1.1 FISCAL YEAR.

The fiscal year of the District shall begin on July 1st of each year and conclude on June 30th of the following year.

1.2 BUDGET.

The Board shall adopt an annual budget and any additional or supplemental budget which, at the discretion of the Board, may be published in a budget handbook.

1.3 FINANCIAL REPORTS.

The Chancellor shall present to the Board periodic summaries of the financial condition of the District showing the status of Board finances.

1.4 DEPOSITS.

All funds of the District shall be deposited from time to time to the credit of the District in such banks, trust companies or other depositories upon recommendation of the Chancellor with approval of the Board.

1.4.1 Agency Account.

All monies from approved agency account transactions shall be deposited from time to time by the colleges on behalf of student organizations. These funds will be credited to a District bank account that has been authorized and approved by the Board. The District will track and reconcile these funds on the District's general ledger and provide reporting as needed.

In accordance with District procedures, the colleges may request a general ledger agency fund account for monies collected during campus related events, promotions or activities as long as the request for establishing an agency fund meets predetermined Districts criteria.

1.5 INVESTMENT AND DEPOSITORY POLICIES.

At its annual meeting, the Board shall, by Resolution, designate the methodology to be utilized for investment of funds, and other financial matters pertaining to depositories.

Short-term investments of cash shall be those which are estimated to be needed within twelve [12] months from the date of availability for investment. Such short-

term investments shall be made by the Treasurer or other individual(s) designated by the Board, upon recommendation of the Chancellor, in accordance with the Board's Short-term Investment Policy. In accordance with the Policy, each investment trade shall be subject to approval of the Chief Financial Officer prior to trade date.

In accordance with the Policy, the Treasurer shall submit a written quarterly report to the Board summarizing all transactions in sufficient detail to enable the Board to determine that the transactions are in accordance with its investment policies and state law. The Treasurer shall make an annual presentation to the Board.

Medium/long-term investments of cash shall be those which are not estimated to be needed within twelve [12] months from the date of availability for investment. Such medium/long-term investments shall be handled by outside money manager(s) selected by

the Board, upon recommendation of the Chancellor, in accordance with the Board's Medium/Long-Term Investment Policy.

In accordance with the provisions of the Policy, the Treasurer shall monitor all transactions of the outside money manager(s). Each money manager shall submit a written quarterly report to the Board summarizing all transactions by the money manager in sufficient detail to enable the Board to determine that the transactions are in accordance with its investment policies and state law. Each money manager shall make an annual presentation to the Board.

1.5.1 Authorization of Investment Representatives.

The Chairman of the Board and Chancellor are authorized to designate the individuals and outside money managers to fulfill the duties outlined in Section 1.5 above, subject to formal ratification by the full Board at its next regularly scheduled meeting.

1.5.2 Other Financial Policies.

In addition to the Investment Policies outlined above, the Board shall adopt Resolutions pertaining to the following as needed:

- a. Board-Approved Depositories
- b. Authorized Signatures for Depository Accounts
- c. Designated Investment Accounts

1.5.3 Certification of Investment Policies.

The Secretary or Assistant Secretary of the Board is authorized to certify a copy of

the official Board Resolutions and policies enumerated herein in Section 1.5.2 and the names and signatures of the officers authorized to act. The investment entity(s) is authorized to rely upon such Board Resolutions or policies until formally advised by like certification of any changes therein.

1.6 PAYMENT TERMS.

In order to maintain compliance with the State Prompt Payment Act, City Colleges of Chicago (CCC) will pay all invoices within 60 days from the final invoice receipt date (Net 60). Therefore, all invoices are required to be dated stamped upon receipt using an official College or District stamp.

CCC payment terms are Net 60 unless vendor terms provide a trade discount for quick payment (e.g. 2% in 10 days).

1.7 CASH RECEIPTS POLICIES.

All collections of cash, money orders or checks for payments of tuition, fees, fines and other miscellaneous revenues must be done at the Business Office and only by the staff designated to receive funds.

1.7.1 Vault/Safe Access.

Access to the vault/safe must be limited to the Executive Director or designees. Access to funds deposited into the electronic safes will only be granted to the Board approved armored car vendor.

1.7.2 Disbursement Authority.

The Chairman, the Vice Chairman, and the Treasurer of the Board, and the Chief Financial Officer shall be authorized to issue appropriate payments (check or electronic) to pay the salaries and wages of employees; as well as pay vendors and reimburse students and employees for expenses without additional approval of the Board.

All issued checks shall require two (2) signatures and a third manual signature for payments issued in an amount in excess of \$500,000, from among one of the following: the Chancellor, the Vice Chancellor for Finance, the Treasurer, the Controller or other signatory authorized by the Board.

All electronic payments in an amount in excess of \$500,000 shall require approval from among one of the following: the Chancellor, the Vice Chancellor for Finance, the Treasurer, the Controller or other signatory authorized by the Board prior to release of the payment.

1.8 STUDENT ACTIVITY FUNDS - ALLOCATION, MANAGEMENT AND EXPENDITURE OF STUDENT ACTIVITIES FUNDS.

1.8.1 Allocation.

The Board shall, from time to time by resolution duly adopted, establish a sum per regular college credit hour, per College to be allocated to the Student Government for student activities each fiscal year. All monies allocated are the property of the Board and shall be deposited in the appropriate account.

No commitment or obligation may be made on behalf of the College without prior written approval of the College President or the President's designee. Students are personally liable for those commitments or obligations made without such written approval. Failure to obtain approvals can result in the student being held personally responsible for debts incurred. No reimbursements will be made without receipts which must be submitted to verify all reimbursable expenditures.

1.8.2 Student Activity Fund.

The Student Government shall determine the allocation of the Student Activity Fund with the approval of the College President or the President's designee(s), the Dean of Student Services and/or the Director of Student Activities, and in accordance with these Policies.

Student Government may submit requests to the appropriate administrative office of the College for the expenditure of funds. These requests may be approved if they are expenditures for student activities and if they are consistent with applicable law, Board Policies and local college policy. District funds may not be used for charitable, sectarian, religious or political activities at any of the City Colleges of Chicago.

1.8.3 College Newspaper.

Each College may publish a newspaper funded by the Education Fund. The College President and the newspaper staff shall determine the number of copies and issues and the size of the newspaper. A newspaper budget will be established and shall follow customary practice and cost efficient standards. The College President may suspend publication of the newspaper if, in the President's judgment, financial irregularities are taking place. The Student Government is not obligated to assist in funding the student newspaper; however, it may choose to do so.

1.8.4 Board Regulations Regarding Expenditures.

Students may not bind the College or the District to contractual agreements or otherwise authorize the expenditures of College funds. When making purchases, students must follow procedures outlined in the sections below. Each request for

expenditure must be consistent with the Student Government's approved budget. If any Student Government request for expenditure of monies is denied at the College, the College President shall notify the Student Government in writing. The Student Government shall then have the right to appeal that decision to the Chancellor, whose decision shall be final.

1.8.5 Authorization of Student Activity Expenditures.

- a. The Student Government must submit a signed purchase requisition to the College President's designee(s) for approval. The requisitions will be consistent with its approved budget.
- b. Student requisitions will be authorized and processed by the College in accordance with Section 2.2 of the Board Policies and Procedures Manual.

1.8.6 Student Travel.

Students must follow the same travel guidelines as City Colleges of Chicago personnel. Student travel expenses will be processed by the College in accordance with District reimbursement policies and procedures.

1.8.7 Monitoring of Student Government Funds.

The total amount in the Student Government account shall be reported by the College President or the President's designee to the Student Government President at the end of each month.

1.8.8 Budgeting Guidelines.

By law, Student Government expenditures may not exceed the Student Activities fund appropriations adopted by the Board of Trustees in the annual City Colleges of Chicago budget. Therefore, each College's Student Government shall develop and approve a Student Activities budget within thirty (30) days after the beginning of the Fall Semester.

The Student Government may allocate no more than ten percent (10%) of the monies allocated for student activities for its own activities and expenses.

Provisions for the Student Government Finance Committee or other budget/finance committees shall be detailed in the Student Government Constitution and/or Bylaws.

Each Student Government budget shall indicate appropriations in the form of specific line items and shall be developed with consideration given to the total allocation and alternative plans for its use. The Student Government budget shall be submitted

to the College President and the President's designee (s) for approval. The President or designee (s) shall notify the Student Government President of budget approval or disapproval within 48 hours.

1.8.9 Relationship with the College Business Office.

The Student Government President and the Student Government Finance Committee shall work closely with the Business Office in the management of student funds and the development of the Student Government budget.

1.8.10 Agency Account Withdrawals.

Withdrawals from an Agency Account, if justified, shall be made through the use of a requisition signed by the proper club officers and College administrators. If a withdrawal is denied, the Club President shall consult with the Student Government. If the Student Government considers the denial invalid, the matter shall be adjudicated by the College President or the President's designee (s).

1.8.11 Student Government Responsibility for Funds Allocated.

Student Government shall develop budget guidelines for the allocation of activity funds. These budget guidelines shall contain provisions for the monitoring and review of each activity's expenditures and for allowing each to question what it may deem unfair or improper allocations.

1.9 REIMBURSEMENT POLICY

Purpose:

The primary means of purchasing valid goods and services necessary for conducting City Colleges of Chicago (CCC) business is the procurement process and not the employee reimbursement process. This policy addresses the employee reimbursement process, including petty cash and procurement cards. The following protocols and related procedures need to be complied with; however, they are not intended to address every situation.

Acknowledgement Agreement:

Employees are required to sign an Acknowledgement Agreement indicating that they accept the terms of this Employee Reimbursement Policy. Failure to comply with this Policy and the related procedures may result in the employee being accountable for any questionable expenditure and subject to disciplinary action up to and including termination of employment.

Allowable /Unallowable Types of Expenditures:

Allowable: Employees may incur reimbursable expenses in the course of doing CCC business, which may include taxi fare for times when public transit is not available;

travel expenses for approved conferences; mileage, etc., that are allowed under the District's travel policy.

Unallowable:

A listing of expenditures that are not considered appropriate when conducting CCC business can be found in the travel and reimbursement manual.

Noncompliance - The District will deny reimbursement for expenditures which do not comply with District policy. Unreasonable, exorbitant, improper, or unsubstantiated charges will be denied.

Fraud - An employee who knowingly misrepresents the facts concerning reimbursements or official District business or who files or signs any reimbursements forms which contains deliberate false statements given with intent to defraud the District may be subject to both administrative and/or disciplinary action, including the possibility of termination and criminal action.

1.10 MILEAGE AND PERSONAL AUTOMOBILE

The use of the employee's personal automobile will be reimbursed at the current IRS published rate for authorized official travel. Local mileage reimbursement is for travel related to the performance of an employee's regular job duties (and for occasional local travel for required meetings and/or professional conferences within the city when applicable).

Employees who utilize their personal vehicles to conduct CCC business are required to do the following:

- a. Must have prior authorization from their Officer of the District or Department Head on annual basis to use their personal vehicle performing business on behalf of the District (see annual local mileage and travel acknowledgement form)
- b. Must complete the required annual Certification of Driver's License and Automobile Liability Coverage form that meet or exceed minimum insurance policy limits as required by Illinois State Statutes., as follows.
 - o \$20,000—Per Person for Bodily Injury
 - o \$40,000—Per Accident for Bodily Injury
 - o \$15,000—Per Accident for Property Damage
- c. Full-time employees must have the personal vehicle registered in Illinois and have a current City vehicle sticker.
 - o New employees, a current vehicle registration from any state is required,

however once residency is established, a current Illinois vehicle registration and city sticker will be required (generally 6 months to 1 year from date of hire).

