Industrial & Construction

- Order online at atlanticfasteners.com. Just enter catalog part numbers in the Search box
- ISO 9001:2008 certification ensures consistency and fewer problems:
 - 99+% average accuracy
 - 95+% average service level - % of lines delivered on-time, 100% complete
- Custom bar code VMI programs lower your cost of managing "C" stock items
 - In stockrooms and at point-of-use
 - Managed by us or you with our iPhone app
 - Vending machines where security and tracking are important
- FREE in-plant audits for cost reductions and process improvements
- Kitting for easier buying and assembly
- Extensive online technical help to solve your problems at atlanticfasteners.com
- Quality brands like Loctite®, Holo-Krome®, Champion®, POP®, ITW Fastex®, Simpson Strong-Tie®, Avdel®, Infasco, RAF, SPS Technologies, and Wej-It®.

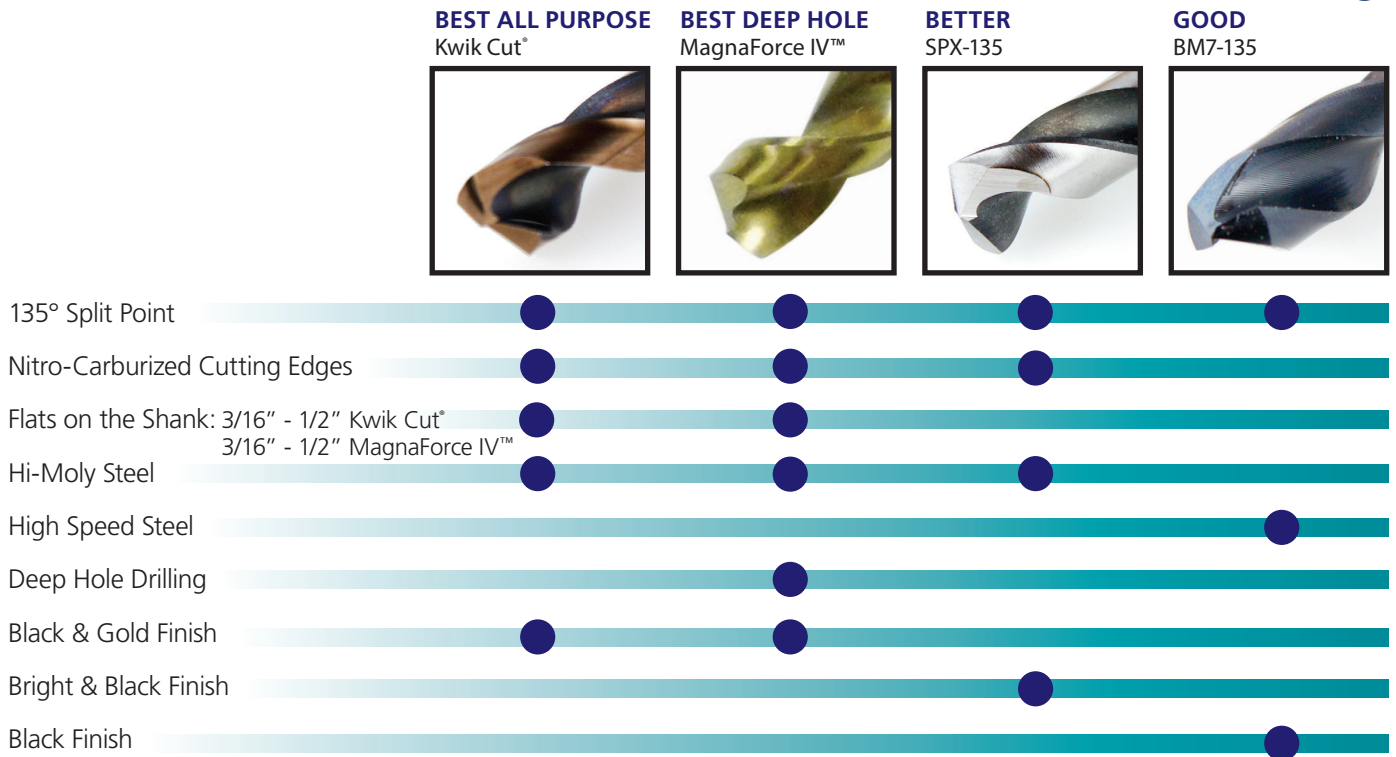

Aerospace CAGE Code: 1QYC9

- AS9120A certification ensures consistency; provides you with:
 - 93+% average service level - % of items delivered on time, 100% complete
 - 99+% average accuracy
 - 99+% average defect-free rating
- FREE manufacturer certs & test reports
- Fast response to your RFQ's, expedites, and quality surveys
- Low minimums - \$10/line and \$20/order
- Quality brands like B&B Specialties, SPS, HeliCoil®, Alcoa, Ideal, and Shur-lok
- Online access to certs available
- Fasteners, bearings, hardware, electronics, fittings, hard-to-find items, and more
- Custom bar code VMI programs and long term agreements
- Kitting and special packaging
- DFARS parts available
- Imaging for instant access and safe keeping of your certs and reports

