Foreword

The purpose of this handbook is to provide the Key West High School Band members, parents, teachers, administration, and directors a guide to our band program's rules, procedures, and expectations.

As members of a performing musical ensemble committed to achieving excellence we must exhibit an understanding of our rules and expectations through consistent practice in all aspects of our operations.

Welcome

Welcome to the Key West High School Band Program! You are now part of an organization with a long standing tradition of excellence that is now your duty to uphold. You have seized an amazing opportunity for your personal growth that will develop your personal leadership skills through the study of music performance. Challenging oneself by adopting an attitude of constant self-improvement, service to organization, and persistence toward group and personal goals will continue to reward you throughout your life.

The choice to be in band is one of the most exceptional commitments you will ever make. There is no equivalent or comparable experience to band. You will be joining a performing ensemble that delves deep into the art of music. We will explore the immensely intricate and intellectual challenges of music performance, an amazing art that aims to directly transfer emotion through the acoustic (human powered) production of sound! Experiences in band include extensive music skill development, opportunity for creative expression, public performance, travel, and development of lifelong friendships. This is all coupled with the dynamics of participation in a student lead organization that thrives on teamwork, goal based achievement, and pride. Band is challenging, exciting, emotional, physical, rewarding, a culture in itself, and exists because of your commitment.

Whether your motivation for being in the band is musical, social, leadership oriented, or simply for fun, YOU are the most integral part in insuring our band's success. Your hard work, dedication, spirit, enthusiasm, service, clear communication, and constant commitment to the band is crucial to the quality of YOUR band experience. The direction of the band does not reside solely in the hands of the director, instructors, or our student leadership; all members share this responsibility equally.

Ensembles

Membership in the Key West High School Band

The band program is open to ALL interested students who demonstrate the desire, ability, and proper attitude to be a member of the group. Students desiring membership must have permission from the director and perform a placement audition for enrollment in the appropriate ensemble class. Students without prior band experience may audition at the discretion of the band director. Symphonic Band, Wind Ensemble, Jazz Band, Color Guard, and Percussion Ensemble are full year courses, students must enroll for the entire school year beginning in the Fall Semester. According to Florida Law, all students must “Maintain a grade point average of 2.0 or above on a 4.0 scale, or its equivalent, in the previous semester or a cumulative grade point average of 2.0 or above on a 4.0 scale, or its equivalent, in the courses required by s. [1003.43\(1\)](#).” to be eligible for full participation. Alternate Status among other stipulations must be imposed on students in lieu not meeting the GPA requirements.

Ensemble Descriptions

Symphonic Band: is comprised of 9th – 12th grade students with previous instruction on wind instruments. It consists of modern band instrumentation and provides instruction in common-practice period through twentieth century wind literature and transcriptions. The Symphonic Band performs at several required concerts and the District Concert Band Music Performance Assessment each year. Participation in the marching band is a co-requisite.

Wind Ensemble: is comprised of mostly 10th – 12th grade students with previous instruction in wind instruments and is the top performing wind group at Key West High School. Membership is by audition only. The repertoire of the ensemble is extensive and advanced. After school rehearsals for all Wind Ensemble students are weekly and mandatory. The Wind Ensemble performs at several required concerts and District and State Concert Band Music Performance Assessments each year. Participation in the marching band is a co-requisite.

Percussion Ensemble: All percussionists are members of the Percussion Ensemble. All members are instructed on all instruments of our three primary mediums of percussion including: marching percussion, concert percussion, and percussion ensemble. Highly accomplished members will be assigned parts to play with the Wind Ensemble, as parts are needed. All members will play in the percussion section with the Symphonic Band. Participation in the marching band is a co-requisite.

Ensembles

Ensemble Descriptions Continued

Jazz Ensemble: Pre-requisite: Jazz audition and previous band experience along with concurrent enrollment in Wind Ensemble, Symphonic Band, or Percussion Ensemble. Permission may be granted to take only Jazz Band if varsity sport conflict exists. Exception: piano, bass, guitar, drums. Students must have the director's approval for admission. This course provides basic instruction in jazz-related rhythm, tone, style, concept, listening skills, and improvisation. The ultimate goal of this ensemble is to give interested students an opportunity to study and perform jazz ensemble literature. Various text and workbooks, video, and audio recordings are used to create a formal study of jazz appreciation, jazz history, and listening skills. In addition to required performances at District and State Music Performance Assessments, this group acts as the musical ambassadors of the Key West High School Band Program. This ensemble may include several required performances planned after the start of the school year.

