WOODWORKER'S FLEA MARKET

In the month of January, 2015, we are bringing back our popular Canadian Woodworker's Flea Market Sale. For those of you who have not attended or have forgotten what a Woodworker's Flea Market Sale is, this is a sale that you, our customer, takes part in by supplying us the tools for our sale. We ask that you do an inventory of all of the woodworking related items you have in your shop and see if there is anything that you no longer use or want. These items can be anything from hand tools, power tools, magazines and or woodworking books. Maybe even tools you are still using but you would like to upgrade to something bigger, better, more powerful, or just more updated. We have all purchased tools or been given gifts that just didn't work out to be what we wanted or you had a need for it at the time but have never used it since. This sale will provide you with a means to sell your tools to educated buyers that know the value of woodworking tools and books instead of a garage sale or costly advertising in print. With the funds generated by the sale of your items you can then purchase the tool you now have a need for.

WHEN DOES IT HAPPEN?

Sale will start January 2, 2015 and continue until we run out of product or January 31, 2015. We would ask for you to start dropping off your sale items anytime during working hours starting January 2, 2015.

HOW DOES IT WORK?

When you bring your items to us, we will make a full list of our tools on a paper form in which your asking price will be listed for each item. This is the price that will be marked on the item when it is displayed for sale.

This is the price the item will sell for unless we call you in advance with another purchase offer for your approval.

All monies generated will be recorded and totaled at the end of the sale. At that time you will have one of two choices:

- We will write you a cheque for the full amount of funds generated less a 15% selling fee. e.g. If we sold \$100.00 worth of product for you, we will write you a cheque for \$85.00.
- Books and Magazines will have a 25% Selling Fee

OR

- We will give you a *Canadian Woodworker Gift Certificate* for the entire amount generated for you to spend in the store on any other tools etc.

This sale is a great way to recycle your old tools and make it easier to organize your workshop and to generate more capital to help your woodworking hobby flourish.

BOXING WEEK SAVINGS ON EVERYTHING IN THE STORE

DUSTFX CLEAN AIR SOLUTIONS

The DustFX range of air cleaning equipment is manufactured in Taiwan and Italy to design and specifications for the best performance in each class of machine. You will find features like machined aluminum impellers, cloth reusable lower bags and 2 micron upper dust filters on our hobby machines. We also feature advanced "Hepa" canister filters on our hobby and cyclone series of collectors for extremely clean air and environmental concerns. Our industrial series of collectors have advanced bag systems and impeller systems for extremely clean, powerful performance and amazingly quiet operation. DustFX machinery is built to be the best air cleaning systems available today.

DUSTFX 1 HP DUST COLLECTOR

“BEAVER WORKBENCHES”

CWI WOODWORKING TECHNOLOGIES

has introduced these European made premium Beaver Workbenches, designed especially for woodworkers looking for a well-made bench that will last for generations. Made of very high quality European Beech hardwood gives this bench very high durability and a long service life. Canadian Woodworker is the exclusive representative for these workbenches in western Canada and has already experienced fantastic customer satisfaction since our introduction this past spring.

A full range of benches are available for home hobby, educational and commercial uses. As you see here we have benches for one, two, or four users with most models using traditional European vises and a school “Quad” bench using quick release style vises. All benches are stocked at each store but larger orders will be shipped from our warehouse. Add a Beaver Workbench to your shop!!

Beaver “Hobby” Workbench C/W 2 Vises \$489.95 • **\$449.95**

Beaver “Premium Plus” Workbench C/W 2 Vises \$1,599.95 • **\$1,499.95**

Beaver “Hobby XL” Workbench C/W 2 Vises \$599.95 • **\$549.95**

Beaver “Quad” Classroom Workbench (Vises Extra) \$849.95 • **\$799.95**

Beaver “Deluxe” Workbench C/W 2 Vises \$749.95 • **\$699.95**

Beaver “Dual” Classroom Workbench C/W 4 Vises \$949.95 • **\$849.95**

Beaver “Premium” Workbench C/W 2 Vises \$1,195.00 • **\$1,099.95**

Beaver “Quad HD” Classroom Workbench C/W 4 Vises and adj. Steel Legs \$1,799.95 • **\$1,699.95**

CNC ROUTER SERIES

CWI WOODWORKING TECHNOLOGIES

have introduced some of the most advanced CNC routers available today. Models are featured for hobby work, educational training, as well as full on commercial woodworking applications. The "Professor" series of CNC Routers for hobby and educational applications are stronger, faster, heavier, and full of features to be the absolute best in their class. We offer three models in two working sizes...the Professor 2.2, Professor 2.3 and Professor HDX. Each machine features cast iron frame, machined cast aluminum gantry, black anodized aluminum tables, large precision ballscrews, and CSA certified high performance electronics.

The "Basic" series of CNC Routers are designed to meet the needs of Sign Makers, Educational and light Commercial users with fully welded heavy steel frames in 4' x 4' and 4' x 8' working areas with black anodized aluminum tables or optional vacuum tables. The "CabinetMaker" series of CNC are built for daily use in commercial woodworking applications where production and profit are the users key goals. Canadian Woodworker is the exclusive distributor of these amazing CNC products in western Canada and look forward to providing our customers with the service, products and information our customers need to take woodworking to its next level.

DUSTFX air cleaning equipment is manufactured by CWI in Taiwan and Italy to be the most complete range of high quality dust collection equipment on the market today. From small portable collectors for home shops to Industrial all day performance for the biggest dust demands, DustFX has the right machine for the job. Extremely quiet operation, advanced filtration media and quality components and electronics is what you will find in each of our products. DustFX machinery is built to be the best air cleaning systems available today.

DUSTFX "EURO-CNC" DUST COLLECTOR
Special Design for use on CNC Routers....
Electric Shakers, 72db, Stainless
Reinforced Polyester Bags, Auto Start/Stop
\$7,995.00 • **\$7,495.00**

Polyester Bags \$12,495.00
• **\$11,995.00**

DUSTFX "MAX-5000" DUST COLLECTOR w/5000CFM, Electric Shakers, 74db, Stainless Reinforced Polyester Bags \$12,995.00
• **\$12,495.00**

ECOCARBON Spray Booths made in Italy will completely filter pollutants and odors produced by spray finishes while collecting overspray through the unique three stage filter process. The key to these advanced machines is the activated carbon filter media that will collect up to 500 times its own size of molecules. These spray booths will allow the now cleaned air to be returned directly back into the shop and eliminating the need for expensive air make up units.

The EcoCarbon Woodworking Spray Booths are designed to benefit today's environmental woodworking concerns and come available from 4' home shop to 20' commercial sizes.

EcoCARBON 8' WOODWORKING SPRAY BOOTH \$8,495.00 • \$8,195.00

SANDX ABRASIVE MACHINERY SandX offers a very full range of sanding equipment like drum sanders, spindle sanders, edge sanders and wide belt sanders. All of our sanding equipment is made by CWI to be the best in their class. Our wide belt sanders are loaded with amazing features like air jet belt cleaning, automatic workpiece height setting, push button height digital electrics in both metric and imperial just to name a few. Our edge sanders, drum sanders and spindle sanders are specifically designed for safety in educational and commercial applications as well as serious hobby applications. SandX Abrasive Machinery is a class leading brand of performance, features and value!