JOBBER DRILLS

MECHANICS DRILLS

KWIK CUT® (BEST ALL PURPOSE JOBBER LENGTH DRILL)

- Self centering 135° Split Point adds stability to drilling
- Accurate, tight tolerance, perfectly round holes
- The lower torque creates less heat and extends drill life
- Unique radial split flute design provides greater chip clearance for faster drilling
- Superior torsional stiffness and resistance to breaking
- Flats on shank provide easy positive chuck grip 3/16" - 1/2"
- Made of High-Molybdenum Steel

Part # Qty. Description

MAGNAFORCE IV™ (BEST FOR DEEP HOLES)

- Made of High-Molybdenum Steel and Heat Treated to provide superior cutting performance in deep hole drilling
- 135° Split Point adds stability to drilling
- Special Parabolic Flute Design allows for fast chip removal while it dissipates heat for cooler drilling
- Gold Surface Treated to offer maximum lubricity for less friction
- Flats on shank sizes 3/16" and up

SPX-135 (BETTER)

- Manufactured from a premium grade of Molybdenum High Speed Steel-Provides superior strength & toughness in a wide variety of materials resulting in longer tool life
- NOMO Treatment (Nitride on Margin Only)-Increases surface hardness & holds a sharp edge longer increasing tool life
- 135° Split Point adds stability to drilling
- Unique Web Geometry - Penetrates even the "Hard to Machine" Materials (Stainless Steel, Titanium Alloys)

Part # Qty. Description

PA90079	1	SPX-135 HD 13 Pc. Drill Bit Set 1/16 - 1/4
PA91313	1	SPX-135 HD Drill Bit Set 13 Pc. Vinyl Pouch
PA91428	1	SPX-135 HD Drill Bit Set 15 Pc. 1/16 - 1/2
PA90690	1	SPX-135 HD Drill Bit Set 15 Pc. Starter

PA7661	1	BM7-135 Drill Bit 56 Pc. Fract Asst.

KWIK CUT® COBALT

For use in extremely hard-to-drill metals such as:

- Tool steels
- Austenitic stainless steel
- Tough, stringy metals
- Work hardening steel
- Crankshafts
- Titanium

Part # Qty. Description

00618	1	Cobalt Drill Set 13 Pc. Fractional
00617	1	Cobalt Drill Set 15 Pc. Fractional
00616	1	Cobalt Drill Set 21 Pc. Fractional

Part # Qty. Description

00615	1	Cobalt Drill Set 29 Pc. Fractional
00619	1	Cobalt Drill Set 60 Pc. Wire Size 1 - 60
170133	1	Cobalt Drill Asst. 46 Pc. Asst.

KWIK CUT® STAINLESS DRILL SETS

Engineered to drill perfectly concentric holes in most TYPES and GRADES of STAINLESS STEEL. Stainless steel is not very hard, but it's very "stringy." If drilling stainless steel gives you problems... this drill bit will solve them!

- Special high Helix design for fast, easy chip removal
- 135° Split Point
- Surface treated for greater resistance to rust and corrosion

Part # Qty. Description

178129	1	Stainless Drill Set 13 Pc. 1/16 - 1/4
178131	1	Stainless Drill Set 15 Pc. 1/16 - 1/2

Part # Qty. Description

178130	1	Stainless Drill Set 29 Pc. 1/16 - 1/2X6
--------	---	---

GENERAL PURPOSE

- 118° General Purpose Point
- Black Oxide Treatment
- Designed for general purpose drilling under a wide range of operating conditions into various materials

Part # Qty. Description

PA91436	1	General Purpose 118° Fract Drill Set 15 Pc.
PA91435	1	General Purpose 118° Fract Drill Set 29 Pc.

