

De'Longhi Portable Cooling

2018/2019 Product Range

De'Longhi – The Cool Alternative

The homes of today have changed in design and how we use them. From open plan living spaces to smaller entertainment areas such as media rooms; the functional needs of families today require unique, tailored solutions. No matter your household needs, De'Longhi has a portable solution that will keep you cool this summer – with a lasting quality that only comes with a De'Longhi product.

Air Conditioners
For cooling larger spaces.

Evaporative Coolers
For cool, crisp air.

Fans
For cooling smaller spaces.

Technology

De'Longhi's cooling products are as much a feature of the home as they are a function – our products look beautiful in any space. Technology and innovation sits at the heart of all our appliances, delivering efficient solutions that maximise comfort while meeting environmental responsibilities.

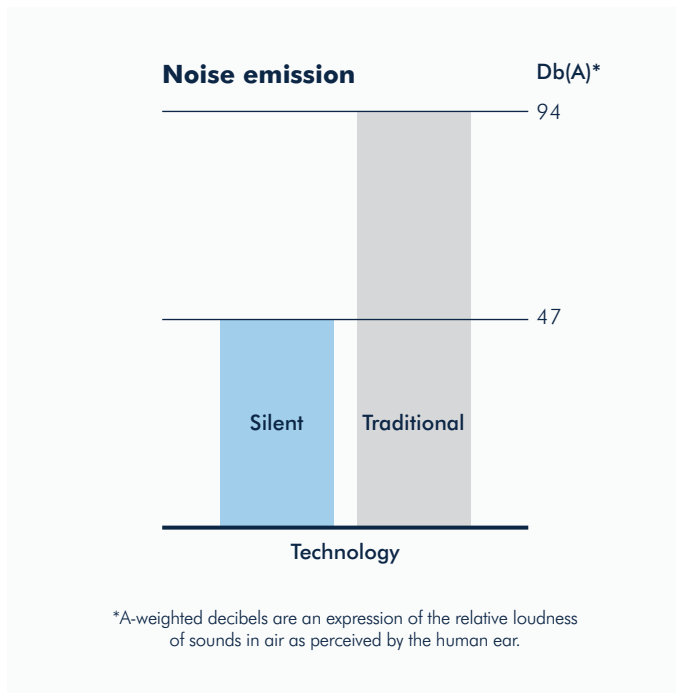

Silent Technology*

By engineering a special two-speed condensation ventilator, De'Longhi's range of portable air conditioners with Silent Technology provide maximum sound comfort and are ideal for use in offices, care homes and bedrooms.

The difference in noise level between fan speeds is greater on De'Longhi Silent Pinguino air conditioners than on traditional air conditioners. The lowest fan speed is more than three decibels quieter than the highest fan speed.

These engineering initiatives amount to a portable air conditioner that has up to 50% less noise emission than a traditional portable air conditioner.

*Models PACEX120WH/BK and PACCN86.

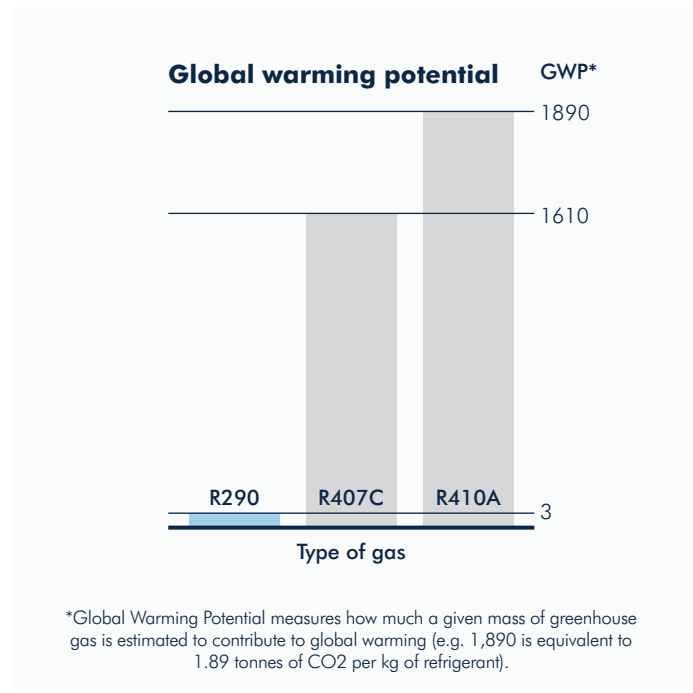

R290 ECO Gas*

Our ECO model does not contain gases dangerous to the ozone layer or with a marked greenhouse effect. The air conditioner uses a completely natural and non-toxic fluid: R290.

The R290 refrigerant provides high operational efficiency, low running costs and reduced energy consumption.

It is a non toxic, naturally occurring hydrocarbon with a low global warming potential of 3 compared to other hazardous refrigerants that have a global warming potential of up to 1,890.

*Models PACEX120WH/BK.

