Avaya is bidding for a telecommunications project with the government

Avaya has setup a branch office in an emerging market in south asia

4600T APSS Small and Midmarket Communications On	nline Test - Internet Explorer	
☆★☆		
	Avaya has set up a branch office in an emerging market in South Asia. The company engages a channel partner ("Partner" or "Channel Partner") who has contacts within the government to promote and sell its products and services in the above market. In connection with the above, the Partner pays two (2) government officials \$250 each. The Partner takes the position that these payments were not made to secure any government business. but rather to build relationshins to position Avaya's business in the market. Is and regulation A. No, b and the B. Yes, because anti-bribery/anti-corruption statutes and Avaya policy prohibit the improper influencing of a foreign public official to secure business from any source.
