under its constitution ratified by its constituent organizations (namely, the Greek alumni associations/house corporations), each of which has one vote in the council. The AIGC is a significant activity of Rensselaer alumni. It has received recognition from and affiliation with the Rensselaer Alumni Association (RAA), and operates as a committee of the RAA. AIGC is the principal forum of the Greek alumni and their individual chapter associations. The AIGC maintains a liaison with the Panhel, IFC, and the Institute, primarily through the Dean of Students Office and the RAA.

The Greek alumni associations maintain close relations with their active chapters according to the constitutions of their respective fraternities and sororities. Out of this connection usually arises the appointment of the adviser to the active chapter. This adviser may or may not be a member or alumnus, but he or she must have the support and acceptance of the association and its active chapter. Chapter advisers have a delicate but vital task: they serve as a bridge between alumni and actives, and forge engagement by all parties.

Because Rensselaer embraces and desires to foster the essential independence of each fraternal organization, and because both Rensselaer and the undergraduate chapters acknowledge alumni or chosen elders as an invaluable resource, the following conditions must be met:

- Each chapter must register with the Dean of Students Office the name, address, telephone number, and e-mail address, if applicable, of an active chapter adviser. While alumni are encouraged to assume these roles, advisers *need not* be initiated members of the organization they represent.
- Advisers or their alumni delegates will attend at least 50 percent of adviser meetings as scheduled by the Dean of Students Office, provided they are given reasonable notice of at least two weeks.
- The adviser or a member of the chapter alumni board will participate with the chapter president and the Dean of Students Office in the annual evaluation of chapter performance.

Rensselaer will:

- Provide at least two (2) annual adviser meetings and/or workshops on topics of current interest, or as required by this Relationship Statement.
- Publish an electronic newsletter each month to be distributed to chapter presidents, chapter advisers, and all members of alumni councils/boards whose names are registered with the Dean of Students Office.
- Invite the chapter adviser to meet with the national chapter consultant when the consultant is visiting campus, if applicable.
- Provide at least one workshop per year designed for house corporation officers.

Standards

The Office of the Dean of Students, in cooperation with the IFC and the Panhel, establishes the regulations under which fraternities and sororities operate. Standards of conduct are integral to the maintenance of recognition and associated privileges. It is expected that all chapters will abide by Rensselaer regulations as listed in the *Rensselaer Handbook of Student Rights and Responsibilities* and related documents of the IFC and Panhel. The Dean of Students Office will work closely with the Panhel, IFC, AIGC, and the chapter advisers to ensure that these community-accepted standards of behavior are maintained.

Rensselaer endorses the policy known as the "Statement of Fraternal Values and Ethics" adopted by the North-American Interfraternity Conference (see Appendix 1). It will be the responsibility of the IFC, Panhel, and the individual chapter advisers and presidents, to ensure that Greeks conscientiously live up to this statement. Rensselaer requires compliance with the Fraternity Executives Association's adopted Statements of Position on:

- Hazing and Pre-Initiation activities (see Appendix 2)
- Alcohol (see Appendix 4)
- Dry Rush (see Appendix 6)

Rensselaer also encourages compliance with the Fraternity Executives Association's adopted Statements of Position on:

- Expansion Presentations (see Appendix 3)
- Fundamentals of Rushing (see Appendix 5)

It is expected that all chapter members, affiliates, pledges, and guests will conduct themselves in a manner consistent with Rensselaer standards and the statements listed above. Chapters should show a strong interest in fraternal and school ideals and promote participation in school and community activities.

Therefore, in order to promote a positive fraternal environment, improve community relations, and enhance the welfare of Rensselaer students both on and off campus, standards and guidelines have been developed with which all fraternal organizations, their alumni/ae, and Rensselaer are expected to comply.

Rush / Recruitment / Intake

Rush/Recruitment/Intake is a critical component for sustaining chapter membership and financial stability.

Chapters will:

- Follow all federal, New York State, and local laws, as well as rules and regulations set by the IFC, Panhel, and Rensselaer as they pertain to rush/recruitment/intake activities.
- Be represented at all rush/recruitment/intake chair meetings.
- Make all members, including alumni participating in Rush/Recruitment/Intake, aware of policies that govern rush/recruitment/intake, and set an expectation for them to follow those policies.
- Submit bid lists to the Dean of Students Office and be timely in returning bids once the student has made a decision to accept or not.

Advisers or qualified alumni alternates should:

- Make a strong effort to participate in selected Greek activities to include, but not limited to, activities sponsored by the Office of the First-Year Experience and the development of the *Parent's Guide to Greek Life*.
- Make a strong effort to assist chapter officers in enforcing the rules, regulations, and policies that govern recruitment/intake.

Rensselaer will:

- Work with the IFC and Panhel to ensure a rush/recruitment/intake schedule that does not conflict with the academic calendar.
- Coordinate the production and advertisement of a recruitment Web site in cooperation with the Panhel, IFC, and Alumni Inter-Greek Council.
- Guarantee time for a Greek Life presentation during Student Orientation's Resource Center.
- Compile, coordinate, and make available rush/recruitment/intake program materials and videotapes for use upon request.
- Offer rush/recruitment/intake workshops to any chapter needing assistance.
- Continue to work to involve Greek life in such activities as those sponsored by the Office of the First-Year Experience, Communiversity events, and Student Orientation, with hopes of increasing the visibility of Greek organizations, as well as the interest of potential members.
- Compile and make available membership/interest statistics at the end of each rush/recruitment/intake period.
- Conduct a joint IFC and Panhel recruitment/intake seminar at the beginning of each semester to ensure that the respective rules and regulations are distributed and clearly understood by both organizations and their members.
- Coordinate the production of the *Parent's Guide to Greek Life* in association with the Alumni Inter-Greek Council, IFC, and Panhel.

It is agreed that:

- All Rensselaer students, including those in their first year, are allowed to participate in rush/recruitment/intake.
- All students may reside in fraternity/sorority housing *except* first-year freshmen students, unless otherwise permitted by Rensselaer policies.
- Recruitment will remain alcohol free, and in accordance with the rules, regulations, and policies of the Panhel, IFC, and Rensselaer.
- The IFC and Panhel will establish policies in conjunction with the Dean of Students Office, which will regulate all rush/recruitment/intake activities.

New-Member Education Programs

To ensure its successful continuation, a chapter must recruit and initiate new members. It is strongly recommended that each chapter commit to a structured new member education program that promotes academic excellence. It is also recommended that chapters not accept new members who are on academic probation.

Chapters will:

- File a document articulating a new-member program, which will contain an anti-hazing policy and be kept confidential by the Dean of Students Office.
- Adhere to the anti-hazing policies of Rensselaer, the State of New York, and all applicable national/international governing bodies.
- Ensure that at least 10 percent of all actives (including the current president and the new-member educator) and all new associate members/pledges attend the anti-hazing seminars.
- Create a developmentally based new-member education program, drawing assistance from Inter/National and campus resources (e.g., Dean of Students Office, Archer Center for Student Leadership Development, and/or Advising & Learning Assistance Center), designed to teach chapter history and tradition while promoting a positive academic experience.

Advisers or their qualified alumni alternates will:

- Be familiar with and help formulate the chapter's new-member program in accordance with the values and tenets of the national/international and/or local constitution.
- Be familiar with and actively assist in the enforcement of policies, rules, and laws related to the new-member education/pledge process.

Rensselaer will:

- Sponsor an anti-hazing seminar at least once per semester.
- Offer new-member/pledge workshops to any chapter requesting assistance.
- Compile, coordinate, and make available new-member education program materials and videotapes for use by individual chapters upon request.

Academics

A critical goal of all collegiate fraternal organizations is academic excellence. The Interfraternity Council and Panhellenic Association will develop and maintain programs to recognize academic achievement and improvement among the individual chapters.

Chapters will:

- Strive to achieve a chapter average equal to or greater than the all-campus average.
- Chapters failing to achieve at least a 2.5 semester grade point average will develop an articulated scholarship program in conjunction with the Dean of Students Office and the Advising & Learning Assistance Center. (Chapters at or above the average may receive equivalent services upon request.)

Rensselaer will:

- Publish chapter grade reports (statistics) within 30 days after the start of each semester.
- Notify, in writing, presidents, advisers, and national/international headquarters of the chapter grade report.
- Notify national/international headquarters and recognize all chapter members achieving Dean's List status.
- Assist the scholarship chairperson in the development of chapter programs.
- Provide workshops or other resources for scholarship chairpersons and/or individual chapters as needed or requested.
- Provide an award program to encourage academic excellence.

Stability of Greek-Institute Records

Records must be current and complete if Rensselaer is to adequately communicate with chapters, alumni corporations, and national/international headquarters. Greek chapter and Institute records must be consistent and reflect member status, personal information, local address, phone number, and e-mail address. This is especially important during an emergency or event that requires crisis intervention or notification of parents, or any situation in which records must be consulted.

Chapters will:

- Submit all chapter update forms to the Dean of Students Office by the end of the first week of each semester, communicating all changes accurately.
- For all recruitment periods, submit to the Dean of Students Office a list of all bids extended by the deadlines established by the Panhel or IFC.
- Submit to the Dean of Students Office a list of new members, including names and Rensselaer Identification Numbers (RIN).
- Notify the Dean of Students Office within 48 hours of any changes to a chapter's membership roster. This includes the names of all people who accept bids and of members or associate members/pledges that are disassociated from the chapter.

- Notify the Dean of Students Office within 48 hours when pledges/associate members are initiated to full membership.

Rensselaer will:

- Maintain and make available to the Greek organization, a current database that includes names of undergraduate officers, chapter advisers, corporate officer(s), chapter undergraduate membership roster, chapter costs, and overall chapter grade point average. An individual's grades are available only by permission granted to specific individuals. Chapters will confirm the accuracy of information during the first week of the semester, although errors may be corrected at any time.
- Coordinate through the Athletic Department the continuation of the Intramural Sports Program.
- Designate the Dean of Students Office to serve as adviser to and liaison with the IFC and Panhel.
- Provide lists of chapter alumni and addresses as known.
- Help to facilitate alumni mailings.
- Facilitate active Greeks in publicizing alumni events.

Greek L.I.F.E. (Leadership, Innovation, Fortitude, and Evolution)

A principal contributor to the success of Greek life at Rensselaer is the ability of its membership to embrace the tenets of leadership, scholarship, diversity, character, and community identity. If the Greek community is to become a national model of excellence, members must embrace the shared fraternal values that we all recognize as vital in defining the next generation of fraternal life: leadership, innovation, fortitude, and evolution.

Chapters should:

- Take advantage of resources available to them (e.g., the Archer Center for Student Leadership Development, the Career Development Center, the Advising & Learning Assistance Center, and experienced alumni) to enhance leadership within their organizations and to develop new and innovative educational and service opportunities.

Advisers or their designees should:

- Make every effort to participate in presentations or seminars active members have organized, and share their leadership experience with chapter members.
- Make every effort to be present at the annual Greek L.I.F.E. Retreat and serve as facilitators, if asked.

Rensselaer will:

- Work with the IFC, Panhel, and AICG to coordinate an annual Greek L.I.F.E. Retreat to take place in the beginning of each spring semester, which will address current Greek life issues nationally and at Rensselaer.

Community Education

Education is as important outside of the classroom as within the classroom. The Greek community will make every effort to increase its members' awareness of socially important topics. Prior to the beginning of each semester, the IFC, Panhel, and Dean of Students Office will develop awareness programs that are mandatory for Greek students.

Chapters will:

- Meet the attendance requirements established for these programs with at least two weeks prior notice for the program.

Alumni/ae and advisers should:

- Make every effort to attend programs with their members, and support the topics presented.

Rensselaer will:

- Coordinate with campus offices to offer educational programming that includes, but is not limited to, awareness of the following issues/topics:
 - Alcohol and other drugs
 - Sexual harassment and assault
 - Culture, ethnicity, gender, and sexual preference
 - Health and wellness
 - Emerging community concerns
 - Other topics of interest

Conduct

Within all societies and organizations certain standards of conduct must be maintained. This is particularly true of organizations in a university community. The behavior of one chapter reflects on the entire Rensselaer community much like the behavior of a single member can reflect on an entire chapter. However, it is also recognized that the acts of individuals, or groups of individuals, are not necessarily acts of their respective chapters. Therefore, acts of members or groups of members shall not be attributed to their chapter(s) unless they can be shown clearly to be acts of the chapter(s) in question.

Chapters will:

- Maintain membership in IFC, Panhel, and the Alumni Inter-Greek Council and adhere to all rules, regulations, and policies of each governing body.
- Abide by Rensselaer regulations listed in the *Rensselaer Handbook of Student Rights and Responsibilities* and related IFC or Panhel documents.
- Abide by the tenets of the North-American Interfraternity Conference Statement of Fraternal Values and Ethics and the National Panhellenic Conference Conduct Guidelines, and be responsible for reviewing these documents with their membership.

- Grant to the Dean of Students or his designee, and to Rensselaer Public Safety (with proper identification), immediate entry into the common areas of fraternity or sorority property in an emergency, with the consent of an officer or accompanied by a member of the chapter.

Rensselaer will:

- Hold a legal liability/risk management workshop for chapter presidents, risk managers, and all chapter officers once each semester.
- Upon request, offer workshops and written material to aid in the understanding of and adherence to the North-American Interfraternity Conference Statement of Fraternal Values and Ethics and the National Panhellenic Conference Conduct Guidelines.
- Restrict material and information gathered during emergency visits to the issue those persons collecting material were called to address.
- Offer workshops regarding collection of outstanding debts as requested by fraternities or sororities.
- Offer the Greek Hold Program to chapters to assist in the collection of dues and board.