Portable Air Conditioners

For cooling larger spaces.

De'Longhi's range of portable air conditioners are packed with innovation and environmentally friendly features.

These products are easy to install and a great alternative to ducted air conditioning units, allowing you to cool large spaces with a portable solution.

Pinguino PACEX120WH/BK SILENT

805mm (H) x 445mm (W) x 390mm (D)

Max cooling capacity: 3 kW

Energy efficiency ratio: 2.85

Real Feel technology

Silent mode

Dehumidifier

Fan function

24 hour delay start and stop timer

Minimum noise Level: 49 dB(A)

Refrigerant: R290

Remote control and window kit included

2 year warranty plus 5 years warranty on compressor

Colours available:

Pinguino
PACCN86

750mm (H) x 449mm (W) x 395mm (D)

Max cooling capacity: 2.5 kW

Energy efficiency ratio: 2.6

Silent mode

Dehumidifier

Fan function

24 hour delay start and stop timer

Minimum noise Level: 47 dB(A)

Refrigerant: R410A

Remote control and window kit included

2 year warranty plus 5 years warranty on compressor

Pinguino
PACN76WH/DG

773mm (H) x 463mm (W) x 383mm (D)

Max cooling capacity: 2.1 kW

Energy efficiency ratio: 2.6

Dehumidifier

Fan function

12 hour delay start and stop timer

Minimum noise Level: 47 dB(A)

Refrigerant: R410A

Remote control and window kit included

2 year warranty plus 5 years warranty on compressor

Colours available:

Evaporative Cooler

For cool crisp air.

De'Longhi's evaporative cooler chills the air through the evaporation of water – creating a naturally cool environment while the built-in filter collects and sterilizes dust particles to improve air quality.

This product is a great energy efficient alternative to traditional forms of cooling.

Evaporative Cooler EV250WH/BK

750mm (H) x 345mm (W) x 310mm (D)

Air flow rate: 460m³/h

3 fan speeds and 3 wind modes

Ionizer and dust filter for cleaner air

IPX4 Protection against splashing water

Removable 4.5L water tank and up to 6h autonomy

24 hour shut-off countdown timer

Maximum noise Level: 53 dB(A)

Remote control

2 ice blocks included

1 year warranty

Colours available:

Fans

For cooling smaller spaces.

De'Longhi's range of tower and pedestal fans provide an elegant solution for fast, localised cooling. They are easy to move and great at targeting small spots – creating small comfort zones.

With remote controls, oscillating bases and variable speeds, these products are efficient cooling solutions.

Tower Fan DETF122WH/BK

968mm (H) x 280mm (W) x 280mm (D)

Wind speed: 7m/s

Automatic 90° horizontal oscillation for whole unit

Manual 360° horizontal oscillation for upper wind outlet

ECO function

3 fan speeds and 3 wind modes

8 hour shutdown timer (4 increments)

LED Touch Control

Remote control

Maximum noise Level: 55 dB(A)

1 year warranty

Colours available:

Tower Fan

DETF115

1150mm (H) x 300mm (W) x 300mm (D)

3 fan speeds and 2 wind modes

7 hour shutdown timer (1h increments)

Oscillating base

Dust proof filter

Push Button Control

Remote control

1 year warranty

Pedestal Fan

DEAPF40WH

1400mm (H) x 455mm (W) x 455mm (D)

360° automatic horizontal oscillation

90° manual vertical oscillation

3 fan speeds and 3 wind modes

8 hour shutdown timer (4 increments)

LED display

Remote control

1 year warranty

Technical Specifications

Portable Air Conditioners

Technical Specifications	PACEX120	PACCN86	PACN76
Max cooling capacity (kW)	3	2.5	2.1
Normal power input – cooling (W)	1050	900	850
Energy efficiency ratio (EER)	2.85	2.6	2.6
Max air flow (m ³ /h)	350	350	350
Max dehumidifying quotient (L/24h)	41	30	30
Refrigerant	R290	R410A	R410A
Min noise level dB(A)	49	47	47
Max hose length (mm)	1200	1200	1200
Hose diameter (mm)	150	134	130
Dimensions H x W x D (mm)	805 x 445 x 390	750 x 449 x 395	773 x 463 x 383
Weight (kg)	32	27.6	30
Remote control	Yes	Yes	Yes
Warranty	2	2	2

Evaporative Cooler and Fans

Technical Specifications	EV250	DETF122	DETF115	DEAPF40
Normal power input (W)	70	45	45	45
Speed modes	3	3	3	3
Fan modes	3	3	2	3
Oscillating	Swing mode	Dual	Base	360
Timer	Yes	Yes	Yes	Yes
Dust filter	Yes	Yes	Yes	No
Remote control	Yes	Yes	Yes	Yes
Dimensions H x W x D (mm)	750 x 345 x 310	968 x 280 x 280	1150 x 300 x 300	1400 x 455 x 455
Weight (kg)	7.46	5.7	3.5	7.3
Warranty	1	1	1	1
