## Correct-Response Guide for Section 1: Multiple Choice

Review the multiple-choice answers as a class. Ask students to grade their own answers as you read the answers aloud. Ask them to write an X next to the number of each question they miss. During the review use effective teaching methods that help students understand, explain, share, and testify of gospel doctrines and principles. Engaging students in an effective review is a central component of the learning assessment and will aid in deepening their conversion.

## Correct-Response Guide for Section 2: Explain Doctrine

**Teachers:** Give students a copy of this guide before they begin their review of the learning assessment.

### Instructions to students:

Compare your responses with the information listed in numbers 29–32 below, and determine whether each response included the main point of the information listed.

**29. The three principles of Acquiring Spiritual Knowledge in the *Doctrinal Mastery Core Document* are act in faith, examine concepts and questions with an eternal perspective, and seek further understanding through divinely appointed sources. Share an example of how you used one of these principles to resolve a question or issue you have faced.**

You may have written something similar to one of these statements:

- I decided to act in faith and repent each day in my nightly prayers. I have noticed that I have the Spirit with me more and I feel happier.
- I had some questions about the doctrine of the family, and I chose to examine my questions with an eternal perspective. I focused on understanding the entire plan of salvation, and it helped me answer my specific questions on the doctrine of the family.
- I have started to turn to the words of prophets and apostles to answer my questions rather than the internet. I have noticed that as I study general conference talks I can find answers to my concerns.

**Self-grade your answer:**

- a. Yes, I explained this in my response.
- b. No, I left this out of my response.

**30. Share a gospel principle or truth you learned from your study of the Savior’s visit to the Nephites (see 3 Nephi 11–26). Explain how this principle or truth has impacted your life.**

You may have written something similar to one of these statements:

- As we learn how to listen to the voice of the Lord through the Holy Ghost, we will be able to understand the communication He gives us. Like the Nephites, I can learn to recognize the voice of the Lord, and as I do I will have amazing spiritual experiences.
- Jesus Christ invites me to receive a personal testimony that He is my Savior. I thought it was amazing that the Savior always seemed to have time for individuals and helping each person gain a testimony of Him. I loved when He allowed the Nephites to feel His wounds and when He talked to the children. He has helped me strengthen my testimony of Him this semester.

**Self-grade your answer:**

- a. Yes, I explained this in my response.
- b. No, I left this out of my response.

**31. Explain what you have learned about the plan of salvation from your study of the Book of Mormon. Include how your understanding of the plan of salvation has influenced your daily choices or could help you answer questions people may have.**

You may have written something similar to one of these statements:

- In the premortal existence Heavenly Father introduced a plan to enable us to become like Him and obtain eternal life. This plan helps us understand where we came from, why we are here on earth, and where we will go when we die. The plan of salvation makes it possible for my family relationships to continue through the eternities.
- Our Heavenly Father wants us to be happy and to return to live with Him again. To help us do this, He has given us the plan of salvation. This plan helps us know that we lived with God in the premortal life, that we are here on earth to learn to follow His commandments, and that we will return to His presence after this life to be judged. If we live righteously, the Atonement of Jesus Christ makes it possible for us to repent and live with Heavenly Father for eternity. I make better choices in my life when I remember this plan.
- The plan of salvation is the plan that Heavenly Father has given us so we can become like Him. Jesus Christ is the central figure in the plan, and it is because of His Atonement that we can overcome our sins. The plan helps us

understand what we must do and become to have eternal life. I find greater happiness and joy in my life when I follow the plan of salvation.

**Self-grade your answer:**

- a. Yes, I explained this in my response.
- b. No, I left this out of my response.

**32. Write about how a person or event from your study of the Book of Mormon has impacted you this semester. Include how the person or event has influenced your daily choices or answered a question you had. (Possible options include the war chapters and the influence of the Gadianton robbers or Samuel the Lamanite, the brother of Jared, Mormon, and Moroni.)**

You may have written something similar to one of these statements:

- I love the story of Moroni and how faithful he was even when everyone around him was wicked. It would have been lonely and hard to withstand the evil in Moroni's day, but he stood courageously. This helps me realize that I can also stand courageously, even when it feels very lonely.
- I liked the war chapters because of the many parallels and principles that pertain to our present-day battle with evil. As I follow the principles in these chapters I can also be fortified against temptations. For example, if I live worthy of the Holy Ghost, He will help me prepare to resist temptation in ways that I haven't previously done, just as Captain Moroni prepared his people in ways they had not previously done.

**Self-grade your answer:**

- a. Yes, I wrote about a person or event from the Book of Mormon that has impacted me this semester.
- b. No, I did not write about a person or event from the Book of Mormon that has impacted me this semester.