Community Relations

Greeks may greatly improve the impression the community has of them by simply being good neighbors and citizens.

Chapters will:

- Maintain property and buildings at a level comparable to campus buildings and grounds. (Keep houses and grounds clean and free of debris throughout the year.)
- Assure that individual conduct of members and guests will not unreasonably affect neighborhood quality of life.
- Monitor all sponsored activities to ensure that debris is kept within the house or trash area and that neighbors are not unreasonably disturbed by the event.
- List with the Dean of Students Office a house manager, for both the school year and all academic break periods, to act as liaison on matters of house appearance and safety.
- Designate a chapter officer to be the point of contact for any registered chapter event or any event that may create disruption in the neighborhood. The chapter will provide the phone number and name(s) of the designated contact(s) to the Dean of Students Office, the Department of Public Safety, and the neighbors or neighborhood association leadership (if applicable); this contact will be reachable during and immediately following the event to address community, neighbor, and/or emergency situations.
- Participate in all Greek Neighborhood Relations Committee (GNRC) meetings for their assigned district and adhere to all committee-approved policies. There must be one scheduled meeting per semester.

Rensselaer will:

- Coordinate and sponsor the summer and winter House Check Program.
- Attend Greek Neighborhood Relations Committee (GNRC) meetings.
- Facilitate appropriate meetings when requested by city officials, neighbors, or chapters.

Recognition of Excellence

Greeks have reason to be proud of the fact that their members and alumni/ae traditionally have been among the leaders of our nation and of the Rensselaer community. Special achievements and outstanding improvements in chapter functioning are also reasons for pride. Therefore, Rensselaer, the Alumni Inter-Greek Council, the IFC, and the Panhel acknowledge outstanding activities of our Greek chapters, and encourage Greeks to reach new heights of excellence.

It is agreed that:

- The IFC, Panhel, AIGC, and Dean of Students Office will co-sponsor the Annual Awards of Excellence program.
- A committee, made up of equal representation from each of these four groups, will work cooperatively to identify appropriate areas where chapters and individuals within the Greek community can be recognized for their excellence.
- This group will serve as the committee to review applications and select award recipients.

The IFC and Panhel will:

- Submit articles to the *Polytechnic* highlighting Greek accomplishments on a regular basis.

Rensselaer will:

- Send a letter of commendation for special achievement to the award recipient's chapter, adviser, and national/international office.
- Maintain a monthly electronic newsletter, *The Greek Gazette*, highlighting current news within the Rensselaer Greek community and recognizing a Chapter of the Month.

Safety, Sanitation, and Fire Protection

Rensselaer has established, for its campus community, standards with regard to safety, fire protection, sanitation, and insurance. Rensselaer and the Greek community wish to extend those standards to the Greek system to assure uniformity and to protect our people, properties, and organizations.

The Dean of Students Office and Department of Public Safety must be notified of any situation that presents the **potential** for serious risk to the health, safety, and welfare of Rensselaer students living in a chapter residence.

HOLD HARMLESS AND LIMITS OF RESPONSIBILITY

Each fraternity and sorority agrees to hold Rensselaer harmless and to indemnify Rensselaer from damages resulting from contracts the fraternity or sorority enters into with anyone other than Rensselaer. Each fraternity, sorority, and Rensselaer agrees to be held solely responsible for their respective negligent acts.

INSPECTIONS

Each chapter house owned by Rensselaer or a private chapter Housing Corporation must be inspected annually for safety, fire protection, and sanitation issues. These inspections commence at the start of the fall semester and conclude no later than November 1. Greek houses owned by Rensselaer will be inspected by Rensselaer. Greek houses not owned by Rensselaer will either have the inspection completed by a qualified outside inspector at the chapter's expense, or request Rensselaer to conduct the inspection free of charge. All inspections must meet or exceed the applicable housing standards as they may change from time to time. All inspections must include a written report identifying conformance problems. Copies of the report must be sent to the housing corporations, active chapters, and the Dean of Students Office, which will copy other Rensselaer departments if need be.

Persons or organizations conducting good faith inspections of Greek-owned properties at the behest of Rensselaer do so as a service to assist the Greek owners in providing safe facilities. Findings and recommendations of these Rensselaer agents are not represented to be all inclusive. Owners are responsible for meeting all applicable codes, laws, and regulations regardless of what is included in the inspection report.

HOUSING STANDARDS

All houses must be constructed and maintained in safe livable condition as required by applicable occupancy codes and building codes of the City of Troy and rules adopted in this Relationship Statement, whichever are more stringent. Houses found by the City of Troy to be unsuitable for habitation will be closed until code discrepancies and violations are corrected. Rensselaer will provide campus housing, at the prevailing cost, for the evicted Greek members if space is available.

FIRE ALARM SYSTEMS

All Greek houses must have a fire alarm system meeting applicable codes and New York State Fire Code standards. Rensselaer-owned houses will have systems annunciate directly to Rensselaer's Department of Public Safety. All privately owned chapter houses are required to have a central alarm system, installed at the owner's expense, annunciated to an approved private central station or to the Rensselaer Department of Public Safety, if this can be accommodated and the option is available through the Department of Public Safety.

Central stations must meet New York State Fire Code standards, monitor alarms on a 24-hour basis, and respond to any alarm. Alarm systems must be inspected and tested once per semester by an approved contractor. Repairs must be made to restore the operating system as soon as a problem is identified; a copy of all

inspection reports and verification of repairs must be sent to the Dean of Students Office and the housing corporation.

FIRE DRILLS

Rensselaer will conduct a fire drill during each semester for each Rensselaer-owned building utilized as a chapter house by a Greek organization. The responsibility for conducting fire drills in private houses lies with the owners; these drills shall meet standards required by New York State Fire Codes. Fire drills will be conducted in accordance with procedures agreed upon by Rensselaer, chapter advisers, house corporation officers, and the AIGC as specified below:

- Fire drills will be unannounced and conducted when most occupants are in their rooms, and at a time when the evacuation is not likely to disturb neighbors.
- Fire drills must be evaluated by the chapter-appointed risk manager with any other person/agency/organization assisting in the drill; copies of the evaluation report must be sent to the active chapter, the Dean of Students Office, and the house corporation.
- The evaluations, which must be made in a format approved by the chapter advisers, AIGC, and the Dean of Students Office, will include information required by New York State Fire Codes, including:
 - Date and time of drill
 - Persons auditing the drill
 - Time needed to fully evacuate the premises, in minutes (maximum allowed is four minutes)
 - Verification that everyone evacuated the premises
 - Notes regarding the ability of all occupants to hear the alarms and any problems encountered
 - Special simulated hazards
 - Weather conditions

In the event of an unacceptable drill performance, the problem shall be rectified and a repeat drill conducted every two weeks until proper drill performance is achieved.

SANITATION

The safety of Greek residents with respect to illness and disease is important. Chapter houses must comply with minimum standards of sanitation, focusing on kitchen conditions and kitchen sanitation, bathroom sanitation, general housekeeping, and trash handling. Sanitation must be monitored regularly by the occupants. Additionally, at least once per semester, an inspection is to be conducted by a qualified outside agency at the chapter's expense. The sanitation inspection reports are to be filed with the Dean of Students Office and House Corporation.

GENERAL SAFETY PRECAUTIONS

Besides fire safety procedures, there are a number of general safety precautions that must be taken and maintenance and construction features that must be provided to ensure safe living facilities. These concerns include, but are not limited

to, the posting of evacuation maps, handling and storage of flammable liquids, storage and removal of debris, open flames, the use of halogen lamps in any lighting fixture, the proper construction of lofts, unapproved or improper use of electrical devices, safe exit routes, fire doors, snow removal, safe walking surfaces, and structural repair when and where necessary.

RISK MANAGERS

Each chapter must have a designated risk manager who will perform the duties described below. At the beginning of each fall semester, Rensselaer and the AIGC will conduct a training session for risk managers or their designated assistants. Attendance is mandatory. A chapter that is not represented may be placed on probation or suspension, effective from the date of the training session through the date mandatory training is received. Secondary training sessions will be at the convenience of the AIGC and Rensselaer and may not be available until many weeks later.

Risk managers will:

- Reside in the chapter house, along with their designated assistants.
- Attend all mandatory training sessions or be represented by a designated assistant risk manager.
- Conduct a mandatory education session for all members (within one month of the fall training session provided for risk managers) to review and update safety, sanitation, and fire protection standards.
- Send documentation of the education session (date, content, members in attendance) to the Dean of Students Office within one week of the chapter training session.
- Conduct an unannounced fire drill each semester, complete with a drill evaluation, at a time when most residents will be in their rooms and when it will not unreasonably disturb neighbors.
- Conduct a comprehensive self-inspection and follow-up to assure that any violation is corrected within 20 days, or explain why it cannot be done in that time to the satisfaction of Rensselaer. (The risk manager and all chapter residents should be constantly aware of unsafe conditions and take corrective action continuously without awaiting a formal inspection.)
- Prepare fire evacuation route maps and post them in halls, public rooms, and each sleeping room.
- Assure that fire extinguishers, range hood extinguishing systems, and fire alarms are tested and repaired on the required schedule and/or immediately after any discharge or damage to the unit(s).
- Maintain an organized file, for AIGC and Rensselaer review that includes fire drill documentation, self-inspection reports, repair or correction of violations, and inspection reports for fire alarms/fire extinguishers/range hood extinguishing systems, and any other relevant data or correspondence.
- Report any fire, injury requiring medical assistance, or extinguishing system discharge to the Dean of Students within 24 hours of the incident.

CORRECTIONS AND ENFORCEMENT

A chapter must submit a plan of compliance to the Dean of Students Office within 30 days after receiving, from Rensselaer or an inspecting party, notice of noncompliance with any safety standards, rules, or laws. This plan may be accepted in whole or in part by Rensselaer. It is expected that most violations will have already been corrected and so reported. Failure to comply with any required corrective action or with the adopted plan of compliance may result in probation or suspension of the chapter; if the violations are serious enough, the appropriate municipal authority or Rensselaer may declare the facility unfit for occupancy and require all students to vacate the premises.

Compliance requirements fall into three basic classifications:

1. **Minor maintenance:** Comply immediately.
2. **Major maintenance or structural in nature, requiring general construction and significant financial resources:** A written long-term compliance plan must be negotiated with Rensselaer. (Note: Agreeing to a long-term plan does *not* relieve a Greek organization of any responsibility related to the unsafe conditions. These must be rectified immediately. It is in the Greek organization's best interest to comply immediately. It is recognized that strict adherence to codes may be unfeasible for a particular structure and that other measures may mitigate risks acceptably. Common sense should apply.)
3. **Critical or creating imminent danger to residents:** Portions of or the entire house will be declared uninhabitable. Students must vacate the premises immediately.

INSURANCE REQUIREMENTS

Insurance coverage, as specified below, is required for Greek chapters that own properties.

General liability - Coverage must be for a minimum of \$1,000,000 for bodily injury and property damage on a per occurrence basis. It is highly recommended that host liquor liability be included as part of this coverage. Rensselaer and the chapter adviser are named as additionally insured in the policies. The policies must state that Rensselaer must be notified of any change or cancellation of a policy term with a 30-day written notice. Certificates of insurance are to be furnished to the Dean of Students Office by September 1 each year as evidence of continual coverage.

Fire and extended coverage - Insurance coverage must include fire and an extended coverage clause to include debris removal. Each house should carry enough coverage to assure full replacement value of the property.

FINANCING IMPROVEMENTS

As owners of property providing housing to students, the Greek house corporations have the primary responsibility for financing improvements required for safe

occupancy. However, in hardship cases, Rensselaer agrees to make every effort, short of absolutely guaranteeing payment, to assist the chapters in obtaining loans, co-signing for loans, or making loans directly. It should be noted that Rensselaer, when considering assistance, evaluates the risks associated with the loans, the adequacy of the Greek rent level to provide for improvements and loan repayments, the chapter's ability to obtain a mortgage, the chapter's willingness to add live-in advisor, and the cooperation of the chapter alumni in co-signing notes or mortgages.

Annual Review

Each chapter will undergo an annual review of status and performance between December and March, but no later than March 15 each year. The chapter president, the chapter adviser, and a representative of the Dean of Students Office will review the progress of the chapter and make recommendations for future direction.

A committee made up of an equal number of representatives from the Interfraternity Council, Panhellenic Association, Alumni Inter-Greek Council, and the Dean of Students Office will work collaboratively to develop evaluation tools reflecting the requirements of this Relationship Statement that are appropriate for the groups being audited. The process includes:

- Prior to the formal review, the Dean of Students Office should advise the Chapter of any significant issues to be discussed.
- During the formal review, both the chapter and Dean of Students Office should briefly identify significant deficiencies and strengths for the other's information.
- The chapter president and chapter adviser will meet with a representative of the Dean of Students Office to review the chapter's file and evaluation form, and to discuss the progress of the chapter during the year and possible courses of action for the upcoming year. The chapter is not subject to disciplinary action if it has conscientiously endeavored to implement the plan of action filed the previous year.
- A written summary of the outcomes of the review, signed by all of the participating parties, will be sent to the chapter and Chapter Advisor. A copy will remain on file in the Dean of Students Office.
- Chapters found not adhering to one or more of the requirements of the review will be required to file a written plan detailing specific actions that will be taken to correct deficiencies. The plan must be signed by the chapter executive board and by the chapter adviser, and must be submitted to the Dean of Students Office no later than the last day of classes for the spring semester.
- Chapters deemed deficient in the same area or to have multiple deficiencies at least two consecutive years, and those chapters failing to file a corrective plan of action by the last day of classes for the spring semester, are subject to disciplinary action through the Dean of Students Office and may be placed on probation or suspension.
- Chapters objecting to the annual review outcome or a resulting penalty may appeal the case to the Greek Judicial Board. The case then enters the judicial process outlined in *The Rensselaer Handbook of Student Rights and Responsibilities*.

