The Art of Healing – A Healing Partnership

Art, long recognized as an aid in healing, takes center-stage in a unique partnership between Parrish Medical Center | Parrish Healthcare and The Titusville Playhouse.

In 2016, we created a groundbreaking partnership that serves as a model for how organizations like the Playhouse and hospitals can work together to improve the quality of life within a community.

As part of our partnership, we purchase all unsold tickets for shows at the playhouse to give to individuals fighting cancer, living with a chronic health condition, or simply in need of a healing experience.

Why do we do this?

Because in a time of need the gift of the performing arts — storytelling, singing, dancing, acting, or playing musical instruments —is priceless!

Enjoy!

**A Note From
The Executive Artistic Director**

**Welcome to the Titusville Playhouse
And BEEHIVE, The 60's Musical!**

A few weeks ago I sat and watched a rehearsal of BEEHIVE. First, the cast is spectacular and their singing is incredible! Then, I sat and listened to all the songs that poured out for the next hour and a half...wow the memories!!

I have to admit that I am really a 70's and 80's kid because I was born in 1970. Many of you might not know a huge portion of my early career I spent singing and performing on cruise ships all around the world. So I sat there in rehearsal listening to song after song that I have sung and it made me remember the good old days. Isn't that what shows like BEEHIVE are supposed to do? Make us think about what we were doing when we heard this or that? It took me back! Not to the 60's but the show took me on a journey of great memories, fun times and thoughts of friends lost but not forgotten.

My hope for you as you watch this great group of actresses, is that you have the same trip down memory lane. Is everything always rosy and happy? No, but if we can just take an hour to forget about 2020 and step back and smile, I think about happier times, then that is worth more than money can buy.

BEEHIVE is just the ticket!!

I would like to thank YOU, for your support because over my time here we have been able to grow and increase the quality of productions each year. Thank you again most importantly for the sharing of your time and your trust in me. Please join us for our 2020-2021 Season and I hope you are as excited as I am. Every year we try to combine family entertainment with cutting edge theatre to supply North Brevard with a variety of entertainment options. Now is the perfect time to renew or join us for the 1st time.

Steven J. Heron

Cast Biographies

ANNA OLIVIA BANKS is an Orlando based performer making her debut at Titusville Playhouse. She is a graduate of the University of Central Florida with a Bachelor's in Theatre and Music. Some of her credits include Chief Elf in *A Christmas Story Musical*, Tracy Turnblad in *Hairspray*, and a Steward on The Polar Express Train Ride. She was last seen in *The Great American Trailer Park Musical* as Pickles at Theater West End. She would like to thank Niko Stamos and Jordyn Linkous for this wonderful opportunity.

SARAH BIGGS is so excited to be back at TPI after finishing the run of Bright Star as Margo. She would like to thank Niko, Jordyn, Spencer, Tristann and the rest of the TPI staff for the opportunity. A big thank you to the rest of the Beehive cast for being so amazing and kind! And to Joey for the constant support and encouragement always! "I love you!" Enjoy the show!

Proudly Supporting the
Titusville Playhouse!

KAYLA CANADA is thrilled to be returning to the TPI stage for this glitter-filled trip to the sixties! Favorite credits include *Something Rotten* (Portia), *Anything Goes* (Hope Harcourt), *A Christmas Story* (Mother), *The Little Mermaid* (Aquata), *The Secret Garden* (Claire), *Beauty and the Beast*, *Spamalot*, *White Christmas*, and *A Gentleman's Guide to Love and Murder*. "To my family and friends, thank you for your endless love and encouragement. To my husband, Trey, thank you for being my rock in all things. Steven, Niko, and Jordyn, thank you for your faith in me and the opportunity to work on this amazing show. To this fierce cast of women, your talent inspires me every time we step out on the stage together. Getting to perform with you all is an absolute dream. And to our audience, welcome and enjoy the show!"

