JURY TRIAL DEMANDED

AFFIDAVIT OF JANET BROOKS

STATE OF TEXAS

COUNTY OF HARRIS

BEFORE ME, the undersigned authority, a Notary Public in and for the above county and state, on this day personally appeared Janet Brooks, known to me to be the person whose name is subscribed hereto, and having been first duly sworn, did depose and state:

My name is Janet Brooks. I am a Human Resources Supervisor with KBR Technical Services, Inc. ("KBR-TSI"), a subsidiary of KBR, Inc. ("KBR"). I certify that I am competent to make this affidavit and have personal knowledge of the facts.

One of KBR's projects is called the Logistics Civil Augmentation Program, or "LOGCAP III." The LOGCAP III project provides logistical support to the U.S. government abroad, including operations in Iraq. Certain foreign subsidiaries of KBR, such as Overseas

Administrative Services, Ltd. ("OAS") employ persons to perform work on the LOGCAP III project in performing under U.S. government contracts. In my capacity as Human Resources Supervisor, I oversee the recruiting and processing of these employees.

As the overseer of this process, I am familiar with the orientation and processing of individuals prior to their deployment for overseas assignment to the LOGCAP III project. All candidates for employment on the project must attend a week of orientation in Houston prior to their hiring. This orientation includes briefing on safety and security matters, harassment-free workplace policies, the KBR corporate anti-harassment policy, procedures for reporting any problem, a prohibition against retaliation, a description of KBR's open door policy and the announcement of a toll free number for its Employee Assistance Program. Recruits must complete this orientation prior to signing an employment agreement in Houston and being deployed overseas. Documents and presentations related to orientation (besides those individual copies kept by employees) are kept in Houston.

In my professional capacity, I also have access to and am familiar with the personnel records and employment histories of persons recruited for and hired by KBR and OAS., including Jamie Leigh Jones ("Jones"). Based upon review of those records, I know that Jones initially was hired by KBRTSI as a temporary administrative associate on April 15, 2004. On March 26, 2005, she transferred to an operations specialist position in Houston. She then applied for a position in Iraq. When she was hired to work in Iraq, she listed a Conroe, Texas address as her residence. She signed an OAS contract in Houston, and was hired effective July 21, 2005 to work as an administrative assistant in Baghdad.

Employment records for OAS employees such as Jones are maintained in Houston as well as Baghdad. Additionally, payroll records for those employees are maintained in Dubai.

The following documents included as exhibits to the Motion are true and accurate copies from KBR's records:

9. You understand and agree that the employment relationship is at will and that there is no guarantee of continued employment or any commitment on the part of Employer, either express or implied, to renew this Employment Agreement for any additional term or period.

10. Employer ceases to be liable for fulfillment of any and all obligations stated in this Agreement upon the termination of employment. However, upon termination Employer shall pay you all earned and unpaid Interim Leave benefits and demobilization travel back to your Point of Origin. If you resign or are terminated for cause, you will forfeit any unpaid Interim Leave except where you were prohibited from taking Interim Leave by project management. In such cases, you will be paid for your Interim Leave days only to which you are otherwise eligible and entitled.

11. You agree to comply with all laws and regulations, both civil and U.S. military (to include U.S. Army Command Directives), applicable at the Assignment Location or the Job Site, and while on authorized travel status, and such other rules, regulations, and policies as the Employer may establish from time to time. SPECIFIC TERMS AND CONDITIONS

I. Assignment Duration

The duration of your assignment is anticipated to be approximately 12 months. There is no minimum guaranteed duration of employment. This Agreement shall remain in full force and effect for the duration of the assignment, including any extensions.

Your assignment will be in the U.S. Army's Central Command Area of Operation. Your Assignment

Location may be changed at any time within the Area of Operations, at the sole discretion of Employer.

You are aware that the Assignment Location may be a potentially hazardous environment. Although the U.S. Government is responsible for providing security for Employer's operations, your acceptance of this assignment constitutes acceptance and acknowledgment of the risks and the willingness to stay in the Assignment Location until directed by the Employer to evacuate.