- o Part-time employees do not require City of Chicago residency and therefore a current vehicle registration from any state will suffice.
- d. Must **not** have any outstanding debt owed to the City of Chicago, such as unpaid parking tickets or water bills (confirm compliance on reimbursement form and CCC will review City Data base).
- e. Must **not** have been convicted of more than 3-three moving violations in the last 3-three years or of driving under the influence within the last 5-years (confirm compliance on reimbursement form).
- f. Are **not** eligible to receive additional reimbursement for other vehicle-related expenses, such as gas, oil, car washes, maintenance, repairs, insurance or stipends.
- g. Responsible for all parking/red light violations and moving violations incurred while driving.
- h. Independent consultants and contractors are **not** eligible for mileage reimbursement; although personnel from outsourced departments are eligible for mileage reimbursement based on position requirements.
- i. Mileage reimbursement under this policy shall apply to CCC and not extend beyond the City of Chicago limits unless approved in advance by the Department Head via a conference leave, employee reimbursement form or email.

1.11 PETTY CASH POLICY.

Petty Cash funds (*including Contingency funds*) will no longer be allowed.

1.12 PROCUREMENT CARD POLICIES

Although the City of Chicago does not use general credit or procurement cards, City College of Chicago will have limited use of Procurement Cards for emergency purposes, or large (>\$1,000) transactions where purchase orders are not accepted by the merchant. Procurement cards are **not** to be used as a regular vehicle with which to conduct CCC business. All non- emergency expenditures shall be submitted for payment through the regular Employee Reimbursement process (*refer to Section 1 above*). If it is determined that an expenditure purchased with a procurement card is not for emergency purposes, the CCC's access to procurement cards will be revoked.

Procurement Cards (P-Cards) will only be used for CCC business purposes; personal expenditures of any type are strictly prohibited. In addition to only being allowed for emergency purposes, the listing of Unallowable Types of Expenditures on Page I of this Policy also applies to P-Card purchases.

In addition to the signing and acknowledgement of the Employee Reimbursement Policy, a Cardholder Agreement/Acknowledgement will be signed by each cardholder.

a. Limited Access

Access to P-Cards will be limited (*no more than 5 cards*) and controlled/administered by CCC's CFO and registered with the City Comptroller.

b. Expenditure Limits and Proper Approval

CCC will work with the City Comptroller to determine the appropriate total monthly credit limit. A Matrix of the approved P-Card holders and their individual monthly card and transaction limits will also be developed by CCC. The Matrix will include the necessary required Approvals for each Cardholder.

3.6 WYCC BARTER TRADE TRANSACTIONS.

Barter trade transactions for goods in exchange for services at WYCC may only be used when made in compliance with the Board approved policy.

Barter for goods and services is not the preferred method of procuring goods or services for the District due to an increased risk of inaccurate valuation, reporting and tracking for these types of transactions. Therefore, the Board requires compliance with the following:

Barter trade transactions should be used for only unsold advertising time slots and any associated production services.

Barter trade transactions are to be performed as an arm's length transaction in which the buyers and sellers act independently and have no relationship (e.g. family members) to each other. Any apparent or perceived conflict should be disclosed in writing to the college president prior to finalizing the agreement.

All direct and indirect costs related to the exchanged services must be considered, properly reviewed and approved. WYCC should break even on every exchange transaction.

Public funds should not be given to private entities or used to support a

political campaign; therefore barter trade transactions should not be subsidized or donated.

All planned revenue and expenses are to be properly budgeted. The WYCC budget must have Board approval.

WYCC should not contract with any customers who have outstanding receivables over 90 days or have had previous balances written off within the District until the customer has paid the outstanding balances or previously written off amounts in full.

All trades from a single vendor with a value exceeding \$25,000 during a fiscal year must have prior Board approval. However, the Board may choose to provide annual approval in aggregate for select vendors with an exchange value not to exceed a specified amount

**ARTICLE 2
PURCHASING**

2.0 PURCHASING AND CONTRACTING POLICIES.

No purchases shall be made except as provided by Illinois law, or Board Policies and Procedures for purchasing. No officer or employee not expressly authorized by Illinois law or Board Policies and Procedures shall make any purchase(s) on behalf of the Board of Trustees of Community College District No. 508, County of Cook and State of Illinois or enter into any contract, verbal or written, to purchase any apparatus, equipment, supplies, service, repairs, goods, wares or merchandise of any kind or description, or accept any of the aforementioned without the appropriate approval(s) by those authorized to do so. Any contract, verbal or written, made in violation of Illinois law or Board Policies and Procedures for purchasing is deemed null and void as to the Board of Trustees of Community College District No. 508, County of Cook and State of Illinois.

CCC has policies and procedures for the procurement of goods and services. Therefore, staff is not authorized to make any commitments on behalf of CCC without an original purchase order approved by the authorized department head. Employees that make commitments or purchases without a properly approved Purchase Order will be personally responsible for the payment of the goods or services ordered and may be subject to disciplinary action, as stated in the CCC Employee Manual.

2.1 GOODS OR NONPROFESSIONAL SERVICES.

Goods or nonprofessional services, hereinafter referred to as goods, should be purchased from the vendor who can provide the required goods at the lowest price available.

2.2 REQUISITION PROCESS.

The originating/user department must submit a requisition to the College Business Office or the District Office departmental designee for the issuance of a purchase order. The requisition must be approved by the department head or designee. The requisition must include the name, telephone number, address, city, state, zip code and contact person of vendor.

The requisition must include the name of the person and department making the request, budgetary coding, and delivery address, date of requisition, terms of payment and shipping terms. The requisition must list the commodity code of item/s to be purchased plus a complete description of all goods or services.

Generally, multiple prices must be obtained each time a purchase is made. Methods should be used to maximize the possibility of CCC obtaining the desired goods at the lowest possible price. Splitting purchases to reduce the procedural requirements for obtaining multiple price quotes or bids is strictly prohibited and may be subject to disciplinary action.

CCC recommends the use of the following purchasing consortiums to take advantage of the volume discounts allotted: City Colleges of Chicago are participants of the following consortiums: Illinois Community College System Purchasing Consortium (ICCSPC) and US Communities Governmental Purchasing Alliance.

Purchases of less than \$1,000:

Competitive bidding is not required. Such items may be purchased from any vendor offering the required goods or services at a reasonable price. Price comparison is highly recommended.

Once the above process is completed, the College Business Office or District Office department designee will prepare and issue the purchase order to the lowest responsible bidder for purchases up to \$5,000.

Purchases of \$1,000 but less than \$2,500:

The department making the purchase must obtain three price quotations from vendors who stock the goods or offer the same services. Price quotations may be obtained over the telephone, in person, or in writing. The quotations must be summarized on a bid recapitulation sheet and attached to the requisition form. If three quotations are not obtained, an explanation must be provided on the bid recapitulation sheet and sent to the College Executive Director of Business Operations or District Office departmental designee for approval prior to acquiring the goods and/or services. The bid recapitulation sheet can be downloaded from the CCC intranet. The web address is:

http://intranet.co.ccc.edu/finance/procurement_forms.asp

Once the above process is completed, the College Business Office or District Office department designee will prepare and issue the purchase order to the lowest responsible bidder for purchases up to \$5,000.

Purchases of \$2,500 and up to \$25,000:

Informal competitive bidding is required and therefore each user department must obtain three written bid quotations, with at least one being a certified MBE or WBE vendor, specifically describing the goods or services and their prices. The bid quotation describing the goods and specific price(s) may be obtained either on a bid-quotation form or on the vendor's letterhead stationery. In either case, the bid must be written in ink or typed and signed by an authorized representative of the vendor. If at least three bids are solicited, but fewer than three bids are submitted within at least five working days of the solicitation, the department head may authorize the

purchase after determining that the bids submitted are reasonable. If three bids are not obtained, an explanation must be provided on the bid-recap sheet and submitted to the College Executive Director of Business Operations or the District Office departmental designee prior to selecting the successful bidder. A copy of the scope provided to the vendors must be attached to the bid recap sheet to ensure all vendors received the same information. The bid recapitulation sheet can be downloaded from the CCC intranet.

The web address is:

http://intranet.co.ccc.edu/finance/procurement_forms.asp

Prices obtained through informal competitive bidding may be used for the period stated in the quotation, or for 90 days, whichever is shorter.

All purchases requiring bids must be summarized on a bid recapitulation (bid recap sheet and attached to the purchase requisition. The bid recapitulation sheet can be downloaded from the CCC intranet.

The web address is:

http://intranet.co.ccc.edu/finance/procurement_forms.asp

The solicitor of bids must sign the recap sheet. At least one of the three quotes must be obtained from a certified minority or woman owned business (MBE or WBE). Prior to submittal to the Business Office or District Office department designee, the bid recap must be faxed to the Office of M/WBE Contract Compliance for review and approval.

A list of certified M/WBE vendors can be acquired from CCC's Intranet (<http://webapps.ccc.edu/mbewbesearch>), CCC's Internet website (<http://www.ccc.edu/MBEWBEVendorSearch.asp>) or the Office of M/WBE Contract Compliance.

Once the above process is completed, the College Business Office or District Office department designee will prepare and issue the purchase order to the lowest responsible bidder for purchases up to \$5,000. The Department of Administrative and Procurement Services will issue the purchase order to the successful vendor for purchases in excess of \$5,000.

Purchases in excess of \$25,000:

Formal competitive bidding is required. Formal competitive bidding requires that the initiating department prepare written specifications describing the required goods or services. The specifications shall be reviewed by the Department of Business and Procurement Services to ensure that the specifications are complete and in the proper form. Specifications shall be prepared as objectively as possible,

so that the advantage provided to any particular vendor is based on the appropriateness of that vendor's product.

Once the above process is completed, the College Business Office or District Office department designee will prepare and issue the purchase order to the lowest responsible bidder for purchases up to \$5,000. The Department of Administrative and Procurement Services will issue the purchase order to the successful vendor for purchases in excess of \$5,000.

2.3 FORMAL COMPETITIVE SELECTION.

In accordance with State Law, all single purchases exceeding \$25,000 require competitive bidding. The methods for competitive bidding will be determined based on the commodity requested.

A. Sealed Bids

A Sealed Bid is a competitive bidding process whereby the College or department knows exactly what they want and are therefore looking for the best possible price. The description of the goods or services may be either performance based or product based.

Performance-based specifications describe the goods needed by detailing the performance required of the goods. For example, specifications for a calculator would list all the mathematical functions that the calculator must perform.

Product-based specifications describe the goods by identifying a specific product which would be acceptable, and requesting a price on that item or its equivalent. For example, calculator specifications might include prices on Texas Instruments Model TI-1795, or its equivalent. When product specifications are used, a bid on an equivalent product must include specifications demonstrating that the goods bid are substantially equivalent.

The terms of the purchase may include payment terms, prevailing wage requirements, bid-deposit requirements, women business enterprise ("WBE") requirements, and minority business enterprise ("MBE") requirements. (WBE's and MBE's are businesses wholly or partly owned by women or minorities.). The Department of Business and Procurement Services will determine which conditions are required for particular purchases, and include the appropriate terms in the specifications. The Office of M/WBE Contract Compliance will determine the vendor's adherence to the Board approved Participation Plan. Sealed Bids are publicly opened on the due

date. The award is based on the lowest responsible and responsive bidder that meets all specifications of the bid. Justification must be provided and approved by the Chancellor, President or Vice Chancellor if the low bidder is not accepted.

