How Al Can Use Personal Data

Cambridge Analytica

How Al Can Use Personal Data

- Cambridge Analytica claims that it has psychological profiles based on 5,000 separate pieces of data on 220 million American voters and that it uses this data to understand people's deepest emotions and then target them accordingly
- Jonathan Rust (director of the Psychometrics Centre at the University of Cambridge): "The danger of not having regulation around the sort of data you can get from Facebook and elsewhere is clear... It's how you brainwash someone"