- The Dean of Students Office will notify the national/international headquarters as applicable with the annual evaluation findings.

The Dean of Students Office, the Interfraternity Council, the Panhellenic Association, and the Alumni Inter-Greek Council will also undergo a process of annual self-evaluation to determine their level of compliance with this Relationship Statement.

Ratification and Amendment Process

RATIFICATION

Ratification of this Relationship Statement on the part of Rensselaer Polytechnic Institute consists of signature of the Declaration of Support by an officer of Rensselaer authorized to do so by the Board of Trustees and the President.

Ratification on the part of the Interfraternity Council and the Panhellenic Association, each separately, consists of signature of the Declaration of Support by a representative of both the active chapter and the alumni body (or, in the absence of an alumni body, the advisory group) of two-thirds of the member fraternities or sororities. A chapter will not be counted as in the affirmative unless its active and alumni branches both so signify. The active and alumni officers signing for a fraternity will aver that they are doing so with the support of their respective organizations according to their constitutional procedures.

AMENDMENT

A committee made up of equal representation (but no more than two members each) of the Interfraternity Council, Panhellenic Association, Alumni Inter-Greek Council, and the Dean of Students Office will serve to review, approve, and put forth amendment proposals to the signatory group on a biennial schedule. Amendments can be proposed by any signatory for the same process of adoption as initial ratification of the agreement.

Approval of Document

The organization whose signature appears below acknowledges that its membership has read and approves to the relationship with Rensselaer as set forth in this Statement of Relationship. There were 29 organizations eligible to vote and required 2/3 to ratify the Relationship Statement. The vote tally was 20 organizations voted to pass the ratified document, 2 organizations declined to approve, and 7 organizations of the 29 eligible did not respond. Nineteen affirmative votes were needed to ratify the Statement of Relationship. The document became effective January 1, 2006. With the approval of the document all organizations are now being asked to sign a Declaration of Support by April 30, 2006. The Declaration of Support acknowledges that each organization shall be a member of and abide by the relationship set forth between Rensselaer and its Social Fraternities and Sororities in order to remain recognized and affiliated with the Institute.

APPENDIX 1

NORTH-AMERICAN INTERFRATERNITY CONFERENCE STATEMENT OF FRATERNAL VALUES AND ETHICS BASIC EXPECTATIONS

In an effort to lessen the disparity between fraternity ideals and individual behavior and to personalize these ideals in the daily undergraduate experience, Basic Expectations of fraternity membership are established, as follows:

- I will know and understand the ideals expressed in my fraternity ritual and will strive to incorporate them in my daily life.
- I will strive for academic achievement and practice academic integrity.
- I will respect the dignity of all persons; therefore, I will not physically, mentally, psychologically, or sexually abuse or harm any human being.
- I will protect the health and safety of all human beings.
- I will respect my property and the property of others; therefore, I will neither abuse nor tolerate the abuse of property.
- I will meet my financial obligations in a timely manner.
- I will neither use nor support the use of illegal drugs; I will neither misuse nor support the misuse of alcohol.
- I acknowledge that a clean and attractive environment is essential to both physical and mental health; therefore, I will do all in my power to see that the chapter property is properly cleaned and maintained.
- I will challenge all my fraternity members to abide by these fraternal expectations and will confront those who violate them.

APPENDIX 2

FRATERNITY EXECUTIVES ASSOCIATION STATEMENT OF POSITION ON HAZING AND PRE-INITIATION ACTIVITIES

The Fraternity Executives Association has stated its position, periodically, in support of constructive educational and inspirational programs and has asserted unequivocally its opposition to hazing and pre-initiation activities which do not contribute to the positive development and welfare of pledges/associates and members.

Because hazing and other pseudo-initiation practices have not been rejected and eradicated completely in undergraduate activities and therefore remain a menace to the well-being of the College Fraternity System, the Fraternity Executives Association reaffirms and reasserts its position on this question.

- The Association believes that true fraternalism is nurtured in an atmosphere of social and moral responsibility, respect for duly constituted authority, and loyalty to the principles of higher education.
- The Association further believes that while social behavior cannot be legislated, a fraternity without morally sound precepts and practices is not a constructive influence upon college students.
- The Association further believes that a fraternity has a solemn obligation in the development of its pledges/associates and members and that this responsibility extends alike to the institutions where it is represented; to parents and others who make possible the education of pledges/associates and members; to the communities where chapters are accountable for good citizenship; and to the college fraternity system of which it is a part.
- The Association further believes that while much progress has been made, one of the most damaging instruments to the fraternity system is the employment of a program of education which includes hazing, and that this unproductive, ridiculous and hazardous custom has no rightful place in the fraternity system.
- The Association defines hazing as any action taken or situation created, intentionally, whether on or off fraternity premises, to produce mental or physical discomfort, embarrassment, harassment or ridicule. Such activities and situations include paddling in any form; creation of excessive fatigue; physical and psychological shocks; quests, treasure hunts, scavenger hunts, road trips or any other such activities carried on outside the confines of the house; wearing, publicly, apparel which is conspicuous and not normally in good taste; engaging in public stunts and buffoonery; morally degrading or humiliating games and activities; late work sessions which interfere with scholastic activities; and any other activities which are not consistent with fraternal law, ritual or policy or the regulations and policies of the educational institution.

APPENDIX 3

FRATERNITY EXECUTIVES ASSOCIATION STATEMENT OF POSITION ON EXPANSION PRESENTATIONS

On the basis of its experience, the Fraternity Executives Association believes that the evaluation by appropriate college officials and/or an IFC, of a general fraternity, for expansion to a campus should:

- be open to all fraternities not currently represented on the campus;
- exclude costly multi-media presentations, financial and housing commitments and political influence;
- recognize that the size of a general fraternity or the number of local alumni is not an indication of that fraternity's ability to administer an expansion project;
- respect the right of any organized college group to seek affiliation with the fraternity of its choice;
- recognize the constitutional rights of a general fraternity to expand to a campus as guaranteed by the freedom of association provisions of the United States Constitution.

The Fraternity Executives Association, therefore, states its support for open, unrestricted expansion for all college and university fraternity systems, and encourages Interfraternity Councils and member fraternities to move toward such a program.

APPENDIX 4

FRATERNITY EXECUTIVES ASSOCIATION STATEMENT OF POSITION ON ALCOHOL

While the moderate and legal consumption of alcohol, in and of itself, does not constitute a problem when conducted in a mature, socially responsible atmosphere, the illegal use and abuse of alcoholic beverages are widely recognized as major problems in our society. As responsible members of society, particularly the higher education community, college fraternities are highly concerned about alcohol abuse.

Considering that the majority of students on any college campus is under age, the purchase of alcohol, and in most cases its consumption, are illegal for the majority of the campus student population. Typically, fraternity membership is lower in average age than the campus in general, making alcohol illegal for the majority of chapter members.

In its Statement of Position on Dry Rush, the Fraternity Executives Association has stated its belief that the excessive and/or illegal use of alcohol to attract students to fraternity membership is counterproductive to introducing and developing true sisterhood and brotherhood. Believing this to be true to the concept of brotherhood on the broader scale and considering recent state laws across the United States which has made alcohol illegal for the majority of chapter membership, the Fraternity Executives Association takes the following position on alcohol in the life of the fraternity.

1. The possession, use, and/or consumption of alcoholic beverages while on chapter premises during an official fraternity event, or in any situation sponsored or endorsed by the fraternity chapter, must be in compliance with any and all applicable laws of the state, province, county, city, and university.
2. No alcohol should be present at any pledge/associate member/novice program or activity of the chapter.
3. No chapter should permit, tolerate, encourage, or participate in "drinking games."
4. The image of Fraternity is not enhanced by the co-sponsorship of an event with an alcohol distributor, or tavern, and therefore, this type of activity should be actively discouraged.
5. Open parties, meaning those with unrestricted access by non-members of the fraternity, without specific invitation, are counterproductive to the interests of the fraternity chapter and the fraternity system, and should be actively discouraged.

6. With less than half of the members of the average fraternity chapter legally able to consume alcoholic beverages, it is believed by the Fraternity Executives Association that alcoholic beverages should not be purchased through the chapter treasury nor purchased for members or guests in the name of or on behalf of the chapter.
7. The fraternity with its important responsibility to the development of its youngest members should not permit chapter members, collectively or individually, to purchase, serve, or sell alcoholic beverages to any minor (i.e., those under legal drinking age).

The members of the Fraternity Executives Association who serve as the chief administrative or executive officers of their college fraternal associations, believing that the long-term health and beneficial nature of the North American college fraternity system is dependent upon responsible actions by student members of the system, hereby encourage and actively recommend that the concepts set forth in this Statement of Position on Alcohol be actively promoted and communicated within the college communities across North America and that each member of the Fraternity Executives Association actively support these concepts in principle, in spirit, and in philosophy to the betterment of the North American college fraternity system.

APPENDIX 5

FRATERNITY EXECUTIVES ASSOCIATION STATEMENT OF POSITION ON THE FUNDAMENTALS OF RUSHING

On the basis of experience and collected data, the Fraternity Executives Association believes that those systems of rushing are most productive and beneficial which:

- exclude the use of alcohol;
- are "open" without restrictive regulations;
- are individual and personal in approach;
- are open to all, without registration or charges;
- minimize Interfraternity and chapter expenses;
- emphasize useful information;
- start at the earliest time and continue throughout the calendar year;
- encourage participation of upper-class, transfer and graduate men.

The Fraternity Executives Association will be pleased to provide advisory services to any Interfraternity organization which wishes to evaluate its current rushing program.

APPENDIX 6

FRATERNITY EXECUTIVES ASSOCIATION STATEMENT OF POSITION ON DRY RUSH

While the moderate and legal consumption of alcohol, in and of itself, does not constitute a problem, the illegal use and abuse of alcoholic beverages are widely recognized as major problems in our society. As members of society, particularly the higher education community, college fraternities are highly concerned about alcohol abuse. The Fraternity Executives Association, therefore, encourages the development of educational programs which stress the potential dangers of alcohol abuse and the advantage of responsible, legal use of alcoholic beverages.

Since the period of member recruitment is the first substantive contact a prospective member has with fraternities, it is an important and appropriate point at which to begin to address fraternities' educational and brotherhood/sisterhood responsibilities among their members, as well as to speak to any adverse public opinion as to alcohol use and abuse among fraternities.

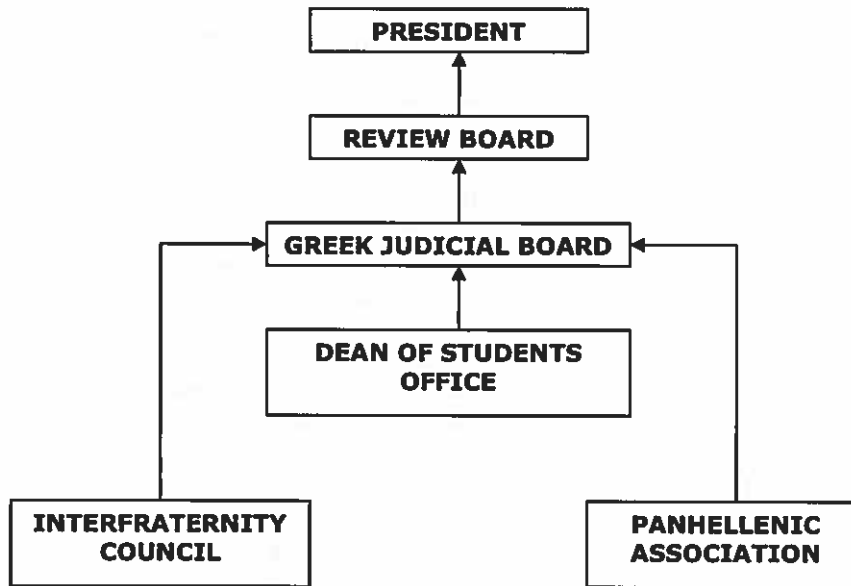

Based on the premise that the excessive and/or illegal use of alcohol to attract students to fraternity membership are counterproductive to introducing and developing true fraternity spirit, the Fraternity Executives Association believes that DRY RUSH:

- will attract a greater number of high quality rushees, and improve the retention ratio of new members;
- will enhance the fraternity movement on the campus and in the community;
- will enhance parental support of fraternity membership;
- will foster creative competition among fraternity chapters;
- will develop more fully the recruitment and interpersonal skills of fraternity members;
- will diminish the risk of potential legal liability, property damage, and violation of liquor laws; and
- will save substantial sums of money.

The Fraternity Executives Association, therefore, states its support of Dry Rush for all college and university fraternity systems, and encourages Interfraternity councils, college Panhellenic, and member fraternities to move immediately toward the complete elimination of alcohol in recruitment programs.

APPENDIX 7

GREEK JUDICIAL FLOWCHART

APPENDIX 8

HOUSING PLAN

Greek Housing

Having a "house" can be an important part of a chapter's viability. Maintaining and living in their "own" property cements brotherhood/sisterhood and offers members an important learning experience. Because the condition of each of the houses reflects on the Greek system and on Rensselaer, houses should be maintained as a source of community pride. Recognizing this, and the fact that the Greek system is an important contributor to a rich student experience, Rensselaer has made, in collaboration with individual chapters, efforts to provide housing support through financial, life-safety, and social assistance. The university has also made efforts to assist chapters in their efforts to comply with health, safety, and sanitation codes and requirements, and to maintain the physical appearance of their houses.