B. Request for Proposal

Request for Proposal (“RFP”) is a variation of the sealed bid process and includes evaluation criteria where price is not the only consideration. This may be used where matters of service, maintenance, or non-price issues are of paramount importance. The criteria that will be considered for evaluating the proposal must be detailed in the bidding documents. Recommendation for award is based on the highest ranked firm(s). The proposals are not publicly read aloud.

C. Advertising- Formal Bids

- 1) All competitive bidding documents are distributed by the Department of Administrative and Procurement Services for public advertising.
- 2) In accordance with State law, an advertisement announcing the goods or services sought, the availability of bid specifications, and the bid opening date, time and place must be placed a minimum of ten days before the bid opening in a local newspaper. Following the advertisement, the newspaper will send the Department of Business and Procurement Services a letter verifying that the advertisement was published. The letter will be retained in the Department of Business and Procurement Services files.
- 3) On the day that the advertisement appears in the local newspaper, at the discretion of the Department of Administrative and Procurement Services in conjunction with the user department, notice of bid availability will be sent to the registered vendor’s in the CCC database for the specific category or commodity. Vendors may be included on the bidder’s list by completing a vendor’s application form and filing it with the Department of Administrative and Procurement Services. The list of bidders is available for public examination upon 24 hour notice to the Department of Administrative and Procurement Services.

D. Specifications - Formal Bids

Specifications, if applicable, shall be available in the Department of Administrative and Procurement Services during the time between the placement of the advertisement and the bid opening. The deadline for

receipt of bids will be a minimum of ten working days after the advertisement appears.

If the District determines that a substantive change in the bid specifications is required after the bid specifications are distributed but before the bids are due, an addendum will be sent to all bidders stating the change. The number of bid copies for submittal and due dates will be addressed in the bid specification. All bids must be sealed by the bidder and must be opened by a staff member in the Department of Administrative and Procurement Services no earlier than the tenth working day after the advertisement. All bids, excluding RFP's, are opened in public and the contents of the bid read aloud at the time and place advertised. Any bid arriving after this time will be returned unopened to the bidder.

E. Bid Deposit

A bid deposit equal to 5% of the bid amount may be required on all purchases of goods and nonprofessional services exceeding \$50,000. This will be determined by the Chief Procurement Officer. The bid deposit may be in the form of a certified check or a cashier's check in the required amount, a letter of credit, or a bid bond.

Bid deposits submitted by unsuccessful bidders are returned approximately 20 days after the bid is awarded. The successful bidder's deposit or bond is kept until the goods are delivered, or the services fully performed.

2.3.1 Determining The Lowest Bidder Or Selection Of Responsive Bidder.

A. Sealed Bids

The lowest bid may be determined either by the price of individual items, or by the total price for all items specified. When prices for several items have been solicited, and different vendors have provided a low bid on individual items, the purchase may be made either from the lowest bidder for each individual item, or from the vendor who made the lowest total bid for all the items specified.

Alternate bids that conform to the specifications may be considered, or technically disqualified. If a low bid is disqualified for failure to comply with specifications, a justification describing the noncompliance must be prepared and maintained on file. A Board Report recommending the purchase from the bidder(s) offering the lowest individual or total price for a product must be submitted to and approved by the Board prior to any purchase.

B. Request for Proposal

The selection of the responsible bidder is conducted by the user department in conjunction with Procurement Services prior to submittal to the Board of Trustees for approval. With all RFP's, written evaluations completed by the evaluation committee must be submitted to the Office of Procurement Services to become part of the contract file.

2.3.2 Annual or Periodic Purchase Orders.

In order to minimize delay and encourage effective planning, prices for goods/services that are purchased regularly should be determined in advance of the purchase. In such cases, the college or the department must make an approximation of the type and the quantity of goods to be purchased during the specified time (not to exceed one year). Bids providing unit prices for such goods should be obtained using the procedure appropriate for the total amount to be purchased during the period. Once the low bid is determined and the necessary approvals obtained, a purchase order for the total amount of the estimated purchases may be issued to the vendor.

Board approval for such purchasing commitments is required if the District-Wide total planned expenditure for a single vendor exceeds \$25,000.

2.3.3 Non-Responsive Bids.

A bidder may be considered non-responsive for failing to complete and submit all contract documents, failing to provide signatures on bid proposals and/or failing to provide bid deposits on contracts.

2.3.4 Exceptions.

All purchases and contracts in excess of \$25,000 must meet the formal bidding requirements as stated in Section 2.03 of this manual. However, items A through N below are exceptions to this general requirement. Exemption from the formal competitive bidding procedure does not exclude bids and proposals from complying with the Board approved M/WBE Participation Plan.

While the items listed below are exceptions to the formal competitive bidding process, it all purchasers should perform due diligence in describing a comprehensive scope of services and obtaining the best price.

- A. Contracts for services of individuals possessing a high degree of professional skill where the ability or fitness of the individual plays an important part;
- B. Contracts for the printing of finance committee reports and departmental reports;

- C. Contracts for the printing or engraving of bonds, tax warrants and other evidence of indebtedness;
- D. Contracts for materials and work which have been awarded to the lowest responsible bidder, and due to unforeseen revisions, not the fault of the contractor for materials and work, must be revised causing expenditures not in excess of 10% of the contract price;
- E. Contracts for the maintenance or servicing of or provision of repair parts for equipment that are made with the manufacturer or authorized service agent of that equipment where the provision of parts, maintenance, or servicing can best be performed by the manufacturer or authorized service agent;
- F. Purchases and contracts for the use, purchase, delivery, movement, or installation of data processing equipment, software, or services and telecommunications and inter- connect equipment, software, and services;
- G. Contracts for duplicating machines and supplies;
- H. Contracts for the purpose of natural gas when the cost is less than that offered by a public utility;
- I. Purchases of equipment previously owned by some entity other than the district itself;
- J. Contracts for repair, maintenance, remodeling, renovation, or construction, or a single project involving an expenditure that does not exceed \$15,000 and not involving a change or increase in the size, type, or extent of an existing facility.

This exception is within the Chancellor's authority and does not require Board approval;

- K. Contracts for goods or services procured from another governmental agency;
- L. Contracts for goods or services which are economically procurable from only one source such as for the purchase of magazines, books, periodicals, pamphlets and reports, and for utility services such as water, light, heat, telephone or telegraph;
- M. Where funds are expended in an emergency and such emergency expenditure is approved by the Chairman of the Board or his designee.

- 1) \$25,000 and less:

The requirement that multiple prices be obtained in advance of a purchase may be waived in cases in which either damage to life or to property could result from the delay caused by soliciting prices, or there is a major disruption of the operation and maintenance of the District. Purchases are to be considered emergencies if one of the following conditions apply: (a) when the District likely would be determined liable for an injury that may occur or for health that may be impaired if action is not taken to remediate the problem quickly, (b) when immediate repair is needed to protect against further loss or damage to property, or (c) when immediate action is necessary to avoid disruption of programs or services. Further, all emergency procedures and transactions must be well documented in writing. In all such cases, the college president, the vice chancellor, or the Chancellor must approve a request for an emergency purchase prior to authorization of the expenditure.

2) Over \$25,000:

When considering emergency purchases in excess of \$25,000 without competitive formal bidding, such purchases are to be considered emergencies if one of the following conditions apply: (a) when the District likely would be determined liable for an injury that may occur or for health that may be impaired if action is not taken to remediate the problem quickly, (b) when immediate repair is needed to protect against further loss or damage to property, or (c) when immediate action is necessary to avoid disruption of programs or services. In cases where the emergency expenditure will exceed \$25,000, the Chancellor will obtain verbal approval from the Chairman of the Board. Subsequent Board confirmation of any emergency expenditure shall be obtained at the next scheduled Board meeting and must be approved by 3/4 of the members of the Board. Further, all emergency procedures and transactions must be well documented in writing, describing the nature and reasons of the emergency (i.e., who, what, when, where and why, and how much). The Office of Administrative and Procurement Services will develop and maintain files for emergency purchases over \$25,000. This file will include all the supporting documentation to justify the nature and circumstances that led to the emergency expenditure. Subsequent Board action confirming that the expenditure was justified on an emergency basis will be included in the file.

N. Other Exceptions

The Chancellor or his designee may approve other purchases which are exempt from the formal bidding process if purchased in amounts less than \$25,000.

The following exceptions do not require Board approval however; monthly informational reports will be made to the Board summarizing these types of expenditures:

- 1) Postage purchases;
- 2) District-wide professional membership dues;
- 3) Required costs associated with accreditation and/or recognition visits;
- 4) Student educational trips;
- 5) Conferences that include all associated cost;
- 6) Expenditures procured through the various purchasing consortiums.

2.4 BOARD REPORTS.

All purchases from a single vendor exceeding \$25,000 during a fiscal year must be approved by the Board. The Board Report shall include the reason for the purchase, a brief description of the procedure used to select the vendor, a description of the goods being purchased, the purchase price, the budgeted account number and the fund name from which the purchase is to be made.

If the lowest price bid is not selected, a justification explaining the reasons for the rejection must be prepared and maintained on file. The explanation must provide sufficient technical detail to justify the rejection of the low bid.

All Board Reports from the Colleges and District Offices that are for goods or services over \$25,000 must be submitted to the Office of Administrative and Procurement Services and the Office of M/WBE Contract Compliance for approval prior to review by the Office of the Board of Trustees and placement on the agenda. Failure to do so will delay approval of the purchases.

The following steps are required with all Board Report submittals:

- Initiating campus/department must enter a requisition to pre-encumber the funds for the purchase being requested.

- Initiating campus/department must complete a Board Report Routing Form for each submittal.
- If service or product is formally bid, initiating campus/department must email the draft of the Board Report along with supporting documentation to the Office of Administrative and Procurement Services. at procurementservices@ccc.edu and the Office of the Board of Trustees attn.: Chief Advisor the Board, Leah Heinecke-Krumhus at lheinecke-krumhus@ccc.edu and Assistant Board Secretary Candace Montgomery at cmontgomery30@ccc.edu.

<http://portal.intranet.co.ccc.edu/gencounsel/Legal%20Resources%20Management/Fo rms/ AllItems.aspx>

2.5 JOINT PROCUREMENT.

The Board has authorized joint procurement when it has been determined to be advantageous to the District under the following circumstances:

- A. Contracts awarded by agencies of the State of Illinois, if such contracts permit this practice;
- B. Contracts awarded by other units of local government, if such contracts permit this practice;
- C. Orders placed under United States General Services Administration schedules, in accordance with applicable federal regulations;
- D. A Request for Proposal (“RFP”) issued jointly with one or more other units of local government. All such jointly issued RFP’s must clearly state that each unit of local government is only responsible for the payment of items and services that it orders, with no joint responsibility among the units of local government. The Chancellor or designee is authorized to represent the Board in connection with the preparation and issuance of any joint RFP’s.

In addition to the above, all joint procurements over \$25,000 will require Board approval as per Section 2.3 of this Manual.

2.6 PROFESSIONAL SERVICE CONSULTANTS.

2.6.1 Architectural, Engineering And Land Surveying Services

A. Federal Requirements

In the procurement of architectural, engineering and land surveying services and in the awarding of contracts or professional service agreements, the District will comply with federal law and regulations and take all necessary steps to adopt federal policies, specifications, policies and procedures to remain eligible for federal aid.

