### Girl's Bass Method

By Tish Ciravolo

From Tish Ciravolo, president and founder of Daisy Rock Guitars, comes the first bass method written especially for girls! In the tradition of the immensely popular *Girl's Guitar Method*, this book speaks to girls by teaching from a girl's perspective, with a style and design addressing the interests of young women today. This is a solid method that teaches how to read standard music notation and TAB, play in several different keys and styles, perform slides, accents, and syncopated rhythms and more. The included CD features recordings of all the music in the book for listening and playing along.

## VICTOR WOOTEN

### The Music Lesson

From Grammy-winning musical icon and legendary bassist Victor L. Wooten comes *The Music Lesson*, the story of a struggling young musician who wanted music to be his life, and who wanted his life to be great. Then, from nowhere it seemed, a teacher arrived. Part musical genius, part philosopher, part eccentric wise man, the teacher would guide the young musician on a spiritual journey, and teach him that the gifts we get from music mirror those from life, and every movement, phrase, and chord has its own meaning. All you have to do is find the song inside.

## Essential Advanced Scales for Electric Bass

By **Max Palermo**

A quick reference guide aimed at music students of all levels, tackling the scales commonly used in improvising and bass line construction. This book further develops topics dealt with in *Essential Scales for Electric Bass*, concentrating on new and advanced scales that will provide the bassist with a wider variety of sounds and colors to add more personality to his playing. Each scale in the book is preceded by an introductory chart summarizing the theory and practical application. The development in all the keys follows in standard notation and TAB, together with fingering for 4- and 5-string basses. Topics include melodic minor, harmonic minor, diminished, whole-tone, and blues scales.
