Our goal is to formulate well organized local car shows in addition to an international convention. By becoming a member you will receive the following benefits:

- **Quicksilver** - a quarterly publication which contains original articles by members, technical tips, photos of members' cars, classified ads (free non-commercial listings to members), and when available, information on upcoming car shows.
- **Technical Advisors** - We have a staff of technical advisors throughout the US who will help you with any questions or problems you may have for finding parts or information needed for any restoration project you may have.
- **Annual show**: We hold an annual show which includes: display of members' cars with judging for awards; swap meet; car corral; and a banquet.

Membership has grown in the hundreds and we have several regional clubs that have been formed.

We look forward to your membership and participation in the IMOA.