The City of Troy's establishment of an institutional zone has severely limited space available for Greek housing. The Greek housing plan is proposed to enable Greeks to meet immediate and long-range physical plant needs.

ADVISORY COMMITTEE

Rensselaer and the Greek community will establish an advisory committee to facilitate communication about housing-assistance proposals and assist in developing plans and standards for the Greek housing plan. The committee will be made up of administration, Greek alumni, and undergraduates. Committee members will be chosen by their respective constituency, with preference given to those organizations seeking participation in the housing plan. In order to qualify for assistance from Rensselaer, chapters must support this Relationship Statement and its standards, and demonstrate financial stability according to prerequisites established by the advisory committee.

HOUSING ASSISTANCE

Through the years, Rensselaer has provided various forms of loans and financial assistance to Greek chapters. Rensselaer acknowledges that the Greek community has been a good investment; chapters have always honored their debts. Therefore, for a fully recognized chapter, Rensselaer will consider the following options to assist chapters achieve housing of their own:

- Facilitate the renovation/reuse of buildings for use as Greek chapter houses as Institute properties become available, consistent with the zoning laws of the City of Troy.
- Provide suitable Rensselaer-owned land for new construction of Greek houses.
- Assist chapters with financial means to obtain financing for \$1+ million houses.
- Co-sign as a guarantor of payment.

- Ask for first refusal on sale of fraternity/sorority property so that property may be preserved in its current zoning status.
- Provide planning assistance for fund raising for housing and the development of renovation and maintenance plans, upon request.

The Dean of Students Office will act as the Greek-system advocate for groups seeking housing. This assistance includes, but is not limited to, giving advice, acting as liaison with departments at Rensselaer, and assisting in securing necessary approvals. APPENDIX 8 outlines in more detail about the process for proposing and securing new construction or purchasing assistance. Rensselaer will decide whether to grant a housing request within one year of a group's initial application date.

Chapter houses or land leased to Greek chapters will be retained as Greek housing as long as the current tenant requires its use. If a chapter no longer needs a property, preference will be given to other Greek chapters.

Background

Rensselaer has made, in collaboration with individual Chapters, efforts to provide housing support through financial, life-safety, and social assistance. Efforts have also been made to assure compliance with health, safety, sanitation, and the physical appearance of Chapter houses.

Institutionally, Greek Life is viewed as a positive part of student life, having a long lasting impact upon alumni who reflect upon their positive experience at Rensselaer. From a student life perspective, the Greek membership is involved in various civic-minded, volunteer-oriented activities that reflect favorably upon Rensselaer. In addition, Greek Chapters provide housing for students that do not generally require Institute capital investment for construction.

It should be noted that expansion of Greek housing will be contingent on its affect on Rensselaer's ability to fully occupy campus residence facilities.

Housing Plan

The "housing plan" is proposed to meet immediate and long range physical plant needs depending upon the Greek Chapter's financial and membership position. The plan may be implemented in phases which include Institute funding, support, endorsement, or coordination for:

- renovation of current structure(s)
- moving into a better quality house
- new construction
- long-term leasing of Rensselaer land
- moving into an on-campus housing facility

There are currently six recognized chapters without chapter facilities. The Institute and individual chapters will negotiate contracts and arrangements on a case by case basis. The repayment of funds used in any portion of the housing plan will be the responsibility of the individual chapter over a period of years, as defined through contractual agreement.

For planning purposes, the following guidelines should be followed to initiate a written request, with supporting documentation, to the Vice President for Student Life, for Greek Housing:

- Five Year Plan
 - Strategic plan
 - Self-assessment
 - Governance structure
 - Current or existing housing arrangements
 - Sustainability of membership and alumni support
 - Membership history
 - New member history
 - House corporation (point of contact)
 - Relationship statement compliance and summary of judicial history
 - Standing in relation to other campus organizations of similar background
 - Relationship with National governing board
 - Level of National recognition from fraternal governance board(s)
- Financial history and background
- Financial plan to support housing goal
- Financial plan for construction or purchase

Rensselaer will assist current Chapters in the Greek system who has the ability to arrange for financing of a Chapter house. For those Chapters who qualify, Rensselaer will arrange a plan considering the following options. Rensselaer may:

- Co-sign as a guarantor of payment
- Provide Rensselaer owned land in the Institutional Zone
- Assist in arranging for financing
- Assist in addressing Troy requirements for construction or purchase
- Assist in planning and construction by linking new construction to other construction occurring on campus
- Hold a portion of a mortgage with a Chapter (e.g., 60/40 plan)

Historically, Greek Chapters have been a good investment. To date, no Chapter has defaulted on a loan from Rensselaer.

Rensselaer Greek Plan

Long range capital planning must be an integral part of this Rensselaer – Greek relationship. Better equity building programs will go a long way to improving the perceptions of the residents sharing Greek neighborhoods. The condition of a Greek Chapter house reflects not only on itself but on the community in which it resides and on Rensselaer as well.

To protect current equity, all Chapters with housing will:

- Appoint a housing manager for all breaks during which the chapter house will be unoccupied. Daily checks of the Chapter house are essential when the facility is unoccupied to verify that heat is on and working effectively.

- Keep the outside of the Chapter house in good repair and up to the standards of the house's neighborhood.
- Meet standards established for safety, health, and sanitation as outlined through annual inspections.

"Emergency loans" up to \$10,000 may be obtained from Rensselaer to make repairs considered crucial to maintaining habitability, health, and safety standards.

Summary

The "housing plan" is a work in progress. It is intended to articulate the partnership between Rensselaer and its Greek community. Greek Chapters are, and remain, important contributors to the campus and neighborhood communities. As a work in progress, the ideas and principles will change as the needs of the Troy neighborhoods and Rensselaer emerge over time.

APPENDIX 9

NPC STATEMENTS

IV. Standards of Ethical Conduct

1. National Panhellenic Conference fraternities shall impress upon their undergraduate and alumnae members that they shall respect and obey the letter and the spirit of all NPC UNANIMOUS AGREEMENTS.
2. In case of Panhellenic difficulties, all chapters involved shall do their utmost to restore harmony and to prevent publicity, both in the college and the community.
3. National Panhellenic Conference denounces the arbitrary priority rating of women's fraternities.
4. National Panhellenic Conference denounces the ranking or categorization of chapters determined by administrative personnel according to a chapter's compliance with university standards or guidelines.
5. National Panhellenic Conference fraternity members shall not suggest to any potential member that she refuse a bid from one group in order to wait for a bid from another group or suggest that a potential member list only one choice on her Membership Recruitment Acceptance.
6. It is in accord with the dignity and good manners of fraternity women:
 - A. To avoid disparaging remarks about any fraternity or college woman;
 - B. To create friendly relations between fraternity and nonfraternity women;
 - C. To avoid negative publicity on Panhellenic matters.
7. National Panhellenic Conference discourages the use of Greek-letter fraternity names and insignia in inappropriate or distasteful commercial advertising.
8. National Panhellenic Conference has no affiliation or connection with any high school sorority.

ALCOHOL

Alcohol Awareness (B-1977)

NPC recommends to the College Panhellenics that they sponsor appropriate programs on the abuse of alcohol and that these programs be made open to any interested student.

Alcohol-Free Facility (B-1997)

Member groups will encourage their collegiate chapters to co-host nonalcoholic events with men's fraternities that have implemented a substance-free housing policy. NPC member groups will publicize their support for the substance-free housing movement and encourage other national fraternities to join this important initiative.

Alcohol Funding (B-1991)

No Panhellenic funds shall be spent on the purchase of alcohol.

Alcohol Use at Philanthropic and/or Greek Events (B-2003)

NPC strongly discourages Panhellenic participation in events held for philanthropic purposes and/or for purposes of showcasing the Greek community when alcohol is provided, distributed or allowed to be present.

Alcohol-Free Social Activities (B-1998)

The member groups will work toward co-sponsoring only alcohol-free functions in men's fraternity facilities by the fall term of 2000.

College Panhellenic Alcohol-Free Social Activities with Student Organizations (B-2001)

April 30, 2004

page 36 of 37

NPC and its member groups will continue to promote and encourage chapters to have non-alcoholic events with student organizations as well as men's fraternity chapters.

College Panhellenic Day of Dialogue (B-2001)

Day of Dialogue, a campus and community discussion about alcohol, was developed by Senior Student Affairs officers and Inter/national fraternity and sorority leaders. College Panhellenics are encouraged to organize a Day of Dialogue program on their campus.

College Panhellenic Position in Support of Alcohol-Free Activities in Fraternity Facilities (B-2001)

NPC encourages all College Panhellenics to adopt a position in support of alcohol-free social activities in fraternity facilities.

Joint Commission on Substance-Free Housing (8-1995)

NPC will support the aims and efforts of the Commission.

National Alcohol Screening Day (B-2000)

NPC will sponsor the National Alcohol Screening Day through mailings to College Panhellenics.

Product Identification (B-1991)

Encouragement of NPC member groups and College Panhellenics to discontinue use of Greek letters in conjunction with names and logos of alcoholic beverage companies.

**EH&S Inspection Report of Serious Violations
A Comparison of 2011 and 2018^{a,b,c}**

Academic Year ^d	Fire Alarm System ANNUAL	Fire Extinguishers ANNUAL	Hood Fire Suppression ANNUAL	Hood Cleaning ANNUAL	Boiler Inspection 2 YEARS
2011-2012	17	4	5	10	9
2017-2018	16	2	1	8	4

General Precautions Against Fire

66 Total Points - 66

Question	Response	Details
General Precautions Against Fire		
Combustible waste material creating a fire hazard shall not be allowed to accumulate in buildings or upon premises. (15F-304.1)	Yes	
Clearance between ignition sources, such as luminaries, heaters, flame producing devices and combustible materials shall be maintained in an approved manner.(15F-305.1)	Yes	
Candles, incense and similar open flame producing items are prohibited and there is no visual evidence of such items. (15F-308.4.1)	Yes	
No smoking in prohibited areas.(15F-310.1)	Yes	
Storage in building is orderly. Storage is separated from heaters and heating devices by distance or shielding.(15F-315.3)	Yes	
Storage ceiling clearance of 24 inches is maintained in non-sprinklered areas and 18 inches below sprinkler heads.(15F-315.3.1)	Yes	
Combustible materials are not stored in boiler rooms, mechanical rooms or electrical equipment rooms. (15F-315.3.3)	Yes	
Storage in attics in non-combustible buildings is enclosed in one hour construction. (15F-315.3.4)	Yes	
Outside storage of combustible materials is not less than 10 feet away if it exceeds 6 feet in height. (15F-315.4)	Yes	

Emergency Planning and Preparedness

70 Total Points - 70

Question	Response	Details
Emergency Planning and Preparedness		
Fire safety and evacuation plans are in place. (15F-404.1)	Yes	
Question		
Means of Egress		
Exits shall be unobstructed. (15F-1003.6)	Yes	
Exterior exits are free from obstruction, including ice and snow. (15F-1031.3)	Yes	
Curtains, drapes or decorations shall not be placed to obstruct exits or visibility thereof. (15F-1031.6)	Yes	
Exit signs shall be clearly marked. Exit signs shall be installed at required exit doorways and where otherwise necessary to indicate clearly the direction of egress when the exit serves an occupant load of 50 or more.(15F-3103.12.6)	Yes	
Exit sign placement shall be such that no point in an exit access corridor is more than 100 feet from the nearest visible exit sign. (15F-1013.1)	Yes	
Doors shall be readily operable from the egress side without the use of a key or special knowledge or effort.(15F-1010.1.9)	Yes	
Exit ways are provided with emergency lighting. (15F-1008.2, 15F-1013.6.3)	Yes	
Stairways that travel below the level of exit discharge are clearly defined.(15F-1023.8)	Yes	
Exit signs shall be internally or externally illuminated. (15F-1013.3)	Yes	

Building Services and Systems**43 Total Points - 43**

Question	Response	Details
Building Services and Systems		
Portable un-vented heaters are prohibited and there is no evidence of use. (15F-603.4)	Yes	
Unapproved multi-plug adapters are not used and there is no visual evidence of use. (15F-605.4)	Yes	
Relocatable power taps are polarized or grounded and equipped with overcurrent protection. (15F-605.4.1)	Yes	
Extension cords are properly used and are not a substitute for permanent wiring. (15F-605.5)	Yes	
Outlet, switch, junction boxes and wire splices are covered. (15F-605.6)	Yes	
Carbon monoxide detectors present in required spaces.	Yes	

Fire Resistant Rated Construction**13 Total Points - 13**

Question	Response	Details
Fire Resistant Rated Construction		
Fire door and smoke barrier doors are properly maintained and are not blocked or made inoperable. (15F-703.2)	Yes	
Swinging fire doors shall close from the full-open position and latch automatically. (15F-703.2.3)	Yes	

Decorative Materials and Furnishing**18 Total Points - 18**

Question	Response	Details
Decorative Materials and Furnishing		
Storage of clothing and personal belongings in corridors and lobbies is compliant.	Yes	
Natural cut trees are not a hazard.	Yes	
Curtains, drapes, hangings and other decorative materials hanging from walls or ceilings shall be flame resistant. (15F-807.4)	Yes	

Fire Protection Systems**25 Total Points - 25**

Question	Response	Details
Fire Protection Systems		
Portable fire extinguishers within 30 feet of commercial-type cooking equipment. Class K for deep fryers. (15F-906.1 item 2)	Yes	
Portable fire extinguishers are located in a conspicuous location, are readily accessible, and are not obstructed or obscured. (15F-906.5)	Yes	
Hand held portable fire extinguishers are installed on hangers or brackets. (15F-906.7)	Yes	
Smoke detectors in each dwelling unit or other sleeping unit and common spaces. (15F-907.2.6.3.3)	Yes

**American College Health Association -National College Health Assessment (ACHA-NCHA-II) Results
Fall 2017 Rensselaer and National Survey Responses**

The National College Health Assessment (NCHA) is a highly regarded, comprehensive health survey used by colleges and universities across the country to help understand the health behaviors and needs of their student populations. This survey has been administered since spring 2000, and completed by over 1.4 million students at more than 740 colleges and universities.