B. Public Notice

Present provisions of law notwithstanding, in the procurement of architectural, engineering or land surveying services, the District when utilizing architectural, engineering or land surveying services shall permit firms engaged in the lawful practice of their professions to file a statement of qualifications and performance data with the District every three years. Whenever a project requiring architectural, engineering or land surveying services is proposed for the District, the District at its discretion may:

- 1) Mail a notice requesting a statement of interest to those firms prequalified in their specific area of expertise which is required for the project.
- 2) Obtain statement of interest from at least three prequalified firms in the specific area of expertise which is required for the project

C. Selection Procedure

The evaluation committee shall evaluate the firms submitting letters of interest, taking into account qualifications, ability of professional personnel, past record and experience, performance data on file, willingness to meet time and budget requirements, location, workload of the firm and any other factors the District may determine are applicable. The evaluation committee may conduct discussions with and require public presentations by firms deemed to be the most qualified; thus allowing them to expand on their experience, qualifications, approach to the project and ability to furnish the required services.

When formal bid responses are received by the Office of Administrative and

Procurement Services, a copy of each response will be sent to the Office of M/WBE Contract Compliance to determine their adherence to CCC's M/WBE Board Approved Participation Plan.

On the basis of evaluations, discussions and presentations, the District shall select no less than 3 firms which it determines to be the most qualified to provide services regarding the specific project. The Office of Administrative and Procurement Services in conjunction with the user department shall then contact the firm ranked most preferred and attempt to negotiate a contract at a fair and reasonable compensation, taking into account the estimated value, scope, complexity, and professional nature of the services to be rendered. If fewer than three firms submit letters of interest and the District determines that one or both of those firms are so qualified, the District may proceed to negotiate a contract pursuant to this Section (Selection Procedure) and Section 2.00 (E) below (Contract Negotiation).

D. Commitment to Hire Students/Graduates Program

As a part of the submission of a bid or proposal, where appropriate, the vendor should indicate their willingness to commit to hiring or creatively including one or more students or graduates by filling out Schedule D – Hiring Apprentice and Certificated Workers Commitment. It is expected that those vendors interested in doing business with the CCC will want to support the primary purpose of the District and its students. That primary purpose is the successful transition of students from the classroom to the present and future workforces. Therefore, it is expected that those vendors willing to consume public funds will show their support for the academic mission of the CCC by hiring or creatively including our students or graduates in their proposed bid or proposal.

2.7 OTHER PROFESSIONAL SERVICES.

In the procurement of and in the awarding of contracts for professional service, the District will comply with federal law and regulations and take all necessary steps to adopt federal rules, specifications, policies and procedures for federal aid.

The same policies will apply as with the RFP process mentioned in Section 1.03 of this manual. All professional services that are state exempted or exempted per section 1.07 of this manual will be formally bid at the Board of Trustees discretion.

2.8 CONTRACT NEGOTIATIONS.

The District shall prepare a written description of the scope of the proposed services required as a basis for negotiations and shall negotiate a contract with the

highest qualified firm at compensation that the District determines to be fair and reasonable. In making this decision, the District shall take into account the estimated value, scope, complexity and professional nature of the services to be rendered.

If the District is unable to negotiate a satisfactory contract with the firm that is most preferred, negotiations with that firm shall be terminated. The District shall then begin negotiations with the firm that is next preferred. If the District is unable to negotiate a satisfactory contract with that firm, negotiations with that firm shall be terminated. The District shall then begin negotiations with the firm that is next preferred.

If the District is unable to negotiate a satisfactory contract with any of the selected firms, the District shall re-evaluate the services requested, including the estimated value, scope, and complexity and fee requirements. The District shall then compile a second list of not less than three qualified firms and proceed in accordance with the above provisions.

2.9 MINORITY AND WOMEN OWNED BUSINESS ENTERPRISE PARTICIPATION PLAN.

CCC has adopted the amended Minority and Women Business Enterprise Plan (The "Plan") to ensure that Minority Businesses and Women Businesses shall have maximum feasible opportunities to participate on City Colleges Contracts, and to remedy the effects of historical discrimination while minimizing its impact upon Non-MBE and Non-WBE businesses. The plan goals for participation of certified MBE is 25% and WBE is 7% and the Bidders/Proposers utilization of such firms is considered in determining responsibility in performing this contract. The detail plan can be found on CCC's employee web portal at: http://www.ccc.edu/files/participation_plan_06-20-2007.pdf.

Compliance with MBE or WBE requirements will be considered in determining whether the bidder or proposer is responsive. When comparing proposals for a contract, the proposed level of M/WBE compliance shall be one of the deciding criteria.

A. Indirect/Direct Participation of Certified MBE/WBE Vendors

Vendors will be required to demonstrate that the proposed M/WBE direct participation represents the maximum achievable under the circumstances. After such a demonstration is presented, in writing, with the bid/proposal then indirect participation will be considered. Indirect participation involves certified MBE or WBE vendors who provide goods and/or services to the prime vendor outside of the proposed project being considered. Validation of indirect participation is to be made by providing a copy of each vendor's current certification document(s).

B. Request for a Waiver from Compliance with CCC's Board Approved Participation Plan

If a vendor is unable to identify certified MBE and WBE vendors to perform sufficient work in order to fulfill participation goals for the proposed contract or agreement, and there are no vendors detailed as direct participants, the bidder/proposer must include a written request for a waiver from compliance with CCC's Board Approved Participation Plan. The request for a waiver is to be addressed to the Office of M/WBE Contract Compliance and is not an automatic approval. The approval of the requested waiver comes as a result of a recommendation from the Office of M/WBE Contract Compliance to the Chancellor and is based on the following: (a) supporting documentation demonstrating the bidder/proposer's inability to obtain sufficient certified MBE and/or WBE vendors, (b) good faith attempts to achieve such participation.

C. Report of the District's M/WBE Compliance to the Board of Trustees

The Office of M/WBE Contract Compliance shall prepare a quarterly and annual report to the Board of Trustees concerning the status of CCC's ability to be in compliance with its Board Approved M/WBE Participation Plan. This report shall consist of: (a) each business unit's total amount of dollars spent on contracts with opportunities for MBE or WBE participation, (b) the amount of dollars spent and the percentages used on MBE and WBE vendors, (c) the amount of dollars spent and percentages used with vendors residing within the city limits of Chicago, and (d) analysis figures comparing the current fiscal year with figures from previous fiscal year.

- B. An Evaluation Committee of at least three (3) CCC staff members should review the responses to the RFQ. The committee should include at least one member from the Workforce Academy. Evaluation forms, which contain the evaluation criteria including points, must be completed.
- C. The Evaluation Committee will recommend for Board approval a list of highly qualified Trainers/Consultants per training classification. The approved list will be valid for a three-year period. The list may be amended to add new trainers/consultants or new categories or to eliminate trainers/consultants. The RFQ process shall be performed every three years.

The Workforce Academy Trainer/Consultant evaluation process will be utilized to justify the priority of assigning, continuation in or elimination from the list of Board approved trainers/consultants based on the following criteria:

1. A-level trainer-90 percent and higher rating receives first call for training;
 2. B-level trainer-gets 80-89 percent on evaluations, receives second call for training;
 3. C-level trainer-gets 70-79 percent on evaluations receives last call and only if necessary.
- D. Adding Trainers to the Prequalification list:
- As trainers/consultants are requested for training opportunities not listed, a new RFQ will be issued, trainers/consultants evaluated and the Board Report amended to add trainers/consultants to the pre-qualified list.

- Current pre-qualified trainers/consultants are not required to resubmit a letter of interest. The RFQ will be issued as referenced above.

E. Immediate Training Request:

- A trainer/consultant may be hired outside of the pre-qualified list when the category of training does not exist within the current approved list and there is an immediate need which must be approved by the Vice Chancellor with authority over the Workforce Academy. Then, the RFQ process should be followed to permanently add the new category and the new pool of trainers/consultants.

F. Procurement requirements:

- Written Bid quotes shall be obtained from the pre-qualified list.
- MBE/WBE requirements must be met.
- District Procurement staff shall bid any services over \$25,000 for a fiscal year.
- Board approval must be obtained for services over \$25,000 for a fiscal year.
- A Requisition and Purchase Order are required upon execution of the contract. POs must include reference to the corresponding Board Report Number.
- Professional Service Agreement (PSA) as pre-approved by the General Counsel is required.
- PSA amounting to \$25,000 or less requires the signature of the Vice Chancellor with authority over the Workforce Academy, or the Vice Chancellor's designee.
- PSA over \$25,000 requires the signature of the Chair of the Board of Trustees.
- All transactions must be entered in the PeopleSoft Finance System.
- Agreements and subcontractor activities shall be reported monthly to the Board.
- Sales revenue shall be treated on an accrual basis.
- Subcontractor invoices shall be sent directly to the Associate Vice Chancellor in charge of the Workforce Academy.

G. Agreement Process:

The Vice Chancellor with authority over the Workforce Academy, or the Vice Chancellor's designee, may approve and execute the following contracts for the Workforce Academy without legal or procurement review when using the contract template approved by the Office of the General Counsel:

1. Training agreements
2. Memo(s) of agreement; and
3. Subcontractor agreements

In addition, the Vice Chancellor with authority over the Workforce Academy, or that Vice Chancellor's designee, may:

- Approve and execute subcontractor training agreements per vendor for a cumulative amount not to exceed \$25,000 per fiscal year without Board approval.
- Approve the modification of the term dates of the sub-contractor agreement which should be consistent with the term dates of the corresponding training agreement for which the subcontractor was hired.
- Approve modifications of the amount of training agreements without a limit, but may only approve modification of the sub-contractor compensation up to \$25,000 per vendor per fiscal year.
- Approve modifications to the Scope of Services of the training agreements and the modification to the corresponding subcontractor's agreement.

All modifications to an agreement must be signed or initialed by all parties to the contract.

The Office of the General Counsel shall provide the Board with a list of executed agreements on a monthly basis. The Workforce Academy is responsible for reporting all executed agreements to the Office of the General Counsel.

H. Subcontractor Payment Process:

Payments to subcontractors must be in accordance with the Board's policies and procedures. Payment term is net 30 or the term specifically provided in the subcontractor agreement pursuant to the following procedure:

1. The Office of Workforce & Economic Development stamps the date the invoices was received by Workforce Academy.
2. The Office of Workforce & Economic Development will conduct a complete audit of the invoices to verify that all pertinent information and supporting documentation is attached to the voucher payment request(s). The Assistant Business Manager will sign the approved Accounts Payable (AP) Invoice Log Sheet.
3. The Office of Workforce & Economic Development will submit AP Invoice Log Sheet along with:
 - a. original invoices;

5. Vendor checks are mailed through the US Postal Service within 24 up to 48 hours.

3.6 WYCC BARTER TRADE TRANSACTIONS.

Barter trade transactions for goods in exchange for services at WYCC may only be used when made in compliance with the Board approved policy.

Barter for goods and services is not the preferred method of procuring goods or services for the District due to an increased risk of inaccurate valuation, reporting and tracking for these types of transactions. Therefore, the Board requires compliance with the following:

Barter trade transactions should be used for only unsold advertising time slots and any associated production services.

Barter trade transactions are to be performed as an arm's length transaction in which the buyers and sellers act independently and have no relationship (e.g. family members) to each other. Any apparent or perceived conflict should be disclosed in writing to the college president prior to finalizing the agreement.

All direct and indirect costs related to the exchanged services must be considered, properly reviewed and approved. WYCC should break even on every exchange transaction.

Public funds should not be given to private entities or used to support a political campaign; therefore barter trade transactions should not be subsidized or donated. All planned revenue and expenses are to be properly budgeted. The WYCC budget must have Board approval.

WYCC should not contract with any customers who have outstanding receivables over 90 days or have had previous balances written off within the District until the customer has paid the outstanding balances or previously written off amounts in full.

