Our classrooms consist of typically developing children and children with delays. Our teachers are highly qualified, certified by the Illinois State Board of Education in early childhood, special education, and teaching children who are learning English. In addition to the classroom teacher, each classroom has a speech pathologist, occupational therapist, social worker, and two teacher assistants who provide support and instruction to all students. Our classrooms have a low student teacher ratio with an adult to student ratio of 1:5 or less. As the "feeder school" to District 64 elementary schools, the children who attend our program are well prepared for kindergarten!

Summer program for enrolled students; If you would like to schedule a tour, please contact Principal Lisa Halverson at 847-318-4249 or lhalverson@d64.org.