Colorguard (Eurhythmics): Membership in this group is determined by audition and interview. This ensemble is a visual and dance group that performs with the Marching Band. This group participates in the FBA Solo & Ensemble Assessments. Members are instructed in techniques of dance, rifle, saber and flag. Participation in the marching band is a co-requisite.

Marching Band: Membership in the marching band is open to all students. It is required for membership in the Wind Ensemble, Symphonic Band, Percussion Ensemble, and Color Guard. **All members of the KWHS Band Program must participate in the Marching Band with exception of Jazz Band rhythm section students who do not have prior wind band/percussion experience, fall athletes determined on an individual basis, and medical exemptions on an individual basis.** These athletes must attend all performances of the band program and communicate all conflicts with the band director at the beginning of the season. The Marching Band is only active in the fall with several varsity football games and a few local parades. Required rehearsals are held twice a week: Tuesdays and Thursdays after school from 3:00-4:45pm. The Marching Band performs at the required FBA Marching Band Performance Assessment and possibly one or two competitions.

All Band Program Courses: Require contribution by each member of their "Fair Share of Fundraising" detailed on page 22. Students are highly encouraged to find sponsorships to help cover their contribution. Families in a financial hardship situation must meet with the director as soon as possible to work out a plan to aide them in meeting their obligation. All courses will require purchases of uniform accessories, parts, and t-shirts etc. in addition to their Fair Share of Fundraising.

Auditions: Auditions will be held towards the end of each school year. Students will be given the specific audition materials in advance of the audition date and will have ample time to prepare. The audition results will also determine the chair placement for each section of the ensemble and will remain as listed until the beginning of the new academic year. Students are welcome to challenge another student for their chair placement at a time that is deemed appropriate by the band director (in lieu of concerts or other limiting circumstances) See the Challenge Form for details.

Instrumentation

Instrumentation is a term used to describe the balance of the specific instruments types found in an ensemble or in our case a band. The music pieces we play are composed for this specific setup or structure of instrument grouping. Instrumentation aims to balance the higher voices and lower voiced instruments and to mix or blend the timbre of these instrument sections to create a unique group sound that we know as the “wind band” or “concert band”. Our program is broken down into two of these concert/wind bands, the Wind Ensemble and Symphonic Band, each with a specific unique group sound based upon numbers in each section. Nearly all band programs in the world are formed around this concept of the modern band instrumentation. Marching band is also based upon the same principles and is very similar, however with variations on instruments to allow for marching and playing. Below is chart showing the required instruments or the instrumentation necessary to perform the music that is written for each band type:

Concert/Wind Band - Sym.	Concert/Wind Band - Wind Ens.	Marching Band (rough %)
Piccolo-1	Piccolo-1	Piccolo 1%
Flute-5-8	Flute-4-6	Flute 10%
Oboe-2+ Bassoon-2+	Oboe-1-2 English Horn (as needed) Bassoon-2	Never
Clarinet (Bb soprano)12+ Bass Clarinet 2+	Clarinet (Bb soprano)-6-12 Eb soprano (as needed) Alto Clarinet (as needed) Bass Clarinet- 2 Contra Bass CL- 1	Clarinet (Bb soprano) 18% Bass Clarinet (sometimes) 3%
Alto Saxophone-6 Tenor-2+ Baritone-2	Alto Saxophone-4 Tenor-2 Baritone-1	Alto Sax 7% Tenor 3% Bari (sometimes) 2%
Trumpet-8+	Trumpet-6 Cornets (as needed) Flugel horn (as needed)	Trumpet 14%
French Horn-4+	French Horn-4	Mellophone 8%
Trombone-7+	Trombone-4 Bass Trombone-1	Trombone 10%
Euphonium-3+	Euphonium-2	Baritone 7%
Tuba-4+	Tuba-2+ String Bass-1	Sousaphone 7%
Percussion-everything 2-9 players	Percussion-everything 2-12 players	Pit-everything (as needed) Battery-tenors, snare, bass drums, marching cymbals 10%

Numbers of instruments for each section rely on the strength of players in those sections, the requirements of the music, and the overall size of the band. A marching band’s size is only limited to the space which they will march on. Wind ensembles are typically close to one person per part and symphonic bands are generally larger with two or more players per part topping out at around 90.