2. Compensation

You will receive the compensation listed below, based upon your individual job classification. In-Country Project Manager and the Project General Manager must approve any job classification or rate adjustment(s) in writing, and any changes in job classification or salary are only effective on the date indicated on the formal Personnel Action Notice (PAN). No rate increase will be awarded unless there is adequate justification to support it.

Base Salary: \$3,500.00 per month.

You will be paid a Base Monthly Salary as specified above on the basis of a minimum 40-hour workweek. There is no guarantee of more than 40 hours of work per week. Foreign Service Bonus, Work Area Differential and Hazard Pay, if appropriate, apply only to the first 40 hours worked each week. All hours worked over 40 hours per week will be paid at the straight time rate. The payroll period is monthly, with the pay ending date on Saturday of each pay period. All rate adjustments will be effective at the beginning of a pay week. For purposes of calculating the hourly rate for straight time pay, the following formula is used:

$$\frac{\text{Base Salary per month} \times 12 \text{ months}}{2080 \text{ hours}} = \text{Straight Time Rate per Hour}$$

If you are placed on a standby status, while on standby status, you will be paid Base Salary on the basis of 8 hours per day, not to exceed 40 hours per week standby pay. Foreign Service Bonus continues to apply during the standby period while In Country. If you are placed on standby status while physically located in a work location which has an identified Work Area Differential and/or Hazard Pay, the Work Area Differential and/or Hazard Pay will also apply during the standby period

(a) Capture and Detention

In the event you are taken and held prisoner, hostage or otherwise detained by a hostile force or the force of any power not allied with the United States while on foreign assignment, Employer will continue to pay your Base Salary at the straight time rate per hour being paid on the date of capture and/or detention. The number of hours per day you will be paid will be the average number of hours worked per day over the past two months immediately preceding detention. Foreign Service Bonus and Work Area Differential uplifts that you are eligible for immediately preceding detention will continue for the duration of detention during the first 40 hours of each workweek. You will also be paid Hazard Pay for the first 40 hours of each week for the duration of your detention, regardless of whether you were receiving a Hazard Pay differential immediately preceding detention. Compensation benefits will continue for the period of detention or internment and will be paid to your authorized party. Additionally, Employer is authorized to continue to process your contribution for insurance as established by you prior to the period of detention or internment. Such contribution will be deducted from your compensation benefits prior to payment of the compensation benefits to your authorized party. This will ensure insurance coverage remains in full force and effect throughout the period of your detention or internment.

(b) Foreign Service Bonus:

A Foreign Service Bonus is provided as a financial incentive for you to accept a foreign assignment and to encourage you to remain at the foreign location. Accrual of the Foreign Service Bonus starts upon the date of actual departure from the Point of Origin for the Assignment Location and ends on the date of return to the Point of Origin. The Foreign Service Bonus applies to Base Salary only, and excludes any overtime or extended work week allowance and will be paid each pay period. Foreign Service Bonus is 5% of Base Salary, unless otherwise amended in writing.

(c) Work Area Differential

A Work Area Differential recognizes work area hardship, weather extremes, or severe cultural or sociological differences. The Work Area Differential starts upon mobilization to the Assignment Location and ends on the last day at the Assignment Location. The Work Area Differential is applied to Base Salary only and will be paid each pay period. The Work Area Differential at the Assignment Location may be reviewed

and adjusted at any time by Employer, without notice or a specific amendment to this Employment Agreement. The Work Area Differential in effect at the Date of Hire is identified in the Data Sheet.

(d) Foreign Tax/Social Insurance Protection

Foreign Tax/Social Insurance Protection approximates the additional cost incurred by you due to your assignment in a foreign country.

It is currently anticipated that the Client will obtain an exemption or waiver of foreign taxes and social insurance obligations on your behalf. Consequently, no adjustment has been included in the Work Area Differential for these potential obligations. Should the Client fail to achieve the exemption or waiver, Employer will pay the foreign taxes and/or other host country statutory obligations on your behalf and seek reimbursement from the U.S. Government in accordance with Federal Acquisition Regulation 31.205-6(e). You will be responsible for completing and/or signing all necessary paperwork associated with the foreign taxes and/or other host country statutory obligations.

