CEILING SOLUTIONS

Integrated SHADE POCKETS

Now, there's a new integrated pocket and shading solution for building perimeter systems, thanks to a collaboration between Armstrong World Industries and Lutron. This pre-engineered solution provides superior aesthetics, performance, and the most advanced shading solution on the market today.

WHY CONSIDER THIS SOLUTION?

ARCHITECTS:

- ▶ Easy to specify – pre-engineered pocket and shade solution
- ▶ Provides seamless integration to acoustical or drywall ceilings
- ▶ Industry-leading aesthetics
- ▶ Best in class performance
- ▶ Seismic code compliant

CONTRACTORS:

- ▶ Reduces risk and eliminates guesswork
- ▶ Installs as part of a complete ceiling solution
- ▶ Faster system installation gets you on and off the job quicker
- ▶ Integrated sub-brackets make shade installation easier
- ▶ Lower cost of installation

Seamless Integration

Also available for drywall installations

ARMSTRONG® CEILING POCKETS

Lutron Compatible Shade Pockets:

- Install 12 times faster than drywall pockets and twice as fast as traditional pockets
- Integrate with drywall and acoustical suspension systems like no other pocket can for perfect fit and finish
- Engineered specifically for Lutron Sivoia® QS Roller 100/150/300 shades
- Designed with an integral sub-bracket and wire harness, making Lutron shade installation easier

Lutron Performance Shading Advisor

- Select optimal solar screen fabric
- Select pocket based on your fabric roll-up diameter
- Save projects and order fabric samples
- Generate reports and specifications based on selected product

Lutron is the global leader in automated shading solutions, offering the most advanced, innovative daylight control for commercial spaces.

Lutron Performance Shading Solutions Binder

After selecting a few optimal fabrics, see the "Category" field to find the fabric in the corresponding deck within the binder.

-  Spec Grade Solar Screens (THEIA™ Compliant Fabrics)
-  General Purpose Solar Screens
-  Sustainable Solar Screens
-  Blackouts

Lutron Shade Configuration Tool (SCT)

Within Lutron's SCT, choose shades from the Roller 100/150/300 product lines to work with the Axiom® pocket for Lutron shades.

Find these tools at www.performanceshadingadvisor.com

Lutron Compatible Shade Pocket lineals with Lutron Roller 100™ Product Family

Compatible Roller Shades

Ensure Compatibility When Specifying

Lutron Compatible Shade Pocket

Step 1

Select pocket type – 3-sided pocket to acoustical or drywall, seismic pocket, or exposed pocket.

Lutron Performance Shade

Step 1

Select shade fabric – Consider the needs of the space when choosing a fabric.

Step 2

Select framing method – The AXP355L Acoustical/Drywall pocket can be attached to the wall or can be framed against the wall using studs every 48" on center. The exposed pocket can be attached to the wall or conventional stud framing from above.

Step 2

Select drive unit and top treatment – The drive and top treatment differ depending upon the size of the window and the architecture of the building.

Step 3

Select Closure Clip – The AXPC3L is a 3" closure clip designed with a screw slot and tether option for attachment. A standard 2" closure clip (AXPC2) is also available.

Step 3

Select power supply – Choose from several options for powering a shade, depending upon the number and placement of shades in the space.

Step 4

Select coordinating suspension system – Axiom® pockets can attach to any Armstrong® suspension system with coordinating panels or can be installed with Armstrong drywall grid systems.

Step 4

Select controls – Shade controls range from personal wireless remote controls to publicly accessible wall-mounted keypads to a completely automated system.

Step 5

Specify Division 9 – Cross reference Division 12

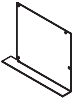

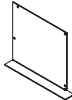

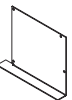

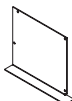

Step 5

Specify Division 12 – Cross reference Division 9

To ensure roll-up diameter of the Lutron fabric and compatibility with the right Armstrong® Ceilings pocket, visit www.performanceshadingadvisor.com

The Perfect Solution for Your Ceiling Design

Lutron Compatible Shade Pockets

Item Number	Description	Dimensions (Inches)	Length