Students may be asked to volunteer to learn and perform on a different wind instrument than they played in middle school to meet the needs instrumentation. Typically, this instrument is a close cousin to their primary instrument that will be relatively easy to learn and may provide the opportunity to advance higher in chair or ensemble placement. These instruments are generally owned by KWHS. This type of commitment is of great service to the band program.

Attendance

Expectations of a Performing Ensemble

"Individual commitment to a group effort - that is what makes a team work, a company work, a society work, a civilization work." - Vince Lombardi

The nature of this quote is simply understood amongst members of a performing ensemble concerning the significance of their individual contribution. It is a small part of our culture or unspoken code of musicians. There are very few other activities or events that absolutely require your attendance and participation like that of a performing ensemble. Absences affect not only the individual who is absent but the entire ensemble. As a member of this group YOU are interconnected to every other member's performance and learning in an infinite number of ways. An absence necessitates repeating educational instruction when the student returns, as well as eliminating the opportunity to develop blend, balance, and precision with the other students in the ensemble. We cannot do what we do without you regardless of the circumstances. As you gain more experience in band, this will become evident to you.

Attendance Policy

Band members are required to attend all rehearsals and performances in accordance with the Band Calendar in this Handbook and the online [Band Calendar](#). Rehearsals and performances that take place outside of school hours are part of the educational process and are mandatory for a grade and a member's performance eligibility. Students must be on time for all Band functions. Learning to be early (on time) now will establish a lifelong habit that is critical to success.

Excused Absences

The Following are the only reasons an absence will be excused by the band director:

1. Death in the immediate family.
2. Extreme personal illness - The student is expected to have a doctor's note stating the student's inability to perform/practice. Absence will not be excused without a doctor's note. Note: Feeling a little sick is normal at the end of a long school day. Eat a snack before rehearsal.
3. Students who are actively participating and representing KWHS in an actual competitive activity (sport) may be excused from rehearsal at the director's discretion. Students who miss a rehearsal due to a field trip or other similar activity may be excused at the director's discretion. Excused absences from performances (*very rare*) due to another competitive activity will be handled on a case by case basis in advance. All absences in this category must be discussed with and approved by the band director as soon as you become aware of the conflict and at least two weeks prior to be excused.

A lack of planning on your part does not constitute an emergency on ours; plan ahead!

NOTICE: NO ABSENCES WILL BE EXCUSED FOR THE FLORIDA BANDMASTERS ASSOCIATION MARCHING OR CONCERT BAND FESTIVALS OR COMPETITIONS OR MAJOR CONCERTS.

Attendance

Unexcused Absences

The following policies are in effect regarding rehearsals:

- Following an unexcused absence the student must schedule a meeting with the band director to explain the absence within 24 hours.
- An unexcused absence will result in the loss of available points in the grading category for each rehearsal missed resulting in a lowered 9 weeks Grade and/or suspension from future performances. Parents will be contacted and informed of the resulting penalties.

The following policies are in effect regarding performances:

- Following an unexcused absence the student must schedule a meeting with the band director to explain the absence within 24 hours.
- Unexcused performance absence result in a failing grade for that event and possible alternate status for marching band.

Examples of Absence Excuses Not Accepted

Be responsible to know about and keep your parents informed of all Band performances, rehearsals, and activities. Excuses that will NOT be accepted are:

1. "Had to work." Make arrangements with your employer early.
2. "Couldn't get a ride." Be responsible. Arrange this item early. Set up a car pool!
3. "Didn't know about it." Be responsible. Listen and read all information carefully. Check the band website calendar-there is a calendar on the band hallway wall.
4. "Forgot my instrument." Be responsible. No credit.
5. "Don't have any reeds." Be responsible. No credit.
6. "Parents leaving town." Make arrangements early before this conflict arises.
7. "Parents make me stay home to work or study or babysit." Maintain your grades at all times! Be responsible. Uphold your commitment to the Band by being a good student!
8. "I have a doctor's appointment." Be responsible. Schedule it at a different time, if at all possible. If seeing a specialist with no other options, arrange this absence in advance.
9. "Family or relatives visiting." Visit and explain your commitment to the total organization. Bring them to your practice or performance to let them watch!
10. "I'm grounded by my parents." Have them contact the band director for discipline assistance; there is much work to be done around the band room.

