You and CignaLinks

CignaLinks, part of Cigna Global Health Benefits, is a collaboration between Cigna and local health care insurers or administrators. The program enhances quality and service by providing access to local health care administrators in selected countries while maintaining the benefits and advantages of a global plan. When you access care through a CignaLinks doctor or hospital, you will benefit from higher discounts and less paperwork.

If you are an employee who is on assignment, rotating, or you are a local national from a CignaLinks country, you will automatically be enrolled in the CignaLinks program. You may be required to fill out some additional paperwork. Cigna or Human Resources will contact you if this is necessary and will provide all the details.

CignaLinks networks are currently available in the United Kingdom, Australia, Hong Kong, the Middle East (Saudi Arabia, United Arab Emirates, Kuwait, Bahrain, Oman, and Qatar), Canada, Singapore, China, Macau, Indonesia, Taiwan, Malaysia, Brazil, Spain, South Africa and Nigeria. Customers in China and Taiwan have access to the provider network in Hong Kong, and customers in Malaysia and Indonesia have access to the provider network in Singapore.

CignaLinks ID cards

For employees in Australia, the Middle East, Canada, Spain, Brazil or Africa (South Africa and Nigeria), you will receive two cards — your Cigna Global Medical ID card and a separate card for the local insurance carrier. Make sure and use your local ID card when making claims in those countries. You will receive a dual branded ID card for Greater China, Southeast Asia and the United Kingdom.

Annual policy maximum, out-of-pocket maximum, and coinsurance

Lifetime Worldwide maximum

A lifetime maximum is the most the plan pays in benefits per covered person. Each covered person can receive up to \$1,500,000 for care during his or her lifetime under the BHGE policy.

Out-of-pocket maximum*

The out-of-pocket maximum limits the amount of eligible expenses that you're required to pay for covered services in a calendar year. Once you reach the out-of-pocket maximum, the plan pays 100% of eligible expenses up to the benefit limits for the rest of that calendar year. While coinsurance counts toward your out-of-pocket maximum, the following expenses don't apply toward the out-of-pocket limit each year: charges that aren't considered covered plan expenses and amounts above R&C limits.*

Coinsurance

Coinsurance is a form of cost-sharing between you and the plan. You pay a certain percentage of the eligible covered expenses, and the plan will pay the rest for eligible health care expenses up to plan limits.

*Reasonable and Customary (R&C) charges are the standard costs for services in a geographic area.

Health

Prescription Drug coverage

Prescription drugs can be essential for treating a variety of conditions, and we all need them occasionally. They're also expensive, which is why BHGE provides Prescription Drug coverage automatically with your medical coverage.

Because prescription drugs are a key driver of higher health care costs, it's smart to ask your doctor to prescribe generic equivalents whenever possible. Generics work the same as (or similar to) the more expensive brand name drugs, but cost you — and BHGE — much less.

Under the Cigna Worldwide plan, you automatically receive Prescription Drug coverage through Cigna, both within and outside the U.S. When you utilize Cigna for your prescription drug coverage, you will pay the full price of the prescription drug at the time of purchase, and then submit a claim form for reimbursement. To file for reimbursement, you will use the same claim form used for medical claims. **You pay 20% of the cost of the prescription drug up to the annual out-of-pocket maximum.**

You automatically receive Prescription Drug coverage with your Cigna Medical plan.

Health

Vision

Under the Cigna Worldwide plan, you automatically receive vision coverage. This coverage is designed to help you and your family take care of your vision needs anywhere in the world.

When you receive vision care services, you pay the full cost at the time of service. You will then submit a claim form to Cigna for reimbursement. The claim form is the same one used for medical claims. Cigna will reimburse expenses for routine vision exams and medically necessary care, but not cosmetic work. **Each covered member receives 100% of covered vision services up to \$350 per calendar year worldwide.**

Benefits issues? Contact Advocacy.

A BHGE Benefits Center representative will review the issue to determine next steps.