All trades from a single vendor with a value exceeding \$25,000 during a fiscal year must have prior Board approval. However, the Board may choose to provide annual approval in aggregate for select vendors with an exchange value not to exceed a specified amount.

3.7 CONTRACTING WITH CITY COLLEGES OF CHICAGO RETIREES.

3.7.1 Policy Statement.

This Post-Retirement Contracting Policy refers to contracting with any CCC retiree, regardless of the full-time position(s) the retiree held prior to retirement.

3.7.2 Criteria for Post-Retirement Contract Consideration.

CCC Retirees may be considered for a post-retirement contract if the following minimum criteria are met:

- A. CCC will adhere to all applicable State of Illinois laws, policies and requirements pertaining to the hiring of retirees, which may be amended from time to time. Currently, retirees may not be hired until at least sixty (60) days after the retirement date.
- B. The retiree must have had a track record of strong performance, and the most recent evaluations or post-tenure review must have been rated “excellent” or “superior” (in the case of an evaluation) or “commendations” (in the case of a post-tenure review).
- C. The retiree must have demonstrated significant contribution to the College, the District and the community.
- D. The economics of hiring the retiree should be favorable to CCC. That is, the cost of hiring the retiree should be favorable when compared to the cost of hiring other qualified candidates.

All retiree contracts must be approved by the College President, the Chancellor and the Board of Trustees. The Presidential approval may not be delegated.

Retirees shall work no more than twenty-five (25) hours per week unless otherwise provided for in a collective bargaining agreement.

- A. Meeting the above criteria does not guarantee that a retiree will be offered a contract.
- B. CCC has no obligation to hire any retiree. The hiring of any retiree is solely at the discretion of CCC.
- C. CCC retirees have no rights, privileges, or entitlements with regard to contract employment at CCC.
- D. Having been offered contract employment in the past does not in any way guarantee any future employment. Each employment contract is separate and distinct.

**ARTICLE 4
PERSONNEL**

4.1 AUTHORITY/SEVERABILITY.

These Personnel Policies are promulgated in accordance with the provisions of the State Act. If any Policy or provision of these policies is determined to be void or unenforceable by a court of law, then such policy shall be excised and the authority to address the subject of the void provision is reserved to the Board.

4.2 COLLECTIVE BARGAINING AGREEMENTS.

Except as provided below, Board Policies concerning personnel matters are Policies of general application for all District employees. If there is a conflict between any Board Policy and a specific provision of a Collective Bargaining Agreement entered by Board, the provision of the Collective Bargaining Agreement shall control as to those employees covered by the Collective Bargaining Agreement except that any provision of a Collective Bargaining Agreement that is void or voidable by operation of law shall be void, in which case, the applicable Board Policy shall apply. In no event shall Board Policies be construed to enhance or increase benefits or terms and conditions of employment specifically set forth in Collective Bargaining Agreements.

4.3 THE EMPLOYEE MANUAL.

The Board has authorized the publication and distribution of an Employee Manual to all District employees, which sets forth a statement of all Board personnel policies, employee work Policies and general descriptions of employee benefits. The Employee Manual shall not be construed as creating any rights to continued employment by any employee or as a guarantee to any employee of a certain level of compensation and/or benefits and shall not alter the at-will status of employees. The Board reserves the right to alter or amend the Employee Manual at any time by Board resolution and authorizes the Vice Chancellor of Human Resources to amend the Employee Manual to reflect changes in personnel, contact or address information, benefits, organizational structure and any other policy, Work Rule or resolution already approved by the Board without seeking an additional resolution for said changes.

4.4 HIRING AUTHORITY.

Except for the hiring of full-time faculty and full-time temporary employees, the hiring of full-time employees is reserved exclusively to the Board. The classification of “temporary employee” is an individual brought on to work full- or part-time on a short-term assignment without being treated as a “permanent” employee and lacking the benefits of permanent employees. Subject to the provisions of Board Policy 4.8, the hiring of all other employees, including full-time faculty, is delegated to the Chancellor or his/her designees subject to post-employment ratification by the Board, which shall occur no later than the second regular public meeting of the Board following the end of the calendar quarter in which the employee is hired, if feasible.

All administrative and non-bargained for appointments shall be recommended to the Board by the Chancellor, upon the recommendation of the College President or Vice Chancellor, after the candidate has satisfied all pre-employment requirements of the District. All candidates recommended for an appointment must meet the minimum qualification requirements established for the position. The selection of a candidate for appointment will be made competitively from among the best qualified candidates. The recruitment and selection of qualified candidates is a competitive and transparent process, however, unless otherwise decided by the Chancellor, discretion to not post is reserved for positions at a salary grade of twelve (12) and above. The Board shall have sole authority, in its discretion, to appoint and to terminate an administrative or non-bargained for employee position at any time.

4.5 EQUAL EMPLOYMENT OPPORTUNITY.

Except as allowed by law, discrimination with respect to hire, terms and conditions of employment or continued employment, based upon race, national origin, ethnicity, gender, age, religion, citizenship, sexual orientation, marital status, disability, genetic information, veteran status or the exercise of rights guaranteed by local, state or federal law is prohibited. Consistent with this Policy, the Board has adopted policies including uniform internal complaint procedures to enable the Board, through its EEO Office, to detect and eliminate discrimination prohibited by this Policy.

4.6 HIRING PRE-REQUISITES.

The decision or recommendation to hire a full-time job applicant shall be a revocable offer of employment pending Board approval, or in the case of applicants for part-time positions, Board ratification. All applicants for employment, including full-time

temporary employees, shall be subject to the pre- and post-offer requirements listed below and all requests for Board approval and ratification of hiring decisions shall certify that the requirements have been met. Independent contractors, while not City Colleges of Chicago employees, are subject to the same pre-employment and post-offer drug test and background check requirements listed below. An independent contractor is an individual or sole proprietor who is contracted to perform work for the City Colleges of Chicago. An independent contractor is not an employee of City Colleges of Chicago and is treated differently with respect to tax withholdings, employee benefits and payment methods.

(a) Residency.

All full-time employees hired on or after July 1, 1977 shall be residents of the City of Chicago within six (6) months from their date of employment.

The purposes of this Policy are to establish consistent, equitable and enforceable guidelines concerning the Board's requirement that all officers and employees of the City Colleges of Chicago be residents of the City of Chicago and to establish new provisions to the residency requirement.

Definitions.

- A. "Residency" means an employee's domicile, the actual place where an employee lives and has his or her true, permanent home to which, whenever he or she is absent, he or she has an intention of returning.
- B. "Employees" mean all full-time employees. "Employees" does not include part-time employees and temporary employees.
- C. "Continuously employed" means employment that has not been interrupted by a break in service.
- D. "Break in service" means a loss of employment as a result of dismissal, separation, and resignation not followed by rehire within one year.
- E. "Material omission of fact" means the employee's intentional failure to disclose his/her actual residence for purposes of concealing from City Colleges of Chicago his/her non-compliance with the residency requirements of this Policy.

Exemptions.

All full-time employees recommended for hire or hired on or after July 1, 1977 shall be residents of the City of Chicago except for the following employees:

- i. Military personnel employed at locations outside the City of Chicago;

- ii. Full-time employees who marry another full-time District employee hired prior to July 1, 1977 and who actually reside with that employee;
- iii. Full-time employees in janitorial, operating engineer and firemen classifications (Job families 811, 821, and 831) hired prior to January 1, 1980; and
- iv. Full-time employees of the Washburne Trade School who were transferred to City Colleges employment from the Chicago Board of Education in or about January 1984.

Timeline for establishing Residency/Extensions.

A certificate of residence within the City of Chicago shall be required as part of the employment application process for all new hires. Continued residence within the City of Chicago shall be a condition of continued employment for all employees subject to this Policy. A nonresident of the City of Chicago may be hired, provided that such person agrees, as a condition of employment, to establish actual residency within the City of Chicago within six (6) months after the commencement of employment. The Chancellor may extend the time during which a new employee may establish residency in the City for up to two (2) additional three-month periods, if warranted by the individual circumstances of the employee and if the Chancellor determines that it is in the best interests of the District to do so.

The Chancellor may also grant up to two (2) additional three-month periods when a nonresident is able to show a good faith effort toward selling his/her existing primary residence located outside the City of Chicago in order to meet the residency requirement.

The Inspector General shall conduct an annual audit of the District's compliance with this Policy and shall submit a report of audit findings to the Board no later than the first regularly scheduled public meeting of the Board following July 1st of each year.

Notification of Change of Address.

All employees must access Employee Self Service to update their home address on record. A full-time employee who represents to the Office of Human Resources that he/she resides in the City of Chicago at the time of his/her hire or at any time thereafter and 1) who subsequently moves his/her actual residence from the City of Chicago, and 2) fails to notify the Human Resources Department of his/her change of address as required by this Section shall be deemed to have made a material omission of fact for the purpose of concealing his/her actual residence.

Proof of Residency.

For the purposes of this Policy, the question of an employee's residence is principally one of where an employee intends to live and have his or her one true, permanent home or domicile to which an employee intends to return following an absence. The presumption in this Policy is that the address an employee gives while completing hiring documents or has entered via Employee Self Service is that employee's correct address. In disputed cases, the burden of proof rests with the employee to show that his or her claimed residence is the one where the employee intends to live and have as his or her one true permanent home or domicile. Based on the fact that intent may be manifested in innumerable ways, any residency inquiry must consider all of the pertinent factors on a case-by-case basis. Such an inquiry shall consider, but not be limited to, the following factors: voter registration, place of filing tax returns, property ownership, driver's license and car registration.

Annual Certification of Residency.

On February 1st of each year every full time employee of the City Colleges of Chicago will be required to certify their compliance with this residency policy. The employee's certification shall include an oath or affirmation that the employee is:

- i. an actual resident of the City of Chicago; or
- ii. not required to be an actual resident of the City of Chicago because he/she falls within one of the exceptions listed above; or
- iii. a new full-time hire or a current employee newly promoted to a full-time position and not an actual resident of the City of Chicago, but six months has not yet elapsed since the commencement of employment/promotion or the employee received an approved extension of time that has not yet elapsed.

(b) Pre-employment drug testing.

The Board has approved a policy and program for the pre-employment drug screening of applicants for full-time and part-time employment at a medical laboratory certified to conduct such testing by the National Institute for Drug Abuse. Said policy may be amended from time to time as the Board deems in the District's best interest. Usual and customary procedures and protocols for drug screening have been established and may be amended or revised from time to time by the Chancellor or designee, in consultation with the medical laboratory.

No applicant for employment, or a former employee being re-hired regardless of the length of break in service, subject to drug testing under the policy and program implemented by the Chancellor shall be recommended for hire or hired if the pre-

employment drug screen reveals the presence of illegal or non-prescribed controlled substances. Applicants shall not begin work prior to the receipt of pre-employment drug testing results.

(c) Background Checks.

All applicants for employment shall be required to undergo a background check, which includes but is not limited to the following: criminal history verification, education verification, and employment verification.

i. Criminal history check - All applicants for employment must disclose and certify their criminal history and shall be subject to criminal history background verification, excluding current City Colleges of Chicago students applying for non-sensitive student job titles. For purposes of this section “criminal history” shall mean a history of criminal convictions in any State or territory of the United States of America.

ii. Education (Credential) Verification - The Human Resources department will conduct credential verification for all applicants for employment to verify the applicant possesses appropriate academic credentials commensurate with the requirements of the position applied for and that academic degrees, where required, have been awarded by regionally accredited institutions. Applicants for faculty positions shall in addition comply with the credential review process set forth by the Office of Academic Affairs.

iii. Employment Verification – The Human Resources department will conduct employment verification for all applicants to include the applicants’ last three employers over a ten year period.