Tardies - Rehearsals and Performances

BE ON TIME: TO BE EARLY = TO BE ON TIME * TO BE ON TIME = TO BE LATE! * TO BE LATE = UNTHINKABLE

Students are expected to be on time to all activities. "On Time" means ready to begin with all necessary items. Not rushing to your chair or running to the practice field at the rehearsal start time.

- Any student who is late will receive a detention unless excused by the director.
- Any student who is consistently late, more than three times, may be placed on alternate status in addition to possible school disciplinary action (referral).

Attendance

Band Camp

Attendance at Band Camp is required for all Symphonic Band, Wind Ensemble, Percussion, and Color Guard students. During camp we learn all of the necessary marching and play fundamentals to be able to perform our marching show. A professional staff is also hired to help teach the camp. Band Camp is not something that can be made up or be excused from to be a fully participating member of our band program. Students who miss all or any part of band camp for any reason will be placed on Alternate Status.

Alternate Status

Our success as an organization is dependent on our attendance. Even one person that is missing from a rehearsal or performance affects all other members. Each member is relied upon heavily to maintain their responsibilities in the drill – we cannot improve the show or make changes when we have “holes” in our drill at rehearsals. “Holes” at performances drastically affect the confidence of the performing members around that missing person, which in turn affects the confidence of the entire ensemble. We also lose important musical elements from missing members – the performance simply does not sound or look the same without them! Everyone is important!

In an effort to maintain the quality of the KWHS Marching Band we make use of an alternate program when and where necessary. Alternates are students that are members of the KWHS Marching Band, but they do not have a designated position in the show for one or more musical selections. Students may be placed on alternate status for a number of reasons: they may have missed part or all of a summer band camp, they may have missed a rehearsal unexcused, they may be chronically tardy to rehearsals or performances, they may be involved in a conflicting sport or club at school, they are unable to demonstrate the musical or marching skills necessary to contribute to the field show, or they may simply have just moved into the area and are a new student at KWHS. It is our goal to get our alternates worked into the show at some point, provided that there have been no disciplinary or attendance issues with the student and that the drill allows for the addition of the student and drill coordinate.

Alternates are required to be at all rehearsals and performances, as most of these students will perform in the field show at some point during the season. Alternates are members of the band, and are therefore responsible for all learned material and will perform in the stands, on the sideline, and in all parades. Each alternate will be assigned a band member to “shadow” or to march next to on the field for all practices in order to learn the marching show. The only way for us to experience the greatest educational return and level of achievement is for every position in the drill to be occupied at all rehearsals and performances.

Lifting of Alternate Status

If positions in the field show are available and the written drill allows for addition of marchers, students may be placed in all or part of the field show upon director approval based on the following criteria:

1. The student has maintained a good attendance record for all rehearsals and performances with 0 unexcused absences.
2. The student shows adequate knowledge of the marching and playing required to be a full performer of the field show determined by a marching and playing test.

Calendar 2017-2018

Every effort has been made to ensure the accuracy of these calendar dates and further efforts have been made to avoid any possible major conflicts. In the highly unlikely event that it should become necessary to amend this calendar, for any reason (hurricane etc.), you will be notified by email, Remind Text, band website, or by written letter sent home with students. At such time, please review any changes and plan accordingly for any conflicts and notify the band director immediately of any unalterable conflicts. Students will be given at least four weeks' notice to any new rehearsals or performances requiring their attendance.

Curriculum

Philosophy

"Music is the movement of sound to reach the soul for the education of its virtue."- Plato

"The study of music contributes in important ways to the quality of every student's life. Every musical work is a product of its time and place, although some works transcend their original settings and continue to appeal to humans through their timeless and universal attraction. Through singing, playing instruments, and composing, students can express themselves creatively, while a knowledge of notation and performance traditions enables them to learn new music independently throughout their lives. Skills in analysis, evaluation, and synthesis are important because they enable students to recognize and pursue excellence in their musical experiences and to understand and enrich their environment. Because music is an integral part of human history, the ability to listen with understanding is essential if students are to gain a broad cultural and historical perspective. The adult life of every student is enriched by the skills, knowledge, and habits acquired in the study of music." — from the National Standards for Music Education

The band program at Key West High School believes in a steadfast pursuit of excellence in the study of music. We aim to instill an aesthetic appreciation for the best in music within each member of our learning community. Our mission is to share the joy of the musical experience with all through a comprehensive academic study of music and the quality driven performance of music literature.