(e) Hazard Pay

Hazard Pay, if and when authorized by the Federal Government, is based on Assignment Location. If applicable, Hazard Pay applies to Base Salary only. Hazard Pay may be reviewed and adjusted at any time by Employer, without notice or a specific amendment to this Employment Agreement. The Hazard Pay in effect at the Date of Hire is identified in the Data Sheet.

3. Taxes

You will be personally responsible for compliance with applicable home country tax laws and regulations, including but not limited to, the payment of income taxes and FICA.

4. Sick Leave

You will accrue 8 hours of sick leave for each full month of service, beginning with the completion of the first full month of your Foreign Service employment. Sick leave will not be paid in advance of it being earned. Partial months will not be prorated. The maximum allowable accumulation is 96 hours within any 12-month period. Approval of sick leave requires documentation from a certified medical professional. Sick leave benefits will be paid at 8 hours straight time per day. No payment will be made for unused sick leave, nor may sick leave

accruals be used retroactively. Sick Leave is only applicable when you are In Theater and may not be combined with Interim Leave and/or Leave Without Pay (LWOP) when the LWOP is taken away from the Work Assignment location.

5. Holidays

You will be paid 8 hours straight time for any authorized holidays observed and not worked. Any approved project holidays that are worked will be paid at straight time. You must be in Country at your Assignment Location to observe the holiday. Because of operational requirements to provide continued support to the Client, it may not be feasible for all employees to observe local holidays concurrently; therefore, holidays may be taken two weeks on either side of the actual day, or longer with In-Country Project Manager or Project General Manager written approval. Holidays cannot be combined with Interim Leave, however, with advance In Theater Country/Region Management approval, if you are In Country at your Assignment Location to observe a holiday, you may combine the holiday with Leave Without Pay following the holiday. (In other words, you wake up in Country on your holiday, but travel later that day and go on leave without pay as authorized in advance by the In Theater Country Manager).

6. Mobilization and Demobilization

You will be mobilized and demobilized from and to your Point of Origin. You will be paid for mobilization travel time not to exceed two 8-hour days at Base Salary plus Foreign Service Bonus, Work Area Differential. During demobilization, you will be paid travel time not to exceed two 8-hour days at Base Salary plus Foreign Service Bonus. In accordance with Federal Acquisition Regulation 52.247-63 -- Preference for U.S.-Flag Air Carriers, all flights must be on a U.S. Flag Air Carrier unless the exceptions identified in the regulation are met and properly documented.

7. Local Housing and Transportation

You will be furnished transportation and housing at the Assignment Location. Meals will be provided. Where meals (e.g. KBR controlled or Government operated Dining Facilities, MREs, Meal Plan, etc.) are not provided, a Company Approved Per Diem (CAPD) may be authorized in lieu of reimbursement for actual

expenses at the sole discretion of Employer. Laundry Services will also be provided.

8. Travel Expenses

(a) Point of Origin

Your established Point of Origin will be the closest major commercial airport facility to the address listed on the first page of this Agreement. This is the location from and to which your travel and other expenses provided by Employer will be payable. Point of Origin may not change during the term of employment under this Agreement.

(b) Airfare Expenses

Your airfare expenses from the Point of Origin to the Assignment Location and return will be paid by Employer on an economy fare basis. In accordance with Federal Acquisition Regulation 52.247-63 -- Preference for U.S.-Flag Air Carriers, all flights must be on a U.S. Flag Air Carrier unless the exceptions identified in the regulation are met and properly documented.

(c) Other Expenses

Travel expenses other than air transportation will be reviewed on a case by case basis by the Project Manager. Shipment of excess baggage of personal items is a personal expense and will not be reimbursed.

9. Interim Leave (Also referred to as R&R)

Interim Leave is time away from the project during the assignment period due to hardships, lack of amenities and cultural disorientation in the Assignment Location. Interim Leave is expected to be taken but is subject to project schedules and requires approval from your supervisor and the In-Country Project Manager. Interim Leave will not be approved unless the job assignment is expected to last for a period of at least 30 days beyond the qualification date.

