

Guidelines for Authors:

Important dates:

Submission of Articles : 25th March, 2022

Revision of Paper (if required) : 30th March, 2022

Publication of Book : 10th April, 2022

Format of Paper:

Fonts:

English: Times New Roman For Marathi and Hindi: Unicode Font (Mangal)

Font Size:

Paper Title : 14

Authors : 12

Affiliation of Authors : 12

Content of Paper : 12

Page limit: Max. 15 pages (A4 with 1.5 spacing)

Reference Citation in Text:

For single author: Sharma (2015)

For two authors: Sharma and Singh (2016)

For more than two authors: Sharma *et al.* (2017)

Reference Style:

For Journal Article:

Name of the Author(s) (Year of publication): Name of the Paper, Name of the Journal, Vol. (Issue): Page No.

For Book/ Book Chapter:

Name of the Author(s) (Year of publication): Name of the Book/ Book Chapter, Name of the Publisher, Vol., Page No.

Thrust Areas:

Advances in Material Science (ISBN: 978-93-91768-58-4)

- Basic and Applied Material Science
- Thin film
- Solar cell
- Advanced manufacturing and materials processing
- Advanced structural materials, materials for extreme conditions
- Bio-inspired, biomedical, and biological materials
- Catalysis and Photocatalysis
- Functional materials and physical behavior
- Materials for energy and environment,
- Materials for energy storage, conversion, and transmission
- Nanomedicine, and novel technologies for clinical and medical applications
- next-generation photovoltaics, and green technologies
- Physical Science
- Renewable Energy
- Structural materials
- Thermodynamics and Computational Research
- Nanotechnology
- Materials Theory, Computation, and Design
- Metals
- Nanomaterials
- Polymers
- Self-Assembly
- Surfaces and Interfaces
- **All Allied Subjects**

Advances in Chemical Science (ISBN: 978-93-91768-59-1)

- Basic and Applied Chemical Science
- Advanced manufacturing and processing
- Catalysis and Photocatalysis
- Chemical Science
- Co-ordination Chemistry
- Green and Sustainable Chemistry
- Chemistry for energy and environment,
- Nanochemistry, novel technologies for clinical and medical applications
- Structural materials
- Thermodynamics and Computational Research
- Material Chemistry
- Catalysis
- Polymer chemistry
- Development of new synthetic methods
- Synthesis of bioactive molecules
- Medicinal chemistry
- Process development of fine chemicals, drugs /pharmaceuticals ingredients
- Materials Chemistry: Energy & Environmental Science
- Supercapacitors
- Bioinorganic, bioorganic, organometallic
- Physical–organic chemistry
- **All Allied Subjects**

Advances in Microbiology (ISBN: 978-93-91768-60-7)

- Biofertilizers and biopesticides, Rhizobiology and immunology
- Nanotoxicology
- Screening of Medicinal plants for their bioactivity and toxicity
- Bioprospecting Microbial diversity
- Metal-Microbe interactions
- Natural products and drug discovery
- Microbial quorum sensing and biofilms
- Agricultural microbiology
- Antimicrobials and Resistance
- Applied microbiology
- Industrial microbiology
- Clinical microbiology
- Computational biology
- Environmental microbiology
- Public health
- Green synthesis of nanoparticles
- Microbial degradation of agricultural wastes and environmental pollutants
- Bacterial taxonomy and phylogeny
- Microbial genetics and molecular biology
- Soil microbiology and microbial ecology
- **All Allied Subjects**

COVID 19: Impact and Response Volume VIII

(ISBN: 978-93-91768-61-4)

- Socio-Economic Impact of COVID-19 on India and World at large
- Effect of pandemic in various aspects of society, Political, Economic, Educational, Cultural etc.
- Implications on the academia in terms of enrollment, its productivity, its structure, conventional modes of instructions etc.
- Challenges to the Academic domain in the aftermath of COVID-19
- Academic strategies to mitigate the aftereffects of pandemic in short run and in distant future
- Mitigation strategies for COVID 19 on individual and societal level and containment plan on the community level
- Current research scenario concerning COVID-19
- Reverberations of COVID-19 on the employment, lives and livelihood of the masses
- Revisiting the healthcare system in the country and means to revamp it
- Awareness creation among the masses concerning the mental health in the scenario of lockdown
- **All Allied Subjects**
- **Authors can submit their papers, reviews, etc. for this book in the languages of English and Hindi**

Women and Nation Building (ISBN: 978-93-91768-66-9)

Role, Status and Scope of Women in:

- Education and Research
- Socio-Economy
- Culture
- Politics
- Rural Development
- Empowerment
- Sports
- Frontline Workers
- Healthcare
- Literature
- Environment and Nature Conservation
- International Co-operation
- Cooperative sector
- Management
- Corporate Sector
- Science and Technology
- Nation Development
- Digital Skill
- Skill Development
- **All Allied Subjects**
- **Authors can submit their papers, reviews, etc. for this book in the languages of English and Hindi**