Musical Concepts

Students and teachers will be in constant pursuit of the following musical concepts in their study of music in band, small ensemble, and solo preparation:

- **Ensemble Skills**-performs with high quality balance, blend, intonation, and tone.
- **Music Literacy**-proficient at reading pitches, rhythms, dynamics, and other expressive markings.
- **Music Styles**-understands and exhibits a wide variety through performance.
- **Composition**-creates and notates music.
- **Music History**-understands periods and significance to performance literature.
- **Analysis**-evaluates and critiques music for aesthetic value and performance quality.
- **Artistic Performance**-a synthesis of the academic and technical study of music with purposeful artistic phrasing.

Non Musical Goals

Students and teachers will be aware of and attempt to attain the following nonmusical goals:

- **Social**-to foster the development of lifelong friendships through positive social experiences in band.
- **Service**-to operate as ambassadors of KWHS to the community at large to promote positive relations and image of our learning community.
- **Citizenship**-to develop the individual leadership abilities of all band students to better prepare them to become citizens in a democratic society.

Grading Policy

General

The vast majority of student work takes place during rehearsals with all efforts culminating in performance. Students are actively engaged in learning activities throughout every rehearsal and their participation counts as their academic grade. Their attendance and contribution to the rehearsals and performances are paramount to their learning experience. Individual student practice is not required for a grade but highly encouraged for advancement and to prepare for formal assessments (tests).

- **10% Class Preparation-Pencil, Music Folder, Sheet Music, & Working Inst/Equip. Daily**

- Students who fail to prepare for class are unable to rehearse and learn within our performance based art. If it is at the repair shop, ask for a loner from the business, KWHS, or a friend who plays the same instrument (take the mouth piece out before you send it in to be repaired).

- **20% Rehearsal Participation-During & After School (required attendance)**

- Rehearsal is where we learn all of the skills, techniques, music, and marching required to put together a work worthy of public performance. All learning in this setting is group learning. We learn by watching, listening, modeling, assessing, critiquing, and supporting each other. Every person is linked to every other's learning, thus making their presence absolutely necessary.

- **50% Performance Participation-Concerts, Games, & Parades (required attendance)**

- A performance is the most important event we have. It is the culmination of all of the hard work we do in class, during outside of school rehearsals, and is what we are preparing for. It is the showcase of our student's amazing talents. It is also a learning experience that cannot be duplicated in any other way as we are a **performance art**. As with any sports team, a band has many players, each and every player has a part to play in the performance that cannot be replaced or made up. Every person is counting on the next; this is an aspect of band that makes it so great (working together)! We encourage you to make each and every performance a family event.

- **20% Portfolio Assessment of Playing/Performance or Written Tests-(As Assigned)**

- Students will perform excerpts (parts) of their music/routine (sheet music or from one of their method books) individually or in small groups each unit. This test will be announced at the beginning of each unit and written down in their KWHS planner. The playing test may consist of one or more of the following musical aspects: tone, intonation, rhythm, pitch, phrasing, articulation, dynamics, meter, & steady beat. Tests may also include skills and techniques such as posture, embouchure, breathing, and sight reading. Written tests may consist of musical terms and/or various aspects of music theory and history. Students will be made aware of the grading rubric which will define the various levels of skill proficiency.

*****Any unexcused absence from a performance or rehearsal will result in losing all possible points for that assignment in addition to band program disciplinary actions.*****

Discipline Policy

Music learning requires 100% attention at all times. The great enjoyment and extraordinary benefits music performance offers can only be achieved through goal oriented & dedicated hard work. The concept of "Team Work" in band is very similar to that of great athletes in their constant individual focus on their goal while having to be a "team player" to actually get there. We cannot afford to be distracted from making music because of inappropriate behavior choices. Every player is important and can affect the group as a whole in a positive or negative way. Our classroom rules are based upon respect for each other, learning, and the facilities. Students who have chosen to commit themselves to participation in a high school band program usually understand the self-discipline required and are able to consistently maintain it. However, we are an educational institution and require such a policy in the event a behavioral choice requires further learning on a student's part. May this policy never have to be used.