Among the health topics, the NCHA assesses alcohol use and the related consequences. Some of these data are presented below for national samples and Rensselaer students. Subpopulation data is presented by gender, Greek affiliation, and Varsity Athlete participation. Rensselaer student data by club sports and intercollegiate participation mirrors the Greek and Athlete data presented and consistent with the literature that identifies all of these groups as high-risk drinkers (A.E. Barry et al., 2015)¹. The 2017 National results are based on 31,463 survey participants from 52 institutions with an overall response rate of 18.4%. Rensselaer 2017 results are based on 925 survey participants, a response rate of 20.6% of undergraduate students.

Table 1. NCHA question: Within the last 30 days, on how many days did you use alcohol (beer, wine, liquor)?

Population	None	1 – 5 Days	6 or More Days
National - Males	42%	29%	29%
National - Females	52%	30%	18%
Rensselaer - Males	41%	29%	30%
Rensselaer - Females	41%	37%	22%
RPI Greek Athlete	17%	18%	65%
RPI Greek Non-Athlete	17%	67%	16%
RPI Non-Greek Athlete	33%	47%	20%
RPI Non-Greek Non-Athlete	49%	30%	21%
RPI Greek Males	13%	26%	61%
RPI Greek Females	22%	52%	26%
RPI Non-Greek Males	48%	31%	21%
RPI Non-Greek Females	46%	33%	21%

- Rensselaer students, both males and females, report similar 30-day drinking prevalence rates as their national counterparts.
- Greek affiliated Rensselaer students report the highest 30-day drinking prevalence rates, particularly Greek-affiliated athletes and Greek-affiliated males.
- Non-Greek affiliated athletes also report high 30-day prevalence rates.

Table 2. NCHA question: Over the last two weeks, how many times have you had five or more drinks of alcohol at a sitting?

Population	N/A, Don't Drink or None	One or More Days
National - Males	63%	37%
National - Females	74%	26%
Rensselaer - Males	65%	35%
Rensselaer - Females	74%	26%
RPI Greek Athlete	29%	71%
RPI Greek Non-Athlete	41%	59%
RPI Non-Greek Athlete	54%	46%
RPI Non-Greek Non-Athlete	78%	22%
RPI Greek Males	32%	68%
RPI Greek Females	55%	45%
RPI Non-Greek Males	74%	26%
RPI Non-Greek Females	78%	22%

- Rensselaer students, both males and females, report similar high-risk drinking rates as their national counterparts.
- Greek and Varsity Athlete affiliated Rensselaer students report the highest frequency of high-risk drinking.

¹ AE Barry et al. 2015. *Substance Use and Misuse*. 50, 302-307. DOI: [10.3109/10826084.2014.977398](https://doi.org/10.3109/10826084.2014.977398)

Table 3. NCHA question: Within the last 12 months, have you experienced any of the following when drinking alcohol?

Population	Forget where you are or what you did	Physically Injured Yourself
National - Males	20%	10%
National - Females	20%	9%
Rensselaer - Males	20%	10%
Rensselaer - Females	15%	9%
RPI Greek Athlete	53%	29%
RPI Greek Non-Athlete	36%	20%
RPI Non-Greek Athlete	22%	12%
RPI Non-Greek Non-Athlete	12%	7%
RPI Greek Males	44%	24%
RPI Greek Females	28%	15%
RPI Non-Greek Males	14%	6%
RPI Non-Greek Females	13%	8%

- Rensselaer students, both males and females, report similar levels of consequences from drinking as their national counterparts.
- Greek and Varsity Athlete affiliated Rensselaer students report the highest levels of consequences from drinking.

American College Health Association - National College Health Assessment (ACHA-NCHA-II) Results

Fall 2017 Rensselaer Mental Health Survey Responses

The National College Health Assessment (NCHA) is a highly regarded, comprehensive health survey used by colleges and universities across the county to help understand the health behaviors and needs of their student populations. This survey has been administered since spring 2000, and completed by over 1.4 million students at more than 740 colleges and universities. Rensselaer 2017 results are based on 925 survey participants, a response rate of 20.6% of undergraduate students.

Table 1. Rensselaer students reported experiencing the following within the last 12 months with regard to mental health.

A. Felt things were hopeless

Response	Male	Female	Total
No, never	39%	26%	32%
No, not last 12 months	14%	14%	14%
Yes, last 2 weeks	22%	30%	26%
Yes, in last 30 days	9%	11%	10%
Yes, in last 12 months	16%	20%	18%
Any time within the last 12 months	47%	60%	54%

B. Felt overwhelmed by all you had to do

Response	Male	Female	Total
No, never	16%	5%	12%
No, not last 12 months	7%	3%	5%
Yes, last 2 weeks	44%	62%	53%
Yes, in last 30 days	16.5%	17%	16%
Yes, in last 12 months	16%	13%	15%
Any time within the last 12 months	77%	92%	84%

C. Felt very lonely

Response	Male	Female	Total
No, never	25%	15%	21%
No, not last 12 months	15%	16%	15%
Yes, last 2 weeks	25%	34%	30%
Yes, in last 30 days	14%	16%	15%
Yes, in last 12 months	20%	19%	19.5%
Any time within the last 12 months	59%	69%	65%

D. Felt so depressed it was difficult to function.

Response	Male	Female	Total
No, never	51%	37%	43%
No, not last 12 months	19%	18%	19%
Yes, last 2 weeks	12%	21%	17%
Yes, in last 30 days	5%	7%	6%
Yes, in last 12 months	14%	17%	15%
Any time within the last 12 months	30%	46%	38%

Table 2. Within the last 12 months, have any of the following been traumatic or very difficult to handle?

Response	Male	Female	Total
Academics	43%	55%	49%
Career-related issue	19%	25%	22%
Death of family member or friend	9%	14%	11%
Family problems	15%	31%	22%
Intimate relationships	27%	33%	30%
Other social relationships	20%	31%	25%
Finances	18%	24%	21%

American College Health Association. American College Health Association-National College Health Assessment II: Rensselaer Polytechnic Institute Executive Summary Fall 2017. Hanover, MD: American College Health Association; 2017.

Introduction

The ACHA-National College Health Assessment II (ACHA-NCHA II) is a national research survey organized by the American College Health Association (ACHA) to assist college health service providers, health educators, counselors, and administrators in collecting data about their students' habits, behaviors, and perceptions on the most prevalent health topics.

ACHA initiated the original ACHA-NCHA in 2000 and the instrument was used nation wide through the spring 2008 data collection period. The ACHA-NCHA now provides the largest known comprehensive data set on the health of college students, providing the college health and higher education fields with a vast spectrum of information on student health. A revised survey, the ACHA-NCHA-II, has been in use since the fall 2008 data collection period.

Please note the ACHA-NCHA II is not appropriate for trend comparison with items from the original ACHA-NCHA survey. Directly comparing pre- and post-redesign estimates on similar data points, without taking into account the impact of the survey's redesign, can lead to an erroneous conclusion.

Notes about this report:

1. Missing values have been excluded from analysis and only valid percents are included in this document.
2. Students responding "not applicable" were excluded from several analyses, which are specifically noted throughout this document. This will often explain differences observed between this document and the full data report.
3. ***A note about the use of sex and gender in this report:*** Survey responses are reported by sex based on the responses to questions 47a, 47b, and 47c. For the purpose of the ACHA-NCHA report documents, respondents are reported as male or female only when their responses to these three questions are consistent with one another. If students' gender identity is consistent with their sex at birth AND the student selects "no" for transgender, then respondents are designated as either *male* or *female*. If respondents select "yes" for transgender OR their sex at birth is not consistent with their gender identity, then they are designated as *non-binary*. A respondent that skips any of the three questions is designated as *unknown*. Totals displayed in this report include *non-binary* and *unknown* students.

For additional information about the survey's development, design, and methodology, email Mary T Hoban, PhD, MCHES, (mhoban@acha.org), E. Victor Leino, PhD (vleino@acha.org), or visit www.acha-ncha.org.

This Executive Summary highlights results of the ACHA-NCHA II Fall 2017 survey for Rensselaer Polytechnic Institute consisting of 925 respondents. The overall response proportion was 20.6%.

Findings

A. General Health of College Students

■ 54.9 % of college students surveyed (61.3 % male and 50.0 % female) described their health as *very good or excellent*.

■ 83.7 % of college students surveyed (86.4 % male and 82.3 % female) described their health as *good, very good or excellent*.

Proportion of college students who reported being diagnosed or treated by a professional for any of the following health problems within the last 12 months:

Allergies:	15.9 %	Hepatitis B or C:	0.7 %
Asthma:	8.8 %	High blood pressure:	1.0 %
Back pain:	6.4 %	High cholesterol:	2.4 %
Broken bone/Fracture/Sprain:	6.0 %	HIV infection:	0.1 %
Bronchitis:	2.4 %	Irritable Bowel Syndrome:	2.2 %
Chlamydia:	1.0 %	Migraine headache:	5.6 %
Diabetes:	0.9 %	Mononucleosis:	1.5 %
Ear infection:	5.5 %	Pelvic Inflammatory Disease:	0.3 %
Endometriosis:	0.4 %	Repetitive stress injury:	1.9 %
Genital herpes:	0.4 %	Sinus infection:	11.0 %
Genital warts/HPV:	0.8 %	Strep throat:	6.8 %
Gonorrhea:	0.5 %	Tuberculosis:	0.3 %
		Urinary tract infection:	6.4 %

■ 45.3 % of college students (37.4 % male, 55.8 % female) reported being diagnosed or treated by a professional with one or more of the above conditions within the last 12 months.

Proportion of college students who reported any of the following:

Attention Deficit and Hyperactivity Disorder (ADHD)	8.0 %
Chronic illness (e.g., cancer, diabetes, auto-immune disorders)	4.3 %
Deafness/Hearing loss	1.2 %
Learning disability	3.8 %
Mobility/Dexterity disability	0.8 %
Partial sightedness/Blindness	2.4 %
Psychiatric condition	6.3 %
Speech or language disorder	1.6 %
Other disability	2.7 %

Findings continued

B. Disease and Injury Prevention

College students reported receiving the following vaccinations (shots):

- 70.7 % reported receiving vaccination against hepatitis B.
- 60.7 % reported receiving vaccination against Human Papillomavirus/HPV (cervical cancer vaccine).
- 50.6 % reported receiving vaccination against influenza (flu) in the last 12 months (shot or nasal mist).
- 78.6 % reported receiving vaccination against measles, mumps, rubella.
- 74.1 % reported receiving vaccination against meningococcal meningitis.
- 70.5 % reported receiving vaccination against varicella (chicken pox).

Other disease prevention practices reported by college students:

- 78.3 % reported having a dental exam and cleaning in the last 12 months.
- 35.1 % of males reported performing a testicular self exam in the last 30 days.
- 32.2 % of females reported performing a breast self exam in the last 30 days.
- 40.3 % of females reported having a routine gynecological exam in the last 12 months.
- 53.4 % reported using sunscreen regularly with sun exposure.
- 19.2 % reported ever being tested for Human Immunodeficiency Virus (HIV) infection.

College students reported the following behaviors within the last 12 months:

<i>Percent (%)</i>	<i>N/A, did not do this activity within the last 12 months</i>	<i>Never*</i>	<i>Rarely or sometimes*</i>	<i>Mostly or always*</i>
Wear a seatbelt when you rode in a car	0.2	0.2	2.4	97.4
Wear a helmet when you rode a bicycle	46.3	23.3	19.4	57.3
Wear a helmet when you rode a motorcycle	90.1	8.8	7.7	83.5
Wear a helmet when you were inline skating	85.1	36.5	18.2	45.3

* Students responding "N/A, did not do this activity within the last 12 months" were excluded.

C. Academic Impacts

Within the last 12 months, students reported the following factors affecting their individual academic performance, defined as: received a lower grade on an exam, or an important project; received a lower grade in the course; received an incomplete or dropped the course; or experienced a significant disruption in thesis, dissertation, research, or practicum work; (listed alphabetically):

Alcohol use:	2.4 %	Gambling:	0.2 %
Allergies:	1.7 %	Homesickness:	4.5 %
Anxiety:	26.1 %	Injury:	2.1 %
Assault (physical):	0.5 %	Internet use/computer games:	14.6 %
Assault (sexual):	1.1 %	Learning disability:	3.1 %
Attention Deficit/Hyperactivity Disorder:	5.7 %	Participation in extracurricular activities:	12.1 %
Cold/Flu/Sore throat:	12.9 %	Pregnancy (yours or partner's):	0.3 %
Concern for a troubled friend or family member:	8.1 %	Relationship difficulties:	9.0 %
Chronic health problem or serious illness:	3.5 %	Roommate difficulties:	5.2 %
Chronic pain:	2.6 %	Sexually transmitted disease/infection (STD/I):	0.4 %
Death of a friend or family member:	3.8 %	Sinus infection/Ear infection/Bronchitis/Strep throat:	2.8 %
Depression:	18.3 %	Sleep difficulties:	22.9 %
Discrimination:	2.0 %	Stress:	32.5 %
Drug use:	1.5 %	Work:	7.2 %
Eating disorder/problem:	1.1 %	Other:	2.8 %
Finances:	3.6 %		

D. Violence, Abusive Relationships and Personal Safety

Within the last 12 months, college students reported experiencing:

	Percent (%)	Male	Female	Total
A physical fight		7.0	2.4	5.2
A physical assault (not sexual assault)		2.6	2.7	2.6
A verbal threat		18.3	16.4	18.1
Sexual touching without their consent		4.0	13.5	8.5
Sexual penetration attempt without their consent		1.4	5.4	3.3
Sexual penetration without their consent		0.8	3.2	2.0
Stalking		2.0	11.1	6.0
An emotionally abusive intimate relationship		5.2	9.2	7.0
A physically abusive intimate relationship		1.0	1.3	1.1
A sexually abusive intimate relationship		0.8	4.6	2.3

Findings continued

College students reported feeling *very safe* :

	Percent (%)	Male	Female	Total
On their campus (daytime)		92.4	87.0	89.6
On their campus (nighttime)		55.3	24.6	42.0
In the community surrounding their school (daytime)		40.4	24.8	33.5
In the community surrounding their school (nighttime)		13.7	3.8	9.8

E. Tobacco, Alcohol and Marijuana Use

Reported use versus perceived use - reported use for all students within the past 30 days compared with how often students perceived the typical student on campus used substances within the same time period. The last line of each table combines all categories of any use in the last 30 days.

