H125/AS350/AS355

Airbus Helicopters

Face harsh operating environments during firefighting or heli-ski missions with the toughest landing gear and cutting edge vortex engine protection system. Customize your aircraft with the largest STC portfolio of utility and multi-mission equipment.

FEATURED PRODUCTS

1 Quick release emergency float system with integrated liferafts

Offers external liferafts for added safety during overwater missions. Quick release hardware is ideal for quick weight reduction. World class design and manufacturing, excellent aftermarket service and exchange program make DART the industry leader for emergency float systems.

- Lightweight cylindrical float design
- Cabin space savings with integrated liferafts
- Longer maintenance intervals
- Quickly remove/reinstall the floats and reservoirs within 12 minutes

GEAR UP

2 Landing gear

NEW OPTION

DART offers a range of landing gear products for the AS350/H125 series.

CrossTubes

- Stainless Steel
- Direct OEM replacement

Wearplates

- Standard or Heavy Duty
- OEM compatible

Skid tubes

- I-Beam constructions
- Direct OEM replacement

TUNE UP

3 PA100 PUREair system

Active Vortex Engine Protection System

- Now certified for operations in falling & blowing snow
- 4% gain in engine power vs. legacy sand filter
- 2% gain in engine power vs IBFs
- Self cleaning, virtually maintenance-free
- Improved FOD protection
- Approved by 5 authorities to allow installation in most regions

GEAR UP

4 Fire attack system

Proven high-capacity firefighting kit for the AS350 (H125) & AS355.

- Day/night VFR approved
- Cockpit controlled selectable drop pattern and foam percentage
- Belly-mounted, carbon fiberglass composite tank
- 1 or 2 door salvo drop
- 3 sizes available: 900L/238USG, 1100L/291USG, 1,200L/317USG
- FAA, TC, EASA, DGAC, CAAC, ANAC certified

GEAR UP

5 Field maintenance kit

Includes over 30 essential tools required to perform routine maintenance on AS350 in a custom, convenient rolling case for ease of transportation.

- Ideal for off-site maintenance
- Amazing value!

TOOL UP

6 Cable cutter system

Prevent possible wire or cable strike on flight controls.

- Added safety
- Lowest acquisition cost and shortest lead time
- Includes upper and lower cutters
- Optional GPS antenna mount and wiper deflector
- Industrial cutting blades with combined tensile strength of 14,000 lbs (6,350 kg)

GEAR UP

7 Cargo basket

Ideal for utility, firefighting, and heli-ski missions. DART quick release cargo baskets can be removed in seconds!

- Stainless steel, or light weight alloy steel options available.
- Heavy duty lid designs act as a walkway for maintenance.
- Handles designed to prevent accidental opening in flight
- More features available!

GEAR UP

8 Bicycle rack

Expand your helicopters potential with DART's bicycle rack!

- Compatible with lightweight basket mounts
- Holds 3 bicycles, up to 50 lbs each (23kg)
- Can be installed on both sides of the helicopter