Class Rules

1. Talking is only allowed if given permission by the director during a rehearsal.
*This includes "helping" your neighbor-get permission.
2. Keep your hands and feet to yourself.
*No horse play and no touching of other's instruments/belongings.
3. Eat or drink elsewhere.
*Not in the band room. Water is OK.
4. Remain in your seat unless you receive permission to get up.
*Restroom etc.

Consequences

1. Detention with parent contact.
2. Repeated misconduct=discipline referral to administration.

Simply do the right thing. If you are not sure what that is, ask and you will receive a free lecture. Further "do nots" and basic procedures will be covered in the rehearsal procedures, trip procedures, and demerit section of this handbook.

*****All rules outlined in the MCSD Code of Conduct always apply and will be subject to school discipline procedures. Students found to be in violation of the Pride and Commitment Contract may also be removed from all outside of class/school day band activities including performances and trips for a length of time determined by the band director according to the terms of the contract.*****

Discipline Warning System

The main purpose of this discipline warning system is to provide students the opportunity to correct their behavior based upon their understanding of what is right and wrong in relation to the principles and values of the band program. The intrinsic motivation needed to be a member of a goal oriented group is a life skill cultured and fostered in band. Ideally, disruption will be headed off before it becomes a negative factor in our rehearsals or performances and students will learn what is necessary to be a contributing member of the group. The nature of human learning involves trial and error and this will provide the opportunity to learn “self-correction” with a bit of directed help. Within a short time in the band program an awareness of self and a “with it-ness” will be developed in each individual to support efficient participation of all members toward our common goals. In order to help maintain good discipline and quality work, the following system will be utilized as needed.

- This **nonverbal** system may be employed by the Director, Staff, Band Captain, First Lieutenant, Second Lieutenant, and Section Leaders.
 - 3 fingers-Warning to redirect to correct behavior.
 - 2 fingers & eye contact-Final warning to correct behavior.
 - 1 finger & motion-Removal from situation and further corrective action by director. Move off the field or into the band office and wait for a conference with the director.
- Consequences will mirror those listed in the discipline policy.
- Examples of when this may be used:
 - All classroom rules.
 - Talking during any rehearsal.
 - Not at attention.
 - Districting physical behaviors during rehearsals or performances.

Financial Obligations

Our band program has an annual budget in excess of \$50,000 to cover transportation, hotels, instruments purchases, repairs, uniform cleaning costs, music purchases, clinicians, and assessments to name our most expensive budget items. We take on the challenge to fundraise this amount each and every year to support the existence of our band program at the high school level. To cover the costs of being in a band program each band member would have to pay \$400 or more to participate in band. However, most of the funds are raised from program ad sales, sponsorships, and charitable donations from our wonderfully supportive community. To fairly contribute to their membership in the band we charge each member a "Fair Share of Fundraising." Students can meet this amount in several different ways as described below. **Keep in mind that no student will be excluded from band due to financial hardship;** please speak with the director if you are in such a situation. However, everyone is expected to put a valiant effort towards fundraising.

Student Accounts

Each band student will have an individual account assigned to them through our online Charms program. This allows the band program, parents, and students to accurately keep track of all fees assessed to students and amounts they have fundraised. Every effort will be made to keep the balance up to date as payments are processed. Funds in excess of the Fair Share of Fundraising may be applied toward purchases of equipment, uniform parts, or trip costs. The balance of this account may be rolled over to the following year and applied toward future fees. Once the student graduates or leaves the band program, for any reason, all remaining funds in the student account will be transferred into the band general account or a sibling's account. These are funds raised in the name of and for the KWHS bands and will be used exclusively for the band's purposes. Charms is not a bank, it is an accounting program.

Fair Share of Fundraising

This year's required Fundraising amount will be \$300 per band member. Parents may simply write a check to cover this fee or students may participate in the fundraising programs below. Students who do not contribute their Fair Share of Fundraising will be added to the KWHS Debt List. Everyone is expected to fundraise to cover the costs of the band program.

Other Costs

Students will have to pay for guard/concert/jazz uniforms, uniform parts (gloves, socks, etc.), extra t-shirts, shorts, certain fieldtrips, and all maintenance and supplies needed to use their performance equipment (oil, reeds, polls, etc.) in addition to their Fair Share of Fundraising. Uniform costs for first year members range from \$100-150.

