

BabyStyle®

Oyster Capsule Infant & Oyster Capsule Duofix ISOFIX Base

VEHICLE COMPATIBILITY LIST

Seating position results are based on seating positions as per this diagram.

Please read the following warnings carefully

- The Duofix i-size Base should only be used with the Oyster Capsule infant car seat.
- This car fitting list has been compiled in great detail. However BabyStyle accepts no liability whatsoever with regard to any inaccuracies. The list is for guidance only. For more information, contact your retailer and / or the vehicle manufacturer..
- It is highly recommended that at the time of purchase, you seek professional help from your retailer to ensure the car seat is installed correctly in your vehicle.
- If possible, always fit the base in the rear seat of the vehicle. This is statistically safer.
- Do not use on a passenger seat with an active front airbag. This is illegal and extremely dangerous. You may be able to disconnect the airbag automatically or manually to comply with the law but always ensure that you refer to your vehicle handbook when doing so.
- If your vehicle has under floor storage compartment boxes, please consult your vehicle handbook or speak to your car dealer with regards to fitting.

- The Oyster Capsule Infant Car Seat is approved to regulation R129 for use in vehicles marked with the I-Size logo. They are compatible with the Duofix i-Size Base in the cars and seat positions within this list, providing isofix points are fitted.

- The Oyster Capsule Infant is also approved to regulation R44 to be used in a belted position.

This car fitting list has been compiled in great detail. However, BabyStyle accepts no liability whatsoever with regard to any inaccuracies. For more information, contact your retailer.

It is highly recommended that at the time of purchase, you seek professional help from your retailer to ensure the car seat is installed correctly in your vehicle.