See Master Catalog for additional information

GRP-135 **BEST MECHANICS LENGTH DRILL**

- Made of High-Molybdenum Steel - heat treated at 2,185°F then nitro-carburize finished at 950° to be measurably harder than high speed steel
- Bright and Black finish
- 135° Split Point for fast penetration and accurate starting without a center punch
- Flats on shank give positive chuck grip (Flats are on 3/16 and above sizes)
- Specifically designed for hand held drills
- Recommended for use in work hardening grades of stainless steel and other hard metal drilling applications

Part # Qty. Description

PA91736	1	GRP-135 Mech Drill Set 15 Pc.
PA91834	1	GRP-135 Mech Length 15 Pc. Starter Set
PA92446	1	GRP-135 Mech Length Reduced Shank 21 Pc. Set
PA91765	1	GRP-135 Mech Drill Set 29 Pc.

Part # Qty. Description

PA90683	1	GRP-135 Twister Drill Set 15 Pc.
PA90682	1	GRP-135 Twister Drill Set 29 Pc.
PA7672	1	GRP-135 Mech Length Drill Asst.

MAINTENANCE DRILLS **BETTER**

- High Speed Steel
- 135° Split Point for fast penetration and accurate starting without a center punch
- Maintenance Drills are shorter than jobber length drill which means a sturdier drill with less flexing
- Perfect for portable drilling applications
- The black surface treatment prevents chip welding and increases abrasion resistance

Part # Qty. Description

401059	1	Maint Drill Set 1/16 - 1/4 13 Pc.
401060	1	Maint Drill Set 1/16 - 1/2 15 Pc.

Part # Qty. Description

401061	1	Maint Drill Set 1/16 - 3/8 21 Pc.
401062	1	Maint Drill Set 1/16 - 1/2 29 Pc.

KWIK CUT® VIPER™ DRILLS

High Performance Carbide Drills for cutting through extremely hard metals. Specifically designed for use in drill press operations. Viper™ Drills will outperform high-speed steel (HSS) twist drills when drilling hardened, high alloy ferrous metals up to Rockwell C scale 65. Viper™ Drills are constructed with a high-grade solid carbide metal from end-to-end. In extreme situations, Viper™ Drills will do the job where other drills fail.

Part # Qty. Description

00962	1	5 Pc. Kwik Cut® Viper™ Drill Set In Wooden Box, 1/8" - 3/8"
-------	---	---

P

KWIK CUT® SPECIALTY SETS

- Kwik Cut Specialty Drills are made to Kwik Cut Drill standards
- 1/2" Shank Drills for diameters larger than 1/2", suited for portable drilling
- 3/8" and 1/4" Shank Drills for use in chucks with limited capacity
- Kwik Change Drills especially suited for fast changes in portable drilling applications
- Left Hand Drills useful in bolt removing operations

Part # Qty. Description

106481	1	29 Pc. 1/16-1/2 x 1/64 Stub Length Drills

105901	1	13 Pc. Wood Spade Bit Set 1/4 - 1

Step Drills/Reamers/Masonry/Spiral Point Tap

STEP DRILLS & REAMERS

Kwik Cut® Step Drills offer multiple hole sizes in one tool great for a wide variety of materials
Kwik Cut® Straight Shank Reamers and Hole Enlargers are used to enlarge holes quickly

Part #	Qty.	Description
116175	1	Kwik Cut® 3 Pc. Step Drill Set
55006	1	Kwik Cut® Hole Enlarger Assortment

Part #	Qty.	Description
119108	1	Kwik Cut® Straight Shank Car Reamer 4 Pc. Set

KWIK CUT® MASONRY DRILLS

- Serrated-edge carbide tip allowing it to penetrate much faster than standard masonry bit
- Applications: Tile, hard metal, plastic, wood, marble, granite and masonry

Dual Action

Part #	Qty.	Description
00950	1	Kwik Cut® Masonry Drill Tray Assortment
00950KP	1	Kwik Cut® Masonry Drill Bit Kwik Pak

Dual Action Masonry Drill
with unique serrated-edge

Additional Masonry Drills

Part #	Qty.	Description
PA92100	1	7 Pc. SDS Drill Set 3/16" - 1/2"
PA91568	1	8 Pc. Masonry Drill Assortment 3/16" - 1/2"

COMBINATION DRILL & TAP

A single tool that produces a precision tapped hole in one, smooth, two-stage operation

- Manufactured from the highest quality high speed steel
- Blue steam oxide finish for longer life
- For use with virtually any type of material
- Easily resharpenable 118° drill point
- Advanced flute angle for easier use
- Bottom lead on tap for smooth entry
- Eliminates loose, sloppy holes
- Saves time

