

JACOBSON RED ANGUS

ANNUAL BULL SALE

MONDAY, MARCH 30TH, 2020 1:00 P.M.

GET

At the ranch!

HITTERDAL, MINNESOTA

Back in the saddle again...

Well the past several months have been quite a whirlwind. As advertised, we dispersed our cowherd this past October, with the exception of the 2019 bull calf crop which we intended to and are selling now. Our goal was to slow down and still find a way to maintain our lifestyle, always keeping a small group of cows and our sanity! We would like to thank everyone that attended and/or purchased cattle in our dispersal, and wish them all the best of luck with the genetics that we so diligently designed.

Jacobson Red Angus has taken on a new view and business plan, but we still plan to raise the same quality Red Angus genetics. We continue to have a partnership with our son, Cody, and he owns his share of the current herd. Through our dispersal we have established a new business relationship with Prairie Red Angus, owned and operated by Spring Prairie Colony out of Hawley, MN. They purchased a large group of cows from the dispersal, as well as our late bred cows which we sold them privately last summer. Many of our top bull calves were on these cows and are in this sale, and Prairie Red Angus will continue to provide their best bulls to this event.

Our genetic focus has always been on the Red Angus female, and now we will enhance our focus on traits like calving ease, structure and udder quality, heifer pregnancy, stayability and high quality carcass traits. We would like to become the premier genetic provider in the mid-west for low birth, convenience minded and carcass trait minded cattle.

A major projects that Jacobson Red Angus and Prairie Red Angus is currently putting in place, is one in which we will be aggressively bidding and/or purchasing calves sired by our bulls. We intend to retain ownership and feed these cattle out, all along collecting meaningful feed efficiency and carcass information on our genetics. See page 2 for more information.

Every bull that sells has been through a strict screening for performance, fertility, soundness and disposition... and you will not find a more quiet set of bulls! As always we stand behind our cattle 100% and our word is our guarantee! Thanks again for your interest in our program.

Sincerely,

Jake & Val

Quality Genetics... Common-Sense Cattle!

JACOBSON RED ANGUS

ANNUAL BULL SALE

MONDAY, MARCH 30TH, 2020 1 p.m. CST

AT THE RANCH, HITTERDAL, MN

Schedule of Events:

Sunday, March 29th –

Pre-sale viewing of bulls all day at the ranch, just southeast of Hitterdal, MN.

Monday, March 30th –

8:00 am - Viewing of sale offering at the ranch with coffee and donuts.

12:00 pm – Lunch is served... we are serving a steak dinner!

1:00 pm – Jacobson Red Angus Annual Bull Sale at the Ranch... Please join us after the sale for refreshments!

View the Auction Live!
Bid Online... you're ringside
right at your desk!

Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved
3. Tune in for the sale and make you purchases!

High speed internet is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.

"Justin Dikoff, our DVAuction representative and videographer, will be at the sale handling all bids on DVAuction. He also took the presale videos of the offering so feel free to contact him with any questions at 605-598-4383.

Full Circle

Red Angus Beef

Jacobson Red Angus/Prairie Red Angus added value beef program

Full Circle is a calf buy back program that adds value to your calf crop! We have full confidence in our genetics and will bid on your calves when and if you let us know when they are selling. Sign up with Full Circle and add value to your bottom line!

We have some requirements to be eligible for Full Circle, as follows:

- Calves must be sired by Jacobson or Prairie Red Angus bulls.
- Calves must be tagged or eligible to be tagged with the "Red Angus" tag.
- Calves must be vaccinated according to a Verified Preconditioning Program
- Calves will have to be weaned for at least 30 days by sale/ship date
- You need to let us know where and when your calves will be selling, at least 14 days in advance.

Name: _____

Farm Name: _____

City, State: _____

Number of cows: _____

Expected number of calves to sell (please specify if steers or heifers): _____

Expected month to sell calves: _____

Do you background your calves, and if so, to what weight?: _____

What is your normal calving season (please indicate months you calve)? _____

Which sale barn do you usually use to market your feeders? _____

Date: _____

If you've been a Jacobson customer over the past several years, please come talk to us about options to place your current calf crop.

Please fill out this form and send us a copy!

Every bull sells with genomic enhanced EPDs...

THE POWER OF 50K

Bull selection is one of the most significant decisions ranchers make in terms of influencing the overall profitability of their operations; therefore, Red Angus strives to deliver reliable genetic predictions to stakeholders to ensure producers are making the most informed decisions possible in pursuit of production goals.

