Making Cancer History®

GOAL The goal of this conference is to foster collaboration and share best practices among Advanced Practice Providers (APP) working in surgical oncology by providing an educational forum that focuses on the latest advances in surgical management of solid tumors and the role of APP in clinical practice.

This conference will provide APP learners a broad overview of surgical oncology topics, including over 30 lectures on solid tumor disease-specific topics from head-to-toe, as well as peri-operative management and APP professional roles and leadership.

Additional highlights include several hands-on interactive workshops, such as beginner and intermediate suturing, imaging, and common hospital-based procedures.

Educational Objectives

After attending the conference, participants should be able to

- Describe recent advances in the surgical management of solid tumors originating from the following organ and/or disease sites: brain, spine, oropharynx, thyroid, lung, breast, esophagus, colon, rectum, anus, liver, pancreas, appendix, prostate, kidney, bladder, ovary, skin, and bones (*Knowledge*);
- Demonstrate and perform common hospital-based procedures, including suturing, wound care, lumbar punctures, central line placement, intraosseous access, and management of various catheters utilized in the perioperative setting (*Knowledge, Competence, Performance, Patient Outcomes*);
- Describe fundamentals of solid tumor imaging, and how to review and interpret pertinent findings from computed tomography and magnetic resonance imaging of the head, neck, chest, and abdomen (*Knowledge, Competence, Performance*);
- Examine and illustrate the changing role of the advanced practice professionals in the delivery of oncology care for surgical patients (*Knowledge, Competence*).

Target Audience

The target audience includes physician assistants, nurse practitioners, clinical nurse specialists, and other healthcare professionals involved in the management of patients in surgical oncology.

Educational Method

Lectures – Case Presentations – Question and Answer Session – Panel Discussion – Poster Session – Hands-on Workshops

Evaluation

A course evaluation form will provide participants with the opportunity to comment on the value of the program content to their practice decisions, performance improvement activities, or possible impact on patient health status. Participants will also have the opportunity to comment on any perceived commercial bias in the presentations as well as to identify future educational topics.

Accreditation/ Credit Designation

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The University of Texas MD Anderson Cancer Center and the Association of Physician Assistants in Oncology. The University of Texas MD Anderson Cancer Center is accredited by the ACCME to provide continuing medical education for physicians.

The University of Texas MD Anderson Cancer Center designates this live activity for a maximum of 12.75 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CME Certificates and Attendance Verification Certificates

Certificates awarding *AMA PRA Category 1 Credit™* or certificates documenting attendance will be distributed to participants when an individual departs the conference. To obtain a CME certificate, physicians must submit a completed evaluation questionnaire and a *CME Verification Form*.

Upon request, a record of attendance (certificate) will be provided on-site to other healthcare professionals for requesting credits in accordance with state nursing boards, specialty societies, or other professional associations.

Call for Abstracts

Abstracts will be selected for poster presentation at the conference. The purpose of the poster session is to provide educational overview of the latest advances in surgical management of solid tumors and the role of APPs in clinical practice. (Please visit our website for more information.) The deadline for abstract submission is **February 16, 2018**. Authors of selected abstracts will receive a notification of acceptance via e-mail on March 1, 2018. Best of Poster awards will be given at the end of the conference. For any questions or concerns, please contact Jenilette Velasco at JDVelasco@mdanderson.org.