Part #	Qty.	Description
177940	1	Drill Tap 6 Pc. Set 4-40 - 12-24
177941	1	Drill Tap 5 Pc. Set 1/4-28 - 1/2-20
177942	1	Drill Tap 5 Pc. Set 1/4-20 - 1/2-13

Part #	Qty.	Description
91642	1	Metric Drill Tap 5 Pc. M4 - M10
00443	1	MS/USS/SAE Master Combo Drill Tap Assort
00444	1	USS/SAE Combo Drill Tap Shop Assortment

KWIK CUT® SPIRAL POINT TAP SETS

Engineered to out perform ordinary taps even in the most difficult maintenance applications

FEATURES:

- Made from Hi-Tungsten and High-Molybdenum Steel
- Spiral Point construction.
- Precision ground threads

BENEFITS:

- Superior strength and quality
- Drives chips ahead of the tap, permitting higher speeds and faster cutting with less torque
- Provides accuracy & performance

Part #	Qty.	Description
00453	1	Kwik Cut® Spiral Pt. Tap & Drill NC 6-32 - 1/2-13
00464	1	Kwik Cut® Spiral Pt. Tap & Drill Set M2.5 - M12
172045KP	1	Kwik Cut® Spiral Pt. Tap Set 5 Pc. 1/4 - 1/2 USS
00729	1	Kwik Cut® Tap & Drill Industrial Asst.
00730	1	Kwik Cut® Tap & Drill Maintenance Asst.

Part #	Qty.	Description
00731	1	Kwik Cut® Tap & Drill Mod 1 W/Cab
00732	1	Kwik Cut® Tap & Drill Mod 1
00733	1	Kwik Cut® Tap & Drill Mod 2 W/Cab
00734	1	Kwik Cut® Tap & Drill Mod 2

See Master Catalog for additional information

Drill & Tap/Extractors/Thread Repair

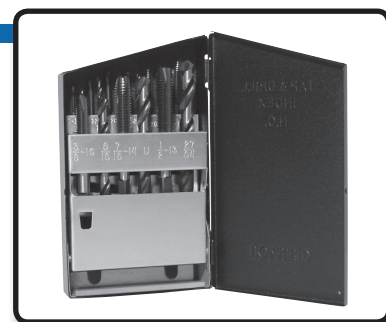

TAP & DRILL SETS/TAP & DIE SETS

FEATURES:

- Versatile
- Complete
- Handy
- Efficient
- Durable

BENEFITS:

- Kwik-Cut® taps and drills can be used on a variety of materials including stainless and alloy steels.
- Sets contain 9 commonly used taps with correct sized drills. Choose from hand taps or spiral point taps in standard or metric sizes.
- Small size index fits into tool boxes or drawers. Portable tool!
- Eliminates time lost searching for proper drill and tap combinations.
- Steel index protects taps and drills from costly damage when not in use.

Tap & Drill Sets

Part #	Qty.	Description
91556	1	Tap & Drill Set NC 6 - 32 To 1/2-13
91557	1	Tap & Drill Set NC 6 - 40 To 1/2-20
106405	1	18 Pc. Kwik Cut® Metric Tap & Drill Asst.

00627	1	Tap & Die Set 1/4 - 1 USS/SAE
00628	1	Metric Tap & Die Set M2.5 - M12
90435	1	Tap & Die Set 40 Pc. Wood Case
90436	1	Tap & Die S40 HH

DUAL ACTION SCREW EXTRACTORS & STANDARD EXTRACTORS

Dual Action Screw Extractors

Re-use them time and again! Remove bolts, screws, threaded rod or any other threaded product

- Can be turned in clockwise or counterclockwise direction, making it easier to work in tight spaces
- Easy removal even when threaded product is flush or broken below the surface
- Double-edged, tapered flute for a non-slip engagement
- Made of chrome-vanadium hardened steel to resist breaking and rounding out
- Hex shank design allows the use of standard wrenches or hex sockets to grip extractor
- Extracts without damaging internal threads

Part #	Qty.	Description
00624	1	Dual Action Screw Extractor/LH Drill Asst
00624KP	1	Dual Action Screw Extractor/LH Drill KP
111854	1	Dual Action Screw Extractor 5 Pc. Set

Part #	Qty.	Description
90677	1	Spiral Flute Screw Extractor Set #1 - 6
90683	1	Straight Flute Screw Extractor Set #1 - 5
PA90361	1	Spiral Flute Screw Extractor 5 Pc. Set #1 - 5
PA90378	1	Spiral Flute Screw Extractor 4 Pc. Set #6 - 9
55012	1	Power Extractor Set Kit
55038	1	Micro Power Extractor Kit

