To whom so ever it may concern:

We must say that team of Nandini Infosys Private limited does a great job of tailoring our survey to our needs. The reports were easy to understand & the data was compiled in ways which helped us identify areas of improvement. This has become a valuable tool for determining how we can increase customer satisfaction.

We found the service is excellent and the personnel I work with are great and accommodated within the budget and in a reasonable timeframe.

"Very expert and responsive team to work with. I enjoy our partnership."

To whom so ever it may concern:

This is to acknowledge that we are at Hitachi High-Technologies India Private Ltd have using the Following modules of Tally.ERP 9 referred by Nandini Infosys Private Limited :

1. Financial Accounting System
2. Sales & Distribution
3. Procurement & Sales Inventory
4. Order Management
5. Dealer Excise
6. Security Management for Multiple level of users

Previously we were entering individually vouchers entry for our Dealer excise and export & import billing, but after taking demo from Nandini Infosys Private limited we choose billing features of Tally as new level of development in our accounts & Finance environment because this tally billing reduced our manually updating voucher entry which was quite difficult to handle at this point of time.

I on behalf of finance Team/IT Team want to give sincere thanks the entire team of Nandini Infosys Private Limited for giving outstanding implementation, training & Continued support to complete our organization business need.

To whom so ever it may concern

I had the great pleasure to initially use Tally for our organization. I was beyond impressed; not only with M/s Nandini Infosys Private limited and their willingness to help us and my auditor understand how to use the program, which is so simple & amazing. It saved us so much time during the accounting and made the auditor's task fast and easy.

This is to show our appreciation of your company Nandini Infosys Private Limited perfect understanding of our requirement and development of customized reports like: Project cost, Automatic Payment Advice and Fixed Asset, Bank Payment Reports and most important the Perquisite Report which is very important in our Compliance. We are very happy about your high service standard and will not hesitate in using your services again and recommending others as well!

Testimonial for Samir Chaudhary Nandini Infosys

My name is Arjun Nijhawan, and I am the Managing Director of Nijhawan Group a 40-year-old organization, which has recently diversified into retail segment with more than 34 stores pan India. We are also among the biggest franchisees for Adidas in North India.

I would like to place on record and acknowledge the excellent service provided by Samir Chaudhary and his team at Nandini Infosys.

We needed to synchronize our back office accounting system for Tally, which would enable us to not only seamlessly get all our figures in a common template but also enable us to get real time data in one place. Samir and his team were able to chart out a feasible plan for us in a very short time. They provided excellent professional services and finished the project within specified deadlines. Moreover their service was not limited to just that and they further recommended and implemented a process which made our task simpler. I am grateful to them for enhancing our team efficiency and productivity.

I would recommend Samir and Nandini Infosys to all my clients and fellow BNI members. I wish Samir and his team all the best.
