Shaklee Salutes Our High Achievers

MARCH 2012

NEW SENIOR EXECUTIVE COORDINATORS

TASHA STARR & COLIN DOERKSEN SELKIRK, MB

UPLINE: JULIE & ANDREW VEENSTRA

This has probably been the most exciting rank achieved to date for us, as it means there's a bunch of other people on Team North Starr having success and achieving new ranks as well. Amongst some of those new ranks are two new Senior Coordinators: Jillian Nichol Gaudet (of MacGregor, MB) and Rhonda and Réal Jolicoeur (of Clandeboye, MB). I am so proud of their hard work, perseverance, and determination! Achieving Senior Executive Coordinator means others achieving their dreams – and that's the best feeling ever!

Our team is excited about the new Cinch® GOLD Plus PAK. There's an obesity epidemic, so to see this PAK come out is exciting. We get to help others attain their healthy weight and offer them a business start-up all in one step! I love it, as this has been my personal testimony: use Cinch, loose inches, share it with others as they watch your transformation, and watch your business grow. This Cinch GOLD Plus PAK will make that easier for one to get started. The Cinch Transformation Pack on AutoShip has also been a great program!

One of the most amazing products that Shaklee offers is their Compensation Plan. Attaining this level has really allowed us to start dreaming – and what a difference that has made in our business and our lives! Part of our dream, and what has really inspired us to keep going, is to be able to help others who need and want this opportunity attain everything we have earned – and more! Being examples that this is possible has been huge in motivating our team and is, in turn, helping others reach for their dreams. We feel really blessed to be able to help others through Shaklee.

UPLINE: TASHA STARR & COLIN DOERKSEN

We started with Shaklee because we were looking for a change in our quality of life. We needed a more reliable income that also allowed us more personal freedom. A "normal" job doesn't allow for this, but Shaklee does. Even though we are still transitioning into Shaklee, we are meeting our FastTRACK goals! We also see the financial possibilities being displayed every day in the lives of our Shaklee family, so we are confident that this business works!

UPLINE: ELIZABETH KARCHUT
I first joined Shaklee in December 2011, when a friend invited me to her launch party. I had always looked for green products, and Shaklee fit my needs. When I started in Shaklee I had a goal in mind and I am very proud of myself and my team for exceeding it. The "secret" of going from Associate to FastTRACK Senior Director is having a great support system in my family and good friends. This, plus the efforts of my upline, has helped in my success. The GOLD program has also helped me reach this goal, but I feel the products ultimately ensured my success. And the FastTRACK program is a great incentive to help encourage you to meet your monthly targets.

We have learned that making the level of Senior Director and up can only happen when you help others. And, believe it or not, there is more pleasure in seeing your team progress and move up than experiencing it yourself. The joy and excitement are "catchy" and help grow your business because enthusiasm and happiness are contagious and people love to be around that kind of energy.

As an environmental scientist by training, I was immediately intrigued when I discovered Shaklee's Get Clean® line during my pregnancy. However, due to a lack of Distributors in my area, I didn't get the opportunity to try the products until about a year later, when my sister-in-law invited me to a special event featuring (Senior Key Coordinator) Martha Willmore and Shaklee Canada General Manager Peter Christoff. I was very impressed with the company's long history of environmental leadership and scientific innovation. The fact that the products were backed by scientific proof was important to me. I was not an avid supplement taker, but my sister-in-law suggested that I try Vitalizer™, even going so far as to give me her extra box. Although I was sceptical, I decided that, with running a business and having a new baby, I would be crazy not to try anything that promised more energy and came with a satisfaction guarantee. Boy, am I glad I did! Within days I had more energy than I have ever had and I felt wonderful. Not only do I have the energy to spend quality time with my daughter; I now have two businesses. Thank you, Shaklee, for changing my

SHERRI-ANN & GREG RUTHERFORD SELKIRK, MB UPLINE: RHONDA & RÉAL JOLICOEUR

I was introduced to Shaklee through a friend (Senior Coordinator Rhonda Jolicoeur) who was just getting started on her Shaklee journey. She really didn't tell me a lot about Shaklee at the time and, in her defence, we were working on our friendship and she didn't want Shaklee to interfere with that! But a few months went by and I decided to attend an information session she was putting on that had to do with Cinch®. My mom and I went to this meeting and at first I was a bit hesitant about the opportunity. But, after talking with (Senior Executive Coordinator) Tasha

Starr that night, I was sold on everything! I wanted to start the business right away, I was so excited! I then attended another info session to hear about the rest of Shaklee and, from there on out, I decided that I needed to do this for my family and for everyone around me. I needed to get the word out! I started using the products and soon realized that they were great and I was hooked. Only two months in and I am now a Director! I am on the path to wherever this takes me. It was meant to be and, with that in mind, I think of my baby girl, who I would love to be able to spend more time with. Maybe one day I will be a stay-at-home mom, living the Shaklee dream!

WILLIAM & LEESA GENT DUNDAS, ON UPLINE: MARYLOU PIETROBON

My wife Leesa and I are very excited to have achieved our first level in Shaklee as Directors. We have suffered through other social marketing companies that always promised success but made it so unreachable that few succeeded. Because of many companies' unreachable goals; false compensation plans; and lack of integrity, product science, and support for distributors. it was with crossed arms that we attended a Shaklee training meeting three years ago. We nearly achieved Director a couple of times during that time but, to be honest, we had predetermined thoughts that success came to a select few, as we had witnessed with other companies. Instead, we experienced and witnessed people have success with Shaklee, and we witnessed and experienced the extra care Shaklee takes to make sure their Distributors have the tools to be successful. So I say to anyone joining Shaklee: "don't worry – you are now working with the best social marketing company in the world! Come out of the gate full throttle because Shaklee is thrilled to reward your hard work with the royal treatment. whether it's with more money, trips, gifts, or all of the above." Both Leesa and I would like to echo these words from a Shaklee presenter regarding any hesitation people may have about joining the Shaklee Family: "What will you be saying in five years - I'm glad I did or I wish I had?" We are glad we did!

I bought my first Shaklee product 26 years ago and have always loved being a part of such an honourable and ethical company. Now I'm thrilled to be a new Director! I look forward to helping many more people create healthier lives - and to taking my hard-working husband on an allexpense-paid trip from Shaklee!

RODNEY RONQUILLO & CHYRELL SAMSON TORONTO, ON UPLINE: JO TUDOR

Both of us had been in Shaklee for many years and loved the products. One year ago, we decided to start our Shaklee business partnership with a Grand Opening. One year later, on the date of our fifth wedding anniversary, we officially accomplished our dream of becoming Directors! Our advice: always focus on helping others and believe in yourself, through thick or thin. Special thanks to (Senior Director) Jo Tudor, who introduced Rodney to Shaklee and helped rebuild his health. A huge thanks to (Executive Coordinator) Charlene Day and Brian Norman for guiding and supporting us and always believing in us through the process toward Directorship. As we say at Healthy Life Path: enjoy life, be well, dream, and make an impact. See you all in Las Vegas!