The following Interim Leave schedule will apply:

Upon completion of 120 days of assignment: A 10-consecutive-day leave.

Upon the completion of 240 days of assignment:

A 10-consecutive-day leave.

Upon completion of 365 days of assignment: A 10-consecutive-day leave.

Labor:

R&Rs will be every 4 months for a total of three R&Rs per year. All R&Rs will be paid a total of 80 hours at straight time (no uplifts) over a minimum of 10 days leave. The R&Rs will not be accrued; therefore, they will either be observed or forfeited. Employees on the OAS, KBR 1917, and SEII payroll will not be eligible for vacation or Top-flex accrual while on overseas LOGCAP assignments.

Airfare:

In accordance with Project Policies, Employer will pay your airfare expenses for a scheduled Interim Leave or Business Travel.

For R&Rs 1 and 2 (4 and 8 months), KBR will pay up to a fixed amount for airfare. For airfare over the fixed amount, the delta will be payroll deducted from the employee. For tickets under the fixed amount, the employee will not receive the difference, but the client will achieve cost avoidance.

The reimbursement of UP TO the fixed amount is considered personal compensation as defined by FAR 31.205-6 and will be reported as taxable income. Therefore, the requirement to fly on U.S. Flag carriers is not applicable to an employee who receives UP TO the fixed amount toward their airfare. An employee authorized in writing to receive UP TO the fixed amount of airfare reimbursement (approved Interim Leave Request) may make whatever travel arrangements he/she chooses since he/she is paying for the travel from his/her personal income. *Note: In order to be reimbursed UP TO the fixed amount, the employee must submit proof of travel (e.g., copy of ticket or itinerary) and proof of payment for that travel.*

For the third R&R (12 months), if the employee has not extended his/her employment for another year, the Company will send the employee to his/her point of origin, utilizing the return portion of the mobilization ticket if it is still valid. Due to time constraints and airline schedule changes, the return portion of the ticket may not be valid or may not be the most economical means of returning the employee to his/her Point of Origin. In that case, the Company will provide a return ticket to the employee's Point of Origin because that trip will also be considered demobilization of the employee. IF, however, the employee has been offered and has accepted the opportunity to extend his/her work assignment for another year, then the employee may elect

to go to other than his/her point of origin OR receive reimbursement up to the amount of the most economical airfare to the Point of Origin or to the preferred destination, which ever is less.

In accordance with Federal Acquisition Regulation 52.247-63 -- Preference for U.S.-Flag Air Carriers, all flights must be on a U.S. Flag Air Carrier unless the exceptions identified in the regulation are met and properly documented.

Where the employee is required to change employee's scheduled R&R due to circumstances stemming from U.S. Government actions and/or actions beyond the control of the U.S. Government (e.g. Military Flight schedule changes or restrictions, lack of government provided force protection delaying convoy travel, civil unrest or terrorist activity prohibiting travel, critical unforeseen mission support requirements, etc), AND the Employer's Human Resources Department purchased the R&R ticket on behalf of the employee, Employer shall pay for the costs associated with the change in ticket fares, to include cost of fees for the changed schedule that resulted from the type of activities described above. In order to be reimbursed for the changed fare and associated change fees, the ticket must have been purchased by the Employer, the change in the tickets and associated fees must be processed through the Employer and the reason for the change must be fully explained and approved by the Regional Project Manager (or Country Manager if the site location is not part of a Region). E-mail approval will suffice.

The purpose of Interim leave is to provide rest and relaxation (R&R) from the work environment, thus maintaining operational effectiveness and optimum performance; therefore, you are expected to adhere to the Interim Leave Schedule.

If you voluntarily decline to take Interim Leave before your next scheduled Interim Leave, your Interim Leave is forfeited. You may not save Interim Leave to use in conjunction with another Interim Leave.

Where Interim Leave cannot be taken as a result of a management decision to cover operational requirements, when you become eligible for your next Interim Leave, you will be paid for the untaken Interim Leave. On an exceptional basis, Interim Leave that is postponed due to operational requirements may be taken at a later time with the express written approval of the In Country Manager.