Football Season Ticket Sales

Students may sell season tickets. All band profit (50% of sale price) may be applied toward student accounts.

Sponsorship & Concert Program Ads

Students may seek sponsorship from individuals or business in various amounts according to our Sponsorship and Ad form located on our website. Students may also sell advertisement space to businesses in various amounts according to our Sponsorship and Ad form, 100% will go towards their Fair Share of Fundraising amount and/or student account for uniform item purchases. Sponsorships are meant to cover individual student fees and expenses, large donations beyond the student's typical annual expenses will be contributed toward the whole band's Fair Share and or large purchases. Ex. \$10,000 donation etc.

Band Boosters

WE NEED YOU!!! We cannot do this without the help of our wonderful parents. When you become involved you will quickly see how Band is quite the microcosm of the “real” world. If you have any skills or experience in virtually any area we can use your help! that behavior.

I am responsible for what I become in life.
Life does not accept excuses.

I will not let my need to be accepted by others keep
me from doing what is right.

I am somebody.

Losers let it happen, winners make it happen.

Therefore, when faced with a mountain,
I will not quit.

I will keep on striving until I climb over, find a
pass through, tunnel underneath, or simply stay and
turn the mountain into a gold mine...

I will do my best. I know I can. I am a winner.

I am somebody.

I am an integral part of the

Communication & Information

Effective and efficient communication is paramount to our success as an organization. The band program has many events and requirements that are unlike any other activity. It is crucial that we maintain clear communication at all times.

Charms

Charms Office Assistant, www.charmsoffice.com, is an online database that houses contact information and student account records for all band students. It also serves as a tracking system for all student forms and provides us with a variety of tools for processing them. We are able to send out emails via Charms to specific groups within the band or the whole band. Additionally, it receipts and logs all band student purchases (uniforms parts etc.) and fundraised monies. You have the ability to access this from any computer with internet access or through the Charms Ap on your smart phone. You will need your student number lunch. Please keep your contact information up-to-date if you should move, **change email addresses**, or phone numbers.

How to log in:

Go to www.charmsoffice.com

Click: ENTER/LOGIN

From this page you will be able to access the student account with many options including a button for **Update Info**. Click this and add additional adult and student email addresses.

Remind Text Messaging System

This program sends text messages to cell phone numbers or to a downloadable app. A permanent log of all messages is kept by the system. The band program uses this service to communicate while on the move or during times when email would be impractical. Please refrain from messaging the band director through this app, the current setup does not allow for unread messages to be sorted and your question may be lost within hundreds of others, email is best. Parents may join any list, however, keep in mind that you will receive every message sent.

Student to Parent Communications

Although technology is bridging the gap between teacher-student-parent communications, we still experience challenges from time to time with student to parent communication. Keep in mind that all new information or changes to existing information will be located in Charms and/or will be communicated directly to parents via email. If you do not have access to email or the internet, please let us know and we will discuss alternative ways of getting the information to you. We print and copy crucial emails and place them in a file holder next to the music library for your student to pick up.

www.KWHSBand.com

Our website will be updated regularly with new information about upcoming events and fundraising projects. You can always access the band calendar by clicking on the link that says "Calendar." Please go here for all of your future trip planning. Dates will appear upwards of two years in advance on this calendar for your planning purposes. If you would like to subscribe to this web based iCal calendar please email the director for the direct link. You will also find a link for Remind.com text message signup. This provides a one way text for immediate information such as weather situations and trip updates.

Facilities and School Owned Instruments

Facilities Policy

“Leave it in better condition than we found it.”

- Report any issues immediately

School Owned Instruments

All Students requiring use of a school owned instrument must have a School Owned Instrument Contract Signed by parents and students. This contract makes everyone aware that the student and parent are responsible for the instrument for the school year; this includes any damage or theft that may occur. Students are responsible for keeping these instruments in proper playing condition and to purchase all necessary accessories for the instrument's proper maintenance.

Florida Bandmasters Association

Mission Statement:

The mission of the Florida Bandmasters Association is to promote and support band programs in the state of Florida by providing opportunities for in-service growth, program evaluation, and student performance.

Philosophy:

The Membership of the Florida Bandmasters Association believes that it must always be flexible to change, to stay ahead of trends and to always protect the best interests of our students and music. As its guiding principle, the ASSOCIATION further believes that music holds a unique place in human existence and touches our lives in ways that no other experience can. We believe that our growth as individuals is defined in terms of our ability to develop thinking capacities, motor skills, and affective responses.