For years, ranchers utilizing Red Angus EPDs (Expected Progeny Differences) in their selection decisions have enjoyed the built-in reliability and risk reduction provided through the breed's early adoption of Total Herd Reporting (THR) data. To further advance EPD accuracy and reliability, Red Angus can now incorporate 50K genomic data.

For generations, animal breeders have relied on phenotypic measurements to determine what the animal possesses at the gene level. Now, with the inclusion of 50K genomic data, we can actually measure the impact of identified gene effects before the weight or measurement is ever recorded.

Accuracy

EPDs predict an animal's true genetic merit which can be passed on to offspring. As the amount of data included in an animal's EPD calculation increases, ranchers can have more confidence that the EPD correctly identifies the animal's true genetic merit. This is communicated to stakeholders in the form of "Accuracy," which is printed in conjunction with each EPD and ranges from 0 to 99.

Increased Data = Increased Accuracy = Increased Reliability

The power of 50K is the ability to collect additional genetic prediction data before an animal is selected to enter or exit the herd. Thus allowing producers to achieve their genetic goals at a faster rate as the genetic predictions used in selection decisions are of higher accuracy.

Red Angus' 50K test proves to be a game changer

- Ensure your yearling heifer bulls are "calving-ease specialists."
- Confirm your cowherd-building bulls have optimal genes for maternal traits.
- Make certain your carcass bulls are superior grid producers.

Information gained from 50K genomic data and Total Herd Reporting data provides Red Angus stakeholders with EPDs of unsurpassed reliability.

Ranch Tested. Rancher Trusted.

Red Angus

- Resourceful 9219 is no accident, rather a mating that was first planned four years ago! This dark red, double bred SAV Resource son is very attractive, with very smooth lines, good performance, and an attitude that says 'Yeah take a look at me!'
- Four years ago, we purchased the KF Rito 3115 bull from our embryologist, Gary Knutson, down in SD. He is a total outcross sired by SAV Resource and out of a Basin Max x EXT x Bando 598 bred dam from the famed Bon View Erica tribe. The dam, Dream 7109, sold this fall to Oland Red Angus in ND.
- **Selling 1/2 interest and full possession.**

Lot 2... some of Heidi's best work yet!

**Lot 2...
showing off

Jacobson Heidi 2099... the dam of Lot 2!

- Bona Fide 9117 might just be the best son that Heidi 2099 has produced yet, and that is quite a bold statement when you look back at her progeny! This stud ranks among the elite top 1% of the breed for Marbling, the top 5% for CW and the top 6% for REA.

- His dam, Heidi 2099, needs no introductions. Clearly one of the most influential cows in our herd and the breed, her progeny include the \$30,000 Jacobson Freedom at Rich's in IA, and J-3 Farms in OK. In our '17, her Out In Front son, Jacobson Weight Out 6171, topped the sale to 9 Mile Ranch in WA for \$39,000... his first progeny topped our '18 Fall female & 19 Spring bull sales. **Selling 1/2 interest and full possession.**

Lot 3... he is gonna help fix alot of problems!

LOT 3	JACOBSON MECHANIC 9118														
	2/8/2019	GJRA/9118	A-100% AR	#4134106

Lot 4's granddam, Forever Queen 950-2657...

- Real One 9073 is as stout and as good as we can make one! He was the #1 WW calf this past fall, posting an amazing 839 AWW, with a 132 ratio, and the rest of his indexes aren't too bad either, with a 122 YR, 104 IMF ratio and a 115 REA ratio.

- His dam, Queen 7261, is an ET daughter of 5L Advantage, out of our prolific donor, Forever Queen 950-2657. With 49 head of progeny to her credit, 950 has a huge influence in our herd. She produced two full brothers to Queen 7261, including Jacobson Upper Hand that sold to T-N-R Reds in SD, and Jacobson Dilly Dilly that sold to Sandbur Red Angus in NE. **Selling 1/2 interest and full possession.**

Lots 5-7... powerhouse sons of 5L The Real Deal 143B!

- Lot 13 is a powerhouse, posting a yearling record of: 110 WR, 113 YR and 132 Marbling ratio! He is sired by Jacobson Big Gun 7138, the 21 CED, -6.2 BW Topgun ton that sold in our '18 sale to Bergren's in MN. He is a mat. brother to Jacobson Del Toro 5058, the powerful herdbull that sold in '16, also to the Bergren's in MN.