ANDREA DIAZ is an Orlando based actor who holds a BA in Theatre Arts with a Musical Theatre Concentration from Palm Beach Atlantic University. She was recently seen in TPI's production of *Bright Star*. Past credits include *A Chorus Line* (Diana Morales), *West Side Story* (Anita), *Grease* (Cha-Cha) *The Marvelous Wonderettes* (Cindy Lou), *Little Shop of Horrors* (Chiffon), and *The Spitfire Grill* (Shelby Thorpe). She would like to thank her family and friends for their constant love and support. Enjoy the show!

MANDY KERRIDGE hails from Kansas, the Land of Oz, where she received her training in theatre at Kansas State University. She has performed in theaters throughout the United States, from LA to Nashville, Vegas to Atlantic City, sharing the stage with such artists as Merrill Osmond, Debbie Reynolds and Neil Sedaka. She has also voiced national radio jingles for Helzberg Diamonds and Harrah's Casinos. When not on land, she has visited over 70 countries as a featured singer for such cruise lines as Princess, Celebrity and Cunard. Some favorite productions have been *Broadway: A Star Spangled Celebration* (U.S. tour and Myrtle Beach), the premier cast for *Shake, Rattle and Roll*, which debuted in Monte Carlo and *Spirit of Christmas* at the Kodak Theater in L.A. Favorite theater credits include: *Chicago* (Velma), *Jekyll and Hyde* (Lucy), *Smokey Joe's Café* (Pattie), *The Taffetta's* (Kaye) and *Romance, Romance* (Josefine). Much love and gratitude for this amazing cast and producing team that brought this glittery fun-fest to life!

MARISSA VOLPE is so excited to be back at TPI! You may have seen her last season as Bea in *Something Rotten*. Other credits include *Cinderella* (Charlotte), *The Hunchback of Notre Dame* (Florika), *It Shoulda Been You* (u/s Rebecca/Jenny), *The Wedding Singer* (Linda), *The Full Monty* (Joanie), *Joyce Jackson's Guide To Dating* (Louise), *Beehive* (Laura), *35MM* (Woman 1), *Hairspray* (Tracy), and more. She currently performs at Gaylord Palms and sings with Right on Key at Disney Springs, and has also performed at Universal Studios and SeaWorld. She holds a BFA in Musical Theatre from the University of Tampa. Alis Volat Propriis.

THIS AREA HAS BEEN SANITIZED FOR YOUR PROTECTION

AND THE SAFETY OF ALL YOU TOUCH

PERPETUAL ANTIMICROBIAL SURFACE AND AIR PROTECTION SYSTEM

Did you know 100% of infectious diseases are caused by germs, or "microbes," and 80% of people suffering from one contracted it by touching an infected surface by hand?

So, minimizing our chances of getting sick should be easy. Either Eliminate all contact with everything that's ever been touched by anyone, OR, Eliminate the microbes themselves . a simple sounding but equally impossible task.

Until now.

While conventional disinfectants are very effective at killing microbes, they're shockingly ineffective at keeping them away.

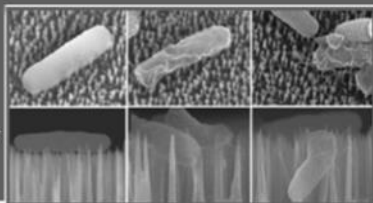

Because regular disinfectants kill microbes with toxic chemicals, they must evaporate quickly to avoid also harming people and pets. Unfortunately, as soon as they disappear, so does their ability to kill germs, rendering them useless the moment a treated surface is touched, sneezed or coughed on.

PermaSafe not only disinfects, but also provides continuous antimicrobial protection via a patented chemical free "electro-mechanical" process.

PermaSafe permanently bonds to surfaces covering them with millions of positively-charged antimicrobial "spikes." Microbes deposited on a treated surface are electrostatically pulled onto the spikes and destroyed, as the spikes rupture their cell walls and electrocute them.

A BETTER WAY

The photographs to the right were captured through an Electron Microscope and display a treated surface and its bed of "Spikes" in action. These images reveal the arrival and partial destruction of E-Coli bacteria, as they are impaled and shocked by the antimicrobial spikes.