(d) Medical examinations.

The Chancellor may require post-employment medical or psychological examinations to determine an employee’s fitness for continued employment consistent with applicable laws.

(e) Child and spousal support obligations.

All applicants for employment shall be required to disclose any unpaid court-ordered child or spousal support obligations currently owed by the applicant. As a condition of hire and continued employment, the applicant shall be required to demonstrate that satisfactory arrangements for the payment of the unpaid and current obligation have been made, either through payroll deduction or other means.

(f) Employee Indebtedness.

Pursuant to City Colleges of Chicago Policies and Work Rules, all applicants must disclose on their new hire paperwork whether they are in default for any obligation to the City Colleges of Chicago, City of Chicago, County of Cook, or State of Illinois. Applicants who are, as well as employees who become, in default on any obligation or owe any past due debt will be required to provide satisfactory proof that payment has been made or that arrangements for payment have been made either through payroll deduction or other means.

Failure to pay an overdue debt to City Colleges of Chicago, City of Chicago, County of Cook, or State of Illinois within thirty (30) calendar days of receiving a demand therefore is a violation of City Colleges of Chicago Policies and Work Rules, as well as Board Policy, unless the employee:

- i. has entered into an agreement with City Colleges of Chicago, the City of Chicago, County of Cook, or State of Illinois through the appropriate department for the payment of all debts owed, and remains in compliance with the agreement;
- ii. is contesting liability for the amount of the debt in a pending administrative or judicial proceeding, and provides satisfactory proof of such proceeding; or
- iii. has filed a petition in bankruptcy and the debts are dischargeable in bankruptcy.

Failure to disclose such debts or obligations on the employment application, or failure to pay or make arrangements for payment within thirty (30) days of hire date shall subject the employee to disciplinary action, up to and including termination.

(g) Educational Loan Obligations.

All applicants for employment shall be required to disclose any unpaid, past-due obligation for educational loans and, as a condition of hire and continued employment, shall be required to provide satisfactory proof that arrangements for payment of the past-due education loan have been made through payroll deduction or other means.

(h) Job Qualifications.

The qualifications to fill any position shall be determined by the Chancellor or his/her designee and shall be consistent with the duties, responsibilities and goals of the job classification. The Chancellor or his/her designee may establish "minimum" and "desired" qualifications for each classification. No applicant for employment shall be recommended for hire to the Board, or hired unless they meet the minimum qualifications for the position; provided, however, that upon written justification by the Chancellor, the Board

may permit substitute minimum qualifications. In accordance with the State Act, all applicants for full or part-time teaching or instructional positions shall be required to demonstrate their oral proficiency in the English language in accordance with the Board's Oral English Proficiency Program.

(i) Volunteerism

Volunteers may be retirees, current students, alumni, or the general public over the age of 14. Volunteering is done by personal choice, without monetary reward, compensation, personnel benefits or the expectation of future employment.

All volunteers must establish proof of identity and regardless of the work position or responsibilities they are volunteering for, are subject to drug screening, criminal background and personal reference checks.

4.7 POST-EMPLOYMENT DRUG AND ALCOHOL TESTING

Consistent with the Board's Drug Free Work Place Policy (Board Resolution 14088, adopted July 6, 1989), the Chancellor shall develop and implement a program for drug and alcohol testing of employees under the following circumstances:

- (a) Employees for whom there is a reasonable suspicion, as defined by law, that they have reported to work or are conducting the business of the District while under the influence of non-prescribed drugs or alcohol.
- (b) Employees for whom District Administration has reasonable and credible evidence that they have participated in the unlawful: manufacture, distribution, dispensation, possession or use of cannabis, a controlled substance, or alcohol while on City College premises or while participating in any function sponsored by or held at any City Colleges' facility.
- (c) Employees who occupy critical safety positions.
- (d) Employees who have been involved in a motor vehicle accident while operating a vehicle on District business.
- (e) Employees promoted or demoted who have never been drug tested.
- (f) Employees moving from part-time employment to full-time employment who have not previously submitted to a drug screen, including employees who are being promoted.
- (g) Employees moving from one full-time position to another full-time position, who have not previously submitted to a drug screen.
- (h) Employees in positions that are being reclassified, who have not previously submitted to a drug screen.

- (i) Any employee that has had any break in service, including a break in service due to a pending grievance or arbitration or has been suspended for over thirty (30) days, is subject to drug and alcohol testing prior to reinstatement of employment.

4.8 EMPLOYMENT STATUS.

Subject only to specific provisions of Collective Bargaining Agreements, District employees are employed at-will and either the Board or the employee may terminate the employment relationship for any or for no reason, with or without notice. District employees are public employees and, as such, shall be subject to the highest standards of integrity, competence and confidence. All District employees have a fiduciary relationship with the Board.

4.9 TENURE POLICY.

- (a) Full-time faculty members may be awarded tenure in accordance with the tenure provisions of the State Act and the District Tenure Policy Manual.
- (b) Tenure shall not be granted or awarded to Part-time Faculty, Lecturers or Instructors.

4.10 HOURS OF WORK AND SCHEDULING.

Subject only to applicable Collective Bargaining Agreements, the following shall be the hours of work for District employees:

(a) Full-time, non-academic employees

All full-time employees who are “non-exempt” as defined under the United States Fair Labor Standards Act shall generally work an eight (8) hour day and forty (40) hour work week exclusive of meal breaks as their regular workweek. These employees shall be afforded a one (1) hour unpaid meal break each eight-hour workday. These employees shall generally work for five (5) consecutive workdays. The Chancellor or his/her designees may adopt policies for staggered working hours and schedules to ensure adequate staffing during all days and hours of business operation. Nothing in this Policy shall be construed as a guarantee of a certain number of hours of work. The Chancellor or his/her designees may alter the regular work to fewer than forty (40) hours as operational or financial needs dictate.

(b) Part-time, non-academic employees

Part-time, non-academic employees are employees who are regularly assigned less than 30 hours in a workweek but may be assigned more than those hours on a temporary or sporadic basis with the prior written approval of their immediate supervisor.

(c) Academic employees

The Chancellor may adopt and implement policies for minimum and maximum hours of work for academic employees as the Chancellor deems in the best interest of the District. Any such policies shall be published to all applicants for academic employee positions. For purposes of this Policy, “academic employee” means any employee assigned to teach District students.

(d) Public accountability

Consistent with the Fair Labor Standards Act, the Board adopts principles of public accountability which require time and attendance monitoring of all employees including those employees who are otherwise exempt under the Fair Labor Standards Act.

4.11 TIME AND ATTENDANCE MONITORING.

(a) Time-keeping

All District employees shall be required to verify and submit their attendance and hours of work during each pay period using time-keeping methods such as electronic time-cards, certificates of attendance or time clocks. Employees’ regular paychecks, including wages and salary for time worked, holiday pay and other paid leaves, shall be generated based upon time submitted.

Employees can only take time-off in full and half-day increments. This includes, but is not limited to time-off for a sick day, vacation, personal day, floating holiday, compensatory time off, and any time off associated with any leave of absence.

(b) Inability to submit electronic time-cards, certificates of attendance and time off requests

Employees who are on leave or who, due to exigent circumstances, are unable to submit electronic time-cards, certificates of attendance or time off requests, shall be paid based upon their supervisors’ certification of their attendance or approved leave;

provided, however, that said employees shall be required to verify their supervisors' certification of their attendance no later than the first payroll period upon their return to work.

(c) Correction of erroneous electronic time-cards, certificates of attendance and time off requests

Employees, including employees on leave, shall be required to correct any erroneously submitted electronic time-cards, certificates of attendance or time off requests in the current pay period but no later than the first payroll period in which they actively worked.

(d) Other time-keeping methods

Nothing in this Policy shall preclude the Chancellor or his/her designee from using time-keeping methods such as electronic time-cards, timesheets or other timekeeping methods.

(e) Time-keeping for Special Assignments

The Chancellor or his/her designee shall establish policies with respect to certification that special assignments work is being or has been satisfactorily performed.

(f) Responsibility for Reporting Absences

Employees who will be absent from work due to illness or personal business must report their absences to their immediate supervisor prior to the start of their scheduled work day unless exigent circumstances make such reporting impossible consistent with the provisions of Board Policy 4.19. Employees who are absent from work for more than three (3) consecutive work days due to personal illness or the illness of a child, spouse or parent as defined by the Family and Medical Leave Act (FMLA) must submit medical certification which verifies the illness upon return to work. When an employee provides thirty (30) days advance notice, or gives notice as soon practicable, to Human Resources that their absence may be for a FMLA-qualifying reason, Human Resources shall notify the employee of their FMLA rights within five (5) business days, absent extenuating circumstances. If the employee is ineligible for FMLA, the employee may apply for other applicable leaves consistent with the provisions of Board Policy 4.13(e). (See Board Policy 4.13(e)(viii), Family and Medical Leave).

4.12 PERFORMANCE EVALUATIONS.

Subject only to specific provisions of applicable collective bargaining agreements entered into by the Board, the Chancellor or his/her designee shall implement a program for performance evaluation for all employees. Said evaluations shall evaluate the employee's performance of the duties of the classification held by the employee. Employees whose performance falls below expectations may be provided a remediation or performance improvement plan, be subject to disciplinary action or a combination thereof. Nothing in this Policy shall preclude the Chancellor from including other elements in employee evaluations.

- Report irregularities: Create a system for employees to report (anonymously if necessary) illegal or unethical actions they have witnessed or suspected

5.1.1 Policy Guidelines.

A. Policy Statement

- a. The City Colleges of Chicago has measures for the prevention, detection, and management of fraud and for fair dealing in matters pertaining to fraud. Also the management team has a responsibility to identify and document these improprieties when they occur.
- b. Any irregularity detected or suspected must be reported immediately to the Office of the Inspector General who coordinates all investigations with the legal department and other affected areas, both internal and external.

5.5 RECORD RETENTION POLICY

City Colleges of Chicago requires that business records be retained for specific period of time.

5.5.1 Purpose of Policy.

City Colleges of Chicago is committed to effective records retention to comply with all legal requirements, local, state and federal, for retention or storage, minimize the cost of retention and to ensure that outdated records are properly destroyed.

5.5.2 Personnel Affected.

All City Colleges of Chicago personnel and vendor or contracted personnel that create receive issue or maintain records deemed property of City Colleges of Chicago.

5.5.3 Policy.

City Colleges of Chicago is subject to numerous record retention requirements imposed by Federal, State and local regulations. Those legal authorities include, but are not limited to, the ICCB, IRS, State of Illinois, FERPA, HIPAA, FOIA, and the Gramm- Leach-Bliley Act. City Colleges of Chicago requires that all records be maintained in a consistent and logical manner and be retained in such a manner so that it:

- Meets legal standards for protection, storage and retrieval;
- Protects the privacy of students and employees;
- Minimizes the cost of record retention;
- Destroys qualifying outdated or expired records in a proper manner.

Retention periods may change by regulation, order, notice or events. Any record that is the subject of litigation or pertaining to a claim, audit, agency charge, investigation or enforcement action should be retained until final resolution of the action or unless otherwise noted. Record destruction may be delayed by any of the above reasons and should be communicated by the Office of General Counsel, the Finance or Treasury Department, any City Colleges of Chicago Auditor, the Administrative Services Department, the Human Resources Department, the Academic Affairs Department, the Office of the Chancellor, the Board of Trustees, or any college President or Vice President.