Cigarette

	Percent (%)	Actual Use			Perceived Use		
		Male	Female	Total	Male	Female	Total
Never used		82.5	89.7	85.6	26.3	20.4	23.4
Used, but not in the last 30 days		9.5	5.9	8.1	16.0	20.4	18.1
Used 1-9 days		6.0	2.7	4.6	44.7	42.5	44.1
Used 10-29 days		1.0	0.5	0.8	9.6	11.7	10.2
Used all 30 days		1.0	1.1	1.0	3.4	4.9	4.3
<i>Any use within the last 30 days</i>		8.0	4.3	6.3	57.7	59.1	58.5

E-Cigarette

	Percent (%)	Actual Use			Perceived Use		
		Male	Female	Total	Male	Female	Total
Never used		83.3	91.1	86.8	22.8	19.4	21.4
Used, but not in the last 30 days		8.8	3.8	6.6	13.3	15.3	14.3
Used 1-9 days		4.8	3.8	4.1	46.4	44.0	45.6
Used 10-29 days		1.2	0.5	1.0	13.7	15.0	13.8
Used all 30 days		2.0	0.8	1.5	3.8	6.3	4.8
<i>Any use within the last 30 days</i>		8.0	5.1	6.6	63.9	65.3	64.3

Tobacco from a water pipe (hookah)

	Percent (%)	Actual Use			Perceived Use		
		Male	Female	Total	Male	Female	Total
Never used		85.1	87.6	86.4	37.1	26.8	33.1
Used, but not in the last 30 days		10.2	8.6	9.3	18.2	24.0	21.1
Used 1-9 days		4.0	3.8	3.8	39.1	39.9	38.8
Used 10-29 days		0.4	0.0	0.2	5.0	7.7	6.0
Used all 30 days		0.4	0.0	0.2	0.6	1.6	1.0
<i>Any use within the last 30 days</i>		4.8	3.8	4.2	44.7	49.2	45.8

Findings continued

Alcohol

	Percent (%)	Actual Use			Perceived Use		
		Male	Female	Total	Male	Female	Total
Never used		24.4	28.2	26.1	3.8	3.0	3.6
Used, but not in the last 30 days		16.4	13.0	14.9	3.2	1.1	2.4
Used 1-9 days		46.9	50.1	48.2	60.0	50.3	56.0
Used 10-29 days		11.8	8.4	10.4	28.2	39.1	32.5
Used all 30 days		0.6	0.3	0.4	4.8	6.6	5.6
<i>Any use within the last 30 days</i>		59.3	58.8	59.1	93.0	95.9	94.0

Marijuana

	Percent (%)	Actual Use			Perceived Use		
		Male	Female	Total	Male	Female	Total
Never used		65.0	68.9	66.5	9.8	8.2	9.2
Used, but not in the last 30 days		18.6	17.6	18.2	10.4	4.9	8.2
Used 1-9 days		11.0	11.1	11.1	58.1	54.9	56.8
Used 10-29 days		4.0	1.9	3.3	17.6	27.6	21.8
Used all 30 days		1.4	0.5	1.0	4.0	4.4	4.0
<i>Any use within the last 30 days</i>		16.4	13.5	15.3	79.8	86.9	82.6

Drinking and Driving

- 0.8 % of college students reported driving after having *5 or more drinks* in the last 30 days.*
 - 12.4 % of college students reported driving after having *any alcohol* in the last 30 days.*
- *Students responding "N/A, don't drive" and "N/A don't drink" were excluded from this analysis.

Estimated Blood Alcohol Concentration (or eBAC) of college students reporting 1 or more drinks the last time they "partied" or socialized. **Students reporting 0 drinks were excluded from the analysis.** Due to the improbability of a student surviving a drinking episode resulting in an extremely high eBAC, all students with an eBAC of 0.50 or higher are also omitted from these eBAC figures. eBAC is an estimated figure based on the reported number of drinks consumed during the last time they "partied" or socialized, their approximate time of consumption, sex, weight, and the average rate of ethanol metabolism.

Estimated BAC	Percent (%)	Male	Female	Total
< .08		65.2	62.9	64.2
< .10		74.1	69.4	72.1
Mean		0.07	0.08	0.07
Median		0.05	0.05	0.05
Std Dev		0.06	0.08	0.07

Findings continued

Reported number of drinks consumed the last time students "partied" or socialized. Only students reporting one or more drinks were included.

Number of drinks*	Percent (%)	Male	Female	Total
4 or fewer		45.2	64.1	54.1
5		10.8	10.3	10.1
6		12.4	10.3	11.9
7 or more		31.6	15.4	23.9
Mean		5.54	4.23	4.93
Median		5.00	4.00	4.00
Std Dev		3.61	2.86	3.33

* Students reporting 0 drinks were excluded.

Reported number of times college students consumed five or more drinks in a sitting within the last two weeks:

	Percent (%)	Male	Female	Total
N/A don't drink		32.5	31.4	32.0
None		32.1	42.2	37.1
1-2 times		24.4	19.7	22.0
3-5 times		9.2	6.8	7.8
6 or more times		1.8	0.0	1.0

Percent of college students who reported using prescription drugs that were not prescribed to them within the last 12 months:

	Percent (%)	Male	Female	Total
Antidepressants		1.4	1.1	1.3
Erectile dysfunction drugs		1.0	0.3	0.7
Pain killers		2.2	1.6	2.0
Sedatives		2.4	1.9	2.2
Stimulants		5.8	2.7	4.2
Used 1 or more of the above		7.4	4.9	6.2

Findings continued

College students reported doing the following *most of the time* or *always* when they "partied" or socialized during the last 12 months:*

	Percent (%)	Male	Female	Total
Alternate non-alcoholic with alcoholic beverages		34.4	40.1	38.2
Avoid drinking games		32.2	38.7	36.1
Choose not to drink alcohol		17.7	26.6	22.2
Determine in advance not to exceed a set number of drinks		31.5	44.7	37.4
Eat before and/or during drinking		77.2	87.2	81.1
Have a friend let you know when you have had enough		28.7	45.4	36.1
Keep track of how many drinks being consumed		68.9	71.8	70.4
Pace drinks to one or fewer an hour		23.1	31.1	27.7
Stay with the same group of friends the entire time drinking		83.2	88.5	85.1
Stick with only one kind of alcohol when drinking		36.0	45.4	40.5
Use a designated driver		86.6	89.4	87.6
Reported one or more of the above		97.5	99.3	98.2

*Students responding "N/A, don't drink" were excluded from this analysis.

College students who drank alcohol reported experiencing the following in the last 12 months when drinking alcohol:*

	Percent (%)	Male	Female	Total
Did something you later regretted		33.4	26.6	30.1
Forgot where you were or what you did		30.4	23.0	26.7
Got in trouble with the police		1.5	0.0	0.8
Someone had sex with me without my consent		1.5	2.0	1.9
I had sex with someone without their consent		0.3	0.4	0.3
I had unprotected sex		16.0	15.0	14.7
Physically injured yourself		15.4	13.4	14.4
Physically injured another person		1.2	1.6	1.3
Seriously considered suicide		4.5	4.8	4.5
Reported one or more of the above		49.3	43.9	46.6

*Students responding "N/A, don't drink" were excluded from this analysis.

Findings continued

F. Sexual Behavior

College students reported having the following number of sexual partners (oral sex, vaginal or anal intercourse) within the last 12 months:

	<i>Percent (%)</i>	Male	Female	Total
None		45.5	31.9	39.6
1		32.3	44.0	37.0
2		9.1	8.5	9.2
3		3.9	5.5	4.6
4 or more		9.1	10.2	9.6

Number of partners among students reporting to have at least one sexual partner within the last 12 months:*

	Male	Female	Total
Mean	2.57	2.04	2.31
Median	1.00	1.00	1.00
Std Dev	4.12	2.02	3.24

*Students reporting 0 sexual partners within the last 12 months were excluded.

College students reported having oral, vaginal or anal sex in the last 30 days:

Oral sex within the past 30 days

	<i>Percent (%)</i>	Male	Female	Total
No, have never done this sexual activity		41.4	30.9	36.7
No, have done this sexual activity but not in the last 30 days		24.0	22.8	23.4
Yes		34.6	46.3	39.9

Vaginal sex within the past 30 days

	<i>Percent (%)</i>	Male	Female	Total
No, have never done this sexual activity		48.7	34.4	42.7
No, have done this sexual activity but not in the last 30 days		18.2	17.3	17.7
Yes		33.1	48.2	39.6

Anal sex within the past 30 days

	<i>Percent (%)</i>	Male	Female	Total
No, have never done this sexual activity		78.7	80.4	78.5
No, have done this sexual activity but not in the last 30 days		16.9	15.5	17.0
Yes		4.4	4.1	4.5

Findings continued

Using a condom or other protective barrier within the last 30 days (*mostly or always*):

	Percent (%)	Male	Female	Total
Sexually active students reported*				
Oral sex		3.6	4.9	4.4
Vaginal intercourse		58.4	59.6	58.4
Anal intercourse		36.7	37.0	40.2

*Students responding "Never did this sexual activity" or "Have not done this during the last thirty days" were excluded from the analysis.

Contraceptive use reported by students or their partner the last time they had vaginal intercourse:

	Percent (%)	Male	Female	Total
Yes, used a method of contraception		45.6	59.2	50.9
Not applicable/Didn't use a method/Don't know		54.4	40.8	49.1

If YES to contraceptive use the last time student had vaginal intercourse, reported means of birth control used among college students or their partner to prevent pregnancy:

	Percent (%)	Male	Female	Total
Birth control pills (monthly or extended cycle)		56.4	55.3	55.3
Birth control shots		1.8	0.5	1.1
Birth control implants		8.4	4.2	6.9
Birth control patch		1.8	1.4	1.5
Vaginal ring		5.3	3.7	4.3
Intrauterine device		12.8	8.3	12.0
Male condom		78.4	71.4	74.2
Female condom		1.3	0.9	1.1
Diaphragm or cervical cap		0.4	0.0	0.2
Contraceptive sponge		0.4	0.5	0.4
Spermicide (foam, jelly, cream)		6.6	2.3	4.3
Fertility awareness (calendar, mucous, basal body temperature)		8.8	12.4	11.0
Withdrawal		25.6	31.3	27.7
Sterilization (hysterectomy, tubes tied, vasectomy)		1.3	0.0	0.6
Other method		3.1	1.4	2.6
Male condom use plus another method				
		62.6	53.9	57.8
Any two or more methods (excluding male condoms)				
		33.0	33.2	33.7

- 12.6 % of sexually active college students reported using (or reported their partner used) emergency contraception ("morning after pill") within the last 12 months. (male: 13.7 %; female: 11.5 %).*

*Students responding "Not sexually active" were excluded from the analysis.

- 0.6 % of college students who had vaginal intercourse within the last 12 months reported experiencing an unintentional pregnancy or got someone pregnant within the last 12 months. (male: 1.2 %; female: 0.0 %).**

**Students responding "Have not had vaginal intercourse within the last 12 months" were excluded from the analysis.

Findings continued

G. Nutrition and Exercise

College students reported usually eating the following number of servings of fruits and vegetables per day:

	<i>Percent (%)</i>	Male	Female	Total
0 servings per day		10.2	8.6	9.7
1-2 per day		65.1	66.8	65.5
3-4 per day		22.1	20.8	21.5
5 or more per day		2.6	3.8	3.4

College students reported the following behaviors within the past 7 days:

Do moderate-intensity cardio or aerobic exercise for at least 30 minutes:

	<i>Percent (%)</i>	Male	Female	Total
0 days		28.3	21.4	25.2
1-4 days		50.4	59.1	54.3
5-7 days		21.3	19.5	20.4

Do vigorous-intensity cardio or aerobic exercise for at least 20 minutes:

	<i>Percent (%)</i>	Male	Female	Total
0 days		39.7	49.5	44.9
1-2 days		32.3	27.6	30.2
3-7 days		28.1	23.0	24.9

Physical Activity and Public Health: Updated Recommendations for Adults. From the American College of Sports Medicine and the American Heart Association (2007): Moderate-intensity cardio or aerobic exercise for at least 30 minutes on 5 or more days per week, or vigorous-intensity cardio or aerobic exercise for at least 20 minutes on 3 or more days per week.

Students meeting the Recommendations for moderate-intensity exercise, vigorous-intensity exercise, or a combination of the two (2 moderate-intensity exercise periods = 1 vigorous-intensity exercise period).

