AS GOOD AS GOLD

GOLD - once an exclusive privilege of those in power or of royal blood - is now seen as a modern-day symbolism of abundance, wealth, beauty and more.

As Grand Hyatt Singapore turns 50 in 2021, gold signifies the hotel's landmark milestone and thus, a call for a grand celebration.

This festive season, a royal feast awaits you at Grand Hyatt Singapore, as we celebrate an illustrious history and toast to the grander years ahead.

A tablescape of legendary menu highlights at mezza9, StraitsKitchen, Pete's Place, and 10 SCOTTS beckons.

For those who prefer a warm and cosy indoor soiree, the hotel's online shop presents a culinary delight of festive favourites paired delectably with an array of fine wines, champagnes, and more.

Click [here](#) for a preview of what you can savour depending on your choice of venue.

So take up your seat at the table, where conversations, revelries and libations take centre stage, to create a festive season that is As Good As Gold.

Executive Chef

Although, we have spent 11 months in the year perfecting and delivering each restaurant's menus to suit your palate, the annual festive season gives us the opportunity to present an imaginative take with entrancing menus so that you can celebrate the end of another year with us. As this year marks the hotel's 50th anniversary, my culinary team and I delved into the menus of yesteryear and brought back the legends while integrating them with new dishes to grace this celebration with you.