5.5.4 Records.

City Colleges of Chicago records include information, regardless of physical form or characteristics (i.e., electronic or hard copy), that have been created, sent, forwarded or received by any employee of City Colleges of Chicago. These records may include correspondence, including email, reports, studies, data, maps, drawings, photographs, audio and visual recordings, administrative logs, forms, statements, contracts, policies, financial records, invoices, student and faculty information, employee data information, personnel information, technological information or other documents whether on paper, computer, tape, disk or hard drive, film or other media. Generally, City Colleges of Chicago's records are public and may not be destroyed or transferred without an official retention period instituted or approved by various government agencies.

5.5.5 Responsibilities.

Departments that maintain City Colleges of Chicago records are responsible for establishing appropriate record retention management practices according to the City Colleges of Chicago Record Retention Policy and Schedule. Each department's administrative manager or a designee must:

- Implement the record retention practices;
- Ensure those retention practices are consistent with this policy and schedule;
- Educate staff within the department in understanding sound record management practices;
- Ensure that access to confidential records and information is restricted;
- Destroy and/or save via electronic or digital format the inactive records that have no value upon passage of the applicable retention period according to the schedule;
- Ensure that records are destroyed in a manner that is appropriate for the type of records and information involved, including seeking government agency approval when required per the schedule;

- Ensure that proper storage of records requiring permanent or long-term storage occurs.

If there are inconsistencies in the required retention periods, the longer period should be followed. If you run into a problem regarding the retention or destruction of a record not clearly addressed by the schedule, please consult an appropriate supervisor or the Office of General Counsel.

5.5.6 Email.

All email must be evaluated for purposes of whether it qualifies as a “record” subject to the Record Retention Schedule. Ultimately, not all email will actually be deemed a “record;” however, it must be evaluated for purposes of whether or not it should be saved as a record pursuant to the Record Retention Schedule or whether it can be deleted because it is not deemed a “record.”

An email is a “record” when it is created and/or received in the course of undertaking and completing a CCC-related issue or transaction. Attachments to emails that are deemed “records” are also considered “records” subject to the Records Retention Schedule. These email records should be removed from the user’s inbox and captured in either an electronic sub-folder or maintained in a hard copy file if the message becomes printed.

An email is not a record when it contains information with short-term administrative value, often referred to as a “transitory” message. These types of messages are created or received primarily for informal communication of information as opposed to communications designed for the perpetuation of formalization of knowledge. The informal nature of these “transitory” types of messages is similar to the type of communication that might take place in a phone conversation or a live, spontaneous conversation such as in a hallway or elevator. These messages are short-lived and often have no administrative value. Email messages that are not considered records are not required to follow the Records Retention Schedule and instead may be saved or deleted in any manner the user deems appropriate. If the user simply opts to retain the message in his or her inbox indefinitely, then the email messages are subject to automatic purging pursuant to the following specifications.

All CCC user email residing in their general inboxes will be retained for a period of 1 year. All emails older than 1 year will be automatically purged and moved into an archive for read-only access by the CCC. The CCC will retain an archive of all email for a period of 3 years. Alternative email retention policies exist to facilitate legal discovery and legal hold requirements.

5.5.7 Retention Schedule Access and Updates.

Full access to the Records Retention Schedule is granted to individuals designated by the Office of Administrative and Procurement Services. That designated person may

change from time to time as may be necessary; however, full access to the document should be closely guarded so as to ensure that all revisions and updates are appropriately tracked. Otherwise, a “read-only” style access should be widely available to all CCC employees.

In respect to updating the Records Retention Schedule, if any employee has a suggested modification (additions, omissions or any kind of revision), that employee should communicate the suggested modification to his or her designated departmental supervisor. Then, all the designated departmental supervisors for this Records Retention Schedule should gather suggested modifications and present them to a Records Retention Policy and Schedule Development Committee member who will then present the suggested modifications to the committee at its next meeting which should be periodic. The Committee shall convene at least once per year for the purpose of discussing and deciding suggested modifications to the schedule. More frequent meetings may occur if the committee deems appropriate.

5.5.8 Confidentiality Requirement.

Many records subject to retention requirements contain confidential information (non- public information including, but not limited to, name, address, social security number, bank accounts numbers, financial or financial aid information, student numbers, medical information, etc.). Such records are private and are protected by the Family Educational Rights and Privacy Act (FERPA), the Gramm-Leach-Bliley (GLB) Act, and the Health Insurance Portability and Accountability Act (HIPAA). In addition to the retention requirements, any record that contains confidential information should be considered confidential and treated in accordance with City Colleges of Chicago’s privacy and security policies.

5.5.9 Disposal, Destruction or Storage of Records.

If you have determined that it is appropriate to dispose of certain records, destroy them by recycling non-confidential paper records, shredding or rendering unreadable the confidential paper records or erasing or destroying electronically stored data only with the assistance of OIT. If you have determined that some form of storage medium is required, do so by whatever means your department manager deems appropriate (hard copy off site; digital copies; etc) while maintaining an index or catalog system of those stored records. Please periodically review records electronically generated or maintained in City Colleges of Chicago’s information systems or equipment to ensure proper requirements are met.

If you still have questions about your responsibilities, please contact the Office of General Counsel only after you have tried to resolve any issue with your department supervisor. At that time, someone in the Office of General Counsel will assist you in understanding your document retention issue and provide further guidance on this policy.

5.6 FREEDOM OF INFORMATION ACT (FOIA) POLICY

All requests for information under the Illinois Freedom of Information Act (“FOIA”)

must be in writing and directed to the General Counsel of the District as follows:

General Counsel
City Colleges of Chicago
226 West Jackson Blvd., Room 1448
Chicago, IL. 60606-6998

The statutory period for complying with or denying a FOIA request shall not begin until the request is received by the Office of the General Counsel.

Pursuant to Section 6 of the FOIA, for black and white copies on letter or legal sized paper, the first 50 pages are free, and any additional pages will cost \$0.15 cents per page. Any color copy or a copy in a size other than letter or legal, the requestor will be charged the actual cost of reproducing the records or for the use of equipment to reproduce the records.

No fee will be charged for electronic copies other than the actual cost of the recording medium, for example the cost of any disc, diskette, tape, flash drive or other medium or device used to store and deliver electronic records.

The person requesting the records will be notified in writing of the total fee, after the requested documents have been identified. Any applicable fees must be paid prior to the release of the photocopied documents.

A person or entity requesting a waiver or reduction of fees under Section 6(b) of FOIA must request the waiver or reduction in writing and must explain why a waiver or reduction of fees is in the public interest. Said explanation must be of sufficient detail to allow the Freedom of Information Officer to determine whether the requested waiver or reduction of fees is appropriate.

5.7 SERVICE OF LEGAL PROCESS POLICY

Employees of City Colleges of Chicago may be approached by legal process servers attempting to serve upon them documents giving notice of a legal action, usually in the form of a summons, complaint or subpoena. The term “process” refers to a legal document that is used to notify a person or organization about the initiation of a lawsuit. These documents often are delivered by a process server, but in some circumstances may arrive by mail. The term “subpoena” refers to a legal document that demands that a person or organization provide materials,

information or testimony to a court of law, or to appear in court to testify.

5.7.1 Legal Process in Which CCC is Named and No Individual Employee or Agent of CCC is named.

As CCC is a public body for purposes of legal process, legal service must be made personally on the appropriate officer of CCC. The officers designated to receive legal service of process are Secretary of the Board of Trustees and the General Counsel. Therefore, all process servers seeking to make service upon the District must be directed to one of the offices listed below:

Board of Trustees Office
226 W. Jackson Blvd
Chicago, IL 60606

Office of the General Counsel
226 W. Jackson Blvd
Chicago, IL 60606

If legal process is inadvertently accepted elsewhere, the recipient must immediately notify the Office of General Counsel and email or fax the served documents.

5.7.2 Legal Process Naming the District and Also Naming One or More Individual Employees or Agents of the District.

Individual employees of the District cannot refuse service of legal process naming them specifically. However, if that process also names the District as a corporate defendant, the individual should not accept service on behalf of the district but should direct the process server to the Secretary of the Board of Trustees or the Office of the General Counsel. Upon receipt of individual service, an employee or agent who believes that he or she is entitled to be defended and indemnified in accordance with the Board Bylaws, shall notify the Secretary of the Board of Trustees or the Office of the General Counsel immediately and then promptly deliver the legal documents to either Office.

5.7.3 Legal Process Naming an Individual Employee of the District But Not Naming the District as a Defendant.

The Office of General Counsel is authorized to accept service on behalf of certain designated officers, including the Chancellor and other Officers of the District. Except as just noted, the OGC is not authorized to accept service of a summons or complaint on behalf of individuals named as defendants.

An individual employee so served who believes the action giving rise to the legal process took place in the course of the performance of the duties of his or her position in the District may be entitled to indemnity by the District and should promptly notify the Office of the General Counsel and forward a copy of the legal process to the Office of the General Counsel for review.

5.7.4 Subpoenas.

There are three primary types of subpoenas:

- 1) Witness Subpoena – A court order requiring a person to appear in court on a certain date and testify as a witness.
- 2) Subpoena Duces Tecum – A court order requiring the person subpoenaed to produce books, documents or other records under his/her control at a specified time and place in a court hearing or a deposition. Many times compliance can be achieved by mailing or providing the records on a specified date without having to appear in person.
- 3) Deposition Subpoena – A court order requiring a person who is not a party to the court proceeding to provide copies of business records to, and/or appear at a deposition to be questioned by the subpoenaing party.

All subpoenas served upon CCC must be directed to the Office of the General Counsel which coordinates the production of documents. The Office of the General Counsel will determine those Colleges and/or Departments which must comply with the subpoena, offer advice in the collection of documents and, liaisons with process servicers and opposing counsel in the timing and costs of production.

5.8 LITIGATION DISCOVERY POLICY

5.8.1 Policy Statement.

CCC is required by law to identify, preserve and produce certain information in its original state relating to matters that are involved in current, pending or potential litigation or other legal process. The purpose of this policy is to set forth the authority, obligations and procedure to identify, preserve and produce information relating to such matters.

The Office of the General Counsel (OGC) has primary responsibility for representation of the District with respect to current, pending or potential litigation, including but not limited to legal actions requiring formal representation filed with local, state and federal courts and administrative agencies. The OGC has authority to enforce compliance with this policy.

The District has a legal duty to preserve and produce evidence and such duty is subject to the laws applicable to litigation discovery. Failure to comply with legally required litigation discovery obligations may result in judicially imposed monetary sanctions and adverse findings in the litigation against the District. Violation of litigation discovery obligations may lead to personal civil and criminal liability, including but not limited to monetary fines and penalties, debarment from government programs, and/or imprisonment.

This includes:

- Receiving notice regardless of form identifying the possibility of

- litigation or other action.
- Direct or indirect knowledge that certain events may lead to litigation or other legal action.

5.8.4 Litigation Hold Notice.

The OGC will evaluate the circumstances surrounding the matter in question and determine if evidence must be preserved. If the OGC reasonably anticipates that the District or agent of the District is likely to be a party to litigation or a governmental investigation, a Litigation Hold Notice will be issued by the OGC to appropriate individuals. The Litigation Hold Notice will:

ARTICLE 6
INFORMATION TECHNOLOGY

6.0 RESPONSIBLE COMPUTER USE POLICY.

6.1 SCOPE OF POLICY.

This policy is applicable to all users of CCC information resources. This policy refers to all CCC "information resources" which means all computer and communications equipment installed on CCC property or otherwise furnished by CCC, whether individually controlled or shared, stand-alone or networked, and whether owned, leased, operated, or controlled by CCC, and including networking devices, personal digital assistants, wireless devices, personal computers, work stations, mainframes, minicomputers and any associated peripherals and software regardless of whether used for administrative, research, teaching or other purposes. No one, other than authorized personnel for authorized purposes, shall attempt to modify or remove CCC information resources or any other computer equipment, software or peripherals that are owned by others without proper authorization from CCC or the owner.