	<i>Percent (%)</i>	Male	Female	Total
Guidelines met		48.1	42.4	44.7

Findings continued

Estimated average Body Mass Index (BMI): This figure incorporates reported height, and weight to form a general indicator of physical health. Categories defined by The World Health Organization (WHO) 2000, reprinted 2004. Obesity: Preventing and Managing the Global Epidemic. WHO Tech Report Series: 894.

BMI	Percent (%)	Male	Female	Total
<18.5 Underweight		4.2	4.1	4.2
18.5-24.9 Healthy Weight		65.9	66.9	65.8
25-29.9 Overweight		24.0	20.7	22.5
30-34.9 Class I Obesity		4.8	5.8	5.8
35-39.9 Class II Obesity		0.8	1.4	1.1
≥40 Class III Obesity		0.2	1.1	0.6
Mean		23.58	23.77	23.72
Median		23.06	22.69	22.96
Std Dev		4.15	4.61	4.40

H. Mental Health

Students reported experiencing the following within the last 12 months:

Felt things were hopeless

	Percent (%)	Male	Female	Total
No, never		39.3	25.9	32.5
No, not last 12 months		13.8	13.9	13.7
Yes, last 2 weeks		22.2	30.0	26.1
Yes, last 30 days		8.8	10.6	9.8
Yes, in last 12 months		16.0	19.6	17.9
<i>Any time within the last 12 months</i>		46.9	60.2	53.8

Felt overwhelmed by all you had to do

	Percent (%)	Male	Female	Total
No, never		16.5	5.1	11.5
No, not last 12 months		6.6	2.7	4.9
Yes, last 2 weeks		44.4	62.1	52.7
Yes, last 30 days		16.5	17.1	16.4
Yes, in last 12 months		15.9	13.0	14.5
<i>Any time within the last 12 months</i>		76.9	92.1	83.6

Felt exhausted (not from physical activity)

	Percent (%)	Male	Female	Total
No, never		18.3	6.8	13.3
No, not last 12 months		6.2	3.5	4.9
Yes, last 2 weeks		45.9	62.1	53.5
Yes, last 30 days		16.9	15.4	16.1
Yes, in last 12 months		12.7	12.2	12.3
<i>Any time within the last 12 months</i>		75.5	89.7	81.8

Felt very lonely

	Percent (%)	Male	Female	Total
No, never		25.4	15.2	20.5

**Summary of Active Greek Judicial Cases
Fall 2015-Present**

Updated - November 15, 2018

Active Cases = Cases currently under review in the judicial process

Adjudicated Cases = Cases have reached final conclusion - Chapter has Active Sanction

Summary of Below Information:

Since Fall 2015 there have been:

- 22 cases involving 19 Greek Organizations - currently 8 with active sanctions

Note: a case may involve multiple incidents

Note: this is not a summary of All Greek Judicial cases... just those in process or those in which the organization was found responsible

- 91% of these cases have a alcohol violation component

- 18% of these cases have an other drug violation component

- 27% of these cases have a hazing violation component

Note some cases may have multiple violations thus the percentages above will not equal 100%

- 9 cases resulted in an initial sanction of disciplinary suspension - More than half of the adjudicated cases from 2015 to present (56%) result in suspension.

- 4 organizations are currently suspended (1 with right to re-apply for recognition at the end of this semester)

- 5 organizations were placed on an emergency suspension in the past year

- 5 cases resulted in an initial sanction of disciplinary probation- Only 31% of the cases from 2015 to present result in immediate probation.

- 4 organizations currently on disciplinary probation

Active Cases

Organization	Case #	Incident Date	Incident Summary	Charge(s)	Finding(s)	Sanction(s)	Status of Case	Relevant Notes	Anticipated Time Line	Hearing Officer

Event Management Program - due by March 2019	Final Decision Accepted	Active - Disciplinary Probation through May 2019
Theta Chi	2017032604	10/28/2017	Hosted party where underage drinking occurred / one student transported to hospital for intoxication.	Alcohol Policy Violation	Responsible	1. Updated Suspension through March 2019 2. Disciplinary Probation through May 2021 3. Live in Chapter Adviser 4. Alcohol Educational Program - due upon re-recognition	President's Final Decision Concluded.	Suspended

**Summary of Active Greek Judicial Cases
Fall 2015-Present**

Updated by Mike Arno - June 8, 2018

Active Cases = Cases currently under review in the judicial process

Adjudicated Cases = Cases which have concluded, a final decision has been reached and sanctions applied

Summary of Below Information:

Since Fall 2015 there have been:

- 15 cases involving 13 Greek Organizations - with active sanctions

Note: a case may involve multiple incidents

Note: this is not a summary of ALL Greek Judicial cases... just active cases (active meaning in process, or active sanction)

- 86% of active cases have a alcohol violation component

- 27% of active cases have an other drug violation component

- 27% of active cases have a hazing violation component

Note some cases may have multiple violations thus the percentages above will not equal 100%

- 9 organizations issued an initial sanction of suspension - More than half of the active cases (60%) result in suspension.

- 5 organizations currently suspended (1 with right to appeal)

- 2 organizations were placed on an emergency suspension this year

- 13 organizations issued an initial sanction of disciplinary probation

Active Cases

Organization	Incident Date	Incident Summary	Sanction(s)	Status of Case	Organization Status
Sigma Chi	Multiple incidents 2016-17; 9/23/17	Reports of drug use, underage alcohol consumption / service, and hazing	N/A	Under Investigation	Social Privileges Suspended Pending Final Outcome
Theta Chi	10/28/2017	Underage alcohol service.	1. Suspension through May 2019 2. Disciplinary Probation through May 2021 3. Live in Chapter Adviser 4. Alcohol Educational Program – due upon re-recognition	Appeal submitted to President	Social Privileges Suspended Pending Final Outcome
Pi Lambda Phi	5/4/2018	Kegs on premis	Inquiry stage of judicial process	Inquiry	Social Privileges Suspended Pending Final Outcome

Alcohol Policy Violations

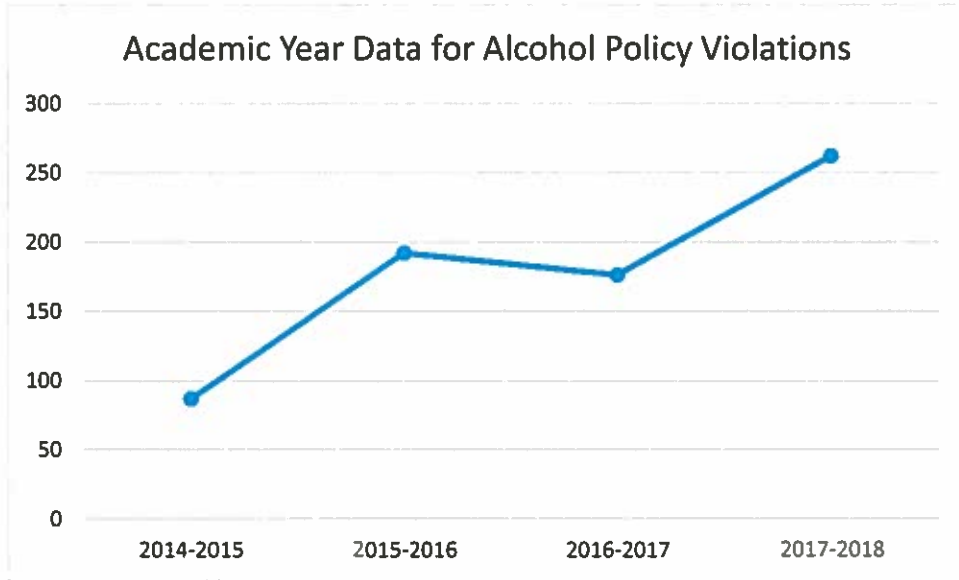

Academic Year Results

Data compiled on October 18, 2018, via Maxient Database.

Academic Year is defined as July 1st to June 30th.

Data points are students, not incidents.

All Alcohol Policy Violations were analyzed regardless of outcome.

Academic Year	Number of Alcohol Policy Violations ^a	Total Unduplicated UG Student Head Count Each Academic Year	Number of Alcohol Violations per Student ^b
2014-2015	87	5634	1.5%
2015-2016	192	5900	3.3%
2016-2017	176	6272	2.8%
2017-2018	262	6407	4.1%

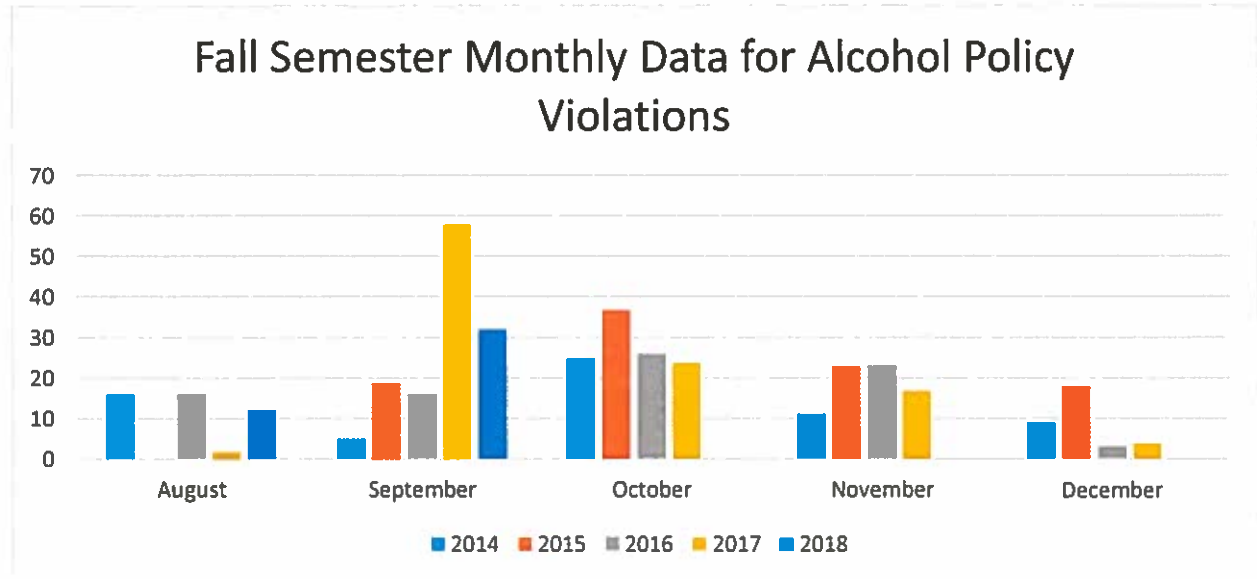

^aData are reported as undergraduate students (UG), not incidents.

^bData are normalized per total unduplicated UG student head count during each academic year.

Guest Panel: University Leaders

Friday, November 9th (4:00 – 6:00pm) – CBIS Auditorium

- Dr. Suzy Nelson, Vice President and Dean of Students, MIT
- Kara Miller McCarthy, Robert G. Engel Director of Sorority & Fraternity Life, Cornell University
- Steve Klass, Vice President, Campus Life, Williams College
- Le Norman Strong, Interim Vice President, Student Life, Rensselaer Polytechnic Institute (and others)

Guest Panel: Inter/national Greek Organizations

Sunday, November 11th (8:30 – 10:00am) – CBIS Auditorium

- Dr. Jamie Riley, Alpha Phi Alpha
- Rob Riggs '02, Phi Kappa Theta
- Michael Carey, Delta Tau Delta
- Bill Farkas, Lambda Chi Alpha Fraternity
- Mandi Wise Evans, Delta Zeta Sorority
- Troy Bartels, Alpha Phi
- William Foran, North American Interfraternity Conference
- Ashley Canty, North American Interfraternity Conference
- Frances Mitchelson, National Panhellenic Conference

Rensselaer

2018 Greek Life Forum

Overview

In June, 2018, President Jackson announced the formation of The Greek Life Task Force to assess and strengthen the Rensselaer Greek Life System and to work with the community to identify what is needed to enact a long-term, sustainable and comprehensive culture change to preserve the positive aspects of the Greek system at RPI.

As part of this initiative, RPI held its first community event, **The 2018 Greek Life Forum**, a two-day interactive program, on Monday, August 27th from 7:30am-3:00pm and Tuesday, August 28th from 7:30am-2:00pm at the Hilton Garden Inn, Troy, NY.

This was the first opportunity for the community to come together to examine the challenges and vulnerabilities identified in President Jackson's June 8th Communication and to commit to improving Rensselaer's Greek culture and experience.

Each organization was asked to send at least two Executive Board members and the Chapter President to this program. Additionally, at least one advisor representative from each organization was invited to attend, as well as one member of the headquarters staff. All IFC and Panhellenic Officers were asked to be in attendance as well.

As the forum convened, alumni, students, administrators, faculty, staff, and inter/national fraternity headquarters staff joined together

- to discuss the Greek experience;
- to better understand the positive aspects, the challenges, and the vulnerabilities of the current system; and
- to develop a better understanding of the need for change in order to strengthen and improve this significant pillar of student experience.

Accomplishments & Key Points

Day One began with an address from Vice President for Student Life LeNorman Strong, who noted the importance of Greek Life to Rensselaer's tradition and history and emphasized the university's commitment to its preservation. Vice President Strong then introduced President Shirley Ann Jackson.

President Jackson spoke of the value of her own Greek Life experience. As an undergraduate, President Jackson served for two years as president of Delta Sigma Theta Sorority, Inc., and came to appreciate the deep support, sense of purpose and camaraderie Greek Life can offer. She stressed her dedication to the continuation of Greek Life at Rensselaer, her commitment to developing a sustainable model for Greek Life at the same time she called on the community to address its urgent problems and come together for the benefit of the whole community.