THREAD REPAIR KITS

- Repair damaged threads quickly
- Rockwell hardness of 58 RC
- Blades easily adapt to any thread pitch
- Blades automatically fit into the thread grooves eliminating guesswork
- Works on all UNC, UNF, NPT, Metric Threads
- Repair Internal and External Threads

Part #	Qty.	Description
00963	1	Thread Repair Kit Int/Ext Kit Small
00965	1	Thread Repair Kit Int/Ext Kit Large
00966	1	Thread Repair Kit External Kit Small

G-Tek® Kev™ GLOVES WITH SOLID NITRILE GRIP

Features:

- Kevlar® fiber shell provides high tensile strength relative to its weight, is inherently cut resistant and will not melt, ignite or conduct electricity
- Nitrile-coated palm and fingertips for excellent dry grip that will not absorb liquids into the coating
- Knit wrist helps prevent dirt and debris from entering the glove
- Launderable for extended life and to reduce replacement costs

AEGIS KVS4® CUT RESISTANT GLOVES

The AEGIS KVS4® combines a level 4 cut-resistant liner with Showa's durable, sponge nitrile Zorb-IT® palm coating. The blend of DuPont™ Kevlar®, stainless steel and polyester provides comfortable cut resistance. The innovative composition of the high performance liner and the sponge nitrile technology coating affords the wearer excellent protection in applications where oil and sharp edges are prevalent. Additionally, the AEGIS KVS4® provides durable resistance to abrasions, snags and punctures. Proudly manufactured in the U.S.A.

KWIK CUT™ METAL WORKING LUBRICANT

- Unique formula makes Kwik-Cut™ more slippery than most cutting oils - at least doubles the life of the cutting tool
- Tremendous adhesion and anti-bonding properties virtually eliminates dangerous and costly tool breakage caused by chip welding
- Ideal for use on all types of metal including alloy steels, aluminum, stainless and exotics (Titanium, Hastelloy, etc.)
- Nonstaining - contains no sulphur or carbon tetrachloride
- A must for all cutting, grinding, tapping and drilling applications
- 100% petroleum based - contains no water
- Safe and odorless - contains no 1, 1, 1-Trichloroethane.

Part #	Description	Qty.
401552	Kwik Cut™ Metal Working Lubricant, 4 oz.	1
401552-6	Kwik Cut™ Metal Working Lubricant, 4 oz.	6
190154	Kwik Cut™ Metal Working Lubricant, 16 oz.	1
190520	Kwik Cut™ Metal Working Lubricant, 5 gallon Pail	1

AERO CHEM™ HEAVY DUTY CUTTING OIL

- Excellent cutting fluid that provides for maximum cooling, efficient lubrication and minimum wear
- Imparts a temporary rust inhibiting coating on tooling and freshly cut metal surfaces
- Eliminates heat at its source and insures cleaner, smoother cuts
- Reduces friction to increase cutting speed, reduce waste and prolong tool life

Part #	Description	Qty.
PA82857	Aero Chem™ HD Cutting Oil, 12.75 oz. net. wt.	1
PA82857-6	Aero Chem™ HD Cutting Oil, 12.75 oz. net. wt.	6
PA82857-12	Aero Chem™ HD Cutting Oil, 12.75 oz. net. wt.	12
PA82857-24	Aero Chem™ HD Cutting Oil, 12.75 oz. net. wt.	24

AERO CHEM™ CUTTING TOOL COOLANT

- A conditioner for motor driven belts on automobiles and all type of machinery
- Keeps belts from drying and becoming brittle, prevents build up of gummy deposits, eliminates glazing and slipping
- Regular application will extend belt life and provide more efficient and quieter motor operation

Part #	Description	Qty.
PA88456	Aero Chem™ Cutting Tool Coolant, 20 oz. net. wt.	1
PA88456-12	Aero Chem™ Cutting Tool Coolant, 20 oz. net. wt.	12
PA88456-24	Aero Chem™ Cutting Tool Coolant, 20 oz. net. wt.	24

***Not Available in California**

DAB IT™ ALL METAL WORKING PASTE

Features

- Non-gumming
- Has excellent wetting properties
- Extends cutting tool life
- Contains eP agents for anti-welding protection
- Retains its lubrication properties longer than liquid products
- Convenient manual or automatic application to cutting surfaces of tools
- Reduces heat and improves surface finishes
- Provides excellent rust and corrosion protection
- Melting point: 140°-145°F