6.2 LEGAL COMPLIANCE.

All users of CCC's information systems must comply with all federal, Illinois, and other applicable law; all generally applicable CCC rules and policies, including, but not limited to those which apply to personal conduct and those specific to computers and networks; and all applicable contracts and licenses. Users are responsible for ascertaining, understanding and complying with the laws, rules, policies, contracts, and licenses applicable to their particular uses. All users shall abide by the following provisions contained herein, or otherwise may be subject to disciplinary action or referral to the appropriate legal authorities for failing to comply.

6.3 AUTHORIZED USES.

All users of CCC's information systems shall use only those computing resources that they are authorized to use and use them only in the manner and to the extent authorized. Ability to access computing resources does not, by itself, imply authorization to do so. Users are responsible for ascertaining what authorizations are necessary and for obtaining them before proceeding. Accounts and passwords may not, under any circumstances, be shared with, or used by, persons other than those to whom they have been assigned by CCC. Attempts to circumvent these mechanisms in order to gain unauthorized access to the system or to another person's information violate CCC's policy and may violate applicable law. All users must use systems and resources in ways that do not interfere with or disrupt the normal operation of these systems, nor interfere with the access and use of these systems and resources by others allowed to do so.

6.4 PROHIBITED CONDUCT.

A. Harassment

No user may, under any circumstances, use CCC's computer systems or networks to libel, slander, or harass any other person.

B. Capacity Used

All users of CCC's information systems shall respect the finite capacity of those resources and limit use so as not to consume an unreasonable amount of those resources or to unreasonably interfere with the activity of other users. Although there is no set bandwidth, disk space, CPU time, or other limit applicable to all uses of CCC computing resources, CCC may require users of those resources to limit or refrain from specific uses in accordance with this principle. The reasonableness of any particular use will be judged in the context of all of the relevant circumstances and may be deemed in violation of this policy.

Users must be good stewards of the computing and network resources offered by CCC. Users rely on shared computing and networks simultaneously and, therefore, each user must consider the needs of other users when using these resources. Examples of poor stewardship of information resources include, but are not limited to: excessive personal use in a lab facility; excessive game playing; excessive personal use at staff and faculty workstations; continuous running of background programs and reception of large files or running intensive multi-media network applications (digital radio or other media) during high-use times.

C. Illegal File Sharing

Sharing copyrighted materials without a license (i.e., P2P file sharing which is often automatically shared) is against the law and also prohibited under this policy and subject to discipline. Copyright abuse can subject both the user and CCC to legal sanctions. Federal law requires CCC to take action when it is notified that someone on its network is distributing copyrighted materials. CCC will not protect any individual users, faculty, staff or students who distribute copyrighted material without license, nor will it protect or defend individuals who have improperly used CCC information resources.

D. Personal Gain or Benefit

All users shall refrain from using CCC information systems resources for personal commercial purposes or for personal financial or other gain without proper authorization. All users shall refrain from seeking personal benefit or

permit others to benefit personally from any confidential information that has come to them by virtue of their work assignments. Personal use of CCC computing resources for other purposes is permitted when it does not consume a significant amount of those resources, does not interfere with the performance of the user's job or other CCC responsibilities, and is otherwise in compliance with this policy. Further limits may be imposed upon personal use in accordance with normal supervisory procedures.

E. Software License Abuse

CCC requires strict adherence to software vendors' license agreements. Copying of software in a manner not consistent with the vendors' license is strictly forbidden on CCC information resources. Questions regarding copying should be referred to OIT.

6.5 PRIVACY.

All users of CCC's information systems shall respect the privacy of other users and their accounts, regardless of whether those accounts are securely protected. Ability to access other persons' accounts does not, by itself, imply authorization to do so. Users should be aware that their uses of the CCC computing resources are not completely private. The normal operation and maintenance of CCC's computing resources require the backup and caching of data and communications, the logging of activity, the monitoring of general usage patterns, and other such activities that are necessary for the rendition of service.

CCC may also specifically monitor the activity and accounts of individual users of CCC computing resources, including individual login sessions and communications, without notice, when (a) the user has voluntarily made them accessible to the public, (b) it reasonably appears necessary to do so to protect the integrity, security, or functionality of CCC or other computing resources or to protect CCC from liability; (c) there is reason to believe that the user has violated, or is violating, this policy or any CCC policy; (d) an account appears to be engaged in unusual or unusually excessive activity, as indicated by the monitoring of general activity and usage patterns; or (e) it is otherwise required or permitted by law or for any other legally permitted reasons associated with the evaluation, testing, repair or general operation of the CCC information resources. CCC, in its discretion, may disclose the results of any such general or individual monitoring, including the contents and records of individual communications, to appropriate CCC personnel or law enforcement agencies and may use those results in appropriate CCC disciplinary proceedings.

Communications made by means of CCC computing resources are also generally subject to the Illinois Public Records Statute to the same extent as they would be if made on paper. Authorized system administrators may access computer users' files at any time for maintenance purposes. System administrators will report suspected unlawful or improper activities to the proper authorities.

6.6 SECURITY.

CCC employs various measures to protect the security of its computing resources and of their users' accounts. Users should be aware, however, that CCC cannot guarantee such security. Users should therefore engage in "safe computing" practices by establishing appropriate access restrictions for their accounts and guarding their passwords.

6.7 ADDITIONAL USER-SPECIFIC PROVISIONS.

A. Website Reproduction

In addition to fully complying with this policy's general provisions identified in sections I through IX, inclusive, all users that have their own websites housed on CCC web servers (i.e., colleges, departments, faculty, etc.) which reproduce material available over the internet must be done in compliance with all applicable copyright laws. In addition, all CCC information that a school, department or employee desires to post on their websites should only be done with appropriate permission and authority.

B. Third-Party Connections to the CCC Network (vendors, contractors, consultants and external entities)

In addition to fully complying with this policy's general provisions identified in sections I through IX, inclusive, all third-party connection users are subject to the following additional provisions:

1. Information and Systems Protection

Protect the security of CCC systems, the confidentiality and privacy of CCC students, employees and records.

2. Equipment and Resource Inspection

All information resources and equipment must be inspected by a CCC IT employee. The inspection is intended to verify that the appropriate level of security is in place as well as verify the existence of proper communication equipment, technical settings, hardware compatibility and anti-virus protection. Any equipment deemed insufficient or risky to the CCC network may be denied access until deemed acceptable. Any external equipment and network devices not made available for the inspection may be disconnected from the CCC network until proper inspection is completed. If any equipment or network device is suspected of endangering network health, performance or security is subject to immediate disconnection.

3. Intruded or Impaired Service

Any intrusive security audits or tests which may impair the

connectivity, functionality and health of the CCC network must be scheduled and approved by the Vice Chancellor for Information Technology in advance of any such audit or impairment.

4. Authorized Agency Connection

Generally, no direct connection to the CCC network from noncentrally-contracted third parties providing computing or network support is allowed. However, if any such connection is authorized, CCC cannot enable the outside agency to compete with any services already provided by agencies with exclusive agreements to provide such services to CCC. Instead, the connection must be limited solely to improving a service provided to CCC.

5. Terminated Connection

Agencies granted special connections must comply with CCC's computer use policy. A violation of the policy will cause immediate termination of connectivity.

6. Internal Connection to Outside Agency

Any CCC staff requiring a connection to outside agencies must provide a written request to OIT and shall explain the nature of the desired connection to outside agencies and the benefits expected therefrom.

C. Community at Large

In addition to fully complying with this policy's general provisions identified in sections I through IX, inclusive, all users without access to the CCC network but instead only accessing the internet via CCC's wireless internet service are subject to the following additional provisions:

1. Access to the Service

The service is a free public service provided by CCC. Your access to the service is completely at the discretion of CCC and your access may be blocked, suspended or terminated at any time for any reason including, but not limited to, violation of this policy, reasons that may lead to liability for CCC or its constituency, disruption of access to other users or networks, and any violation of applicable laws, policies, rules or regulations. All users are subject to the terms of this policy and any future revisions.

2. Acceptable Use of the Service

Your access to the service is conditioned on your legal and appropriate use of the service. Your use of the service and any activities conducted online through the service shall not violate any applicable law, policy, rule or regulation of the rights of CCC and its constituency.

6.8 ENFORCEMENT.

All users of CCC's information resources who are found to have violated any of these policies will be subject to disciplinary action up to and including, but not limited to, warnings, probation, suspension, discharge, dismissal, expulsion, and/or legal action. All users, when requested, are expected to cooperate with system administrators in any investigation of system abuse. Users are encouraged to report suspected abuse, especially any damage to or problems with their files.

Failure to cooperate may be grounds for cancellation of access privileges, or other disciplinary actions. CCC employees should be aware that e-mail on their CCC account and files on CCC computers may be subject to public disclosure under the Illinois Public Records Law. Further, CCC reserves the right to access employee e-mails and files on CCC computers when needed for work-related purposes.

CCC may temporarily suspend or block access to an account prior to the initiation or completion of such procedures, when it reasonably appears necessary to do so in order to protect the integrity, security, or functionality of CCC computing resources or to protect CCC from liability. CCC may also refer suspected violations of applicable law to appropriate law enforcement agencies.

The CCC Incident Response Team (IRT) will receive, review and respond to any and all computer security incident reports and activity including any real or suspected adverse event in relation to the security of CCC computer systems or computer networks. The IRT will review, reports, analyze and respond to incidents in accordance with its operating guidelines.

8.2 POLICIES FOR SPACE RENTAL FOR CCC FOR INSTRUCTION.

A. General Policy

It is the general policy of the District not to pay a rental or user's fee for any space that is used for instruction. The following are exceptions to that policy:

(1) CCC may continue to rent sites for which it has paid a rental or user's fee prior to July 1, 1989, as long as it can demonstrate why it needs to rent such sites.

(2) Sites may be rented for the term of a grant or contract.

(3) If adequate space does not exist at the local college campus, a site may be rented for a designated period of time.

(4) Rental fees for the above are based on the additional cost to the owner. For example, additional heat, janitorial service, and electricity may be paid for by CCC. CCC will not, however pay rent to cover an apportioned share of either the owner's property taxes or of a building's maintenance. All costs included in the rental fee must be documented in writing prior to executing any agreement.

8.3 RESERVING SPACE.

Available space is reserved on a first come first serve basis following the aforementioned priority of uses. A facility use permit request form is completed for CCC activities, available on the CCC intranet, and transmitted to the Building Manager at the specific campus. For external agencies or applicants, a written proposal is submitted to the Building Manager at the specific campus(s). Upon receipt of the request or proposal, the Building Manager will determine the availability of the requested space, make initial contact with agency for walk through of site and discuss requirements of City Colleges for space utilization for agreement. Reservations are not considered final until applicable fees have been paid and an approved agreement has been executed and returned to the applicant.

8.4 CANCELLATION/NO-SHOW.

The applicant must contact the Building Manager of the specific campus at least five working days in advance in order to cancel. If a cancellation is received prior to the five days, any fees paid will be returned. Failure to contact CCC to cancel within five days of the event, or a “no show”, may result in forfeiture of any fees paid to use the facility. The applicant may also be charged for any equipment set-up and labor charges.

8.5 BILLING.

Fees are due prior to the start of the event. After the completion of an event, the applicant may be liable without limitation for additional charges incurred by the campus if additional services are found to be necessary as a result of the event.