Top%	57	8	13	27	53	46	77	41	1	35	88	4	18	30	6

- Lot 14 is royally bred, stacking two of the breed's most dominating matrons in 5L Black Adina 525-560, and Forever Queen 950-2657. He started out below average for BW, but went on to post a 104 WR, 106 YR & 117 REA ratio! His first calf dam, Queen 7264, is an ET daughter of Domain, the breed's premier HB sire, and she is out of the prolific Forever Queen 950 donor that has 49 head of progeny to her credit.

- Northern Exposure 9014 is a rugged, stout made, meat machine! There is no doubt he is all bull... the kind we've come to expect from his popular sire, RREDS Seneca 731C. He posted an impressive 706 AWW, 111 WR, 105 YR and 103 REA ratio.

- His dam, Rita 4086, is a young outcross daughter of Brylor Kodiak 204Y out of our powerful ET donor, Top Rita O07. She is cruising along with a 102 MPPA on her four calves, including two daughters, one residing at Seier Red Angus in NE, and the other sold this fall to Armes Red Angus in KY.

- **Selling 1/2 interest and full possession.**

Lots 18 & 19... a pair of Seneca sons that look good from any angle!

- Lot 18 is one of the good, solid bulls in the offering. His length, style, structure and disposition make him very appealing. His dam, Huck 3172, is a Blazin On daughter that never missed, with five calves in a 368 day calving interval. Working Genetics out of Orrin, ND selected her and two of her daughters this past fall.

Lot 50's dam, Heidi 7149, is an ET flushmat to Heidi 7160, the \$12,000 highlight from our sale this fall going to Armes Red Angus in KY.

- Lot 50 is his dam, Heidi 7149's first calf and he is sitting pretty with a tabulation that ranks him among the top 30% of the breed or better for 9 traits.

It's a pretty easy job when you have the right company!

- Lot 51 is a calving ease and carcass minded son of 5L Defender 1260-93C, and maternally is out of Ms Dallissa 648-0120, the 106 MPPA Roll Tide female we purchased from the Jung's. Her 120 WR Blockade daughter sold this fall & went back to Lazy J Ranch in SD.

- Deep Pockets 9006 has yet to miss the bullseye, with a record of 58 BW, 711 AWW, 111 WR, 111 YR, 128 IMF ratio and 106 REA ratio! If he was red, he would have the entire breed's attention, and he still should.
- His young dam and granddam, Elsa 7003 and 5003, were both top cows in our program and fortunately we were able to retain them both!
- Selling 1/2 interest and full possession.

Jacobson Resor 7207... the outcross sire of Lot 69

- Lot 69 is another super calving ease bull that should work really well on yearling heifers. His first calf dam is a young daughter of Lucky C156 out of a Blaze On 0057 daughter that now resides at Prairie Red Angus in Hawley, MN.

SALE TERMS & CONDITIONS

1. BIDDING

The Auctioneer in charge will settle any disputes as to bids, and his decision on such matters shall be final.

2. TERMS

Terms of sale are cash unless satisfactory credit arrangements have been made with Sale Management prior to sale.

3. PURCHASER'S RISK

Each animal becomes the risk of the Buyer as soon as sold, but it shall be the obligation of the Seller to see that animals are fed and cared for free of charge to Buyer, until loaded for shipment or until the expiration of 48 hours after the sale, whichever occurs sooner.

4. HEALTH

All animals are eligible for interstate shipment, except as otherwise announced. Interstate health papers will be furnished for each animal requiring tuberculosis and brucellosis tests in accordance with Federal Regulations.

5. ANNOUNCEMENTS

Any changes from information of any kind in this catalog will be announced from the auction box and such announcements shall take precedence.

6. DEFAULT

In the event the Buyer defaults on payment, the Buyer shall be responsible for all costs, including attorney's costs, incurred by Sale Management or Seller in connection with collecting, or attempting to collect, payment due.

7. BREEDING GUARANTEE

All animals are guaranteed by the seller as outlined in the Red Angus Association of America Code of Ethical Sale Practices.

8. CONTRACT

The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.

9. LIABILITIES

All persons who attend the sale do so at their own risk. The seller, the sale manager, and the auction facility assume no liability for accidents that may occur. It is to be clearly understood that the sale manager and their representatives act only as a medium between the buyer and seller.