Music is unique in that it has the potential to develop people in all three areas, fostering performance skills, musical and musical creativity and response. We believe that because of its special qualities, music is clearly justified in assuming a prominent role in the school curriculum, both as an academic and an artistic discipline.

The ASSOCIATION further believes that music shares many broad objectives in common with the total school curriculum, but that it possesses the capacity to develop unique skills and knowledge. Among the intrinsic values that the ASSOCIATION holds to be associated with music are the following:

- A. The development of aesthetic sensitivity.
- B. Insight into one of the major symbolic systems.
- C. The opportunity for creativity and self-expression.
- D. The development of musical taste and values.

Among the extrinsic values are:

- A. The development of coordination and physical skills.
- B. Participation in structured organizations focusing on the development of various social skills that include self-discipline, responsibility, social interaction, the development of ethical character, good citizenship, and, finally, an important outlet for life-long learning.

The ASSOCIATION believes that the above stated values are strongly articulated through the medium of band, and that instrumental music education is an essential part of the school curriculum.

Music Performance Assessments

The Florida Bandmasters Association, in conjunction with the Florida School Music Association, sponsors non-competitive performance opportunities called Music Performance Assessments (MPA).

PURPOSE FOR BAND MUSIC PERFORMANCE ASSESSMENTS

- To provide opportunities for students and directors to perform in an environment which provides critical evaluation of its performance by noted experts in the field of band performance,
- To provide the opportunity for students and directors to perform for their peers in a formal concert setting,
- To provide a performance opportunity which will serve as a motivational goal for students and directors,
- To provide an opportunity for students and directors to hear performances of their peers and learn from hearing those performances, and to provide a goal which is so compelling that the preparation for attaining that goal becomes the vehicle for continued growth and to demonstrate students' abilities to apply musical fundamentals and concepts in an ensemble performance setting.

Marching Band, Jazz Band, Color Guard, and Concert Band MPA

The KWHS band participates in Marching Band, Jazz Band, Color Guard, and Concert Band MPA. These are adjudicated event that involves all band members associated with its title.

Solo and Ensemble

Solo and Ensemble is an adjudicated event for individuals and small groups to perform before a master musician. This is an optional event but is an unparalleled experience which would most closely resemble putting on a major presentation or speech. Students will receive coaching from their band director, professional staff, and other students before they perform at this event.

Travel

Music groups tend to do quite a bit of travel in order to perform in unique and culturally enriching settings. The superb organization and behavioral expectations of these groups enables them to take such trips where other groups are unable. Travel, above all, is a privilege and not a right of any band student and program. Many factors play into the successful planning of any trip. Educational value, cost, and feasibility are the top factors in determining purpose and destination of any trip. Any travel to be taken by the band is at the sole discretion of the band director.

After a trip has been planned, these will be our rules and regulations on trips:

1. All Monroe County School Board rules, Key West High School rules, and Band rules are in effect on trips.
2. You must treat the driver and chaperones of your bus with courtesy and respect.
3. Bus Lists will be posted. Once you sign up, you may not change your seat.
4. You may not stand up while the bus is in motion.

7. Chaperones on the bus are to be respected and obeyed. They have the same authority as a teacher and are the Band Director's delegated adult in charge.
8. Keep all hands and feet to yourself. NO BLANKETS ALLOWED. Bring a jacket if you think you will be cold.
9. Never leave valuables on the bus.
10. Music devices must have headphones. Music with profanity may not be broadcasted publicly.
11. Do not board the bus until you have been checked on by a chaperone.
12. All talking and noise must cease at railroad crossings.
13. Keep the bus clean; use the garbage bag for trash.
14. Students may ride home with parents or legal guardians at the conclusion of an activity if a note is presented to the Band Director prior to the day of the trip (home football games excluded). You will not be allowed to ride with anyone except your parent/guardian even with a note. The parent should personally appear to the director prior to the student's release at the event.
15. Please make your parents aware of your return time to the school, use cell phones to call for your ride at least 20 minutes out.
16. Stay on the bus until you are dismissed by the director or chaperone.
17. Do not throw anything from the windows, yell out the windows, or put your hands or head out the windows. Upon arrival, close all windows.
