All LaGuardia Continuing Education students attending in-person or hybrid classes must submit documentation of full vaccination before the first day of in-person instruction. This includes a 2-week waiting period after your final dose. You will then need to submit proof of vaccination to Cleared4.

Thank you for helping to keep our campus safe.

Eva Gomez

*Opportunities to realize dreams
at LaGuardia*

Eva Gomez came to LaGuardia to study in the Bilingual Medical Assistant Training Program, a customized program for English language learners. The Guatemalan native worked hard to overcome language and academic challenges, and contended with a two-and-a-half hour commute to the college while working full-time. Eva now works as a medical assistant at NYU Lagone Health and hopes to one day become a nurse.

"I am very grateful that LaGuardia [allowed] me to realize this dream that I had for many years but had not been able to realize for economic reasons and because there were no opportunities," says Eva.

NOTE: The Bilingual Medical Assistant Training Program at LaGuardia is currently on pause.

Justine Figueroa

Building confidence with CUNYStart

Justine Figueroa came to CUNY Start, an intensive college preparation program that focuses on reading, writing and math skills as well as success strategies, to get the confidence she needed before delving into her degree studies. "What really helped me was the support of the teachers and staff, and I knew that I wanted to implement

that in my Human Services major," says Justine. "I made sure that I asked questions and followed up with advisors. When I left CUNY Start, I created a plan so that I basically had an idea of what I wanted to achieve for myself."

This foundation helped Justine succeed in college. She made Dean's List every semester and received a Guttman Scholarship to help pay for her studies at a four-year school after graduating from LaGuardia. She also gained the self-confidence to become a Peer Advisor at LaGuardia, which entailed helping fellow students understand program curricula as well as sharing knowledge and resources to assist them in navigating the college.

At Hunter College, Justine completed internships with Meals on Wheels and Visiting Nurse Service of New York, working with individuals with substance abuse issues at the latter. She also conducted empowerment and mentoring workshops for incarcerated youth at Rikers Island before recently graduating with a Bachelor of Social Work Degree. She plans to continue working to help people through social justice and community organizing, with a particular interest in human rights issues.

Reflecting on her time at LaGuardia, Justine says, "It was a great experience because you had individuals who wanted to help you become your best self, and they would hold you accountable. This was a lesson for me."
