MILK MADNESS

During the month of March, students at McCormick participated in the "Milk Madness" challenge at part of the Fuel Up to Play 60 initiative. During the "Milk Madness" challenge, students were asked to donate change into grade level milk jugs with all proceeds benefitting Milford Miami Ministries and Sunrise Church. As part of the challenge, the grade level with the highest dollar amount donated earned extra gym time.

In total, McCormick students donated \$217.46 to the aforementioned organizations. First grade will receive extra gym time. Thank you to all of the students and families for the donations and choosing kind!

SPREAD THE LOVE 2.0 - April 23- April 26

PTO NOMINATIONS

Are you or someone you know interested in joining the PTO Board? Now is the time to get involved!

The PTO is an integral part of McCormick. The McCormick PTO provides academic enrichment programs, funds school experiences, and enhances parts of the school environment such as playground equipment or flexible furniture for the library. With all that the PTO does for our staff and students, it is impossible to do without the help of our amazing parents. Please consider serving on the McCormick PTO Board.

To nominate yourself or another McCormick parent for the PTO Board, please complete the [McCormick Elementary PTO 2019-20 Board Nominations form](#).

FINAL REMINDER - PARENT INPUT FORMS

At McCormick, we work extremely hard at placing students into the best possible classroom setting each year. Placement is a multifaceted approach with balancing behaviors, talents, strengths/weaknesses, and identified needs (speech, enrichment, academic supports, itinerant service, etc.). With that being said, we do appreciate your input as to placing your child. To provide us with input, please complete the [Parent Input form](#). If possible, please return the form to the office no later than April 15, 2019.

Make it a great weekend,
Mr. Willson

The National Fuel Up to Play 60 Student Ambassador Summit!

July 16 – 19, 2019
Cleveland, Ohio

Hello Parents,

Thank you for having your child participate in the Fuel Up to Play 60 Program at their school. They have been hard at work this year, working with their school team and Program Advisor to create healthy and sustainable change in their school and community. As one of our student leaders, we would like to encourage your son/daughter to apply to attend our annual Summit.

What is the FUTP 60 Student Summit?

The Fuel Up to Play 60 Student Ambassador Summit unites hundreds of the program's top student leaders from around the country and empowers them to lead healthy changes in their schools. Throughout the 4 days, students and educators participate in interactive conference sessions, compete in unique challenges, and get once-in-a-lifetime experiences to empower them to bring healthy changes to their schools and communities.

Why is it important for students to go to the FUTP 60 Student Summit?

- Students receive high level and personal training that will give them lasting skills in leadership, communications, and personal connections.
- They will also have the opportunity to meet and become friends with students from across the country.
- Students interact with professional mentors who can help them with professional skills outside of school that relate to the importance of healthy eating and physical activity.
- Fun fact: All of the students at the Summit combined are projected to positively influence over 250,000 students across the country!
- Another fun fact: 100% of the students that have attended a FUTP 60 Summit went on to college or higher education.

Have questions about the Summit? Email us at StudentAmbassador@FuelUpToPlay60.com.

Hope to meet your child at the Summit!

The Fuel Up to Play 60 Team