Part #	Description	Qty.
110866-1	Dab It™ All Metal Working Paste, 8 oz. Jar	1
110866-6	Dab It™ All Metal Working Paste, 8 oz. Jar	6
110866-12	Dab It™ All Metal Working Paste, 8 oz. Jar	12

AERO CHEM™ METAL WORKING LUBRICANT

- A cutting fluid for tough to machine metals
- Paste formulation adheres to cutting tool
- Can be used on all metals for a wide variety of machine operations such as drilling, tapping, engraving, punching, seat forming milling, stamping, anti-seize, etc.
- No hazardous ingredients, a safe alternative to standard cutting fluids

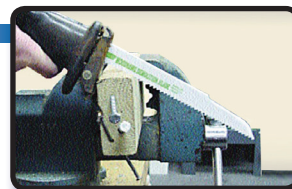

Part #	Description	Qty.
PA88526	Aero Chem™ Metal Working Lubricant, 8 oz. Bottle	1

Saw Blades/Files/Bur Sets/Brushes

KWIK CUT® METAL & KWIK CUT® DEMOLITION BLADES

- Thicker and stronger than standard metal and wood cutting blades
- Faster, more efficient cutting without bending or breaking
- Made in the USA

Part #	Qty.	Description
00754	1	Kwik Cut® Reciprocating Saw Blade Assortment

Part #	Qty.	Description
00210	1	Deluxe 12" Hacksaw and Blade Set

FILES

PA90555	1	File Asst 10"

BUR SETS

- Manufactured from industrial grade Tungsten Carbide
- Machine Ground
- Double-Cut Flute Design
- 1/4" & 1/8" Shank
- Recommended for polishing, blending and deburring a wide variety of materials including stainless steel, titanium, brass, bronze, copper and cast iron

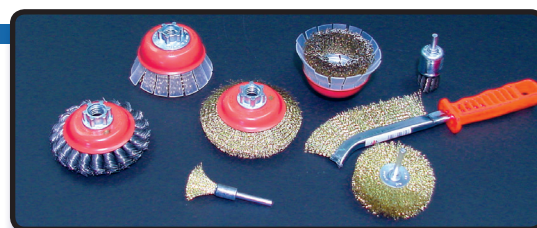

Part #	Qty.	Description
104450	1	8 Pc. D/C Bur Set 1/4" Shank
PA91609	1	16 Pc. Solid Carbide Bur Set 1/4" Shank
PA92516	1	8 Pc. Titanium Nitride (TiN) Coated Bur Kit 1/4" Shank
PA91921	1	12 Pc. Mini Carbide Bur Set 1/8" Shank

WIRE BRUSHES

Features Found On Some Brushes:

- Multi-Thread Nut
- Laser Marked, Powder Coated Hubs
- Protection Guards
- High Performance Brass Coated Steel & Cable Crimped Wire

Part #	Qty.	Description
113302	1	Wire Brush Combo Kit - Light Duty
113303	1	Wire Brush Combo Kit - Heavy Duty

Part #	Qty.	Description
00742	1	Jaz Brush Gen Maint Asst
00743	1	Jaz Brush Truck Garage Asst
00744	1	Jaz Brush Welding Asst

We've Got You Covered

You've heard the expression before "Don't sweat the small stuff." Well, when it comes to consumable parts, it's all small stuff. A well-organized parts area for consumable items can save a company thousands of dollars a year in the reduction of downtime and off-site parts chasing while improving overall shop productivity. There can be many challenges in trying to accomplish this on your own: multiple vendors, miscellaneous items spread throughout the shop, reordering methods and time constraints, lack of product knowledge and parts identification expertise of shop personnel, storage equipment selection, and the list goes on. We understand. We've got you covered.

Atlantic Fasteners specializes in the identification, organization, replenishment and supply of all the major categories of consumable maintenance parts you use in your daily operations. We understand the anatomy of a well-organized consumable parts area and the positive impact it can have on your business. Our product lines include:

Fasteners, Electrical, Shop Supplies, Fittings Hose & Tubing, Paints & Chemicals, Cutting Tools, Transportation Parts and Safety Products. We have a full line of Storage Solutions as well as Vending Programs for consumption control.

Looking to transform your operation? Speak to your Atlantic Fasteners Account Manager today or call us at 800-800-BOLT (2658) for a complimentary shop survey.