Interim Leave may NOT be taken in a location where KBR personnel are eligible to draw Hazard Pay EXCEPT where the employee's POINT OF ORIGIN is in that same Hazard Zone and then only those personnel whose Point of Origin is in that Hazard Zone are authorized to go to their point of origin. They cannot go to another location that receives hazard pay. (e.g. an employee with a Point of Origin in Bosnia can go to Bosnia on Interim Leave, but that employee CANNOT go to Kosovo on Interim Leave).

If granted, Interim Leave starts the date you depart the Assignment Location and includes travel time from and return to the Assignment Location. Transportation will be provided to and from a designated leave departure point within the Assignment Location. You will not be paid for unused Interim Leave. Payment for Interim Leave will only be made for days actually taken; therefore payment will occur only after the Interim Leave is completed.

While you are on approved Business Travel, Foreign Service Bonus and Work Area Differential if applicable will continue to apply to your Base Salary. Hazard Pay will only be paid when you are physically working in an area eligible to receive Hazard Pay.

If you are required to travel to another location on business, uplifts, to include Hazard Pay if applicable, for that location will be paid during the first 40 hours of the workweek.

Standby time associated with an Interim Leave is allowed only at the approved point of departure and only if the approved departure point is distant and/or difficult to reach due to weather conditions or other unforeseen circumstances (e.g. MILAIR flight availability). Standby time must be authorized by the In-Country Project Manager and must not exceed 8 hours per day. If you are required to travel to another location on business, you will be paid for all hours worked at the standby location.

Employer will pay your airfare expenses for scheduled Business Travel. All Business Travel must be coordinated and paid for by the local Human Resources Department. Exceptions for payment of Business Travel by other than the local Human Resources Department require written approval.

10. Emergency Leave

Emergency leave may be granted in the event of a serious health condition or death in your immediate family or your spouse's immediate family. For purposes of emergency leave, immediate family is defined as spouse, child, parent, grandparent, brother or sister (Family members identified herein can include step relations).

Emergency leave must be authorized by the In-Country Project Manager, whose Human Resources Manager will coordinate such leave arrangements. The maximum you will be paid during any period of approved emergency leave is 40 hours straight time at the Base Salary rate only. The In-Country Project Manager may authorize additional leave days without pay, not to exceed 30 days.

In the event of an emergency, your family members should notify the nearest Red Cross agency, and request the Red Cross agency to notify the Kellogg Brown & Root office in Houston who, in turn, will notify the In-Country Human Resources Manager.

Employer will provide you with a roundtrip airline ticket to the commercial airport closest to the point of the emergency or Point of Origin. In accordance with Federal Acquisition Regulation 52.247-63 -- Preference for U.S.-Flag Air Carriers, all flights must be on a U.S. Flag Air Carrier unless the exceptions identified in the regulation are met and properly documented.

Proper documentation of the emergency, such as a copy of a death certificate or a physician's statement, is required for reimbursement of authorized travel expenses and emergency leave with pay. In the case of a death, a copy of the published obituary in a newspaper will suffice as initial proof of the death provided a death certificate is submitted to the Human Resources Department within the next 30 days.

11. Leave Without Pay

The In-Country Project Manager may approve leave without pay in the event of a non-life-threatening situation involving a family member or for other personal reasons requiring your absence from the Assignment Location for a limited period of time, not to exceed 30 days. All expenses will be at your cost. You will be paid only for actual hours worked on day of your departure and day of return to the Assignment Location.

Leave Without Pay may NOT be taken in a location where KBR personnel are eligible to draw Hazard Pay EXCEPT where the employee's POINT OF ORIGIN is in that same Hazard Zone and then only those personnel whose Point of Origin is in that Hazard Zone are authorized to go to their point of origin. They cannot go to another location that receives hazard pay. (e.g. an employee with a Point of Origin in Bosnia can go to Bosnia on Interim Leave, but that employee CANNOT go to Kosovo on Interim Leave).

12. **Physical Examination**

You represent that you are physically capable of performing the work for which you are employed at the Assignment Location.