Following President Jackson's address, Assistant Vice President and Dean of Students Travis Apgar explained the agenda for the specific Task Force committees and illustrated the need for the Greek Life Task Force; he challenged the Greek Community to use this time to come

Rensselaer

together to improve, strengthen, and critically assess Chapter and community functions and operations.

Dean Apgar specifically noted the issues that prompted the formation of this Task Force. In the past three years, 43% of the fraternity system has been involved in a serious violation of *Rensselaer Students' Rights and Responsibilities*.

- In 2017-18, of 35 Greek organizations, five were suspended because of alcohol, drug or hazing issues, or issues of sexual misconduct.
- Greek residences have multiple housing safety deficiencies that pose a health hazard to residents.
- According to the student self-reported study, members of the Greek Community report that they use and abuse alcohol or drugs at a rate 3 times greater than that of non-affiliated students.
- While the Greek community makes up 23% of the undergraduate population, they are responsible for half of all Title IX sexual misconduct cases on campus.

At the same time, Dean Apgar observed, Greek Life offers unmatched opportunities for leadership, networking, community service and social support. That is why it is so critical that we find ways to fix these problems.

Following these presentations, CAMPUSPEAK facilitators David Stollman and Suzette Walden Cole, independent higher education consultants who facilitate large group meetings, opened the discussions. Talks were wide-ranging, and each part of the community was given the opportunity have their voice heard. It was agreed that alumni have an important role to play in guiding their organizations.

Large group and small group sessions, how it took attendees through an intentional conversation and led them to a culmination at the end of day 2.

Participants were split into smaller facilitation groups led by Rensselaer staff from of the Division of Student Life. Throughout the day participants worked on assessing their Chapter's general operations and learning about issues, problems, methods to address them, and opportunities to innovate to create positive change.

Day Two began by addressing topics that the Greek Community is currently facing; Title IX violations in the nature of sexual assault, sexual violence, and sexual harassment; alcohol and drug use, and mental health issues. Participants were able to have frank conversations with each other to discuss how their chapters are addressing these topics and identify areas in need of improvement.

Following the large group topic, participants were called on to address three specific areas where their chapter could start, stop, or continue programs and operations to improve their Greek experience. The smaller group facilitation was led by staff members from the Division of Student Life. Each individual added to the program by sharing their talents as educators in encouraging the participants to think differently about the Greek experience.

Rensselaer

Students, alumni, and headquarters staff, divided into small groups, were given time to discuss specific issues faced by their organization, and how those issues may influence the larger community. These small sessions allowed participants to dive more deeply into their experience, and to create a plan to specifically address change among their membership. Chapters were then able to create SMART goals around their topic areas.

Finally, participants were able to directly address members of the Greek Life Task Force to voice their concerns, offer suggestions, and highlight positive attributes within Greek Life at Rensselaer.

The participants in the Greek Life Forum were thus able to:

- Better understand the challenges, vulnerabilities of the system and their chapters
- Accept the need to address issues such as alcohol and drug abuse, sexual misconduct, facilities deficiencies, financial challenges, which may not be unique to Greek life, but is overrepresented and on a rapid escalation.
- Prioritize activities to bring organization practices in line with best practices.
- Understand the cycle of change, recognize that change can present unforeseen opportunities, and identify those opportunities for growth.
- Assess current operations through the lens of opportunities for innovation.

Outcomes:

Open Lines of Communication

This was an opportunity for all participants to meet, get to know one another, develop a better understanding of each other's perspectives, and to have a full and frank airing of the issues that each perceives as challenges for the continued sustainability of the current Greek Life system.

Providing a Voice in the Process

All participants were introduced to the members of the Greek Life Task Force and provided contact information to ensure that that they can give feedback on issues or topics they would like to see reviewed.

Arriving at a Better Understanding of the Issues

The discussion helped all participants see more clearly the urgent problems within the Greek Life community: problems of falling membership, issues of legal jeopardy, a high rate of sexual misconduct, problems with health and safety violations, and how current conditions present a clear and present risk to Greek Life members and the Rensselaer community as a whole.

Deliverables to Move the Process Forward

By the second day of frank discussion, each organization had undertaken to identify three clear goals that could help them improve their membership experience. Each chapter agreed that within one week they will provide written descriptions of their three goals to their staff liaison in the Office of Greek Life Commons (OGLC). The OGLC staff liaison has agreed to serve as an advocate and resource to assist each organization in meeting these expectations. In addition, each chapter will have regular meetings with the OGLC staff throughout the academic year, to make sure all voices are heard and to allow for a regular review of progress.

Campus Buildings Named for Rensselaer Greeks

Barton Hall – Cornelius James Barton (Delta Phi)

Caldwell Dormitory (Quad) – John Christie Caldwell (Delta Phi)

All six Church Dorms in the Quad (Church I – Church VI) – Townsend Vail Church (Delta Phi)

Darrin Communications Center – David M. Darrin (Theta Xi)

Darrin Freshwater Institute – David M. Darrin (Theta Xi)

Hall Hall – James Hall (Theta Xi)

Hearne Dormitory (E-Dorms) – Frank James Hearne (Delta Phi)

Heffner Alumni House – Samuel F. Heffner (Delta Kappa Epsilon)

Houston Field House – Livingston Waddell Houston (Delta Phi)

Jonsson Engineering Center – J. Erik Jonsson (Alpha Tau Omega)

Jonsson-Rowland Science Center – J. Erik Jonsson (Alpha Tau Omega)

George M. Low Center for Industrial Innovation – George Michael Low (Delta Phi)

Nason Hall – Henry Bradford Nason (Delta Phi)

Ricketts Building – Palmer Ricketts (Theta Xi)

Tillinghast Gate (the gate between the '87 Gym and Ricketts Building) – Theodore Voorhees Tillinghast and Charles Whitney Tillinghast (Delta Phi)

Waite Dormitory (E-Dorms) – Christopher Champlain Waite (Theta Xi)

Walker Laboratory – William Weightman Walker (Delta Phi)

Mason Hall (no longer standing) – William Pitt Mason (Delta Phi)

Proudfit Laboratory (no longer standing) – Williams Proudfit (Delta Phi)

Rensselaer Greek Alumni Who Became Rensselaer Presidents:

Palmer C. Ricketts (Theta Xi), Livingston W. Houston (Delta Phi), George M. Low (Delta Phi), Cornelius J. Barton (Delta Phi)

Rensselaer Greek Chapters' Values

- **Acacia** - Scholarship, Leadership, Brotherhood, Philanthropy
- **Alpha Chi Rho** - Membership from among those who are prepared to realize in word and deed, the Brotherhood of all men. The insistence on a high and clean moral standard. The paramount duty of Brotherly love among members. Judgment not by externals, but by intrinsic worth; no one is denied membership in Alpha Chi Rho because of race, creed or nationality.
- **Alpha Epsilon Pi**- Develop the future leaders of the world's Jewish communities
- **Alpha Gamma Delta**- Academic excellence, philanthropic giving, ongoing leadership and personal development and above all, a spirit of loving sisterhood.
- **Alpha Omega Epsilon** - Leadership, Individuality, Professionalism, Volunteers, Responsibility, Friendship
- **Alpha Phi** - Sisterhood, Scholarship, Service, Leadership, Loyalty and Character Development.
- **Alpha Phi Alpha Fraternity, Inc.** develops leaders, promotes brotherhood and academic excellence, while providing service and advocacy for our communities.
- **Alpha Sigma Phi**- Silence, Charity, Purity, Honor, and Patriotism.
- **Chi Phi** - Truth, Honor, and Personal Integrity
- **Delta Kappa Epsilon** - Intellectual Excellence, Friendship, Citizenship, and Self-respect
- **Delta Phi**- Friendship, Morality, Literature, and Leadership
- **Delta Tau Delta** - Truth, Courage, Faith and Power
- **Lambda Chi Alpha** - Loyalty, Duty, Respect, Service & Stewardship, Honor, Integrity, Personal Courage
- **Phi Gamma Delta**- friendship, knowledge, service, morality, and excellence
- **Phi Iota Alpha Fraternity, Inc.**-Phi Iota Alpha Fraternity is a brotherhood dedicated to the promotion and preservation of Latin American Culture.
- **Phi Kappa Theta**- actively develops men to be effective leaders who passionately serve society, Fraternity and God.
- **Phi Mu Delta**- Brotherhood, Service, and Democracy
- **Phi Sigma Kappa**- Brotherhood, Scholarship and Character
- **Pi Beta Phi**- Integrity, Lifelong Commitment, Honor and Respect, Personal and Intellectual Growth, Philanthropic Service to Others, Sincere Friendship.
Pi Delta Psi- academic achievement, cultural awareness, righteous, and friendship and loyalty while fostering ethical behavior, leadership, and philanthropy.
Pi Kappa Phi- Better yourself every single day, common loyalty, Person responsibility, achievement accountability, campus involvement, responsible citizenship and lifelong commitment
Pi Lambda Phi- Scholarship, Character, Leadership, Commitment, Finance, and Equality
- **Psi Upsilon** - Lifelong Friendships, Moral Leadership, Intellectual Engagement, Responsible Social Conduct, Service to Society
- **Sigma Alpha Epsilon**- Trust, Integrity, Loyalty, Honor and Inclusivity
- **Sigma Chi**- friendship, justice and learning
- **Sigma Delta** - Multicultural Latin-based sorority with the purpose of promoting our five pillars: sisterhood, academics, community service, professionalism and multiculturalism.
- **Sigma Phi Epsilon** - Virtue, Diligence, and Brotherly Love
- **Tau Epsilon Phi** - Friendship, Chivalry, Service
- **Theta Xi** - Theta Xi develops an inclusive brotherhood to fulfill a lifelong journey committed to leadership and service.
- **Zeta Psi**- development of leadership, character and intellect and to the service of their brothers, their communities and mankind

Additional Detail for Advisory Roles

Live-in advisors should, through training and opportunities, work to build a cohort of positions resulting in a support network.

1. In addition to the above advisory roles, we recommend that a working group be formed comprising of AIGC, IFC and Panhellenic members, and that it be tasked with identifying a list of “Affiliation-agnostic Greek Champions”. These local individuals are characterized by a desire to actively serve the needs of the Greek community at Rensselaer, especially of chapters that are looking for help in key areas. Such a list of should also include non-Greek individuals who are open to serving the students in unconventional roles such as that of a life-coach. (Note: Some of our existing chapters already have a network of such engaged volunteers; this recommendation builds on their healthy practice).
2. It is also our recommendation that the aforementioned individuals be provided with training needed to mitigate high-risk behaviors that we are trying to prevent. We should ensure some systematic peer-to-peer interactions of these individuals on campus to discuss the health of their chapters at least once a semester. This will empower them by having a support network in which to share issues and concerns.

In collaboration with the chapters, the Student Living and Learning Office along with the Associate Dean for Greek Life, should work closely to recruit and select Greek Live-in Advisors (GLAs) (like RAs/RDs) that would meet the same criteria as a general RA/RD. The GLAs would have the same job responsibilities as the RA/RD which would include the following:

- Goals/responsibilities
- Qualifications
- Selection process
- Benefits
- Continuous performance assessment
- Training
- Programming

Option 1: Live-in advisors should preferably a more senior members of the Greek organization who are supported by the Institute through training and opportunities to build a cohort of positions resulting in a support network.

Option 2: Live-in advisors can also be professional (student life, coaches, junior faculty) who are hired to serve in a dual role.

[Click here for more information on individual chapter's accountability action](#)

Notes:

- Total members reported to Center for Student Involvement & Leadership.
- For University demographic information, visit [link here](#).
- University, National Greek Organization, and/or legal pending investigations regarding hazing within the chapter.
- Chapters are in compliance if the Chapter Performance Score (CPS) is at or below the 1.75% average all men's undergraduate arrests and citations on the University of Iowa campus. CPS is the chapter's modified arrest and citation rate minus the University of Iowa's all-men's arrest and citation rate.
- Alcohol-free events are events or activities, co-hosted, co-sponsored with another organization. All chapters must participate in at least one event without alcohol that is help with a student organization other than an IFC fraternity; all chapters must participate in and register two non-alcoholic socials per semester - these events must be University of Iowa Undergraduate Grade Point Average for Spring 2018 semester is 3.051.
- If the number of people included in either chapter GPA or New Member GPA is equal to or less than 5 members, we do not include it, as the number may not provide anonymity for members in this organization.
- Chapters are expected to donate the equivalent of four hours per member, per semester, of community service to an all-Greek community service event, or to an exterior organization, or create a chapter service event with a minimum of 75% of chapter members in attendance.
- The reporting period for Total Chapter Donation to Philanthropy is January 1, 2018 - May 4th, 2018.
- Combination of philanthropy and Dance Marathon money raised.
- Fraternity and Sorority members are required to attend educational programs on social responsibility, mental health, diversity/inclusion, and leadership development throughout the semester. Two chapter-based programs and two community-wide programs are required of each chapter per semester.
- Number of Hawkeye Leadership Awards earned by a chapter as a whole, or a chapter member. The Hawkeye Leadership Awards recognizes outstanding students, advisers, and organization for their work and efforts over the past year. This is not a semester score.
- 10% of each IFC Chapter at the University of Iowa is required to be Red Watch Band Trained. Students who are Red Watch Band Trained receive CPR and alcohol bystander training, and will be better able to link the impact that an alcohol overdose has on the body.
- Accountability for University of Iowa Fraternity & Sorority Life council policy violations, as well as University of Iowa Office of Student Conduct actions. This column will link to a website with policy violations hosted on the Student Conduct site.