During the term of employment, you agree, when and if required by Employer, to submit to a physical examination by a representative designated by Employer and at Employer's expense. At Employer's direction, you agree to submit to a post assignment physical at the completion of your assignment. The physical examination may include a substance abuse test. You expressly authorize the examining representative to furnish those findings to Employer.

Your employment is contingent upon your passing the pre-deployment physical, and health examinations (including, but not limited to, tests for controlled substances), and obtaining immunizations required by Employer. In the event any such physical examination causes Employer to determine, in good faith, that you are not able to satisfactorily perform the job for which you are hired or that medical facilities at the Assignment Location are inadequate to provide you with the necessary level of care, Employer may, at its option, terminate this Agreement.

During the assignment period, you agree to cooperate in random or post-accident substance abuse testing and/or other testing for drugs or alcohol as requested by Employer.

You agree to submit to such vaccinations and immunizations as may be required by Employer, to be administered at such time, places and by such qualified medical practitioners as determined by Employer.

13. **Sickness, Injury, or Accident**

Should your health become impaired by reason of injuries or illness, through no fault of yours, and it results in your termination of employment, you will be returned

to the Point of Origin at Employer's expense. In accordance with Federal Acquisition Regulation 52.247-63 -- Preference for U.S.-Flag Air Carriers, all flights must be on a U.S. Flag Air Carrier unless the exceptions identified in the regulation are met and properly documented.

In that event, all further obligations of Employer shall cease, except with respect to the payment of insurance, if applicable, and any earned but unpaid compensation and Interim Leave.

Should you become impaired as the result of injuries or illness resulting, in whole or in part, from your negligence, Employer may terminate your employment for cause.

During the term of employment, you will be entitled to medical care at U.S. medical treatment facilities at the Assignment Location or elsewhere within the Area of Operations as authorized by the U.S. Army's Central Command.

CIVIL ACTION NO. 1:07-CV-0295

JURY TRIAL DEMANDED

AFFIDAVIT OF SHADOW SLOAN

STATE OF TEXAS

COUNTY OF HARRIS

BEFORE ME, the undersigned authority, a Notary Public in and for the above county and state, on this day personally appeared Shadow Sloan, known to me to be the person whose name is subscribed hereto, and having been first duly sworn, did depose and state:

1. I, Shadow Sloan, am of sound mind and over the age of twenty-one. I am competent to make this Declaration, and I have personal knowledge of the truth of its contents.

2. I am a partner at the Vinson & Elkins law firm. I was retained to defend KBR in the arbitration Jamie Leigh Jones initiated based upon the same allegations that the Barkers make in this lawsuit.

3. I conducted an investigation of Ms. Jones's claims after she initiated arbitration.

4. Below, based upon that investigation I identify persons whose testimony may be of significance in this lawsuit:

a) Eric Iler was Jones's supervisor when she worked in the IT department at KBR in Houston. Jones alleges that he sexually harassed her during that period. His testimony will be significant in confirming or refuting that allegation.

b) Frederick Heard was a KBR employee to whom Jones claims she reported Iler's actions. His testimony may be significant in confirming or refuting Jones's allegations about Iler and indicating the action taken in response to them.

c) John Bishop was an operations manager over Iler during the time of the alleged harassment. His testimony may be significant in confirming or refuting Jones's allegations about Iler.

d) Pete Arroyo was a friend of Jones's from the United States stationed with her in Iraq. He accompanied her to the on-site medical clinic following her reported assault. His testimony may be sought regarding Jones's living conditions in Iraq and the alleged assault.

e) Darrell Kaigler was responsible for employee housing at Camp Hope in Baghdad, where Jones was stationed. His testimony may be sought regarding Jones's living conditions there and discussions regarding Jones's housing.

f) Kristen Rumba was the physician assistant who initially tended to Jones following the alleged assault. Her testimony may be sought regarding Jones's condition.

g) Scott Davis was the HSC manager at Camp Hope. His testimony may be sought regarding Jones's condition after the alleged assault as well as a meeting he participated in with HR and security personnel regarding Jones's treatment and the alleged incident.
